We have audited the accompanying financial statements of TRW Automotive 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the TRW Automotive 401(k) Savings Plan at December 31, 2013 and 2012, and the changes in its net assets available for benefits for the year ended December 31, 2013, in conformity with U.S. generally accepted accounting principles.

## **Supplemental Schedules**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2013, and reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

# TRW Automotive 401(k) Savings Plan

## Notes to Financial Statements

December 31, 2013

### **1. Description of Plan**

The following description of the TRW Automotive 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

#### **General**

The Plan is a defined-contribution benefit plan designed to provide eligible employees of a participating plant, division, subsidiary, or affiliate of TRW Automotive U.S. LLC, the sponsor of the Plan (as applicable, the Company or TRW), with a vehicle to systematically save funds to supplement their retirement benefits. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### **Eligibility**

Salaried or nonunion hourly employees of the specified locations in the plan document are eligible to participate in the Plan on the first day of employment with the Company.

Employees are eligible to participate in the Plan for purposes of receiving the Company match after completing one year of service.

#### **Employee Contributions**

Each year, participants may contribute a percentage of pretax annual compensation not to exceed the applicable Internal Revenue Code (IRC) limitations (\$17,500 for 2013 and \$17,000 for 2012), as well as up to 10% of after-tax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. For each of 2013 and 2012, a participant who was 50 years old on or before the last day of the plan year-end was eligible to make an additional catch-up contribution of \$5,500.

Upon enrollment, a participant may direct contributions in 1% increments to any of the Plan's investment options. Participants may change their investment options or transfer assets between investment options at any time during the year.

## TRW Automotive 401(k) Savings Plan

### Notes to Financial Statements (continued)

#### **1. Description of Plan (continued)**

##### **Employer Contributions**

The Company matches an amount equal to 100% of the participant's pretax contribution up to 6% of the participant's compensation. Matching contributions, which are made in TRW Automotive Holdings Corp. stock, are immediately diversifiable.

##### **Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company's contribution, if applicable, and the earnings on the invested contributions. The benefit to which a participant is entitled cannot exceed the participant's vested account balance.

##### **Vesting**

Participants are immediately vested in their contributions and company matching contributions plus actual earnings thereon.

##### **Forfeitures**

Nonvested employer contributions of employees who terminated prior to January 1, 2011, became forfeitures of the Plan and will be used to reduce future employer contributions or administrative expenses. Forfeited funds are transferred to the Fidelity Managed Income Portfolio II fund when a nonvested employee takes a distribution. At December 31, 2013 and 2012, respectively, \$153,275 and \$110,375, of forfeited funds were available.

##### **Notes Receivable From Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a prime interest rate on the last business day of the preceding calendar month plus one percentage point. Principal and interest are paid ratably through regular payroll deductions.

#### **1. Description of the Plan (continued)**

##### **Payment of Benefits**

Upon termination of service due to retirement, death, or disability, a participant or the participant's beneficiary may receive a lump-sum amount equal to the vested value of the participant's account. Financial hardship withdrawals and in-service withdrawals are permitted as defined by the Plan.

Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

In-service withdrawals are available either from the participant's after-tax contributions and/or rollover contributions or upon attainment of age 59 1/2 under certain provisions of the Plan.

##### **Administrative Expenses**

Certain administrative expenses of the Plan related to loan setup, withdrawals, and qualified domestic relations orders are paid by the participants. All other administrative expenses are paid by the Company.

##### **Company Stock Fund**

The Plan invests in common stock of TRW Automotive Holdings Corp. through its Company Stock Fund.

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by TRW when such rights may be exercised. By voting, the participants are instructing the plan trustees, plan committee or independent fiduciaries of the plan how to vote shares allocated to such participant. They will vote the shares in accordance with the participants' instructions, but are not permitted to vote any allocated shares for which instructions have not been given by a participant. The shares for which voting instructions are not provided by participants are voted by an independent fiduciary.

##### **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, distributions to participants and beneficiaries will be made at such time after termination of the Plan as provided by the plan agreement.

#### **2. Summary of Significant Accounting Policies**

##### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

##### **Payment of Benefits**

Benefits are recorded when paid.

##### **Use of Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

##### **Excess Contributions Payable**

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2013 and 2012, excess contributions to the applicable participants by March 15, 2014 and 2013, respectively.

#### **2. Summary of Significant Accounting Policies (continued)**

##### **Notes Receivable From Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

##### **Valuation of Investments and Income Recognition**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

One investment option of the Plan includes investment contracts through a common/collective trust fund (Fidelity Managed Income Portfolio II). This fund invests in fully benefit-responsive investment contracts. This fund is recorded at fair value (see Note 4); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. The statements of net assets available for benefits present the fair value of the investment in the common collective trust as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The fair value of the Plan's interest in the Fidelity Managed Income Portfolio II is based on information reported by the issuer of the common-collective trust at year-end. The contract value of the Fidelity Managed Income Portfolio II represents contributions plus earnings, less participant withdrawals and administrative expenses.

#### 2. Summary of Significant Accounting Policies (continued)

The common/collective trust fund is designed to preserve principal and accumulate earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one year redemption notice to liquidate its entire share in the fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### 4. Fair Value Measurements

The inputs to valuation techniques used to measure fair value are prioritized into a three-level hierarchy. This hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and lowest priority to unobservable inputs as follows:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.

Level 2: Inputs are other than quoted prices that are observable for the asset or liability, either directly or indirectly.

## TRW Automotive 401(k) Savings Plan

### Notes to Financial Statements (continued)

#### 4. Fair Value Measurements (continued)

Level 3: Unobservable inputs are supported by little or no market activity. The unobservable inputs represent the Company's best assumptions of how market participants would price the assets or liabilities.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest-level input that is significant to the fair value measure in its entirety.

The following valuation techniques and inputs were used to determine the fair value of investments recorded at fair value in the statements of net assets available for benefits.

*Mutual funds:* Valued at quoted market prices, which represent net asset value (NAV) of shares held by the Plan at year-end.

*Equity securities:* Valued at the quoted market price reported on the active market on which the individual securities are traded on the last business day of the plan year.

The TRW Common Stock Fund invests in TRW Automotive Holdings Corp. common stock. A small portion of the fund may also be invested in short-term reserves to accommodate daily transactions; however, no such reserves existed as of December 31, 2013 and 2012. TRW common stock is valued at the closing price on the New York Stock Exchange on the last business day of the year, which represents the value of the fund as of December 31, 2013 and 2012.

*Common/collective trust fund:* Valued at NAV provided by the administrators of the funds. The NAV is based on underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding.

#### 5. Related-Party Transactions

Certain plan investments are units of participation in a common/collective trust fund and shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Likewise, TRW Automotive U.S. LLC is the plan sponsor and, therefore, transactions in shares of its Parent TRW Automotive Holdings Corp.'s stock also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transactions rules under ERISA.

#### **6. Risks and Uncertainties**

The Plan allows for investments in various investment securities. Investment securities are exposed to various risks such as interest rate, foreign currency exchange, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **7. Income Tax Status**

The most recent determination letter received from the IRS was dated December 12, 2013, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan sponsor believes the Plan is being operated in compliance with applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken.

The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.
