INDEPENDENT AUDITORS' REPORT

Trustees
Aeroflex Incorporated
Employees' 401(k) Plan
Plainview, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aeroflex Incorporated Employees' 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank & Trust and Reliance Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions at December 31, 2012 and for the period January 1, 2013 to June 30, 2013, and State Street Bank & Trust held the Plan's investment assets and executed investment transactions as of December 31, 2013 and for the period July 1, 2013 to December 31, 2013. The Plan administrator has obtained certifications from the custodians as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodians is complete and accurate, to the best of their knowledge.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AEROFLEX INCORPORATED EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 1 - Description of the Plan

The following description of the Aeroflex Incorporated Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Aeroflex Incorporated. The Plan was established effective March 1, 1992, and most recently amended effective March 31, 2013. Nonunion employees of Aeroflex Incorporated and domestic subsidiaries (collectively, the "Company" or "Sponsor") become eligible to participate in the Plan effective on the first day of the month following six months of employment. Effective July 1, 2013, employees became immediately eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. In September 2014, the Sponsor was acquired by Cobham PLC.

Contributions - Under the terms of the Plan, each participant was permitted to contribute up to 30% of their eligible compensation through June 30, 2013 and 60% of their eligible compensation from July 1, 2013 through December 31, 2013 on a before-tax basis up to the maximum allowed (\$17,500 in 2013) by the Internal Revenue Service ("IRS"). Pursuant to EGTRRA, all participants who attained the age of 50 before the close of the Plan year are eligible to make additional "catch-up" contributions.

The Company provides a discretionary match on each participant's contribution. During the year ended December 31, 2013, the Sponsor elected not to contribute the employer match to the Plan.

Participant accounts - Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution (if any), rollovers and an allocation of the 401(k) Plan's earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Management of the funds - All of the investment assets of the Plan are held in a trust for the exclusive benefit of participants and their beneficiaries under the Plan. Contributions are invested in investment funds, as directed by the Plan participants. Participants may change their investment elections at any time.

Vesting - Participants are immediately, and at all times, vested in their voluntary contributions, Company discretionary matching contributions (if any), and the actual earnings thereon.

Notes receivable from participants - Participants may borrow from their fund accounts the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance of the participant's account and bear interest at rates ranging from 4.25% to 10.50%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits - Participants are entitled to receive a distribution of their interest in the Plan upon termination of employment, retirement, in the event they became disabled or in the event of financial hardship (as defined by the Plan). The beneficiary or beneficiaries of a participant's interest are entitled to receive a distribution of such interest in the Plan upon the death of the respective participant.

NOTE 2 - Summary of Significant Accounting Policies

Basis of accounting - The accompanying financial statements are prepared under the accrual basis of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 2 - Summary of Significant Accounting Policies (cont.)

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 962-325-50-3), relating to *"Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans"*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of a collective investment fund attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits as of December 31, 2013 and 2012 presents the fair value of the investment contract held in the common collective trust fund, as well as the adjustment of the fully benefit-responsive contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold, as well as held during the year.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment contract with insurance company - Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of a collective investment fund attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits - Benefits to participants are recorded when paid.

Administrative expenses - Administrative expenses incurred are the shared responsibility of the Plan and the Company.

Evaluation of subsequent events - Plan management has evaluated subsequent events through October 14, 2014, the date the financial statements are available for issuance, for inclusion or disclosure in the financial statements.

NOTE 3 - Certified Financial Information

The Plan administrator has obtained a certification from State Street Bank & Trust ("State Street"), and Reliance Trust Company ("Reliance"), the custodians of the Plan.

Investments, at fair value, totaling \$191,332,340 at December 31, 2013 were certified by State Street as complete and accurate, to the best of its knowledge, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income during the period July 1, 2013 to December 31, 2013 was also certified by State Street.

NOTE 5 - Fair Value Measurements

"Fair Value Measurements" establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to the unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AEROFLEX INCORPORATED EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 5 - Fair Value Measurements (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end, which are based on the fair market value of the underlying securities or investments in the funds.

Stable asset fund - Valued at fair value by discounting the related cash flows using the current discount rate. The fair value of a security-backed contract includes the value of the underlying securities and the value of the wrapper contract. The fair value of a wrapper contract provided by a security-backed contract issues is the present value of the difference between the current wrapper fee and the contracted wrapper fee. A wrapper contract is an agreement by another party to make payments to the fixed income fund in certain circumstances. The fair value of these wrapper contracts was not considered to be material as of December 31, 2013 and 2012.

Money market fund - Valued based on quoted market prices on an active exchange.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables provide the level of valuation assumptions used to determine the carrying value of the Plan's assets which are measured at fair value on a recurring basis at December 31, 2013 and 2012 respectively:

NOTE 6 - Investment Contract with Insurance Company

The Plan invests in a synthetic guaranteed investment contract ("GIC"), or a stable asset fund, that credits a stated interest rate for a specified period of time. The stable value fund provides principal preservation plus accrued interest through fully benefit-responsive wrap contracts issued by a third-party which backs the underlying assets owned by the Plan. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, as described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's wrapper contracts permit all allowable participant-initiated transactions to occur at contract value. There are no events known to the Plan that are probable of occurring and which would limit its ability to transact at contract value with the issuer of the wrapper contract, which also limit the ability of the Plan to transact at contract value with participants.

The wrapper contracts cannot be terminated by its issuer at a value other than contract value or prior to the scheduled maturity date, except under a limited number of very specific circumstances including termination of the Plan or failure to qualify, material misrepresentations by the Plan Sponsor or investment manager, failure by these same parties to meet material obligations under the contract, or other similar types of events.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 6 - Investment Contract with Insurance Company (cont.)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates for the wrap contracts are calculated on a quarterly basis (or more frequently if necessary) using contract value, market value of the underlying fixed income portfolio, the yield of the portfolio, and the duration of the index, but cannot be less than zero.

	Average Yields	
	2013	2012
Based on Actual Earnings	1.36%	0.94%
Based on Interest Rate Credited to Participants	1.52%	1.95%

NOTE 7 - Due to Participants

Due to participants consist of excess participant contributions to certain active participants. These excess contributions are the result of certain nondiscrimination provisions of the Plan.

NOTE 8 - Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it does have the right to do so at any time, subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become eligible for immediate distribution of 100% of their accounts.

NOTE 9 - Related Party Transactions

Aeroflex Incorporated acts as the Plan Sponsor and the trustees of the Plan are officers of the Company.

NOTE 10 - Tax Status

The Plan adopted a prototype plan, which received a determination letter from the Internal Revenue Service dated March 31, 2005, which indicated that the prototype plan document was in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 11 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

NOTE 12 - Operational Errors

A computational error related to the determination of eligible compensation was identified relating to participant deferrals. Certain compensation for various participants was incorrectly excluded for the determination of participant deferrals. The Company intends to correct the operational errors in regards to the missed deferrals under the Voluntary Correction Program ("VCP"). This operational error is not expected to have a material effect on the Plan's net assets available for benefits, and the Company does not expect the VCP submission to affect the Plan's tax status.

NOTE 13 - Reconciliation of Financial Statements to Form 5500

The differences between the information reported in the financial statements and the information reported in the Form 5500 arise primarily from presenting investment contracts at fair value in the financial statements.

The following is a reconciliation of net assets available for benefits at December 31, 2013 and 2012:

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2013 - 12/31/2013 and indirect compensation is presented on a calendar year basis ending 12/31/2013.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹ Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **\$80,102.64**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: MassMutual Retirement Services, LLC EIN: 26-1589907

Service Codes: 15, 37, 38, 49, 59, 60, 62, 63, 64, 65, 72, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$23,392.50**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2013 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to MassMutual Retirement Services, LLC ("MMRS") are the net result of aggregating direct compensation after the effects of adjustments processed in 2013, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation	Payor: Reliance Trust Company	EIN: 58-1428634	\$23.51
---------------------------	-------------------------------	-----------------	----------------

This is an estimate based on the average annual rate of float compensation (0.01% for 2013) earned on certain processing bank accounts for the 2013 calendar year multiplied by an estimate of the assets related to uncashed checks*. This estimate does not include float earned for any other reason (e.g., if amounts remitted to MassMutual cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2013 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* Please note that Hartford Securities Distribution Company, Inc., received the sales compensation (12b-1 fees) portion of this amount. After compensating the plan's broker-dealer firm, if applicable, any residual amount is paid to MassMutual Retirement Services, LLC ("MMRS")

or it's affiliate.

** This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from the Oppenheimer family of mutual funds, which are affiliated with MassMutual (The Oppenheimer Funds). These affiliated mutual funds have contracts for services with companies that are affiliated with MassMutual. The MassMutual-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. INDEPENDENT AUDITORS' REPORT

Trustees
Aeroflex Incorporated
Employees' 401(k) Plan
Plainview, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aeroflex Incorporated Employees' 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank & Trust and Reliance Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions at December 31, 2012 and for the period January 1, 2013 to June 30, 2013, and State Street Bank & Trust held the Plan's investment assets and executed investment transactions as of December 31, 2013 and for the period July 1, 2013 to December 31, 2013. The Plan administrator has obtained certifications from the custodians as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodians is complete and accurate, to the best of their knowledge.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AEROFLEX INCORPORATED EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 1 - Description of the Plan

The following description of the Aeroflex Incorporated Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Aeroflex Incorporated. The Plan was established effective March 1, 1992, and most recently amended effective March 31, 2013. Nonunion employees of Aeroflex Incorporated and domestic subsidiaries (collectively, the "Company" or "Sponsor") become eligible to participate in the Plan effective on the first day of the month following six months of employment. Effective July 1, 2013, employees became immediately eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. In September 2014, the Sponsor was acquired by Cobham PLC.

Contributions - Under the terms of the Plan, each participant was permitted to contribute up to 30% of their eligible compensation through June 30, 2013 and 60% of their eligible compensation from July 1, 2013 through December 31, 2013 on a before-tax basis up to the maximum allowed (\$17,500 in 2013) by the Internal Revenue Service ("IRS"). Pursuant to EGTRRA, all participants who attained the age of 50 before the close of the Plan year are eligible to make additional "catch-up" contributions.

The Company provides a discretionary match on each participant's contribution. During the year ended December 31, 2013, the Sponsor elected not to contribute the employer match to the Plan.

Participant accounts - Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution (if any), rollovers and an allocation of the 401(k) Plan's earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Management of the funds - All of the investment assets of the Plan are held in a trust for the exclusive benefit of participants and their beneficiaries under the Plan. Contributions are invested in investment funds, as directed by the Plan participants. Participants may change their investment elections at any time.

Vesting - Participants are immediately, and at all times, vested in their voluntary contributions, Company discretionary matching contributions (if any), and the actual earnings thereon.

Notes receivable from participants - Participants may borrow from their fund accounts the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance of the participant's account and bear interest at rates ranging from 4.25% to 10.50%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits - Participants are entitled to receive a distribution of their interest in the Plan upon termination of employment, retirement, in the event they became disabled or in the event of financial hardship (as defined by the Plan). The beneficiary or beneficiaries of a participant's interest are entitled to receive a distribution of such interest in the Plan upon the death of the respective participant.

NOTE 2 - Summary of Significant Accounting Policies

Basis of accounting - The accompanying financial statements are prepared under the accrual basis of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

AEROFLEX INCORPORATED EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 2 - Summary of Significant Accounting Policies (cont.)

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 962-325-50-3), relating to *"Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans"*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of a collective investment fund attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits as of December 31, 2013 and 2012 presents the fair value of the investment contract held in the common collective trust fund, as well as the adjustment of the fully benefit-responsive contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold, as well as held during the year.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment contract with insurance company - Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of a collective investment fund attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits - Benefits to participants are recorded when paid.

Administrative expenses - Administrative expenses incurred are the shared responsibility of the Plan and the Company.

Evaluation of subsequent events - Plan management has evaluated subsequent events through October 14, 2014, the date the financial statements are available for issuance, for inclusion or disclosure in the financial statements.

NOTE 3 - Certified Financial Information

The Plan administrator has obtained a certification from State Street Bank & Trust ("State Street"), and Reliance Trust Company ("Reliance"), the custodians of the Plan.

Investments, at fair value, totaling \$191,332,340 at December 31, 2013 were certified by State Street as complete and accurate, to the best of its knowledge, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income during the period July 1, 2013 to December 31, 2013 was also certified by State Street.

NOTE 3 - Certified Financial Information (cont.)

Investments, at fair value, totaling \$165,015,422 at December 31, 2012 were certified by Reliance as complete and accurate, to the best of its knowledge, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income during the period January 1, 2013 to June 30, 2013 was also certified by Reliance.

NOTE 4 - Investments

The following presents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets:

NOTE 5 - Fair Value Measurements

"Fair Value Measurements" establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to the unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AEROFLEX INCORPORATED EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 5 - Fair Value Measurements (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end, which are based on the fair market value of the underlying securities or investments in the funds.

Stable asset fund - Valued at fair value by discounting the related cash flows using the current discount rate. The fair value of a security-backed contract includes the value of the underlying securities and the value of the wrapper contract. The fair value of a wrapper contract provided by a security-backed contract issues is the present value of the difference between the current wrapper fee and the contracted wrapper fee. A wrapper contract is an agreement by another party to make payments to the fixed income fund in certain circumstances. The fair value of these wrapper contracts was not considered to be material as of December 31, 2013 and 2012.

Money market fund - Valued based on quoted market prices on an active exchange.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables provide the level of valuation assumptions used to determine the carrying value of the Plan's assets which are measured at fair value on a recurring basis at December 31, 2013 and 2012 respectively:

NOTE 6 - Investment Contract with Insurance Company

The Plan invests in a synthetic guaranteed investment contract ("GIC"), or a stable asset fund, that credits a stated interest rate for a specified period of time. The stable value fund provides principal preservation plus accrued interest through fully benefit-responsive wrap contracts issued by a third-party which backs the underlying assets owned by the Plan. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, as described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's wrapper contracts permit all allowable participant-initiated transactions to occur at contract value. There are no events known to the Plan that are probable of occurring and which would limit its ability to transact at contract value with the issuer of the wrapper contract, which also limit the ability of the Plan to transact at contract value with participants.

The wrapper contracts cannot be terminated by its issuer at a value other than contract value or prior to the scheduled maturity date, except under a limited number of very specific circumstances including termination of the Plan or failure to qualify, material misrepresentations by the Plan Sponsor or investment manager, failure by these same parties to meet material obligations under the contract, or other similar types of events.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 6 - Investment Contract with Insurance Company (cont.)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates for the wrap contracts are calculated on a quarterly basis (or more frequently if necessary) using contract value, market value of the underlying fixed income portfolio, the yield of the portfolio, and the duration of the index, but cannot be less than zero.

	Average Yields	
	2013	2012
Based on Actual Earnings	1.36%	0.94%
Based on Interest Rate Credited to Participants	1.52%	1.95%

NOTE 7 - Due to Participants

Due to participants consist of excess participant contributions to certain active participants. These excess contributions are the result of certain nondiscrimination provisions of the Plan.

NOTE 8 - Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it does have the right to do so at any time, subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become eligible for immediate distribution of 100% of their accounts.

NOTE 9 - Related Party Transactions

Aeroflex Incorporated acts as the Plan Sponsor and the trustees of the Plan are officers of the Company.

NOTE 10 - Tax Status

The Plan adopted a prototype plan, which received a determination letter from the Internal Revenue Service dated March 31, 2005, which indicated that the prototype plan document was in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 11 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

NOTE 12 - Operational Errors

A computational error related to the determination of eligible compensation was identified relating to participant deferrals. Certain compensation for various participants was incorrectly excluded for the determination of participant deferrals. The Company intends to correct the operational errors in regards to the missed deferrals under the Voluntary Correction Program ("VCP"). This operational error is not expected to have a material effect on the Plan's net assets available for benefits, and the Company does not expect the VCP submission to affect the Plan's tax status.

NOTE 13 - Reconciliation of Financial Statements to Form 5500

The differences between the information reported in the financial statements and the information reported in the Form 5500 arise primarily from presenting investment contracts at fair value in the financial statements.

The following is a reconciliation of net assets available for benefits at December 31, 2013 and 2012:

INDEPENDENT AUDITORS' REPORT

Trustees
Aeroflex Incorporated
Employees' 401(k) Plan
Plainview, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aeroflex Incorporated Employees' 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank & Trust and Reliance Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions at December 31, 2012 and for the period January 1, 2013 to June 30, 2013, and State Street Bank & Trust held the Plan's investment assets and executed investment transactions as of December 31, 2013 and for the period July 1, 2013 to December 31, 2013. The Plan administrator has obtained certifications from the custodians as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodians is complete and accurate, to the best of their knowledge.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 1 - Description of the Plan

The following description of the Aeroflex Incorporated Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Aeroflex Incorporated. The Plan was established effective March 1, 1992, and most recently amended effective March 31, 2013. Nonunion employees of Aeroflex Incorporated and domestic subsidiaries (collectively, the "Company" or "Sponsor") become eligible to participate in the Plan effective on the first day of the month following six months of employment. Effective July 1, 2013, employees became immediately eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. In September 2014, the Sponsor was acquired by Cobham PLC.

Contributions - Under the terms of the Plan, each participant was permitted to contribute up to 30% of their eligible compensation through June 30, 2013 and 60% of their eligible compensation from July 1, 2013 through December 31, 2013 on a before-tax basis up to the maximum allowed (\$17,500 in 2013) by the Internal Revenue Service ("IRS"). Pursuant to EGTRRA, all participants who attained the age of 50 before the close of the Plan year are eligible to make additional "catch-up" contributions.

The Company provides a discretionary match on each participant's contribution. During the year ended December 31, 2013, the Sponsor elected not to contribute the employer match to the Plan.

Participant accounts - Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution (if any), rollovers and an allocation of the 401(k) Plan's earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Management of the funds - All of the investment assets of the Plan are held in a trust for the exclusive benefit of participants and their beneficiaries under the Plan. Contributions are invested in investment funds, as directed by the Plan participants. Participants may change their investment elections at any time.

Vesting - Participants are immediately, and at all times, vested in their voluntary contributions, Company discretionary matching contributions (if any), and the actual earnings thereon.

Notes receivable from participants - Participants may borrow from their fund accounts the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance of the participant's account and bear interest at rates ranging from 4.25% to 10.50%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits - Participants are entitled to receive a distribution of their interest in the Plan upon termination of employment, retirement, in the event they became disabled or in the event of financial hardship (as defined by the Plan). The beneficiary or beneficiaries of a participant's interest are entitled to receive a distribution of such interest in the Plan upon the death of the respective participant.

NOTE 2 - Summary of Significant Accounting Policies

Basis of accounting - The accompanying financial statements are prepared under the accrual basis of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

AEROFLEX INCORPORATED EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 2 - Summary of Significant Accounting Policies (cont.)

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 962-325-50-3), relating to *"Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans"*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of a collective investment fund attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits as of December 31, 2013 and 2012 presents the fair value of the investment contract held in the common collective trust fund, as well as the adjustment of the fully benefit-responsive contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold, as well as held during the year.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment contract with insurance company - Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of a collective investment fund attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits - Benefits to participants are recorded when paid.

Administrative expenses - Administrative expenses incurred are the shared responsibility of the Plan and the Company.

Evaluation of subsequent events - Plan management has evaluated subsequent events through October 14, 2014, the date the financial statements are available for issuance, for inclusion or disclosure in the financial statements.

NOTE 3 - Certified Financial Information

The Plan administrator has obtained a certification from State Street Bank & Trust ("State Street"), and Reliance Trust Company ("Reliance"), the custodians of the Plan.

Investments, at fair value, totaling \$191,332,340 at December 31, 2013 were certified by State Street as complete and accurate, to the best of its knowledge, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income during the period July 1, 2013 to December 31, 2013 was also certified by State Street.

NOTE 3 - Certified Financial Information (cont.)

Investments, at fair value, totaling \$165,015,422 at December 31, 2012 were certified by Reliance as complete and accurate, to the best of its knowledge, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment income during the period January 1, 2013 to June 30, 2013 was also certified by Reliance.

NOTE 4 - Investments

The following presents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets:

	2013	2012
Wells Fargo Stable Return Fund M	\$ 35,153,869	\$ 36,900,633
Columbia Balanced Z	21,598,237	17,981,520

American Funds Europacific Growth A	10,023,589	9,600,616

NOTE 5 - Fair Value Measurements

"Fair Value Measurements" establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to the unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AEROFLEX INCORPORATED EMPLOYEES' 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 5 - Fair Value Measurements (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end, which are based on the fair market value of the underlying securities or investments in the funds.

Stable asset fund - Valued at fair value by discounting the related cash flows using the current discount rate. The fair value of a security-backed contract includes the value of the underlying securities and the value of the wrapper contract. The fair value of a wrapper contract provided by a security-backed contract issues is the present value of the difference between the current wrapper fee and the contracted wrapper fee. A wrapper contract is an agreement by another party to make payments to the fixed income fund in certain circumstances. The fair value of these wrapper contracts was not considered to be material as of December 31, 2013 and 2012.

Money market fund - Valued based on quoted market prices on an active exchange.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables provide the level of valuation assumptions used to determine the carrying value of the Plan's assets which are measured at fair value on a recurring basis at December 31, 2013 and 2012 respectively:

NOTE 6 - Investment Contract with Insurance Company

The Plan invests in a synthetic guaranteed investment contract ("GIC"), or a stable asset fund, that credits a stated interest rate for a specified period of time. The stable value fund provides principal preservation plus accrued interest through fully benefit-responsive wrap contracts issued by a third-party which backs the underlying assets owned by the Plan. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, as described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's wrapper contracts permit all allowable participant-initiated transactions to occur at contract value. There are no events known to the Plan that are probable of occurring and which would limit its ability to transact at contract value with the issuer of the wrapper contract, which also limit the ability of the Plan to transact at contract value with participants.

The wrapper contracts cannot be terminated by its issuer at a value other than contract value or prior to the scheduled maturity date, except under a limited number of very specific circumstances including termination of the Plan or failure to qualify, material misrepresentations by the Plan Sponsor or investment manager, failure by these same parties to meet material obligations under the contract, or other similar types of events.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 6 - Investment Contract with Insurance Company (cont.)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates for the wrap contracts are calculated on a quarterly basis (or more frequently if necessary) using contract value, market value of the underlying fixed income portfolio, the yield of the portfolio, and the duration of the index, but cannot be less than zero.

	Average Yields	
	2013	2012
Based on Actual Earnings	1.36%	0.94%
Based on Interest Rate Credited to Participants	1.52%	1.95%

NOTE 7 - Due to Participants

Due to participants consist of excess participant contributions to certain active participants. These excess contributions are the result of certain nondiscrimination provisions of the Plan.

NOTE 8 - Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it does have the right to do so at any time, subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become eligible for immediate distribution of 100% of their accounts.

NOTE 9 - Related Party Transactions

Aeroflex Incorporated acts as the Plan Sponsor and the trustees of the Plan are officers of the Company.

NOTE 10 - Tax Status

The Plan adopted a prototype plan, which received a determination letter from the Internal Revenue Service dated March 31, 2005, which indicated that the prototype plan document was in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2013 and 2012 and for the Year Ended December 31, 2013

NOTE 11 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

NOTE 12 - Operational Errors

A computational error related to the determination of eligible compensation was identified relating to participant deferrals. Certain compensation for various participants was incorrectly excluded for the determination of participant deferrals. The Company intends to correct the operational errors in regards to the missed deferrals under the Voluntary Correction Program ("VCP"). This operational error is not expected to have a material effect on the Plan's net assets available for benefits, and the Company does not expect the VCP submission to affect the Plan's tax status.

NOTE 13 - Reconciliation of Financial Statements to Form 5500

The differences between the information reported in the financial statements and the information reported in the Form 5500 arise primarily from presenting investment contracts at fair value in the financial statements.
