Note 1: Description of the Plan

The following description of the Celebrity Casinos, Inc. 401(k) Profit Sharing & Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution and profit sharing plan covering substantially all employees of the Company subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company. The Plan Trustee, Mid Atlantic Trust Company, has the authority and responsibility for the management and investment of Plan assets.

Eligibility: Each of the Company's employees is eligible to participate in the Plan if they have reached the age of 21 and have completed ninety days of service. The employees receive one month's credit for each month in which one hour of service is completed. The entry dates are the first day following satisfaction of eligibility requirements.

Eligible employees participate in the Profit Sharing Plan if they are classified as active by the Company on the last day of the plan year.

Contributions: Each year, subject to the limitations as defined by the Internal Revenue Code, participants may contribute up to the maximum percentage allowable of their compensation on a pre-tax basis by salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers twenty-three investment options. There are no non-participant directed funds.

Each year the Company's board of directors will determine a profit sharing contribution, if any, to the Plan. This contribution is discretionary and is allocated to all eligible participants on the last day of the Plan year. The Company did not authorize a profit sharing contribution for the Plan year ending December 31, 2013.

Vesting: The portion of the participant's account attributable to salary deferrals or rollover contributions and earnings thereon are 100% vested and non-forfeitable. Employer contributions vest 20% after one complete year of service, as defined in the Plan agreement, and an additional 20% for each complete year of service thereafter until fully vested. Each complete year of service is defined as 1,000 or more hours worked.

Forfeitures: Amounts forfeited are allocated to participants classified as active on the last day of the plan year. Allocations are based on the proportion that each participant's compensation plus compensation in excess of the Social Security Taxable Wage Base bears to total compensation plus "excess compensation" of all eligible participants. There were no forfeitures for the plan year ending December 31, 2013.

Note 1: Description of the Plan (Continued)

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's profit sharing contributions, and (b) Plan earnings (losses), and (c) forfeitures of terminated participants' non-vested accounts, and charged with an allocation of administrative expenses. Allocations are based on the proportion that each participant's compensation plus his/her compensation in excess of the Social Security Taxable Wage Base bears to total compensation plus "excess compensation" of all eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit Payments: Upon termination of service due to death, disability, or retirement, a participant (or beneficiary) may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his/her account, annual installments over a period of not more than the participant's assumed life expectancy, or the purchase of a different form of annuity. For termination of service for other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution.

Participants may withdraw any or all of their vested account balances at any time during the Plan year provided they have attained the age of 59 ½, as defined in the Plan agreement. No more than two such benefit payments may be made in any 12-month period.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. There were no outstanding loan balances as of December 31, 2013.

Plan Termination: In the event of plan termination, the Plan agreement provides that the participants' accounts become fully vested and non-forfeitable. The funds shall remain on deposit under the group contract until a method of distribution is elected in accordance with the provisions of the Plan agreement, or upon a participant's termination of service, retirement, or death, whichever occurs first.

Note 2: Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting: The financial statements of the plan are prepared on the accrual basis of accounting.

Payment of Benefits: Benefits are recorded when paid.

Operating Expenses: All expenses of maintaining the Plan are paid by the Plan

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2013. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value could produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan has no financial liabilities measured at fair value on a recurring basis.

Fair value measurement accounting under the generally accepted accounting principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on all investments held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan agreement.

Note 3: Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance as permitted by 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

All Plan assets were held by State Street Bank and Trust, the Plan Trustee, which is responsible for the maintenance of all accounting records and the preparation of reports of activity related to those assets. The Trustees have certified to the Plan Administrator the completeness and accuracy of the financial information and data presented in the December 31, 2013 statements of net assets available for benefits, the December 31, 2013 schedule of assets held for investment purposes, and the statement of changes in net assets available for benefits for the year ended December 31, 2013. Financial information relating to assets included in the accompanying financial statement is based on the information provided by the Trustee.

Note 4: Investments

The following investments represent 5% or more of the Plan's net assets available for benefits:

Description of Investment		2013
JP Morgan Smart Retirement 2035 C	$	9,790
JP Morgan Smart Retirement 2045 C	$	3,951
Invesco Energy	$	3,475
MFS Moderate Allocation C	$	2,781
MFS Utilities C	$	2,057
JP Morgan Smart Retirement 2015 C	$	2,011
JP Morgan Smart Retirement 2025 C	$	1,614

Note 5: Party-in-Interest Transactions

Certain Plan assets are invested in Trustee accounts. These transactions with the Trustee qualify as party-in-interest transactions.

Note 6: Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that is not likely to be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions: however, there are currently no audits for any tax periods in progress.

Note 7: Fair Value Measurement

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies during the Plan year.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are re-opened mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013:

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Mutual Funds				
Balanced	$ 22,271			$ 22,271
Large US equity	3,475			3,475
Small/mid US equity	2,057			2,057
Fixed Income	1,168			1,168
International	1,164			1,164
	$ 30,135			$ 30,135

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Subsequent Events

The Board of Directors of Celebrity Casinos, Inc. the Plan's sponsor, voted on August 25, 2014 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the plan will change to a liquidation basis of accounting and participants in the Plan will become fully vested in their account at the termination date.
