Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

The Administrative Committee and Participants
APV Pension Plan for Certain Hourly Employees

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the APV Pension Plan for Certain Hourly Employees, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by State Street Bank & Trust Company, the trustee of the Plan, and Principal Life Insurance Company, the custodian of certain Plan assets, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee and the custodian hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustee and the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013 that accompanies the Plan's financial statements does not disclose the historical cost of certain non participant-directed plan assets held by Principal Life Insurance Company, the custodian of certain Plan assets. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The APV Pension Plan for Certain Hourly Employees (Plan) is a noncontributory defined benefit pension plan. Invensys, Inc. (the Company) is the Plan Sponsor. Employees with five years of vesting service, as defined by the Plan, are entitled to pension benefits upon retirement. Information concerning the Plan Agreement is available from the Human Resources Department.

Sale of Company

On January 17, 2014, Schneider Electric announced that it had completed the acquisition of the Company. There has been no impact to the Plan.

Plan Freeze

The Plan does not allow new participants and no future benefit accruals for employees, as follows: effective April 1, 1998 for Lake Mills, Wisconsin employees; effective April 1, 2002 for participants of the former APV Crepaco, Inc. Pension Plan for Shop Hourly Employees at Tonawanda, New York; and effective October 31, 1993 for participants of the former Gaulin Corporation Retirement Plan for Members of Local 1596 UAW Production and Maintenance Workers.

Funding Policy

The Plan is funded annually by the Company in an amount based on actuarial determinations. The contributions are at least equal to the minimum funding standards required by the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has met the ERISA minimum funding requirements.

Contributions made to the Plan by the Company are invested in the Invensys Inc. Master Retirement Trust (Master Trust). The Master Trust pools the Plan's assets with those of other related Invensys, Inc. plans, and makes investments in various types of equity and fixed-income securities. The trustee holds the funds to manage, invest, and reinvest in accordance with the provisions of the Master Trust agreement.

1. Plan Description (continued)

Plan Termination

Should the Plan terminate at some future time, its net assets will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

The Plan's participation in the Master Trust is stated at fair value (based primarily on the quoted market prices on the last business day of the plan year) of the securities owned by the Master Trust, as determined by the trustee, State Street Bank & Trust Company (State Street). Marketable securities are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and ask prices. The shares of registered investment companies and exchange traded funds are valued at quoted market prices which represent the net asset values of shares held in the Master Trust. The registered investment companies and exchange traded funds held by the Plan are deemed to be actively traded. The fair value of participation units owned by the Plan in common/collective trust funds is based on the redemption value (NAV) of the funds on the last business day of the plan year. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

2. Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition (continued)

Certain U.S. government and sovereign obligations, most government agency securities, investment-grade corporate bonds, certain mortgage products, and municipal obligations are valued based on quoted market prices, dealer quotations or alternative pricing sources.

Derivative investments (interest rate swaps) are marked-to-market using the derivative trading desk and are priced at the level which, in the desk's judgment, the counterparty would agree to terminate the transaction or at which another party would agree to assume the rights and obligations of the plan under the transaction. The derivatives trading desk verifies prices periodically with the counterparty and/or dealers active in the relevant market.

The fair value of the various limited partnership investments is estimated using various methods. Marketable securities in the partnerships are stated at the quoted market price on the last business day of the Plan year, while non-publicly traded securities are valued at amounts determined by the general partner.

The Plan also invests in certain securities collateralized by residential and commercial mortgages and other assets that may be affected by, among other things, changes in: interest rates, the quality of the underlying assets or the market's assessment thereof, factors concerning interests in and structure of the issuer or the originator of the receivables, or the creditworthiness of the entities that provide credit enhancements.

Substantially all of the plan's investments are held in the Master Trust, which was established for the investment of assets of the Plan and other Company-sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. Investment income and expenses are allocated to the Plan based upon its pro rata share in the net assets of the Master Trust.

The cost of investments sold is determined on the basis of average cost. The gain or loss on securities sold is the difference between average cost and market value at the date of disposal.

2. Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition (continued)

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (Note 7) are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employee's compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on years of service and the annual earnings factor as described in the plan document. Benefits payable under all circumstances—retirement, death, disability, and termination of employment—are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Administrative Expenses

Administrative expenses are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. Significant Accounting Policies (continued)

New Accounting Pronouncement

In December 2011, the FASB issued ASU No. 2011-11, Balance Sheet (Topic 210): *Disclosure about Offsetting Assets and Liabilities* that requires additional information regarding financial instruments and derivatives instruments that are offset or subject to an enforceable master netting arrangement or similar agreement. The amendment is effective for the plan on January 1, 2013. The impact as a result of adopting this pronouncement was not material.

Reclassifications

Certain 2012 financial statement amounts have been reclassified to conform to 2013 financial statement presentation.

3. Investments

Certain investment information disclosed in the accompanying financial statements, including investments held at December 31, 2013 and 2012, and equity in net investment income of the Master Trust, unrealized appreciation in fair value of immediate participation guarantee contract, interest income, and investment management fees for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee and custodian.

4. Invensys Inc. Master Retirement Trust

The participation of the Plan is approximately 2% of the Master Trust as of December 31, 2013 and 2012, respectively. The Master Trust is comprised of the following:

	December 31	
	2013	**2012**

4. Invensys Inc. Master Retirement Trust (continued)

During the years ended December 31, 2013 and 2012, the investments of the Master Trust, including investments bought, sold, as well as held during the year, appreciated (depreciated) as follows:

	2013	2012
Common stocks	**$ 31,316,211**	$ 12,233,421
Exchange-traded funds	**13,012,960**	7,975,975

Net appreciation in fair value of investments	**$ 25,598,654**	$ 161,307,332

Total administrative expenses for the Master Trust during the years ended December 31, 2013 and 2012 were $7,214,187 and $9,806,117, respectively.

The Master Trust participated in State Street's securities lending program in 2013 and 2012 by lending certain securities to borrowers to earn additional income, which is included in equity in net earnings of the Invensys Inc. Master Retirement Trust in the statements of changes in net assets. Loans of securities through State Street are collateralized by cash, letters of credit, or securities issued or guaranteed by the United States government or its agencies, equal to at least 102% of the current market value of the loaned securities. At December 31, 2013, the fair value of the loaned securities and collateral amounted to $12,324,970 and $12,554,637, respectively. At December 31, 2012, the fair value of the loaned securities and collateral amounted to $10,163,203 and $10,550,510, respectively.

5. Interest Rate Swaps

Derivative investments consist of fixed for floating interest rate long maturity swaps (average approximately 12 years). At December 31, 2013 and 2013, there were no open interest separate swap arrangements.

6. Fair Value Measurements

ASC 820, "Fair Value Measurements" (ASC 820) defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Inputs are quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

There have been no changes in the valuation methodologies (Note 2) used at December 31, 2013 and 2012.

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2013.

7. Accumulated Plan Benefits

An actuary from Mercer Human Resource Consulting, Inc. estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

7. Accumulated Plan Benefits (continued)

The accumulated plan benefit information as of December 31, 2012 and 2011 is as follows:

	2012	2011
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Retired employees and beneficiaries currently receiving benefits	**$ 16,747,066**	$ 14,992,484
Inactive participants with deferred benefits	**6,348,788**	5,355,293
	$ 23,095,854	$ 20,347,777

The reconciliation of the actuarial present value of accumulated plan benefits from December 31, 2011 to December 31, 2012 is as follows:

Actuarial present value of accumulated plan benefits at December 31, 2011	$ 20,347,777
Changes during the year:	
Non-investment gains (losses)	(46,906)
Increase for interest due to decrease in the discount period	1,459,224
Actual benefits paid	(1,645,771)
Change in actuarial assumptions	2,981,530
Net increase	2,748,077
Actuarial present value of accumulated plan benefits at December 31, 2012	$ 23,095,854

7. Accumulated Plan Benefits (continued)

Significant assumptions underlying the actuarial computations are:

Interest	—6.0% in 2012 and 7.5% in 2011, compounded annually.
Retirement	—Age-related retirement rates from age 55 to age 65, with terminated vested participants assumed to retire at age 62.
Mortality	—RP2000 Mortality Tables for Males and Females, without adjustment for collar, benefit amount, or employee/annuitant distinction, but projected by Scale AA to 2015 in 2012 and 2011.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

9. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the custodian is considered party-in-interest transactions.

10. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS), dated April 15, 2011, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination letter by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that it is no longer subject to income tax examinations for years prior to 2010.

11. Subsequent Events

The Company has evaluated all subsequent events through October 15, 2014, the date the financial statements were available to be issued. During this period, there have been other no material events that would require recognition in the financial statements or disclosures to the financial statements.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Actuarial Methods for Funding

Asset Methods – Effective January 1, 2008

The asset valuation method is the fair market value.

Participant Methods – Effective January 1, 2008

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts under which benefits are paid to plan participants.

The following estimates were incorporated into the valuation. The estimates are not expected to have a material impact on the valuation results.

Missing Item	Number	Estimation Methodology
Missing participant birth date	6	Based on date of birth supplied for prior year
Missing beneficiary birth date	1	Estimated based on males three years older than females for participant and beneficiary, if either available

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Minimum Funding Methods – Effective January 1, 2008

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Part V — Summary of Plan Provisions

APV Lake Mills (pre-merger)

Effective Date	January 1, 1973, amended and restated January 1, 2001
Most Recent Amendment	January 1, 2011
Eligibility	An employee enters the plan on the first day of the twelve-consecutive month period from date of employment or from anniversary of date of employment during which 1,000 or more Hours of Service are earned. Effective April 1, 1998, no additional employees will become eligible to participate in the plan.
Benefit Service	
(a) Participant on or after January 11, 1986	Years and months of continuous service from hire date but prior to April 1, 1998.
(b) Participant prior to January 11, 1986	As determined under the provisions of the plan in effect as of January 10, 1986.
Vesting Service	
(a) Participant on or after January 11, 1986	Years and months of continuous service with the company.
(b) Participant prior to January 11, 1986	As determined under provisions of the plan in effect as of January 10, 1986.
Normal Retirement	
Eligibility	The first of the month coinciding with or next following the participant's 65th birthday.
Benefit	$20.00 times Benefit Service prior to January 1, 1973 plus $25.00 times Benefit Service after January 1, 1973 for retirements occurring on or after January 1, 1998. Effective April 1, 1998, there shall be no future benefit accruals for current employees.
Commencement	Payments commence on the later of the first day of the month following an employee's retirement or the date the participant applies for the benefit.
Form of Payment	Benefits are normally payable in an unreduced amount as a life annuity for unmarried participants and in a reduced amount on a 50% joint and survivor basis for married participants.
Late Retirement	Each employee who continues to be an employee after attaining his/her normal retirement age shall be entitled upon actual retirement to receive a monthly benefit determined in the same manner as for Normal Retirement as of his/her late retirement date.

Schedule SB, Part V — Summary of Plan Provisions

APV Lake Mills (pre-merger) (cont'd)

Early Retirement	
Eligibility	The first of the month coinciding with or next following the participant's attainment of age 55 and completion of fifteen years of Vesting Service.
Benefit	The employee's accrued normal retirement benefit payable at normal retirement date without reduction or at his/her early retirement date with a reduction of .5% for each month between ages 60 and 65 and .3% for each month between the ages 55 and 60 by which the commencement date precedes the normal retirement date. For participants who have attained age 62 and completed thirty years of Benefit Service, there is no reduction to the employee's accrued normal retirement benefit.
Commencement	Anytime between early retirement date and normal retirement date, at the employees election.
Form of Payment	Same as normal retirement.
Disability Retirement	
Eligibility	The first day of the month coincident with or next following the date the participant has been totally and permanently disabled such that he or she is prevented from engaging in any employment for a period of six months, provided that the participant has completed ten years of Vesting Service at the commencement of such total and permanent disability.
Benefit	Prior to age 65 and disability date on or after January 1, 1997, $25.00 times Benefit Service as of disability date. At age 65, the accrued normal retirement benefit using Benefit Service as of disability date.
Deferred Vested Benefit	
Eligibility	If a participant terminated employment prior to normal retirement and has at least 5 years of Vesting Service.
Benefit	The amount of benefit should be calculated as for normal retirement.
Commencement	An employee's deferred vested benefit shall commence in full on his or her normal retirement date, or at the participant's option, in a reduced benefit prior to normal retirement any time after attaining age 55, provided the employee has fifteen or more years of Vesting Service. Reduction factors are the same as for early retirement.
Form of Payment	Same as normal retirement.

Schedule SB, Part V — Summary of Plan Provisions

APV Lake Mills (pre-merger) (cont'd)

Death Benefit	
Before Retirement	Upon the death of a vested participant who has been married for at least one year, his or her surviving spouse shall be eligible to receive a pre-retirement surviving spouse annuity. The pre-retirement surviving spouse annuity provides a reduced benefit equal to the benefit the spouse would have received had the participant retired on the day preceding his or her date of death (or had survived until his or her earliest retirement date, if death occurs prior to such date, and retired on such date) and elected to receive benefits in the 50% Joint and Survivor Annuity Form.
After Retirement	Death benefits payable after retirement, if any, are payable in accordance with whichever option the retiree elected.
Optional Form of Payment	The forms of benefit payment available to each participant shall be the actuarial equivalent of his/her normal retirement benefit on a life annuity basis. The forms of benefit are as follows: • 10-Year certain and life • 50%, 66 2/3% and 75% joint and survivor
Actuarial Equivalent (small cashouts for lump sums)	Based on the 1976 PET unisex mortality table and 7% interest rate. For lump sum amounts paid during the period January 1, 2001 through December 31, 2007, the blended 1983 Group Annuity Mortality Table ("GAM83") is used. For lump sums paid on or after January 1, 2008, an interest rate equal to the annual rate structure based on the Pension Protection Act of 2006 (PPA) rates for the month of October preceding the plan year during which the payment occurs and mortality based on PPA rates for the applicable year is used.
Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2013, the limit is $205,000.

Schedule SB, Part V — Summary of Plan Provisions

Former Tonawanda Plan

Effective Date	May 1, 1956, amended and restated January 1, 1997
Most Recent Amendment	January 1, 2011
Eligibility	Any shop hourly class (paid on an hourly basis) or bargaining class (represented by a bargaining unit for collective bargaining purposes) employee who has attained age 21 and completed one year of service equal to 1,000 hours of work. Effective April 1, 2002, no future employees or plan members will become active plan members.
Benefit Service	The sum of (i) and (ii) where: (i) equals an employee's service with the employer before May 1, 1976 expressed in whole years and functional parts of a year (counting a complete month as a functional part of year); (ii) equals an employee's service on and after May 1, 1976 expressed as years and fractional parts of a year with 365 days equal to one year. Plan service has been frozen as of April 1, 2002.
Vesting Service	The sum of (i) and (ii) where: (i) equals employee's service with the employer before May 1, 1976; (ii) equals one year of service for each consecutive 12 month period beginning on the employee's hire date in which an employee is credited with at least one hour of service.
Average Compensation	The monthly average of compensation plus elective deferral contributions received for the five consecutive years out of the ten latest compensation years prior to retirement date which gives the highest average.
Short Service Percentage	The percentage obtained by dividing the number of complete months of service between a participant's date of employment and retirement date by 300 (maximum 100%).
Accrued Benefit Adjustment	The quotient of the number of years and completed months of service as of a given date divided by the number of years and completed months of service as of normal retirement age.

Schedule SB, Part V — Summary of Plan Provisions

Former Tonawanda Plan (cont'd)

Social Security Benefit	The monthly payment of primary insurance benefits expected to become payable at age 65 under Title II of the Federal Social Security Act as in force on the earliest of the employee's retirement date, normal retirement date, or the date the employee becomes an inactive participant.
Normal Retirement	
Eligibility	Attainment of age 65 and five years of participation.
Benefit	The product of (i), (ii) and (iii) where: (i) equals 40% of Average Compensation reduced by 50% of the Social Security Benefit; (ii) equals the Accrued Benefit Adjustment; (iii) equals the Short Service Percentage. In no event will the benefit be less than $25 multiplied by the Accrued Benefit Adjustment and Short Service Percentage. Plan benefits have been frozen as of April 1, 2002.
Form of Payment	Monthly annuity with payments guaranteed for ten years and life thereafter.
Late Retirement Benefit	
Eligibility	Any employee who continues to be an employee after attaining his/her normal retirement age.
Benefit	Greater of accrued benefit on normal retirement date actuarially increased to late retirement date or accrued benefit on late retirement date.
Early Retirement	
Eligibility	Attainment of age 55 and completion of ten years of Vesting Service.
Benefit	The employee's accrued normal retirement benefit payable at normal retirement date without reductions or at his/her early retirement date with a reduction of 3% for each year that benefits commence prior to normal retirement date.
Form of Payment	Same as normal retirement.

Schedule SB, Part V — Summary of Plan Provisions

Former Tonawanda Plan (cont'd)

Deferred Vested	
Eligibility	100% if a participant terminated employment prior to normal retirement and has at least 5 years of Vesting Service.
Benefit	The amount of benefit should be calculated as for normal retirement and reduced by 3% for each year that benefits commence prior to normal retirement date.
Form of Payment	Same as normal retirement.
Death Benefit	
Before Retirement	Upon death a qualified married participant vested in an accrued benefit, his or her surviving spouse shall be eligible to receive a monthly annuity payable deferred to participant's earliest retirement date if later than the date of death. The amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day.
After Retirement	Death benefits payable after retirement, if any, are payable in accordance with whichever option the retiree elected.
Optional Form of Payment	The forms of benefit payment available to each participant shall be the actuarial equivalent of his/her normal retirement benefit on a life annuity basis. The forms of benefit are as follows: • Straight life • 5,10, or 15-year certain and continuous • 50%, 66 2/3%, 75% and 100% joint and survivor • Lump sum distribution of the full amount payable
Actuarial Equivalence	Based on 7.5% interest rate and the mortality table set forth in Revenue Ruling 95-6. For lump sums paid on or after January 1, 2008, an interest rate equal to the annual rate structure based on the Pension Protection Act of 2006 (PPA) rates for the month of October preceding the plan year during which the payment occurs and mortality based on PPA rates for the applicable year is used.
Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2013, the limit is $205,000.

Schedule SB, Part V — Summary of Plan Provisions

Former Gaulin Plan

Effective Date	November 2, 1972, amended and restated November 2, 1997
Most Recent Amendment	January 1, 2011
Eligibility	Any person covered by the Labor Agreement between Gaulin Corporation and Local 1596, International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (UAW – Production and Maintenance Employees). Effective October 31, 1993, the plan was frozen to new participants.
Benefit Service	Any participant who was an employee on November 2, 1972 shall be credited with past credited service based on total seniority which he/she held with the employer on the December 31 immediately preceding November 2, 1972. After November 2, 1972, an employee shall be credited with one year of credited service for each calendar year in which he/she is credited with compensation. Effective October 31, 1993, the plan was frozen with respect to all benefit service.
Vesting Service	Same as benefit service.
Normal Retirement	
Eligibility	First of the month coinciding with or next following the participant's 65th birthday.
Benefit	$13.45 per month per year of service, for retirements on or after March 6, 1983 up to October 31, 1993.
Form of Payment	Benefits are normally payable in an unreduced amount as a life annuity for unmarried participants and in a reduced amount on a 50% joint and survivor basis for married participants.
Late Retirement	
Eligibility	Any employee who continues to be an employee after attaining his/her normal retirement age.
Benefit	Greater of accrued benefit on normal retirement date actuarially increased to late retirement date or accrued benefit on late retirement date.

Schedule SB, Part V — Summary of Plan Provisions

Former Gaulin Plan (cont'd)

Early Retirement	
Eligibility	First of the month commencing with or next following attainment of age 55 and completion of five years of Vesting Service.
Benefit	The employee's accrued normal retirement benefit payable at normal retirement date without reduction or at his/her early retirement date with a reduction of .5% for each month that benefits commence prior to normal retirement date.
Form of Payment	Same as normal retirement.
Disability Benefit	
Eligibility	Any employee who, prior to retirement, becomes totally and permanently disabled as defined in Section 4.6(b) of the plan document and who has completed 10 or more years of Credited Service.
Benefit	The accrued normal retirement benefit payable until normal retirement date.
Deferred Vested	
Eligibility	If a participant terminated employment prior to normal retirement and has at least 5 years of Vesting Service.
Benefit	The amount of benefit should be calculated as for normal retirement and reduced ½% for each month that benefits commence prior to normal retirement date.
Form of Payment	Same as normal retirement.
Death Benefits	
Before Retirement	For death after age 55, but before retirement, the spouse will receive a benefit equal to the larger of the present value of the accrued benefit or the benefit payable to the spouse as if the employee had retired and elected the 50% joint and survivor option immediately prior to his/her death. For death before age 55, the benefit is equal to the amount that would be payable if the employee had elected to receive a 50% joint and survivor annuity at age 55 and had died at age 55.
After Retirement	Death benefits payable after retirement, if any, are payable in accordance with whichever option the retiree elected.

Schedule SB, Part V — Summary of Plan Provisions

Former Gaulin Plan (cont'd)

Optional Form of Payment	The forms of benefit payment available to each participant shall be the actuarial equivalent of his/her normal retirement benefit on a life annuity basis. The forms of benefit are as follows: • 50%, 66 2/3%, 75% and 100% joint and survivor • 60, 120 and 180 months certain and continuous
Actuarial Equivalence (small cashouts for lump sums)	Based on the UP-1984 mortality table set forward one year for employees and set back four years for eligible spouses and beneficiaries and 6% interest rate. For lump sums paid on or after January 1, 2008, an interest rate equal to the annual rate structure based on the Pension Protection Act of 2006 (PPA) rates for the month of October preceding the plan year during which the payment occurs and mortality based on PPA rates for the applicable year is used.
Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2013, the limit is $205,000.

Schedule SB, Part V — Summary of Plan Provisions

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan are included in this valuation.

- **Plan amendments excluded:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.
- **Late retirement increases:**
  - *Active participants:* N/A, since there are no active participants in the plan.
  - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan Provisions Specific to Funding

Additional Benefits Included or Excluded

- **IRC Section 436 benefit restrictions:**
  - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
  - *Plan amendments:* See above.
  - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
  - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

Maximum benefits were updated from 2012 to 2013.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Actuarial Methods for Funding

Asset Methods – Effective January 1, 2008

The asset valuation method is the fair market value.

Participant Methods – Effective January 1, 2008

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts under which benefits are paid to plan participants.

The following estimates were incorporated into the valuation. The estimates are not expected to have a material impact on the valuation results.

Missing Item	Number	Estimation Methodology
Missing participant birth date	6	Based on date of birth supplied for prior year
Missing beneficiary birth date	1	Estimated based on males three years older than females for participant and beneficiary, if either available

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Minimum Funding Methods – Effective January 1, 2008

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Part V — Summary of Plan Provisions

APV Lake Mills (pre-merger)

Effective Date	January 1, 1973, amended and restated January 1, 2001
Most Recent Amendment	January 1, 2011
Eligibility	An employee enters the plan on the first day of the twelve-consecutive month period from date of employment or from anniversary of date of employment during which 1,000 or more Hours of Service are earned. Effective April 1, 1998, no additional employees will become eligible to participate in the plan.
Benefit Service	
(a) Participant on or after January 11, 1986	Years and months of continuous service from hire date but prior to April 1, 1998.
(b) Participant prior to January 11, 1986	As determined under the provisions of the plan in effect as of January 10, 1986.
Vesting Service	
(a) Participant on or after January 11, 1986	Years and months of continuous service with the company.
(b) Participant prior to January 11, 1986	As determined under provisions of the plan in effect as of January 10, 1986.
Normal Retirement	
Eligibility	The first of the month coinciding with or next following the participant's 65th birthday.
Benefit	$20.00 times Benefit Service prior to January 1, 1973 plus $25.00 times Benefit Service after January 1, 1973 for retirements occurring on or after January 1, 1998. Effective April 1, 1998, there shall be no future benefit accruals for current employees.
Commencement	Payments commence on the later of the first day of the month following an employee's retirement or the date the participant applies for the benefit.
Form of Payment	Benefits are normally payable in an unreduced amount as a life annuity for unmarried participants and in a reduced amount on a 50% joint and survivor basis for married participants.
Late Retirement	Each employee who continues to be an employee after attaining his/her normal retirement age shall be entitled upon actual retirement to receive a monthly benefit determined in the same manner as for Normal Retirement as of his/her late retirement date.

Schedule SB, Part V — Summary of Plan Provisions

APV Lake Mills (pre-merger) (cont'd)

Early Retirement	
Eligibility	The first of the month coinciding with or next following the participant's attainment of age 55 and completion of fifteen years of Vesting Service.
Benefit	The employee's accrued normal retirement benefit payable at normal retirement date without reduction or at his/her early retirement date with a reduction of .5% for each month between ages 60 and 65 and .3% for each month between the ages 55 and 60 by which the commencement date precedes the normal retirement date. For participants who have attained age 62 and completed thirty years of Benefit Service, there is no reduction to the employee's accrued normal retirement benefit.
Commencement	Anytime between early retirement date and normal retirement date, at the employees election.
Form of Payment	Same as normal retirement.
Disability Retirement	
Eligibility	The first day of the month coincident with or next following the date the participant has been totally and permanently disabled such that he or she is prevented from engaging in any employment for a period of six months, provided that the participant has completed ten years of Vesting Service at the commencement of such total and permanent disability.
Benefit	Prior to age 65 and disability date on or after January 1, 1997, $25.00 times Benefit Service as of disability date. At age 65, the accrued normal retirement benefit using Benefit Service as of disability date.
Deferred Vested Benefit	
Eligibility	If a participant terminated employment prior to normal retirement and has at least 5 years of Vesting Service.
Benefit	The amount of benefit should be calculated as for normal retirement.
Commencement	An employee's deferred vested benefit shall commence in full on his or her normal retirement date, or at the participant's option, in a reduced benefit prior to normal retirement any time after attaining age 55, provided the employee has fifteen or more years of Vesting Service. Reduction factors are the same as for early retirement.
Form of Payment	Same as normal retirement.

Schedule SB, Part V — Summary of Plan Provisions

APV Lake Mills (pre-merger) (cont'd)

Death Benefit	
Before Retirement	Upon the death of a vested participant who has been married for at least one year, his or her surviving spouse shall be eligible to receive a pre-retirement surviving spouse annuity. The pre-retirement surviving spouse annuity provides a reduced benefit equal to the benefit the spouse would have received had the participant retired on the day preceding his or her date of death (or had survived until his or her earliest retirement date, if death occurs prior to such date, and retired on such date) and elected to receive benefits in the 50% Joint and Survivor Annuity Form.
After Retirement	Death benefits payable after retirement, if any, are payable in accordance with whichever option the retiree elected.
Optional Form of Payment	The forms of benefit payment available to each participant shall be the actuarial equivalent of his/her normal retirement benefit on a life annuity basis. The forms of benefit are as follows: • 10-Year certain and life • 50%, 66 2/3% and 75% joint and survivor
Actuarial Equivalent (small cashouts for lump sums)	Based on the 1976 PET unisex mortality table and 7% interest rate. For lump sum amounts paid during the period January 1, 2001 through December 31, 2007, the blended 1983 Group Annuity Mortality Table ("GAM83") is used. For lump sums paid on or after January 1, 2008, an interest rate equal to the annual rate structure based on the Pension Protection Act of 2006 (PPA) rates for the month of October preceding the plan year during which the payment occurs and mortality based on PPA rates for the applicable year is used.
Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2013, the limit is $205,000.

Schedule SB, Part V — Summary of Plan Provisions

Former Tonawanda Plan

Effective Date	May 1, 1956, amended and restated January 1, 1997
Most Recent Amendment	January 1, 2011
Eligibility	Any shop hourly class (paid on an hourly basis) or bargaining class (represented by a bargaining unit for collective bargaining purposes) employee who has attained age 21 and completed one year of service equal to 1,000 hours of work. Effective April 1, 2002, no future employees or plan members will become active plan members.
Benefit Service	The sum of (i) and (ii) where: (i) equals an employee's service with the employer before May 1, 1976 expressed in whole years and functional parts of a year (counting a complete month as a functional part of year); (ii) equals an employee's service on and after May 1, 1976 expressed as years and fractional parts of a year with 365 days equal to one year. Plan service has been frozen as of April 1, 2002.
Vesting Service	The sum of (i) and (ii) where: (i) equals employee's service with the employer before May 1, 1976; (ii) equals one year of service for each consecutive 12 month period beginning on the employee's hire date in which an employee is credited with at least one hour of service.
Average Compensation	The monthly average of compensation plus elective deferral contributions received for the five consecutive years out of the ten latest compensation years prior to retirement date which gives the highest average.
Short Service Percentage	The percentage obtained by dividing the number of complete months of service between a participant's date of employment and retirement date by 300 (maximum 100%).
Accrued Benefit Adjustment	The quotient of the number of years and completed months of service as of a given date divided by the number of years and completed months of service as of normal retirement age.

Schedule SB, Part V — Summary of Plan Provisions

Former Tonawanda Plan (cont'd)

Social Security Benefit	The monthly payment of primary insurance benefits expected to become payable at age 65 under Title II of the Federal Social Security Act as in force on the earliest of the employee's retirement date, normal retirement date, or the date the employee becomes an inactive participant.
Normal Retirement	
Eligibility	Attainment of age 65 and five years of participation.
Benefit	The product of (i), (ii) and (iii) where: (i) equals 40% of Average Compensation reduced by 50% of the Social Security Benefit; (ii) equals the Accrued Benefit Adjustment; (iii) equals the Short Service Percentage. In no event will the benefit be less than $25 multiplied by the Accrued Benefit Adjustment and Short Service Percentage. Plan benefits have been frozen as of April 1, 2002.
Form of Payment	Monthly annuity with payments guaranteed for ten years and life thereafter.
Late Retirement Benefit	
Eligibility	Any employee who continues to be an employee after attaining his/her normal retirement age.
Benefit	Greater of accrued benefit on normal retirement date actuarially increased to late retirement date or accrued benefit on late retirement date.
Early Retirement	
Eligibility	Attainment of age 55 and completion of ten years of Vesting Service.
Benefit	The employee's accrued normal retirement benefit payable at normal retirement date without reductions or at his/her early retirement date with a reduction of 3% for each year that benefits commence prior to normal retirement date.
Form of Payment	Same as normal retirement.

Schedule SB, Part V — Summary of Plan Provisions

Former Tonawanda Plan (cont'd)

Deferred Vested	
Eligibility	100% if a participant terminated employment prior to normal retirement and has at least 5 years of Vesting Service.
Benefit	The amount of benefit should be calculated as for normal retirement and reduced by 3% for each year that benefits commence prior to normal retirement date.
Form of Payment	Same as normal retirement.
Death Benefit	
Before Retirement	Upon death a qualified married participant vested in an accrued benefit, his or her surviving spouse shall be eligible to receive a monthly annuity payable deferred to participant's earliest retirement date if later than the date of death. The amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day.
After Retirement	Death benefits payable after retirement, if any, are payable in accordance with whichever option the retiree elected.
Optional Form of Payment	The forms of benefit payment available to each participant shall be the actuarial equivalent of his/her normal retirement benefit on a life annuity basis. The forms of benefit are as follows: • Straight life • 5,10, or 15-year certain and continuous • 50%, 66 2/3%, 75% and 100% joint and survivor • Lump sum distribution of the full amount payable
Actuarial Equivalence	Based on 7.5% interest rate and the mortality table set forth in Revenue Ruling 95-6. For lump sums paid on or after January 1, 2008, an interest rate equal to the annual rate structure based on the Pension Protection Act of 2006 (PPA) rates for the month of October preceding the plan year during which the payment occurs and mortality based on PPA rates for the applicable year is used.
Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2013, the limit is $205,000.

Schedule SB, Part V — Summary of Plan Provisions

Former Gaulin Plan

Effective Date	November 2, 1972, amended and restated November 2, 1997
Most Recent Amendment	January 1, 2011
Eligibility	Any person covered by the Labor Agreement between Gaulin Corporation and Local 1596, International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (UAW – Production and Maintenance Employees). Effective October 31, 1993, the plan was frozen to new participants.
Benefit Service	Any participant who was an employee on November 2, 1972 shall be credited with past credited service based on total seniority which he/she held with the employer on the December 31 immediately preceding November 2, 1972. After November 2, 1972, an employee shall be credited with one year of credited service for each calendar year in which he/she is credited with compensation. Effective October 31, 1993, the plan was frozen with respect to all benefit service.
Vesting Service	Same as benefit service.
Normal Retirement	
Eligibility	First of the month coinciding with or next following the participant's 65th birthday.
Benefit	$13.45 per month per year of service, for retirements on or after March 6, 1983 up to October 31, 1993.
Form of Payment	Benefits are normally payable in an unreduced amount as a life annuity for unmarried participants and in a reduced amount on a 50% joint and survivor basis for married participants.
Late Retirement	
Eligibility	Any employee who continues to be an employee after attaining his/her normal retirement age.
Benefit	Greater of accrued benefit on normal retirement date actuarially increased to late retirement date or accrued benefit on late retirement date.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan are included in this valuation.

- **Plan amendments excluded:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.
- **Late retirement increases:**
  - *Active participants:* N/A, since there are no active participants in the plan.
  - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan Provisions Specific to Funding

Additional Benefits Included or Excluded

- **IRC Section 436 benefit restrictions:**
  - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
  - *Plan amendments:* See above.
  - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
  - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

Maximum benefits were updated from 2012 to 2013.
