NOTE A - DESCRIPTION OF PLAN

The following description of the J.A. Croson, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is classified as a defined-contribution plan, covering employees of J.A. Croson, LLC (the "Company") who have at least three months of service, and who are age 18 or older. Eligible employees may enter the Plan on the first day of the month coinciding with or following the date on which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan and subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and an insurance company general account as investment options for participants. The Company at its discretion may elect to make employer matching and/or profit-sharing contributions to the plan. Contributions are subject to certain limitations. For the year ended December 31, 2013, the Company did not make a contribution to the Plan.

3. Participant accounts

Each participant's account is credited with the participant's contribution as well as allocations of the Company's profit sharing contributions and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Upon the death, permanent disability, or retirement of participants, their entire account balances become fully vested. Otherwise, vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service (defined as 1,000 hours during a Plan year). A participant becomes 100% vested after one year of service.

NOTE A - DESCRIPTION OF PLAN (continued)

5. Forfeitures

If a participant terminates employment with the Company while only partially vested, the non-vested portion of their Plan account, determined as of the end of the Plan year in which the termination occurs, is forfeited. Forfeiture amounts are first used to pay Plan expenses for the Plan year in which the forfeitures are to be allocated. The remaining forfeitures may be used to reduce employer matching contributions. There were $1,183 and $682 of unallocated forfeitures at December 31, 2013 and 2012, respectively.

6. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest ranging from 4.25% to 9.25% which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

7. Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant’s assumed life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

8. Plan expenses

Certain administrative expenses are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The Plan’s financial statements are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. At December 31, 2013 and 2012, contract value approximated fair value for fully benefit responsive contracts and, therefore, no adjustment was required on the statements of net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. Investments, valuation, and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See fair value measurements footnote.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

4. Benefit payments

Benefits are recorded when paid.

5. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The following represents notes receivable from participants as of December 31:

	2013	2012
Notes receivable from participants	$ 33,347	$ 42,801
Allowance for notes	(14,308)	(31,232)
Net notes receivable	$ 19,039	$ 11,569

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE C - RISKS AND UNCERTAINTIES

The Plan invests in various investments securities, which are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE D - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are pooled separate accounts and an insurance contract managed by Great West Life & Annuity Insurance Company and Great-West Trust Company, LLC. These Great West entities are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to $4,057 for the year ended December 31, 2013. In addition, Plan participants also pay daily fees through the pooled separate accounts for investment management fees. It is impracticable to estimate the fees directly paid by the participants of the Plan.

NOTE E - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

Great West Life & Annuity Insurance Company and Great-West Trust Company, LLC (the "Trustees") hold the Plan's investments and execute investment transactions. The following is a summary of the Plan's financial information that is included in the financial statements, and the accompanying notes and supplemental schedule of assets (held at end of year), based on information certified by the Trustees in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The value of the investments certified at December 31, 2013 and 2012 was $1,703,861 and $1,478,491, respectively, and net related investment income and market value gains of $281,281 for the year ended December 31, 2013. The notes receivable from participants are also certified by the trustees.

Investments that represent 5% or more of the Plan's net assets are separately identified:

	2013	2012
Pooled Separate Accounts:		
Moderate Profile II	$ 184,980	$ 132,345
Marisco Focus	155,569	126,074

PIMCO Total Return Admin	114,508	136,380
Insurance Company General Account:		
Guaranteed Portfolio Fund	195,788	170,198

* Did not represent 5% of more of the assets for the year indicated

NOTE E - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED) (continued)

The Plan's investments, including interest and investments bought, sold, and held during the year, changed in value for the year ended December 31, 2013 as follows:

Pooled separate accounts	$ 278,845
General account	$ 2,436

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual accounts.

NOTE G - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by letter dated March 31, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan adheres to the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 740, Income Taxes (ASC 740), which establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions ("UTP"). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the years ended December 31, 2013 and 2012, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE H - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Valuation of investments held within pooled separate accounts is based on the net asset value ("NAV") reported by the account which represents quoted market prices of underlying assets in the funds less any liabilities divided by the number of units outstanding.

Insurance Company General Account: Determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31:

2013	Level 1	Level 2	Level 3	Total

Level 3 assets were 12% of total investments at fair value.

Level 3 Gains and Losses

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2013 and 2012, there were no transfers into or out of Level 3 except for participant directed transfers as noted above.

The following table presents changes in Plan's Level 3 investment assets measured at fair value on a recurring basis for the year ending December 31:

Fair value of investments in entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2013 and 2012, respectively

2013	Fair Value	Unfunded Commitments	Redemption Frequency (If currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 1,508,073	n/a	daily	n/a

2012	Fair Value	Unfunded Commitments	Redemption Frequency (If currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 1,308,293	n/a	daily	n/a

NOTE I - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit-responsive investment contract with Great West Life & Annuity Insurance Company ("Great-West"). Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

NOTE I - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Plan participants may withdraw assets from the investment without restrictions. Certain events may limit the ability of the Plan to transact at contract value with the issuer. However, the Plan Administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The insurance company investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract approximates contract value. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Average Yields:

	2013	2012
Based on actual earnings	1.26%	1.45%
Based on interest rate credited to participants	1.26%	1.45%

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

	2013	2012
Net assets available for benefits per the financial statements	$ 1,716,204	$ 1,495,088
Participant contributions receivable	-	(5,028)
Benefits payable	6,696	-
Allowance for notes receivable from participants	14,308	31,232
Net assets available for benefits per Schedule H to the Form 5500	$ 1,737,208	$ 1,521,292

The following is a reconciliation of contributions and total deductions per the financial statements to the Schedule H of Form 5500 for the year ended December 31, 2013:

Total contributions per financial statements	$ 35,878
Prior year contribution receivable	5,028
Total contributions per Schedule H to the Form 5500	$ 40,906

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500, SCHEDULE H (continued)

Total deductions per financial statements	$	96,235
Adjustment to allowance for notes receivable from participants		11,368
Current year deemed distributions reported on Form 5500		5,556
Current year benefits payable		(6,696)
Total deductions per Schedule H the Form 5500	$	106,463

The attached financial statements report notes receivable from participants as a receivable to the Plan, while Form 5500 reports these balances as a general investment on Schedule H. This represents a classification difference and the reported amounts per financial statements and Form 5500 agree as of December 31, 2013 and 2012. In addition, Department of Labor regulations require that notes receivable from participants be maintained at full value until a qualifying event occurs (termination, retirement, etc.). Under accounting principles general accepted in the United States of America, an allowance was required to state the notes receivable at net realizable value.

NOTE K - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through October 13, 2014, the date the financial statements and supplemental schedules were available to be issued, and has determined that no additional material events occurred that would require disclosure.
