1. DESCRIPTION OF PLAN

The following description of The Corporate Source Inc. 401 (K) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Internal Revenue Service Code Section ("Code Section") 401(k) effective January 1, 2000. The Plan covers all full-time employees of The Corporate Source, Inc. ("Company"), excluding specified classes of employees. Employees are eligible to participate in the Plan with no age or service requirements. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participant contributions to the Plan are pre-tax salary deferrals. Participants are immediately vested in their contributions plus actual earnings thereon. Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable. The Company may make non-elective profit sharing contributions to the Plan. Non-elective profit sharing contributions are based on a Prevailing Wage Contribution on behalf of each Participant who performs services subject to the Service Contract Act, Davis-Bacon Act or similar Federal, State, or Municipal Prevailing Wage statutes. The Prevailing Wage Contribution shall be an amount equal to the balance of the fringe benefit payment for health and welfare for each Participant (after deducting the cost of cash differential payments for the Participant) based on the hourly contribution rate for the Participant's employment classification. For the year ended December 31, 2013, the Company's non-elective profit sharing contributions of $231,871 to the Plan. The Company may make a discretionary matching contribution to the Plan. For the year ended December 31, 2013, the Company did not make a matching contribution to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's individual account is credited with the participant's contribution as well as an allocation of the Company's contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in both their contributions and employer contributions, plus rollovers and actual earnings thereon. Participants are 100% vested in employer profit sharing contributions upon entering the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a specified limit of their vested account balance. Notes receivable from participants are secured by the balance in the participant's account. The interest rate on outstanding loans is between 3.25% - 9.25% per annum. Principal and interest is paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or in installment payments over a period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2013 and 2012, there were no forfeited non-vested accounts. Forfeitures, if any, are allocated to participants in the same manner as employer contributions. For the year ended December 31, 2013 there was no allocation of forfeited non-vested accounts.

Hardship Withdrawals

A participant may request hardship withdrawal under certain conditions as specified in the Plan agreement. Hardship withdrawals must be approved by the Plan administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investment includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

3. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets.

Investments	2013	2012
Oppenheimer Conservative Inv N	$ 589,522	$ 361,647
Oppenheimer Cash Reserves N	510,990	520,745
Oppenheimer Rising Dividends N	218,175	158,101

Oppenheimer Global Fund N	199,451	158,870
Oppenheimer Limited-Term Bond N	180,536	157,259

* Indicates that the fund was not over 5% of the Plan's net assets in the specified year

During 2013 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) resulted in an increase in value by $262,784 all of which was from mutual funds.

4. INFORMATION PREPARED AND CERTIFIED BY PLAN'S CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2013 and 2012 was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodian.

	2013	2012
Investments, at fair value:	$ 2,659,636	$ 2,144,044
Net change in fair value of investments	262,784	125,593
Participant loans	223,515	195,099
Interest and dividends	28,711	33,545
Interest income from notes receivable	4,287	3,641

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted market prices in inactive markets or quoted prices for similar assets in active markets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were available to the plan.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

December 31, 2013	Level 1	Level 2	Level 3	Total

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2013, are reported in net change in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan has not been submitted to the IRS for a determination letter. The Plan is on a prototype non-standardized profit sharing plan with CODA and is relying on a letter received by its consultant dated March 1, 2010 that the Internal Revenue Service has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Ascensus, as agent for Frontier Trust Company whom is the custodian of the Plan's investments and therefore certain transactions qualify as party-in-interest transactions. Administrative fees of approximately $9,200 were paid to Ascensus from the Plan during the year ended December 31, 2013. JM Pension Advisory, Inc. is the record keeper of the Plan's investments and therefore certain transactions qualify as party-in-interest transactions. Administrative fees of approximately $11,000 were paid to JM Pension from the Plan during the year ended December 31, 2013. Other expenses of the Plan are the responsibility of the Company.

Participant contributions not transmitted by the Company within the time period set forth in the Department of Labor's regulation CFR 2510.3-102 are considered nonexempt prohibited transactions under ERISA. Participant contributions remitted during the year that constitute nonexempt prohibited transactions are reported by the Plan in the accompanying supplemental schedule as required.
