CRANE 1 SERVICES, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Crane 1 Services, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan sponsored by Crane 1 Services, Inc., (the Company) and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The investments of the Plan assets are all participant directed.

Eligibility

Under the terms of the Plan, there is no service requirement and covered employees are eligible to become participants on the next eligible date following their date of hire. Participants may enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year.

Contributions

(a) *Participant's voluntary salary reductions.* Participants may elect to contribute up to 25% of compensation, subject to limitations, as determined by the Administrator, which will not cause the Plan to violate certain non-discrimination tests required by the IRS. Elective deferrals can be made in whole percentages of compensation or specific dollar amounts. Each participant's contribution may not exceed the federal maximum amount pursuant to Section 402(g)(5) of the Internal Revenue Code. Additional catch-up contributions can be made beginning in the Plan year in which the participant will be at least age fifty-five (55) by the end of the Plan year.

(b) *Non-elective contributions.*

- 1) Safe Harbor non-elective contributions. The Safe Harbor contribution is a non-elective contribution equal to 3% of eligible compensation for all eligible participants. For purposes of the Safe Harbor non-elective contributions, "eligible participant" means all non-highly compensated employees who are eligible participants. This contribution will reduce the amount of any profit sharing contribution to which a participant might otherwise be entitled.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

(b) *Non-elective contributions (Continued)*

2) Non-elective profit sharing contributions. The Company, at its discretion, can make a non-elective contribution. The discretionary contribution will be allocated as a uniform percentage of eligible compensation based on certain allocation groups. The Company may make a different discretionary contribution for each allocation group. In determining the allocation for a particular allocation group, only eligible participants in such allocation group are taken into account. An employee must be credited with at least 1,000 hours of service during the Plan year to become eligible to receive a contribution and employment at the end of the Plan year is required to participate. Contributions are subject to the vesting schedule. The allocation groups, as used for determining the discretionary contribution, are as follows:

- (i) Group A - Shareholders
- (ii) Group B - Spouses of shareholders
- (iii) Group C - All others not in Group A or B

Participant Accounts

Each participant's account is credited or charged with the following:

- (a) The above contributions,
- (b) Rollover contributions,
- (c) Plan earnings,
- (d) Forfeitures, and
- (e) Plan expenses.

Vesting

Participant vesting is based on service years. Participants are 100% vested in the voluntary salary deferrals, rollover contributions, and Safe Harbor non-elective contributions. All other discretionary employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
1	30%
2	60%

CRANE 1 SERVICES, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

Forfeitures will be reallocated following the date on which the terminated participant incurs five consecutive one-year breaks in service, or following the date which a terminated participant receives payment of his or her vested account balance. The Plan allows for forfeitures to first be used to reduce administrative expenses and then the remaining to be applied to reduce employer non-elective contributions. For the years ended December 31, 2013 and 2012, total forfeitures were \$26,066 and \$0, respectively. The unallocated forfeitures at December 31, 2013 and 2012, were \$11,577 and \$1,032, respectively.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service, a participant may elect to receive:

- (a) A lump sum distribution equal to the value of their vested account balance, or
- (b) Equal installments for a period not to exceed the life expectancy of the participant.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note I for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Fees

Trustee fees and other administrative expenses are shared by the Plan and the Plan Sponsor.

NOTE C - CONCENTRATION OF CREDIT RISK

The Plan maintains its cash balances in various money market funds. At various times during the year, some or all of these funds may be uninsured or exceed insurance limits.

NOTE D - INVESTMENTS

The Company has entered into agreements with the Plan Administrator and Custodian with respect to the operation of the Plan and the establishment and management of the trust funds.

The December 31, 2013 and 2012, statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the accompanying notes pertaining to investments in the financial statements were prepared from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE E - BENEFITS PAYABLE

As of December 31, 2013 and 2012, the vested benefits payable to participants terminated prior to year end was \$29,666 and \$14,428, respectively.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of investment funds managed by Massachusetts Financial Services and held by Reliance Trust Company. Massachusetts Financial Services and Reliance Trust Company are trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest. The investments are noted accordingly on the supplemental schedule of assets (held at end of year).

NOTE G - INCOME TAX STATUS

The Plan obtained a favorable tax determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent amendments have been made to the Plan and these changes have not been submitted for a determination letter. However, the Plan Sponsor believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no income taxes have been provided for in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

NOTE I - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual Funds and Money Market Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CRANE 1 SERVICES, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE J - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 15, 2014, which is the date the financial statements were available to be issued.

The Department of Labor requires that the Plan must maintain a fidelity bond equal to or greater than 10% of beginning of year Plan assets, up to a maximum bond amount of \$500,000. At December 31, 2013, the Plan was not in compliance with this requirement. Subsequent to December 31, 2013, the Plan received coverage by a fidelity bond in the amount of \$500,000.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Crane 1 Services, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan sponsored by Crane 1 Services, Inc., (the Company) and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The investments of the Plan assets are all participant directed.

Eligibility

Under the terms of the Plan, there is no service requirement and covered employees are eligible to become participants on the next eligible date following their date of hire. Participants may enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year.

Contributions

(a) *Participant's voluntary salary reductions.* Participants may elect to contribute up to 25% of compensation, subject to limitations, as determined by the Administrator, which will not cause the Plan to violate certain non-discrimination tests required by the IRS. Elective deferrals can be made in whole percentages of compensation or specific dollar amounts. Each participant's contribution may not exceed the federal maximum amount pursuant to Section 402(g)(5) of the Internal Revenue Code. Additional catch-up contributions can be made beginning in the Plan year in which the participant will be at least age fifty-five (55) by the end of the Plan year.

(b) *Non-elective contributions.*

- 1) Safe Harbor non-elective contributions. The Safe Harbor contribution is a non-elective contribution equal to 3% of eligible compensation for all eligible participants. For purposes of the Safe Harbor non-elective contributions, "eligible participant" means all non-highly compensated employees who are eligible participants. This contribution will reduce the amount of any profit sharing contribution to which a participant might otherwise be entitled.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

(b) *Non-elective contributions (Continued)*

2) Non-elective profit sharing contributions. The Company, at its discretion, can make a non-elective contribution. The discretionary contribution will be allocated as a uniform percentage of eligible compensation based on certain allocation groups. The Company may make a different discretionary contribution for each allocation group. In determining the allocation for a particular allocation group, only eligible participants in such allocation group are taken into account. An employee must be credited with at least 1,000 hours of service during the Plan year to become eligible to receive a contribution and employment at the end of the Plan year is required to participate. Contributions are subject to the vesting schedule. The allocation groups, as used for determining the discretionary contribution, are as follows:

- (i) Group A - Shareholders
- (ii) Group B - Spouses of shareholders
- (iii) Group C - All others not in Group A or B

Participant Accounts

Each participant's account is credited or charged with the following:

- (a) The above contributions,
- (b) Rollover contributions,
- (c) Plan earnings,
- (d) Forfeitures, and
- (e) Plan expenses.

Vesting

Participant vesting is based on service years. Participants are 100% vested in the voluntary salary deferrals, rollover contributions, and Safe Harbor non-elective contributions. All other discretionary employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
1	30%
2	60%
3 or more	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

Forfeitures will be reallocated following the date on which the terminated participant incurs five consecutive one-year breaks in service, or following the date which a terminated participant receives payment of his or her vested account balance. The Plan allows for forfeitures to first be used to reduce administrative expenses and then the remaining to be applied to reduce employer non-elective contributions. For the years ended December 31, 2013 and 2012, total forfeitures were \$26,066 and \$0, respectively. The unallocated forfeitures at December 31, 2013 and 2012, were \$11,577 and \$1,032, respectively.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service, a participant may elect to receive:

- (a) A lump sum distribution equal to the value of their vested account balance, or
- (b) Equal installments for a period not to exceed the life expectancy of the participant.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note I for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Fees

Trustee fees and other administrative expenses are shared by the Plan and the Plan Sponsor.

NOTE C - CONCENTRATION OF CREDIT RISK

The Plan maintains its cash balances in various money market funds. At various times during the year, some or all of these funds may be uninsured or exceed insurance limits.

NOTE D - INVESTMENTS

The Company has entered into agreements with the Plan Administrator and Custodian with respect to the operation of the Plan and the establishment and management of the trust funds.

The December 31, 2013 and 2012, statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the accompanying notes pertaining to investments in the financial statements were prepared from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE E - BENEFITS PAYABLE

As of December 31, 2013 and 2012, the vested benefits payable to participants terminated prior to year end was \$29,666 and \$14,428, respectively.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of investment funds managed by Massachusetts Financial Services and held by Reliance Trust Company. Massachusetts Financial Services and Reliance Trust Company are trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest. The investments are noted accordingly on the supplemental schedule of assets (held at end of year).

NOTE G - INCOME TAX STATUS

The Plan obtained a favorable tax determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent amendments have been made to the Plan and these changes have not been submitted for a determination letter. However, the Plan Sponsor believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no income taxes have been provided for in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

NOTE I - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual Funds and Money Market Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE J - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 15, 2014, which is the date the financial statements were available to be issued.

The Department of Labor requires that the Plan must maintain a fidelity bond equal to or greater than 10% of beginning of year Plan assets, up to a maximum bond amount of \$500,000. At December 31, 2013, the Plan was not in compliance with this requirement. Subsequent to December 31, 2013, the Plan received coverage by a fidelity bond in the amount of \$500,000.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Crane 1 Services, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan sponsored by Crane 1 Services, Inc., (the Company) and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The investments of the Plan assets are all participant directed.

Eligibility

Under the terms of the Plan, there is no service requirement and covered employees are eligible to become participants on the next eligible date following their date of hire. Participants may enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year.

Contributions

(a) *Participant's voluntary salary reductions.* Participants may elect to contribute up to 25% of compensation, subject to limitations, as determined by the Administrator, which will not cause the Plan to violate certain non-discrimination tests required by the IRS. Elective deferrals can be made in whole percentages of compensation or specific dollar amounts. Each participant's contribution may not exceed the federal maximum amount pursuant to Section 402(g)(5) of the Internal Revenue Code. Additional catch-up contributions can be made beginning in the Plan year in which the participant will be at least age fifty-five (55) by the end of the Plan year.

(b) *Non-elective contributions.*

- 1) Safe Harbor non-elective contributions. The Safe Harbor contribution is a non-elective contribution equal to 3% of eligible compensation for all eligible participants. For purposes of the Safe Harbor non-elective contributions, "eligible participant" means all non-highly compensated employees who are eligible participants. This contribution will reduce the amount of any profit sharing contribution to which a participant might otherwise be entitled.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

(b) *Non-elective contributions (Continued)*

2) Non-elective profit sharing contributions. The Company, at its discretion, can make a non-elective contribution. The discretionary contribution will be allocated as a uniform percentage of eligible compensation based on certain allocation groups. The Company may make a different discretionary contribution for each allocation group. In determining the allocation for a particular allocation group, only eligible participants in such allocation group are taken into account. An employee must be credited with at least 1,000 hours of service during the Plan year to become eligible to receive a contribution and employment at the end of the Plan year is required to participate. Contributions are subject to the vesting schedule. The allocation groups, as used for determining the discretionary contribution, are as follows:

- (i) Group A - Shareholders
- (ii) Group B - Spouses of shareholders
- (iii) Group C - All others not in Group A or B

Participant Accounts

Each participant's account is credited or charged with the following:

- (a) The above contributions,
- (b) Rollover contributions,
- (c) Plan earnings,
- (d) Forfeitures, and
- (e) Plan expenses.

Vesting

Participant vesting is based on service years. Participants are 100% vested in the voluntary salary deferrals, rollover contributions, and Safe Harbor non-elective contributions. All other discretionary employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
1	30%
2	60%
3 or more	100%

NOTE I - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual Funds and Money Market Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE J - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 15, 2014, which is the date the financial statements were available to be issued.

The Department of Labor requires that the Plan must maintain a fidelity bond equal to or greater than 10% of beginning of year Plan assets, up to a maximum bond amount of \$500,000. At December 31, 2013, the Plan was not in compliance with this requirement. Subsequent to December 31, 2013, the Plan received coverage by a fidelity bond in the amount of \$500,000.
