1. Description of Plan

The following description of the Dermatology Associates of Tallahassee, P.A. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established and made effective March 2, 2010 for the benefit of the employees of Dermatology Associates of Tallahassee, P.A. (the Company). The Plan and the Trust of which it is a part of are intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and plan administrator. The Plan's directed trustee is SunTrust.

Eligibility

The Plan covers all employees of Dermatology Associates of Tallahassee, P.A. Employees may become a participant on the first day of the month coinciding with or next following attainment of their 21st birthday. Participants are eligible for matching, nonelective and safe-harbor contributions after one year of service.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan limited by the provisions of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. In 2013, the Company contributed a safe-harbor match of 100% of the first 3% of base compensation that a participant contributes to the Plan plus 50% of each participant's deferral contribution in excess of 3% but not in excess of 5% of the participant's compensation. The matching Company contribution is invested directly into the investment options selected by the participant. Additional profit sharing and match contributions are contributed by the Company and are also invested directly in the investment options selected by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with Dermatology Associates of Tallahassee, P.A.'s contribution, Plan earnings, and charged with an allocation of investment management fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The safe harbor match contributions are 100% vested. Vesting in the Plan Sponsor's profit sharing contribution portion of their accounts and earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service as defined and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their account blance. The loans are secured by the balance in the participant's account and bear interest rate of 4.25%. Loans are only available for certain purposes as defined by the loan policy in the Plan document.

Payment of Benefits

On termination of service due to retirement, death, disability or termination of employment a participant may elect to recieve a lump-sum cash payment. A single lump-sum distribution will be made to terminated participants whose vested balance is less than $5,000.

Forfeitures

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $22,451 and $12,739, respectively. These accounts will be used first to reduce future employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2014, the date the financial statements were available to be issued. During the period from December 31, 2013 to October 14, 2014, the Plan did not have any material recognizable subsequent events.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Cash and cash equivalents: Valued at the closing account balance held by the Plan at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

Common collective trusts: Valued based on the closing market price reported on the active market on which the underlying investments are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their entire account.

6. Administrative Expenses

The Company pays all administrative expenses of the Plan except for certain investment transaction and recordkeeping fees. Such charges not paid by the employer are applied directly to the accounts of the participants. Administrative expenses paid by the Company are not included in the accompanying financial statements.

7. Tax Status

The Plan has not requested a determination letter from the Internal Revenue Service (IRS) regarding the Plan's exemption from federal income tax under Section 501(a) of the IRC. However, the Plan adopted a nonstandardized prototype plan. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and as such, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Related Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of mutual funds managed by SunTrust. SunTrust is the Trustee of the Plan and therefore these transactions qualify as party in interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by SunTrust, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

SunTrust, also certified to the completeness and accuracy of $965,733 of net appreciation in fair value of investments and $454,494 of interest and dividends for the year ended December 31, 2013.
