NOTE A - DESCRIPTION OF PLAN

The following description of the Progressive Plastics, Inc. ("Company") Fourth Amended and Restated 401(k) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Company who have three months of service and are age 20 ½ or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2012, the plan was amended to freeze eligibility, continued participation and deferrals, and the ability to take loans in connection with the contemplated merger with the Alpha Plastics, Inc. 401(k) Profit Sharing Plan. Employees began participating in the Alpha Plastics, Inc. 401(k) Profit Sharing Plan with the first full payroll of 2012. On March 7, 2014 the Plan received a favorable determination letter from the IRS regarding the amendments noted above and in 2014 the participants' investment account balances will be liquidated and transferred into the Alpha Plastics, Inc. 401(k) Profit Sharing Plan.

Participant Accounts. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants. Prior to 2012, participants were permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is equal to the Federal prime rate in effect on the date a loan is made plus 1.00%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. On termination of service due to employment termination, death, disability, or retirement, a participant may elect to receive periodic payments of substantially equal amounts or a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Active participants may request hardship withdrawals from their elective deferral and employer matching and non-matching contributions, subject to plan provisions. Active participants may also, upon attainment of age 59 ½ request an in-service withdrawal.

NOTE A - DESCRIPTION OF PLAN (continued)

Forfeited Accounts. At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$3,328 and \$2,790, respectively. Forfeitures may be used in any manner allowed under the Internal Revenue Code. No forfeitures were used during 2013 and 2012.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses

The majority of the expenses of maintaining the Plan are paid by the Plan, which include administrative fees, and trustee and investment management fees. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net appreciation of fair value of investments.

NOTE C – INVESTMENTS

Investments held at December 31, 2013 and 2012, and net change in fair value of investments, interest and dividend income for the years ended December 31, 2013 and 2012, were obtained and derived from information supplied to the plan administrator and certified as complete and accurate by MG Trust Company, LLC, the custodian of the Plan.

The following presents investments that represent 5 percent or more of the Plan's net assets.

	<u>2013</u>	<u>2012</u>
Advice Portfolios Growth	\$1,536,261	\$1,592,753

Advice Portfolios Moderate Growth	643,103	610,901
Tactical Core Stable Value	514,125	238,187

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) changed in value by \$570,765 and \$453,845, respectively as follows:

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measure. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Collective Investment Funds: Valued at the net asset value of units held by the Plan. Net asset value is based on the fair value of the underlying investments held by the fund. Participant transactions may occur daily.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value		
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>
<u>December 31, 2013</u>

<u>December 31, 2012</u>			
Cash	\$ 8,727	\$ 8,727	\$ -
Collective investment funds	4,260,122	-	4,260,122
Total	\$ 4,268,849	\$ 8,727	\$ 4,260,122

NOTE E – PARTY IN INTEREST TRANSACTIONS

The Plan investments are units of collective investment funds held by MG Trust Company, LLC the custodian of the Plan and managed by Pension Builders and Consultants, the advisor to the Plan. Therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in investment expenses. The Plan also pays recordkeeping fees to ExpertPlan, the record keeper of the Plan, which are included in administrative expenses. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F - PLAN TERMINATION

The Plan is being merged due to the purchase of the Company by Alpha Plastics, Inc. in 2011. Participants began participating in Alpha's plan during 2012, however, final distributions and transfers of the participants' accounts will commence in 2014.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 7, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan sponsor believes that the plan is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 18, 2014, the date the financial statements were available to be issued.
