NOTE 1. DESCRIPTION OF THE PLAN (continued):

Payment of Benefits

Distributions to plan participants are available upon death, disability, termination from employment, or retirement. If the participant is married on the date benefits are to begin, he will receive a joint and 50% survivor annuity, unless otherwise elected. If the participant is not married, he will automatically receive a life annuity, unless otherwise elected. If a participant elects not to take a joint and survivor annuity or life annuity, one of the following methods of payment may be elected: (1) a single lump-sum payment; (2) the purchase of a different form of annuity; or (3) installments over a period of not more than your assumed life expectancy.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$0. Forfeitures will be used to reduce Plan administration fees.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES:

Date of management review

Subsequent events were evaluated through October 14, 2014, which is the date the financial statements were available to be issued.

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at aggregate fair values that are determined by quoted market price as of the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued):

Administrative expenses

Charges for administrative expenses are allocated to participant accounts and paid through the Plan. Fees for auditing the Plan are paid by the Company.

NOTE 3. PLAN TERMINATION:

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 4. RELATED PARTY TRANSACTIONS:

The Plan has a contract with Estate & Pension Services, Inc. to provide professional and administrative services. The agreement provides for the investment of contributions as designated by each participant in mutual funds. The Plan paid \$825 to Estate & Pension Services, Inc. for the year ended December 31, 2013. Estate & Pension Services, Inc. provides third party administrative services to the Plan, including drafting plan documents and performing compliance testing. Transamerica Retirement Solutions Corporation is an agent of Estate & Pension Services, Inc. Transamerica Retirement Services maintains the individual participants' accounts, including cash transactions, and provides records of balances and transactions quarterly to the plan administrator. Certain Plan investments are investment choices managed by Transamerica. Fees paid by Plan participants to Transamerica were \$0 for the year ended December 31, 2013.

Investment management services were provided by Securities America Advisors. Fees paid by the Plan to Securities America were \$35,000 for the year ended December 31, 2013.

The Company pays the audit fees related to the retirement plan.

BGKR Ventures, Inc. was the Plan sponsor at December 31, 2013. The previous Plan sponsor was Learfield Communications, Inc.

As documented at Note 9, the Plan contracts with Transamerica Life Insurance Company to provide a guaranteed investment contract. Fees paid for the year ended December 31, 2013 were \$6,605.

NOTE 5. ACCOUNTS OF INDIVIDUALS WHO HAVE WITHDRAWN:

Net assets available for benefits at December 31, 2013 and 2012 include \$0 and \$25,167 allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from participating in the earnings and operations of the Plan, generally as a result of terminating employment.

NOTE 6. TAX STATUS:

The Plan obtained its latest determination letter in May 2003, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. The management of Learfield Communications, Inc. determined the Plan is non-compliant. The Plan is in the Voluntary Correction Program and corrective action is being taken. See Note 12.

The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 7. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

NOTE 7. FAIR VALUE MEASUREMENTS (continued):

Level 1 Fair Value Measurements

The fair values of mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation.

Level 2 Fair Value Measurements

The Stable Value Option investment choice is a non-tradable obligation of Transamerica. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis. This investment is considered fairly valued at contract value.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using the contract value less any contingent deferred sales charge, if applicable.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 2013 and 2012.

		Fair Value Measurements at Reporting Date Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 2)

NOTE 8. INVESTMENTS:

The following presents the fair values of investments measured on a recurring basis at December 31, 2013 and 2012, as determined by quoted market prices, which represent 5% or more of the Plan's net assets:

	<u>2013</u>	<u>2012</u>
Manning & Napier Pro-Blend Maximum Term Fund	895,405	794,345
Manning & Napier Pro-Blend Moderate Term Fund	7,601,854	7,682,228

All investments are participant-directed.

During 2012 and 2011, the Plan's investments (including investments bought, sold, and held during the year) changed in value as follows:

	<u>2013</u>	<u>2012</u>
Net appreciation (depreciation) in fair value of investments:		
Mutual Funds	<u>\$ 1,917,615</u>	<u>\$ 1,476,651</u>

NOTE 9. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS:

The Plan entered into a fully benefit-responsive investment contract with Transamerica Life Insurance Company. An investment contract is considered fully benefit-responsive if all five of the criteria listed below are met for that contract, when analyzed on an individual basis. Transamerica's Stable Value Option investment choices meet all of these criteria.

The Stable Value Option investment choices in Transamerica's Group Annuity Contract comply with the Financial Accounting Standards Board's (FASB's) fully benefit-responsive requirements, and thus are reportable at contract value in the defined contribution plan's financial statements. The Stable Value Option investment choices are not considered a guaranteed interest contract.

Fully benefit-responsive requirements are based on the following characteristics, and are reportable at contract value in the defined contribution plan's financial statements:

1. The Stable Value Option investment choice is a non-tradable obligation of Transamerica. The investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Transamerica.
2. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable—for example, a significant decline in creditworthiness of Transamerica, the Stable Value Option investment choice may no longer be considered fully benefit-responsive.

NOTE 9. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS (continued):

3. The terms of Transamerica's Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the plan.
4. Since the Stable Value Option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.
5. The Stable Value Option investment choice allows a participant reasonable access to their assets.

Prior to January 1st and July 1st the effective annual rate of interest is established for the corresponding six month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum interest rate for the Stable Value Option investment choices.

The Transamerica Stable Value Option investment choices are backed by the general account of TLIC or TFLIC. While TLIC or TFLIC declare rates periodically and back the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance company. This investment choice is not guaranteed by the FDIC or any other government agency. Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, TLIC or TFLIC may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

These investment choices seek to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. The guaranteed rate of interest shall not change during the six month period for which it is effective.

NOTE 10. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform any auditing procedures with respect to the information summarized below. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2013	2012
Investments, at fair value:

Investment Contract with Insurance	193,264	534,252

NOTE 11. RISKS AND UNCERTAINTIES:

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Department of Labor has accepted the Plan's corrective action plan and issued a compliance statement, dated August 14, 2013, regarding the operational failures of the Plan. The Company has implemented the corrective action plan and has made the qualified non-elective contributions.
