NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE A - PLAN DESCRIPTION

The following brief description of the EMTEQ, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

1. General

The Plan is a defined contribution plan, which was established for the benefit of the employees of EMTEQ, Inc., (the Company). All eligible employees of the Company may elect to participate in the Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Internal Revenue Service (IRS) of pretax annual compensation (salary reduction contributions), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company may make a matching contribution equal to 50% of each participants' contribution up to 4%. Additional Company contributions may be contributed at the discretion of the Company's Board of Directors. Contributions are subject to certain limitations. During 2013, the Company made matching contributions; however, no discretionary contributions were made.

3. Participants' Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions, plan earnings or loss and administrative expenses. Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their salary reduction and rollover contributions, plus earnings thereon. Participants who leave the Plan because of death, normal retirement or disability retirement, as defined in the Plan, are considered 100% vested. Company matching contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Vesting years of service	Percentage vested
1	0 %
2	20 %
3	50 %
4	100 %

NOTE A - PLAN DESCRIPTION - Continued

4. Vesting - continued

Company discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Vesting years of service	Percentage vested
1	0 %
2	0 %
3	50 %
4	100 %

5. Forfeited Accounts

As of December 31, 2013 and 2012, forfeited non-vested accounts totaled $38,356 and $21,423, respectively. These accounts will be used to reduce Company matching contributions. No forfeitures were utilized during the year ended December 31, 2013.

6. Notes Receivable from Participants

Participants may borrow from the Plan approved amounts no less than $1,000 and no greater than (a) one-half of the vested account balance as of the most recent valuation date or (b) $50,000 less amounts specified within the plan document, whichever is less. The loans are collateralized by the participant's balance in the Plan. The loans bear interest at rates from 3.25% to 5.25% as of December 31, 2013 and 2012, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

7. Administrative Expenses

The Company pays a portion of the Plan's administrative expenses.

8. Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The Plan provides for normal retirement at the age of 65. No early retirement provision is provided in the Plan. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment.

9. Plan Termination

Although the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the penalties set forth in ERISA. In the event of termination, participants will become 100% vested in their accounts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

The Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

2. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

4. Use of Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

6. Benefits Paid to Participants

Benefits and withdrawal payments are recorded when paid.

NOTE C - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative expenses are paid by the Company. In addition, certain plan investments are managed by Fidelity Management Trust Company (Fidelity), the trustee as defined by the Plan, and therefore, transactions with Fidelity qualify as party-in-interest transactions during the year.

NOTE D - INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan trustee has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2013 and 2012.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2013.

- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2013.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2013	2012
IVK Comstock Class A	$ 2,218,949	$ 1,601,371
Fidelity Advisor New Insights Fund Class A	1,284,747	953,032
Fidelity Advisor Freedom 2030 Class A	1,038,185	1,023,278
MFS Value R3	802,299	599,652
Fidelity Equity Income Class A	540,614	447,233
Mutual Global Discovery	498,223	*

* Fund was less than 5% of net assets available for benefits

The Plan's mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,439,238 during 2013.

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

NOTE F - FAIR VALUE MEASUREMENTS

There is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three Levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE F - FAIR VALUE MEASUREMENTS - Continued

The asset's or liability's fair value measurement Level within the fair value hierarchy is based on the lowest Level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds and money market funds: Valued at the net asset value (NAV) of shares traded in active markets held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers between Levels of investments during the years ended December 31, 2013 and 2012.

The tables below present the balances of assets and liabilities measured at fair value on a recurring basis by Level within the hierarchy as of December 31:

NOTE G - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE H - SUBSEQUENT EVENTS

Plan management evaluated the December 31, 2013 financial statements for subsequent events through October 15, 2014, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE A - PLAN DESCRIPTION

The following brief description of the EMTEQ, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

1. General

The Plan is a defined contribution plan, which was established for the benefit of the employees of EMTEQ, Inc., (the Company). All eligible employees of the Company may elect to participate in the Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Internal Revenue Service (IRS) of pretax annual compensation (salary reduction contributions), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company may make a matching contribution equal to 50% of each participants' contribution up to 4%. Additional Company contributions may be contributed at the discretion of the Company's Board of Directors. Contributions are subject to certain limitations. During 2013, the Company made matching contributions; however, no discretionary contributions were made.

3. Participants' Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions, plan earnings or loss and administrative expenses. Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their salary reduction and rollover contributions, plus earnings thereon. Participants who leave the Plan because of death, normal retirement or disability retirement, as defined in the Plan, are considered 100% vested. Company matching contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Vesting years of service	Percentage vested
1	0 %
2	20 %
3	50 %
4	100 %

NOTE A - PLAN DESCRIPTION - Continued

4. Vesting - continued

Company discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Vesting years of service	Percentage vested
1	0 %
2	0 %
3	50 %
4	100 %

5. Forfeited Accounts

As of December 31, 2013 and 2012, forfeited non-vested accounts totaled $38,356 and $21,423, respectively. These accounts will be used to reduce Company matching contributions. No forfeitures were utilized during the year ended December 31, 2013.

6. Notes Receivable from Participants

Participants may borrow from the Plan approved amounts no less than $1,000 and no greater than (a) one-half of the vested account balance as of the most recent valuation date or (b) $50,000 less amounts specified within the plan document, whichever is less. The loans are collateralized by the participant's balance in the Plan. The loans bear interest at rates from 3.25% to 5.25% as of December 31, 2013 and 2012, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

7. Administrative Expenses

The Company pays a portion of the Plan's administrative expenses.

8. Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The Plan provides for normal retirement at the age of 65. No early retirement provision is provided in the Plan. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment.

9. Plan Termination

Although the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the penalties set forth in ERISA. In the event of termination, participants will become 100% vested in their accounts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

The Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

2. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

4. Use of Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

6. Benefits Paid to Participants

Benefits and withdrawal payments are recorded when paid.

NOTE C - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative expenses are paid by the Company. In addition, certain plan investments are managed by Fidelity Management Trust Company (Fidelity), the trustee as defined by the Plan, and therefore, transactions with Fidelity qualify as party-in-interest transactions during the year.

NOTE D - INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan trustee has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2013 and 2012.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2013.

- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2013.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2013	2012
IVK Comstock Class A	$ 2,218,949	$ 1,601,371
Fidelity Advisor New Insights Fund Class A	1,284,747	953,032

Fidelity Equity Income Class A	540,614	447,233
Mutual Global Discovery	498,223	*

* Fund was less than 5% of net assets available for benefits

The Plan's mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,439,238 during 2013.

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

NOTE F - FAIR VALUE MEASUREMENTS

There is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three Levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

NOTE G - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE H - SUBSEQUENT EVENTS

Plan management evaluated the December 31, 2013 financial statements for subsequent events through October 15, 2014, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
