Notes to the Financial Statements
As of December 31, 2013, and for the Year Ended December 31, 2013

NOTE 1 – PLAN DESCRIPTION

The following description of the Emkay Inc. (the “Company”) Voluntary Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or the summary plan description for a more complete description of the Plan's provisions.

A. GENERAL

The Plan is a contributory, defined-contribution plan providing retirement benefits to employees of the Company who meet eligibility requirements. An employee must complete 1 month of service and be eighteen years of age or older to begin participating as of the first day of the month following the month in which the employee fulfills eligibility requirements. An employee is eligible for Company matching once they complete one year of service. A year of service must exceed 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

B. EMPLOYEE CONTRIBUTIONS

Under the Plan, participants are allowed to defer a portion of their compensation under a salary reduction agreement. “Compensation” is defined as a participant’s W-2 earnings excluding reimbursements, expense allowances, fringe benefits, moving expenses, deferred compensation, and welfare benefits. Salary reduction contributions made to qualified plans sponsored by the employer are included in compensation. The agreement, which can be revoked at any time, effectively reduces a participant’s salary by the amount elected, with the amount of salary reduction being placed in the participant’s account. Participants who have attained age fifty before the end of the Plan year are eligible to make catch up contributions. The maximum amount of pre-tax compensation that can be deferred is the lessor of 100 percent of the participant’s pay or the annual limit as determined by Internal Revenue Code (“IRC”) limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation. This deferral rate will be increased annually by one percent to a maximum of six percent of eligible compensation.

C. EMPLOYER CONTRIBUTIONS

The employer matches seventy-five percent of participant contributions up to six percent of eligible compensation. The Plan also allows for the Company to make a discretionary contribution on behalf of all eligible employees. There was no discretionary contribution made during 2013.

D. PARTICIPANT ACCOUNTS

Each participant account is credited with the participant’s contribution and allocations of employer contributions, plan earnings, and distribution fees (if applicable). Allocations are based on participant earnings or account balances, as defined.

NOTE 1 – PLAN DESCRIPTION – (CONTINUED) –

E. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance reduced by the participant's highest outstanding loan balance during the twelve month period preceding the date of the loan. A participant may have up to two loans outstanding at any time. Note receivable transactions are treated as a transfer from (to) the investment fund to (from) the note receivable fund. Notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions. Loan repayments may be made over a period not to extend beyond five years, unless such loan is used to acquire a principal residence in which the repayment period may be up to ten years.

F. VESTING

Participants are immediately vested in their contributions and employee rollover contributions. Participants vest in the Company's matching contribution and related investment earnings according to the following schedule:

Full Years of Service	Vested Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

G. PAYMENT OF BENEFITS

In the event of retirement, death, disability, or termination of service, the vested balance of the participant's account is paid to the participant in a lump sum as directed by the participant. The Plan's provisions also provide for withdrawals in the event of financial hardship, as defined by the Plan.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or partial termination, each participant would become immediately 100 percent vested in their account balance.

NOTE 2 – ACCOUNTING POLICIES

A. FINANCIAL REPORTING FRAMEWORK

The accompanying financial statements are prepared according to accounting principles generally accepted in the United States of America ("GAAP"), as promulgated by the Financial Accounting Standards Board ("FASB") in the Accounting Standards Codification ("ASC").

NOTE 2 – ACCOUNTING POLICIES – (CONTINUED) –

B. BASIS OF ACCOUNTING

The financial statements of the plan are prepared on the accrual basis of accounting.

C. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Investment income is recorded when earned, on the accrual basis, and allocated to each participant's account daily based on the number of shares held in each participant account. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

F. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

G. PAYMENT OF BENEFITS

Benefits are recorded when paid.

H. ADMINISTRATIVE EXPENSES

Administrative expenses of the plan are charged against earnings, except to the extent the expenses are paid by the Company.

I. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 14, 2014, which is the date the financial statements were available to be issued. All items which are required for disclosure have been included in the accompanying financial statements are notes thereto.

NOTE 3 – FORFEITED ACCOUNTS

The forfeited non-vested account is available to pay administrative expenses or reduce future employer contributions. Forfeited, non-vested account balances amounted to $14,956 and $16,887 as of the years ended December 31, 2013 and 2012, respectively. During 2013, forfeitures were used to reduce employer contributions by $9,134.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules, was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, the trustee as defined by the Plan. Investments, at December 31, 2013 and 2012, that are 5% or more of the Plan's assets are separately identified.

Also, the Plan has notes receivable from participants that qualify as party-in-interest transactions. NOTE 6 – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 6 – TAX STATUS – (CONTINUED) –

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 7 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs applied in valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than quoted market prices in active markets, that are observable, either directly or indirectly; and

Level 3: Unobservable inputs in which there is little or no market data and which require the reporting entity to develop its own assumptions.

Assets and liabilities measured at fair value are based on one or more of the following three valuation techniques noted in ASC 820:

A. Market Approach: Process and other relevant information by market transactions involving identical or comparable assets and liabilities.

B. Cost Approach: Amount that would be required to replace the service capacity on an asset (replacement cost).

C. Income Approach - Techniques to convert future amounts to a single present amount based on market expectation (including present value techniques, option-pricing and excess earnings models).

Investment Valuation —The Plan's investments are recorded at fair value, based upon the last traded or current bid prices in active markets. Where there is no readily available last traded or current bid prices, fair value estimation procedures used in determining asset values might cause differences from the values that would exist in a ready market due to the potential subjectivity in the estimates. Equities and mutual funds are valued based on quoted market prices on national exchanges. There have been no changes in the methodologies used between December 31, 2013 and December 31, 2012.

- *Mutual Funds* **—** Mutual Funds are investment vehicles stated at fair value based on quoted market prices reported by the Trustee.

NOTE 7 – FAIR VALUE MEASUREMENTS – (CONTINUED) –

NOTE 1 – PLAN DESCRIPTION

The following description of the Emkay Inc. (the “Company”) Voluntary Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or the summary plan description for a more complete description of the Plan's provisions.

A. GENERAL

The Plan is a contributory, defined-contribution plan providing retirement benefits to employees of the Company who meet eligibility requirements. An employee must complete 1 month of service and be eighteen years of age or older to begin participating as of the first day of the month following the month in which the employee fulfills eligibility requirements. An employee is eligible for Company matching once they complete one year of service. A year of service must exceed 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

B. EMPLOYEE CONTRIBUTIONS

Under the Plan, participants are allowed to defer a portion of their compensation under a salary reduction agreement. “Compensation” is defined as a participant’s W-2 earnings excluding reimbursements, expense allowances, fringe benefits, moving expenses, deferred compensation, and welfare benefits. Salary reduction contributions made to qualified plans sponsored by the employer are included in compensation. The agreement, which can be revoked at any time, effectively reduces a participant’s salary by the amount elected, with the amount of salary reduction being placed in the participant’s account. Participants who have attained age fifty before the end of the Plan year are eligible to make catch up contributions. The maximum amount of pre-tax compensation that can be deferred is the lessor of 100 percent of the participant’s pay or the annual limit as determined by Internal Revenue Code (“IRC”) limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation. This deferral rate will be increased annually by one percent to a maximum of six percent of eligible compensation.

C. EMPLOYER CONTRIBUTIONS

The employer matches seventy-five percent of participant contributions up to six percent of eligible compensation. The Plan also allows for the Company to make a discretionary contribution on behalf of all eligible employees. There was no discretionary contribution made during 2013.

D. PARTICIPANT ACCOUNTS

Each participant account is credited with the participant’s contribution and allocations of employer contributions, plan earnings, and distribution fees (if applicable). Allocations are based on participant earnings or account balances, as defined.

NOTE 1 – PLAN DESCRIPTION – (CONTINUED) –

E. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance reduced by the participant's highest outstanding loan balance during the twelve month period preceding the date of the loan. A participant may have up to two loans outstanding at any time. Note receivable transactions are treated as a transfer from (to) the investment fund to (from) the note receivable fund. Notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions. Loan repayments may be made over a period not to extend beyond five years, unless such loan is used to acquire a principal residence in which the repayment period may be up to ten years.

F. VESTING

Participants are immediately vested in their contributions and employee rollover contributions. Participants vest in the Company's matching contribution and related investment earnings according to the following schedule:

Full Years of Service	Vested Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

G. PAYMENT OF BENEFITS

In the event of retirement, death, disability, or termination of service, the vested balance of the participant's account is paid to the participant in a lump sum as directed by the participant. The Plan's provisions also provide for withdrawals in the event of financial hardship, as defined by the Plan.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or partial termination, each participant would become immediately 100 percent vested in their account balance.

NOTE 2 – ACCOUNTING POLICIES

A. FINANCIAL REPORTING FRAMEWORK

The accompanying financial statements are prepared according to accounting principles generally accepted in the United States of America ("GAAP"), as promulgated by the Financial Accounting Standards Board ("FASB") in the Accounting Standards Codification ("ASC").

NOTE 2 – ACCOUNTING POLICIES – (CONTINUED) –

B. BASIS OF ACCOUNTING

The financial statements of the plan are prepared on the accrual basis of accounting.

C. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Investment income is recorded when earned, on the accrual basis, and allocated to each participant's account daily based on the number of shares held in each participant account. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

F. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

G. PAYMENT OF BENEFITS

Benefits are recorded when paid.

H. ADMINISTRATIVE EXPENSES

Administrative expenses of the plan are charged against earnings, except to the extent the expenses are paid by the Company.

I. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 14, 2014, which is the date the financial statements were available to be issued. All items which are required for disclosure have been included in the accompanying financial statements are notes thereto.

NOTE 3 – FORFEITED ACCOUNTS

The forfeited non-vested account is available to pay administrative expenses or reduce future employer contributions. Forfeited, non-vested account balances amounted to $14,956 and $16,887 as of the years ended December 31, 2013 and 2012, respectively. During 2013, forfeitures were used to reduce employer contributions by $9,134.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules, was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, the trustee as defined by the Plan. Investments, at December 31, 2013 and 2012, that are 5% or more of the Plan's assets are separately identified.

NOTE 5 – PARTY–IN–INTEREST

Certain Plan investments are shares in mutual funds managed by the trustee of the Plan. Therefore, these investments qualify as party-in-interest transactions. Also, the Plan has notes receivable from participants that qualify as party-in-interest transactions. The following summarizes balances of party-in-interest transactions as of December 31, at fair value:

NOTE 6 – TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 6 – TAX STATUS – (CONTINUED) –

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 7 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs applied in valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than quoted market prices in active markets, that are observable, either directly or indirectly; and

Level 3: Unobservable inputs in which there is little or no market data and which require the reporting entity to develop its own assumptions.

Assets and liabilities measured at fair value are based on one or more of the following three valuation techniques noted in ASC 820:

A. Market Approach: Process and other relevant information by market transactions involving identical or comparable assets and liabilities.

B. Cost Approach: Amount that would be required to replace the service capacity on an asset (replacement cost).

C. Income Approach - Techniques to convert future amounts to a single present amount based on market expectation (including present value techniques, option-pricing and excess earnings models).

Investment Valuation —The Plan's investments are recorded at fair value, based upon the last traded or current bid prices in active markets. Where there is no readily available last traded or current bid prices, fair value estimation procedures used in determining asset values might cause differences from the values that would exist in a ready market due to the potential subjectivity in the estimates. Equities and mutual funds are valued based on quoted market prices on national exchanges. There have been no changes in the methodologies used between December 31, 2013 and December 31, 2012.

- *Mutual Funds* **—** Mutual Funds are investment vehicles stated at fair value based on quoted market prices reported by the Trustee.
