To the Plan Administrator
Talenti Gelato 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of Talenti Gelato 401(k) Plan for the year ended December 31, 2013 and have issued our report thereon dated October 15, 2014. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the agent on behalf of the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 17, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Talenti Gelato 401(k) Plan are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We noted no significant sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 15, 2014.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the management of the Talenti Gelato 401(k) Plan and is not intended to be used by anyone other than these specified parties.

Very truly yours,

Smith, Schaff and Associates, Ltd.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Talenti Gelato 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Ascensus, the recordkeeper of the Plan as Agent for Frontier Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Agent on behalf of the Trustee as of and for the year ended December 31, 2013 that the information provided to the Plan Administrator by the Agent for the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Agent on behalf of the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TALENTI GELATO 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description and Summary of Significant Accounting Policies

The following description of the Talenti Gelato 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan is a 401(k) salary reduction plan which was established on April 1, 2013. The Plan covers substantially all employees (other than employees covered by a collective bargaining agreement, nonresident aliens and leased employees) of Talenti Gelato, LLC (the Company) who have attained age 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Each year, participants may contribute up to the maximum allowable not to exceed the limits of Internal Revenue Service (IRS) Code Section 401(k), as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions in any amount up to the limits prescribed by law. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their account into various investment options offered by the Plan.

The Plan includes an auto-enrollment feature whereby, absent an election otherwise, 2% of each eligible participant's compensation is automatically contributed to the Plan as an employee deferral.

The Company contributes to the Plan a matching contribution of 50% of the participant's contribution on the first 2% of a participant's compensation, plus 25% of the participant's contribution greater than 2% but less than or equal to 4% of a participant's compensation. In addition, each year the Company may contribute a qualified nonelective contribution (QNEC) to the Plan. The Company's QNEC, if any, is allocated in an amount required to satisfy either the actual deferral percentage test (ADP), the actual contribution percentage test (ACP) or both. Participants direct the investment of their matching and/or qualified nonelective contributions into various investment options offered by the Plan. The Company's QNECs do not exceed the maximum amount needed to satisfy the ADP test and the ACP test.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Participant Accounts

Each participant's account is credited with the participant elective deferrals, employer matching contributions, employer qualified nonelective contributions (if any) and an allocation of Plan earnings. Allocations of Plan earnings are based on the valuation of the investments (participant-directed) held in each participant's account. Participants' accounts are valued on a daily basis. The benefit the participant is entitled to is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

The Plan does not allow for participants to borrow from their fund accounts.

Vesting

Participants are immediately vested in their elective deferral contributions and employer qualified nonelective contributions, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested in their account after one year of service, upon reaching normal retirement age or upon becoming permanently disabled. In the event of a participant's death, the participant's beneficiary(ies) become fully vested.

Forfeited Accounts

Terminated participants forfeit the non-vested portion of their account upon the earlier of distribution of their vested benefits or after incurring five consecutive one-year breaks in service. Forfeitures are used by the employer to reduce participant Plan expenses and employer matching contributions. Forfeitures in the amount of \$397 were used to reduce participant Plan expenses during the year ended December 31, 2013. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2013. For the year ended December 31, 2013, forfeitures totaled \$460. As of December 31, 2013, forfeited non-vested amounts totaling \$101 were available to reduce future Plan expenses or employer matching contributions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Upon termination of employment, death, disability or reaching normal retirement age, participants or their beneficiary(ies), where applicable, may receive the value of the accrued vested benefit in the form of a lump sum payment or as a partial payment; or if the balance exceeds \$1,000, may elect to defer the distribution in accordance with Plan guidelines.

The Plan allows for in-service distributions of all Plan account sources at the age of 59 ½ and for hardship withdrawals from the employee elective deferral portion of the participant's account. If the participants' vested account balance is less than \$1,000, the Plan will distribute the participant's vested account balance in a lump-sum payment without participant consent. Benefit payments are recorded upon distribution to participants.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

All purchases and sales of securities have been recorded on a trade-date basis. Income is recorded as earned. The increase or decrease in the fair value of investments represents the net difference between the current value of securities held at the beginning of the year or cost of securities purchased during the year and the current value of securities held at the end of the year.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan are included in the statement of changes in net assets available for benefits.

TALENTI GELATO 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 15, 2014, the date the financial statements were available to be issued. See further discussion of subsequent events in footnote 10.

2. Certification of Investments

The Board of Directors appointed Frontier Trust Company (Frontier) as Trustee of the Plan's assets. Frontier appointed Ascensus as its Agent for certifying Plan assets. Ascensus, as Agent for the Trustee, has supplied the Plan Administrator with a certification as to the completeness and accuracy of Plan assets aggregating \$239,977 as of December 31, 2013, and the related investment income of \$16,047 for the year ended December 31, 2013. Such amounts and all related financial data are included in the accompanying financial statements and supplemental schedule based on the certification from the Agent for the Trustee.

TALENTI GELATO 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Fair value represents the quoted market price of the funds, as traded in an open market.

TALENTI GELATO 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair Value Measurements (Continued)

The methods described on the previous page may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table reflects the Plan's investments within the fair value hierarchy at December 31, 2013:

	As of December 31, 2013

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Plan Tax Status

The Company adopted a nonstandardized 401(k) Profit Sharing Plan and Trust which received a favorable opinion letter dated March 31, 2008, from the Internal Revenue Service which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The nonstandardized 401(k) Profit Sharing Plan and Trust has been amended since receiving its determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2013, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities as of December 31, 2013, and the Plan's federal tax returns generally remain open for three years.

6. Investments

The following schedule presents Plan investments that represent 5% or more of the Plan's net assets at December 31, 2013 and 2012:

	2013	2012
Investments		
Vanguard Target Retirement 2025 Fund	\$ 33,630	N/A
Vanguard Target Retirement 2030 Fund	19,284	N/A
Vanguard Target Retirement 2035 Fund	13,596	N/A
Vanguard Target Retirement 2040 Fund	20,428	N/A
Vanguard Target Retirement 2045 Fund	20,944	N/A
Vanguard Target Retirement 2050 Fund	23,792	N/A
Vanguard 500 Index Fund	17,299	N/A

N/A - Balance did not exceed 5% of net assets as of date shown

7. Risk and Uncertainties

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Party-in-interest Transactions

Certain Plan investments are managed by Ascensus as Agent for Frontier Trust Company (Frontier). Frontier is the Trustee of the Plan's assets and, therefore, these investment transactions qualify as party-in-interest transactions. In addition, certain employees of the Company provide accounting and administrative services to the Plan for which no fee is charged.

9. Reconciliation of Financial Statements to Form 5500

The financial statements are prepared on the accrual basis of accounting whereas the Form 5500 is prepared on the modified cash basis of accounting. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Net Assets Available for Benefits per the Financial Statements	\$ 234,599	\$ -
Plus: Excess deferrals payable	<u>5,378</u>	<u>-</u>
Net Assets Available for Benefits per the Form 5500	<u>\$ 239,977</u>	<u>\$ -</u>

The following is a reconciliation of benefits paid per the financial statements to the Form 5500 for the year ended December 31, 2013:

Benefits paid to participants per the Financial Statement	\$ 9,336
Less: Corrective distributions paid to active participants	<u>5,378</u>
Benefits paid to participants per the Form 5500	<u>\$ 3,958</u>

10. Subsequent Event

Effective January 1, 2014, the Plan was amended to change the auto-enrollment feature. Absent an election otherwise, 3% of each eligible participant's compensation is contributed to the Plan as an employee deferral. Each subsequent Plan year, again absent an election otherwise, a participant's deferral in the plan under the auto-enrollment feature is increased by 1%, subject to a cap of 6% of the participant's eligible compensation. This amendment also changed the Company's matching contribution formula to 100% of the participant's contribution on the first 1% of a participant's compensation, plus 50% of the participant's contribution greater than 1% but less than or equal to 6% of a participant's compensation. Also as a result of this amendment, any new employer matching contribution is fully vested after two years of service, upon reaching normal retirement age, upon death or upon permanent disability. Vesting in previously contributed employer matching contributions remains unchanged.

Plan Administrator
Talenti Gelato 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Talenti Gelato 401(k) Plan as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Talenti Gelato 401(k) Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 2 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

During our testing, we became aware of the following matters that are opportunities for strengthening internal controls and operating efficiency:

Contribution Testing

During audit procedures performed on employee and employer contributions, we noted one instance where the employee and employer contributions did not begin on the proper date. The employee was eligible to participate on the plan start date of April 1, 2013 but contributions were not withheld until the second payroll in April. We understand that management became aware of this matter and contacted the employee regarding this missed deferral. We recommend that management consider implementing a review process or otherwise strengthening procedures in this area to ensure that payroll deferrals are started for all eligible employees on the proper date. We also recommend that plan management consider further discussing this issue and any possible corrective action with the Plan's third party administrator.

Fidelity Bond

We noted that the insurance policy that covers ERISA compliance for the plan sponsor does not identify the Plan as an insured party. The Plan must be specifically named on the bond in such a way that a claim can be made under the bond in the event of a loss. We recommend that plan management work with their insurance broker to purchase bond coverage from a surety company that has been approved by the Department of the Treasury.

This communication is intended solely for the information and use of management, plan trustees, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.
