To the Trustees
The Segal Group Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Segal Group Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) (Schedule H, Line 4i) as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following brief description of The Segal Group Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Company is defined as The Segal Group, Inc.

General

The Plan is a defined contribution plan that covers all full-time and part-time employees of the Company as soon as practicable following the employees' employment commencement date, a group of whom are covered under a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may make voluntary, pre-tax and/or after-tax contributions to the Plan from 1% up to 85% of their annual compensation. Participants, who have attained age 50 before the end of the Plan year, are eligible to make catch-up contributions. The maximum voluntary pre-tax contribution permitted by Section 402(g) of the Internal Revenue Code (the "IRC") for 2013 was $17,500, and the maximum allowable catch-up contribution was $5,500, for a total maximum contribution of $23,000 for eligible participants. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company's contributions to the Plan are as follows:

a. Contributions to the Plan are made by the subsidiaries of the Company in amounts determined by the Board of Directors. Company contributions are allocated based on eligible compensation. Contributions to the Plan can be made in the form of cash. Beginning in 2007, contributions can also be made as a discretionary match. There were no profit sharing contributions in 2013 and 2012. The Company contributed $1,277,018 in 2013 and $1,671,891 in 2012 as an additional 1.5% and 2% discretionary match, respectively.

b. The Company matches $0.50 for each $1.00 an employee defers on a pretax and/or Roth 401(k) post tax basis up to the first 6% of eligible compensation. The matching contributions contributed to the Plan for 2013 and 2012 were $2,639,812 and $2,580,920, respectively.

The Plan allows elective 401(k), Roth 401(k), voluntary, and catch-up contributions. Participants are permitted to elect to defer a portion of current compensation, to the allowable limit permitted by law.

Participant accounts
Records are maintained to account for the proportionate interest of each participant under the Plan. These records reflect both realized and unrealized investment gains and losses, as well as the investment income of, and contributions to, the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. A participant vests in the Company's contributions at the rate of 20% for each of the first four years of service and becomes 100% vested after completing the fifth year of service.

Notes receivable from participants
Participants could borrow from their fund accounts a minimum of $500 up to a maximum equal to $50,000 or 50% of their account balance, reduced by the highest outstanding loan balance in the prior 12-month period. Loan terms range from one to five years, with longer terms available for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate as of the last day of the prior quarter before the loan application is received plus 1%. Principal and interest are paid ratably through semi-monthly and/or weekly payroll deductions. A one-time fee of $35 is charged to cover administrative costs and $3.75 per quarter is charged from the participant's account while the loan is outstanding.

Payment of benefits
Distributions of amounts attributable to the participants' voluntary and elective contributions are made in cash.

Distributions of vested benefits attributable to Company contributions held in participant-directed accounts are also made in cash.

The trustee will defer payment of all Company contributions for five years to a terminated participant who was a member of the consulting staff. Payment will be made, upon the participant's application, after the five-year deferral.

Upon termination of service, including death and/or disability, except for those participants defined in the subsequent paragraph, participants may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or installments over a 5 or 10-year period.

In the case of a participant who is a member of the consulting staff and who terminates employment after January 1, 1988, and after the attainment of age 55, the period of deferral shall not extend beyond the later of the attainment of age 60 or the beginning date of the pension payable to the participant under The Pension Plan of The Segal Company. The deferred benefits applicable to separated participants amounted to a total of $53,324,681 and $45,985,967 for 2013 and 2012, respectively.

Forfeited accounts

At December 31, 2013 and 2012, forfeitures were $148,360 and $208,338, respectively. Amounts not vested upon termination of employment are forfeited. The forfeited amounts are used to fund Plan administrative expenses and any remaining forfeitures are allocated to the remaining participants who are participants at the end of the same year. Forfeitures used for administrative expenses in 2013 amounted to $0.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared under the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through pooled separate accounts. The statements of net assets available for benefits present the fair value of the investment in pooled separate accounts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits
Benefits are recorded when paid.

Administrative expenses
The Plan is administered by trustees who are appointed by the Board of Directors of the Company. Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees charged to the Plan are presented net of shared revenue credits received from the trustee. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events:
The Plan has evaluated subsequent events through October 7, 2014, which is the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborate by observable market data or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value at December 31, 2013 and 2012 are classified in the tables below into one of the three categories described above:

	Assets at Fair Value as of December 31, 2013

Total assets at fair value	$165,065,013	$62,772,877	$ -	$227,837,890

The following is a description of the valuation methodologies used for assets measured at fair value:

Money market fund and mutual funds
Valued at daily closing price as reported by the fund. Funds held by the Plan are an open-end money market fund and mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts and pooled separate accounts
The fair values of accumulation units held by the Plan in common collective trusts ("CCTs") and pooled separate accounts ("PSAs") are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. CCTs and PSAs are classified within Level 2 of the fair value hierarchy. The NAV is based on the value of the underlying investments owned by each trust, minus its liabilities divided by the number of shares outstanding. Data for NAVs are distributed to Plan administrators and client investors, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

There have been no changes in the methodologies used at December 31, 2013 and 2012.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Investments

The following presents investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012:

	December 31, 2013	December 31, 2012
ING Stable Value Fund [1]	$60,291,865	$58,495,196

[1] Represents contract value. Fair value of this investment is $62,032,190 and $62,772,877 at December 31, 2013 and 2012, respectively.

[2] The balance for this investment did not represent 5% or more of the Plan's net assets available for benefits as of December 31, 2012.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $29,522,669 as follows:

Mutual funds	$28,141,715
Common collective trusts	1,380,954
Total	$29,522,669

Note 5 - Net asset value per share

[3] Funds in this category seek to provide current income, consistent with preservation of capital and liquidity.

[4] Funds in this category invest in a combination of US and non-US stocks and bonds, REITs, and cash equivalents through mutual funds, ETFs and other pooled funds to meet investor retirement target years.

Note 6 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2013 and 2012, and investment income and interest income on notes receivable from participants for the year ended December 31, 2013, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 7 - Related party transactions and party-in-interest transactions

Certain trustees of the Plan are also employees of the Company and may be participants in the Plan. They do not receive any fees associated with being trustees to the Plan. Also, certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2013, the Plan paid fees of $13,272 to Fidelity Investments. During 2013, the Plan received shared revenue credits of $93,750 from Fidelity Investments. The unused shared revenue credits for 2013 were allocated amongst all participants in the subsequent period.

Certain Plan investments are shares of common collective trusts managed by Segal RogersCasey, a subsidiary of the Company. These transactions qualify as party-in-interest transactions.

The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

Note 8 - Tax status

The Internal Revenue Service (the "IRS") has determined and informed the Company by a letter dated April 15, 2011, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 9 - Risks and uncertainties

The Plan’s assets are invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
