Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Logos Technologies, Inc. Employees' Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Fidelity Management Trust Company as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity Management Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the Logos Technologies, Inc. (the Company) Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) salary deferral provisions covering all full-time employees of the Company who have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Eligible participants may contribute between 1% and 90% of their eligible compensation, not to exceed the maximum allowed by the Internal Revenue Code (IRC). In addition, the Plan allows for catch up contributions by employees 50 years and older. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution and/or a profit sharing contribution to the Plan. For the year ended December 31, 2013, the Company made a discretionary profit sharing contribution equal to 5% of each participant's eligible compensation. Discretionary profit sharing contributions (prior to the use of forfeitures) totaled \$1,220,767 for the year ended December 31, 2013.

Participants direct the investment of their contributions and discretionary profit sharing contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, allocations of the Company's profit sharing contribution, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, as well as actual earnings and losses thereon. Vesting in the employer contributions is based on years of continuous service. A participant's interest in employer contributions allocated to their account vests ratably over four years of credited service or in the event of death or total and permanent disability.

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance less the highest outstanding loan balance during the previous year. The notes are secured by the balance in the participant's account and bear interest at rates that range from 5% to 8%, which are commensurate with local prevailing rates as determined by the plan administrator. Note terms range from one to five years or up to twenty years for the purchase of a primary residence. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may receive an amount equal to the value of their vested interest in the form of a lump sum payment. Upon termination of service, if the vested value of a participant's account is less than or equal to \$1,000, his or her account will be distributed in a single lump-sum payment. If the vested value of a participant's account exceeds \$1,000, he or she may elect to receive either a lump-sum amount, substantially equal payments for a specified term, elect to have all the distribution paid in a direct rollover to another qualified plan, or a combination of the above.

Forfeitures

The Company maintains a separate forfeiture account with Fidelity Management Trust Company (Fidelity) the Plan custodian and trustee. When an employee terminates employment prior to full vesting, the Plan's cumulative, unvested matching and profit sharing contributions made on behalf of the participant, as well as earnings and losses thereon, are transferred to the Company's forfeiture account. Employees who have had breaks in service with the Company are eligible to restore forfeited employer contributions to their account, subject to the Plan provisions. Forfeited accounts are utilized to reduce employer contributions. As of December 31, 2013 and 2012, the Plan had a total of \$89,644 and \$90,225, respectively, in forfeitures available to offset future employer contributions. Forfeitures totaling \$93,021 were used to reduce employer contributions during the year ended December 31, 2013. The remaining balance at December 31, 2013 is expected to be utilized in 2014.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 5 further information on fair value measurements.

Purchases and sales of securities are recognized principally on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Recently Adopted Authoritative Guidance

In May 2011, the Financial Accounting Standards Board (the FASB) issued guidance amending previously issued guidance on fair value measurements. The amendment was to converge the fair value measurement guidance in accounting principles generally accepted in the United States of America with that of International Financial Reporting Standards (IFRS). Certain amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in the originally issued guidance. The amended guidance also requires additional fair value disclosures, although certain of these disclosures are not required for nonpublic companies, as defined in the guidance. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Adoption of the guidance did not have an effect on the Plan's net assets available for benefits or the changes in net assets available for benefits.

Notes to the Financial Statements

3. Investments

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits:

<i>December 31,</i>	2013	2012
Fidelity Retirement Money Market Fund	\$ 2,170,216	\$ 2,015,824
Fidelity Contrafund Fund	1,956,130	1,571,679

Fidelity Diversified International Fund	1,151,217	884,908
Fidelity Freedom 2050 Fund	1,119,617	*

* Investment balance is less than 5% of the Plan's net assets

During the year ended December 31, 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,059,868.

4. Information Certified by Fidelity Management Trust Company

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2013	2012
Mutual funds	\$ 18,036,050	\$ 14,122,111
Notes receivable from participants	331,782	319,283

Year ended December 31, 2013

Investment income:	
Net appreciation in fair value of mutual funds	\$ 2,059,868
Interest and dividends	713,345
Interest on notes receivable from participants	\$ 23,211

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value and maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the use of observable inputs when available. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

(Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, transactions with Fidelity qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

Income Tax Status

The Plan adopted a prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years 2009 and prior.

7. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their entire account balances.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to the Form 5500:

	2013	2012

Change in net assets available for benefits per the financial statements	\$ 4,083,118
Employee contributions receivable as of December 31, 2013	(116,610)
Employer contributions receivable as of December 31, 2013	(1,127,746)
Employer contributions receivable as of December 31, 2012	1,087,676
Change in net assets available for benefits per the Form 5500	\$ 3,926,438

10. Subsequent Events

The plan administrator has evaluated subsequent events through October 10, 2014, the date the financial statements were available to be issued. The plan administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Logos Technologies, Inc. Employees' Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Fidelity Management Trust Company as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity Management Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the Logos Technologies, Inc. (the Company) Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) salary deferral provisions covering all full-time employees of the Company who have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Eligible participants may contribute between 1% and 90% of their eligible compensation, not to exceed the maximum allowed by the Internal Revenue Code (IRC). In addition, the Plan allows for catch up contributions by employees 50 years and older. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution and/or a profit sharing contribution to the Plan. For the year ended December 31, 2013, the Company made a discretionary profit sharing contribution equal to 5% of each participant's eligible compensation. Discretionary profit sharing contributions (prior to the use of forfeitures) totaled \$1,220,767 for the year ended December 31, 2013.

Participants direct the investment of their contributions and discretionary profit sharing contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, allocations of the Company's profit sharing contribution, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, as well as actual earnings and losses thereon. Vesting in the employer contributions is based on years of continuous service. A participant's interest in employer contributions allocated to their account vests ratably over four years of credited service or in the event of death or total and permanent disability.

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance less the highest outstanding loan balance during the previous year. The notes are secured by the balance in the participant's account and bear interest at rates that range from 5% to 8%, which are commensurate with local prevailing rates as determined by the plan administrator. Note terms range from one to five years or up to twenty years for the purchase of a primary residence. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may receive an amount equal to the value of their vested interest in the form of a lump sum payment. Upon termination of service, if the vested value of a participant's account is less than or equal to \$1,000, his or her account will be distributed in a single lump-sum payment. If the vested value of a participant's account exceeds \$1,000, he or she may elect to receive either a lump-sum amount, substantially equal payments for a specified term, elect to have all the distribution paid in a direct rollover to another qualified plan, or a combination of the above.

Forfeitures

The Company maintains a separate forfeiture account with Fidelity Management Trust Company (Fidelity) the Plan custodian and trustee. When an employee terminates employment prior to full vesting, the Plan's cumulative, unvested matching and profit sharing contributions made on behalf of the participant, as well as earnings and losses thereon, are transferred to the Company's forfeiture account. Employees who have had breaks in service with the Company are eligible to restore forfeited employer contributions to their account, subject to the Plan provisions. Forfeited accounts are utilized to reduce employer contributions. As of December 31, 2013 and 2012, the Plan had a total of \$89,644 and \$90,225, respectively, in forfeitures available to offset future employer contributions. Forfeitures totaling \$93,021 were used to reduce employer contributions during the year ended December 31, 2013. The remaining balance at December 31, 2013 is expected to be utilized in 2014.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 5 further information on fair value measurements.

Purchases and sales of securities are recognized principally on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Recently Adopted Authoritative Guidance

In May 2011, the Financial Accounting Standards Board (the FASB) issued guidance amending previously issued guidance on fair value measurements. The amendment was to converge the fair value measurement guidance in accounting principles generally accepted in the United States of America with that of International Financial Reporting Standards (IFRS). Certain amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in the originally issued guidance. The amended guidance also requires additional fair value disclosures, although certain of these disclosures are not required for nonpublic companies, as defined in the guidance. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Adoption of the guidance did not have an effect on the Plan's net assets available for benefits or the changes in net assets available for benefits.

3. Investments

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits:

<i>December 31,</i>	2013	2012
Fidelity Retirement Money Market Fund	\$ 2,170,216	\$ 2,015,824
Fidelity Contrafund Fund	1,956,130	1,571,679
Fidelity Mid Cap Stock Fund	1,154,209	937,720
Fidelity Diversified International Fund	1,151,217	884,908
Fidelity Freedom 2050 Fund	1,119,617	*

* Investment balance is less than 5% of the Plan's net assets

During the year ended December 31, 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,059,868.

4. Information Certified by Fidelity Management Trust Company

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2013	2012
Mutual funds	\$ 18,036,050	\$ 14,122,111
Notes receivable from participants	331,782	319,283

Year ended December 31, 2013

Investment income:	
Net appreciation in fair value of mutual funds	\$ 2,059,868
Interest and dividends	713,345
Interest on notes receivable from participants	\$ 23,211

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value and maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the use of observable inputs when available. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

(Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, transactions with Fidelity qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

Logos Technologies, Inc. Employees' Retirement Plan

Notes to the Financial Statements

Income Tax Status

The Plan adopted a prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years 2009 and prior.

7. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their entire account balances.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to the Form 5500:
