Independent Auditors' Report

To the Plan Administrator,
Vonage 401(k) Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Vonage 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of (1) Schedule of Delinquent Participant Contributions and (2) Schedule of Assets (Held at End of Year) as of December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated September 17, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Vonage 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2013 and 2012

1. Description of Plan

The following brief description of the Vonage 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a participant directed defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Vonage (the "Company") and their beneficiaries' funds for retirement.

Eligibility

Effective August 1, 2012, employees are immediately eligible to participate in the Plan on the first day of the month following their date of hire, provided they are 21 years of age.

Employee Contributions

An employee participating in the Plan may elect to contribute 75 percent of annual compensation, not to exceed \$17,500 for 2013. Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the Internal Revenue Service, which is not to exceed \$5,500 for the 2013 plan year. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions or may increase or decrease their level of participation in the Plan at any point in time. Eligible employees may directly rollover amounts from another qualified plan into the Plan.

Employer Discretionary Matching Contributions

The Company may make a discretionary matching contribution. For the years ended December 31, 2013 and 2012, the Company elected to match an amount equal to 50 percent of employee pre-tax contributions subject to a maximum of \$6,000, as defined in the Plan. Employees become vested in the Company's match based on number of years of service with the Company.

Employer Discretionary Contributions

Under the Plan, the Company may make a discretionary profit sharing contribution, which is not limited to its current or accumulated net profit. The amount of the contribution, if any, shall be determined each year by the Company, not to exceed 5.6 percent of the participant's compensation.

The allocation of the profit sharing contribution to participants' account is based on the participants' wage base. Participants will be eligible to receive discretionary contributions provided they are employed on the last day of the Plan year and have attained 1,000 hours or more of service in the Plan in the current Plan year.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of mutual funds with varying investment objectives as investment options. Each participant's account is credited with the participant's pre-tax contributions, the employer contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments, certain administrative fees and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements
December 31, 2013 and 2012

Vesting and Forfeitures

A participant is at all times fully vested in the portion of his/her account attributable to participant contributions, plus actual earnings and losses thereon. Vesting in the Company's contributions, plus actual earnings and losses thereon, is based on years of service.

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3	100%

In the event of death while employed by the Company, reaching normal retirement age of 65 or termination of employment after becoming disabled, all participants' balances in the Plan become fully vested.

Forfeitures occur when a participant terminates employment and is less than 100 percent vested in his/her employer account balance. Forfeitures are retained in the Plan and will be used to reduce future employer contributions. The Company may, at its discretion, use the forfeitures to reduce Plan expenses. For the year ended December 31, 2013, the Company used approximately \$101,000 to reduce the Company's matching contribution. At December 31, 2013 and 2012, the balance in the forfeited non-vested account totaled approximately \$8,700 and \$32,300, respectively.

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability or termination of employment. Under an early retirement option, an employee with 5 years of vested service can receive distributions. Hardship withdrawals must be submitted to the plan administrator in writing and make the participant ineligible to contribute to the Plan for six months. After attaining age 59 ½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100 percent of the participant's vested account for any reason. In the event of termination of employment, a participant shall be entitled to, as a lump-sum distribution, their participant contributions and earnings thereon and vested Company contributions and earnings thereon upon request. In the event that the participant's vested accrued benefit is \$1,000 or less, this amount is distributed to the participant without the participants request.

Participant Loans

The Plan allows for loans to be extended to participants for financial hardship or financial needs. All loans are considered a direct investment of the participant and payments of principal and interest are credited to the participant's account. Participants may have two loans at any time provided the aggregate balance of the outstanding loans does not exceed 50 percent of the vested balance, up to a maximum of \$50,000. The loans are payable over a maximum of five years, unless the loan is used to acquire a principal residence, in which case the maximum term is ten years, with interest as specified in the Plan.

The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prevailing interest rates as determined by the Plan. Principal and interest, currently ranging from 3.25 percent to 5.00 percent per annum, are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained and the accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amount of additions to and deductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought, sold and held during the year, as well as the unrealized appreciation (depreciation) on those investments.

Administrative Services

All of the administrative expenses of the Plan are paid by the Company, except for fees charged by Fidelity, the Plan's custodian. In addition, participants are charged service fees for any loan and distribution transactions they request and certain investment related expenses have been offset with net investment income and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks including, but not limited to, interest rate, market volatility, economic conditions, currency devaluation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Refund of Excess Contributions

The Plan failed the Internal Revenue Code 401(k) Actual Deferral Percentage ("ADP") and Actual Contribution Percentage ("ACP") compliance tests of employee contributions for the year ended December 31, 2012. The Plan corrected the ADP/ACP test failures by returning the excess contributions to highly compensated employees during the year ended December 31, 2013. The refund included income allocable to the excess contributions. As of December 31, 2012, the excess contributions payable was \$33,742. The Plan passed the ADP/ACP compliance tests and there were no excess contributions as of December 31, 2013.

4. Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for periods presented in these financial statements.

Registered investment companies: Investments held by registered investment companies consist of shares of mutual funds and are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, represent the Plan's investments at fair value as of December 31:

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2013 and 2012, there were no transfers between levels.

5. Plan Termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend or terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100 percent vested and non-forfeitable.

6. Income Tax Status

The Plan adopted a prototype volume submitter profit sharing 401(k) plan. By letter dated March 31, 2008, the Internal Revenue Service has determined that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fidelity received certain direct fees, which amounted to \$26,074 for the year ended December 31, 2013 and is included on the accompanying statement of changes in net assets available for benefits as administrative fees. Transaction fees incurred by the custodian and registered investment companies are absorbed in investment income and are not readily determinable.

8. Delayed Deposits

During 2012, the Company inadvertently failed to deposit \$33 of participant deferrals within the required timeframe as stated by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. During 2013, the Company contributed the \$33 of late contributions, including lost earnings, in accordance with the DOL's self-correction program.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

The financial statements utilize the accrual basis of accounting whereas the Form 5500 is reported on the cash basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements at to Schedule H of Form 5500 at December 31:

	2013	2012
Balance per financial statements	\$ 55,050,768	\$ 41,611,044

Balance per Schedule H of Form 5500	<u><u>\$ 54,866,576</u></u>	<u><u>\$ 41,470,779</u></u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the Plan year ended December 31, 2013:

Amount per financial statements	\$ 13,439,724
Employee contribution receivable at December 31, 2013	(141,157)
Employer contribution receivable at December 31, 2013	(43,035)
Employee contribution receivable at December 31, 2012	130,823
Employer contribution receivable at December 31, 2012	43,184
Excess contributions payable at December 31, 2012	<u> (33,742) </u>
Balance per Schedule H of Form 5500	<u><u>\$ 13,395,797</u></u>

10. Subsequent Events

Subsequent events were evaluated through October 9, 2014, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that no subsequent events have occurred which would require disclosure in the financial statements.
