Independent Auditor's Report

Retirement Savings Plan Committee
The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc.
Colorado Springs, Colorado

We have audited the accompanying financial statements of The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc. (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Praxity MEMBER GLOBAL ALLIANCE OF INDEPENDENT FIRMS

Retirement Savings Plan Committee
The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974.* Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc.

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of the Plan

The following description of The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc. (the Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description,* which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Broadmoor Hotel, Inc. (the Company) for the benefit of its employees who have at least one year of service (6 months of service prior to January 1, 2013) and are age 21 or older. Related employers who also participate in the Plan include Manitou and Pike's Peak Railway Company, Broadmoor Development Company, and The Broadmoor's Ranch at Emerald Valley. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (the Trustee) is the trustee of the Plan and Fidelity Investments Institutional Operations Company, Inc. (FIIOC) serves as the record keeper for the Plan.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 100% of eligible compensation, as defined. Employee rollover contributions are also permitted. The Company makes matching contributions of 50% of employees' salary deferral amounts up to 6% of employees' compensation. Contributions are subject to certain limitations. Employee rollover and catch-up contributions are also permitted.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily through the Trustee's website.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings. Participants with outstanding loans are charged an administrative expense of $3.75 per quarter. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions. The Plan's vesting schedule is as follows:

Years of Service	Vested %
Less than 2 years	0%
Less than 3 years	40%
Less than 4 years	60%
Less than 5 years	80%
5 years or greater	100%

Payment of Benefits

Upon termination of service, an employee may elect to receive a lump-sum amount equal to the value of his or her account. For an employee with a vested account value of $1,000 or less, including that portion attributable to rollover contributions, the employee will receive a lump-sum amount equal to the value of his or her account at any time after termination of employment, without regard to the employee's consent. For an employee with a vested account value greater than $1,000 but equal to or less than $5,000, including that portion attributable to rollover contributions, the employee's vested account balance will be distributed in a direct rollover to an individual retirement plan designated by the Retirement Savings Plan Committee, unless the employee elects otherwise.

Forfeited Accounts

Forfeitures are used to reduce future Company contributions. During 2013 and 2012, forfeitures of approximately $52,427 and $100,000, respectively, were used to reduce Company contributions. At December 31, 2013 and 2012, forfeited nonvested accounts totaled $55,402 and $54,465, respectively.

Participant Loans

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance at the date of the loan. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. The statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's interest in collective trusts is valued based on information reported by the investment advisors using the audited financial statements of the collective trusts at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year, as well as reinvested dividends.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan Document.

Plan Tax Status

The Plan obtained its latest determination letter on July 11, 2013, in which the Internal Revenue Service (IRS) stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan was amended subsequent to submitting the application for the determination letter and, accordingly, this amendment was not covered by the determination letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2010.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses charged to participant accounts consist of loan maintenance fees for those participants with outstanding loans under the Plan.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period beginning date.

Note 3: Investments

The Plan's investments are held by a bank-administered trust fund. The fair value of the Plan's investments at the end of the year is as follows (the fair value of individual investments that represented 5% or more of net assets available for benefits are separately identified):

	2013	2012
Mutual Funds		
Dodge & Cox Stock Fund	$ 5,237,829	$ 3,750,094
Spartan 500 Index Advantage	2,819,780	2,117,441

Morley Stable Value Fund, at contract value	5,662,690	5,481,691
	$ 33,223,071	$ 27,953,695

(a) – Less than 5% of net assets available for benefits (included in "Others")

The Plan's investments (including investments bought, sold and held during the year, as well as reinvested dividends) appreciated in value as follows:

	2013	2012
Mutual Funds	$ 5,590,231	$ 3,108,471
Common/Collective Trusts	41,680	13,959
	$ 5,631,911	$ 3,122,430

Interest realized on the Plan's investments for the years ended 2013 and 2012 was $0 and $2,932, respectively.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds managed by FIIOC, an affiliate of the Trustee. FIIOC may receive revenues from certain investment vehicles offered under the Plan. Individually nonmaterial expenses paid to parties-in-interest aggregated $6,394 and $7,010 for 2013 and 2012, respectively. The Plan incurs expenses related to general administration, and certain accounting and auditing fees related to the Plan. The Company pays these expenses and provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2013 and 2012:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2013. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. There were no assets classified within Level 3 of the fair value hierarchy during 2013 or 2012.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy.

Note 6: Plan Amendments and Restatement

In September 2013, the Plan was amended to modify the definition of compensation to include compensation paid by Emerald Valley Ranch, LLC to employees transferred from the Company (effective July 13, 2013), incorporate certain protections of the HEART Act (effective January 1, 2007), remove the provision for hardship withdrawals (effective October 1, 2013) and increase the maximum number of participant loans from 1 to 2 (effective October 1, 2013).

In December 2012, the Plan was amended and restated to incorporate previous amendments, as well as to reflect a format that is generally comparable to plans maintained by certain corporations affiliated with the Company, but which are not adopting employers of the Plan. Additionally, for employees who have not performed an hour of service on or before December 31, 2012, the service requirement for purposes of determining an employee's eligibility to participate in the Plan was increased from six months to one year of service.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Independent Auditor's Report

Retirement Savings Plan Committee
The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc.
Colorado Springs, Colorado

We have audited the accompanying financial statements of The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc. (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974.* Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of the Plan

The following description of The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc. (the Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description,* which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Broadmoor Hotel, Inc. (the Company) for the benefit of its employees who have at least one year of service (6 months of service prior to January 1, 2013) and are age 21 or older. Related employers who also participate in the Plan include Manitou and Pike's Peak Railway Company, Broadmoor Development Company, and The Broadmoor's Ranch at Emerald Valley. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (the Trustee) is the trustee of the Plan and Fidelity Investments Institutional Operations Company, Inc. (FIIOC) serves as the record keeper for the Plan.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 100% of eligible compensation, as defined. Employee rollover contributions are also permitted. The Company makes matching contributions of 50% of employees' salary deferral amounts up to 6% of employees' compensation. Contributions are subject to certain limitations. Employee rollover and catch-up contributions are also permitted.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily through the Trustee's website.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings. Participants with outstanding loans are charged an administrative expense of $3.75 per quarter. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions. The Plan's vesting schedule is as follows:

Years of Service	Vested %
Less than 2 years	0%
Less than 3 years	40%
Less than 4 years	60%
Less than 5 years	80%
5 years or greater	100%

Payment of Benefits

Upon termination of service, an employee may elect to receive a lump-sum amount equal to the value of his or her account. For an employee with a vested account value of $1,000 or less, including that portion attributable to rollover contributions, the employee will receive a lump-sum amount equal to the value of his or her account at any time after termination of employment, without regard to the employee's consent. For an employee with a vested account value greater than $1,000 but equal to or less than $5,000, including that portion attributable to rollover contributions, the employee's vested account balance will be distributed in a direct rollover to an individual retirement plan designated by the Retirement Savings Plan Committee, unless the employee elects otherwise.

Forfeited Accounts

Forfeitures are used to reduce future Company contributions. During 2013 and 2012, forfeitures of approximately $52,427 and $100,000, respectively, were used to reduce Company contributions. At December 31, 2013 and 2012, forfeited nonvested accounts totaled $55,402 and $54,465, respectively.

Participant Loans

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance at the date of the loan. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. The statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's interest in collective trusts is valued based on information reported by the investment advisors using the audited financial statements of the collective trusts at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year, as well as reinvested dividends.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan Document.

Plan Tax Status

The Plan obtained its latest determination letter on July 11, 2013, in which the Internal Revenue Service (IRS) stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan was amended subsequent to submitting the application for the determination letter and, accordingly, this amendment was not covered by the determination letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2010.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses charged to participant accounts consist of loan maintenance fees for those participants with outstanding loans under the Plan.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period beginning date.

Note 3: Investments

The Plan's investments are held by a bank-administered trust fund. The fair value of the Plan's investments at the end of the year is as follows (the fair value of individual investments that represented 5% or more of net assets available for benefits are separately identified):

	2013	2012
Mutual Funds		
Dodge & Cox Stock Fund	$ 5,237,829	$ 3,750,094
Spartan 500 Index Advantage	2,819,780	2,117,441
American Funds Growth Fund of America	2,343,710	1,651,356
Fidelity Freedom 2020 Fund	2,280,414	2,178,329
Oakmark International I Fund	2,264,444	1,526,347
PIMCO Total Return Fund	2,140,874	3,175,368
Fidelity Contrafund Fund	1,980,179	(a)
Others	8,493,151	8,073,069
	27,560,381	22,472,004
Common/Collective Trusts		
Union Bond & Trust Company		
Morley Stable Value Fund, at contract value	5,662,690	5,481,691
	$ 33,223,071	$ 27,953,695

(a) – Less than 5% of net assets available for benefits (included in "Others")

The Plan's investments (including investments bought, sold and held during the year, as well as reinvested dividends) appreciated in value as follows:

	2013	2012
Mutual Funds	$ 5,590,231	$ 3,108,471
Common/Collective Trusts	41,680	13,959
	$ 5,631,911	$ 3,122,430

Interest realized on the Plan's investments for the years ended 2013 and 2012 was $0 and $2,932, respectively.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds managed by FIIOC, an affiliate of the Trustee. FIIOC may receive revenues from certain investment vehicles offered under the Plan. Individually nonmaterial expenses paid to parties-in-interest aggregated $6,394 and $7,010 for 2013 and 2012, respectively. The Plan incurs expenses related to general administration, and certain accounting and auditing fees related to the Plan. The Company pays these expenses and provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2013 and 2012:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2013. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. There were no assets classified within Level 3 of the fair value hierarchy during 2013 or 2012.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy.

Note 6: Plan Amendments and Restatement

In September 2013, the Plan was amended to modify the definition of compensation to include compensation paid by Emerald Valley Ranch, LLC to employees transferred from the Company (effective July 13, 2013), incorporate certain protections of the HEART Act (effective January 1, 2007), remove the provision for hardship withdrawals (effective October 1, 2013) and increase the maximum number of participant loans from 1 to 2 (effective October 1, 2013).

In December 2012, the Plan was amended and restated to incorporate previous amendments, as well as to reflect a format that is generally comparable to plans maintained by certain corporations affiliated with the Company, but which are not adopting employers of the Plan. Additionally, for employees who have not performed an hour of service on or before December 31, 2012, the service requirement for purposes of determining an employee's eligibility to participate in the Plan was increased from six months to one year of service.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
