RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A – Description of the Plan

The following brief description of the Valentino 401(k) Retirement Plan (the "Plan") is provided for general information purposes only.

General:
The plan was established effective January 1, 2001. It is a defined contribution plan covering all nonunion employees of Valentino U.S.A., Inc. (the "Company"). The Plan was restated effective January 1, 2010. To be eligible, employees must be age 21 and have completed 3 months of service as defined by the Plan provided they are an eligible employee at the end of that period. Service with other employers; Valentino Boutique Hawaii, Inc., Valentino Boutique Bel Harbour, Inc., V.F.G. USA, Inc.; will be counted to a maximum of five years towards participation requirements. In addition, employees that transfer from any of the above referenced other employers to Valentino U.S.A. Inc., may transfer their 401(k) account balances from those plans to the Valentino 401(k) Retirement Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:
Each year participants may contribute up to 90% of their annual compensation (as defined by the Plan) as allowed by federal tax law. In addition, Participants over the age of 50 may make annual catch-up contributions of up to $5,500 annually, as allowed by federal law. Participants may also make rollover contributions representing distributions from other qualified defined benefit or defined contribution plans.

Each year the Employer makes a 3% non-elective safe harbor matching contribution plus an additional 50% match on deferral contributions in excess of 3% and not more than 5%. These contributions eliminate the requirement to perform certain non-discrimination tests.

The Company may at its discretion make additional match and or profit sharing contributions of an amount as determined by the Company. The Company also has the option of making a profit sharing contribution, which allocation shall be integrated with social security. Employees must have completed 1000 hours of service during the year and be employed on the last day of the year to be eligible for a profit sharing contribution.

The Company did not make a discretionary match or profit sharing contribution for 2013.

Participant Accounts:
The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions, employer contributions and investment gains or losses.

Investment Options
Upon enrollment in the Plan, a participant may direct employee contributions in any of the mutual funds offered by the Plan through Fidelity Management Trust Company.

Participants may change their investment options at their discretion.

NOTE A – Continued

Administrative Expenses:
Administrative expenses that are paid by the plan are charged to participant accounts. Other administrative expenses are paid by the Plan sponsor.

Vesting:
Participants are immediately 100% vested in their employee deferral accounts. In addition, employees are immediately 100% vested in the Employer safe harbor matching contribution account. The vesting percentage in the Employer discretionary match or profit sharing account balance is based upon years of service – as defined by the Plan. Below is the vesting schedule:

Years of Vesting Service	Vesting Percentage
Less than two years	0%
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six or more years	100%

Participant Loans:
Participants may borrow from their fund account a minimum of $1,000 up to a maximum of the lesser of one half of their account balance or $50,000. The loan is secured by the participant's account balance and equal to the amount borrowed divided by the vested account balance and bear interest at a prime plus 1.5%. Principal and interest is paid ratably as stated in the Loan Agreement. The participant loan is also subject to other obligations and duties under the Loan Agreement.

Payment of Benefits:
Participant account balances are payable in a lump sum without regard to amount.

For distributions due to death, distribution must be completed by December 31 of the calendar year containing the fifth anniversary of death unless an election is made by the Beneficiary to receive distributions as an annuity in a manner described by the Plan.

Forfeited Accounts:
At December 31, 2013 forfeited non-vested accounts totaled $0. These accounts if any will be used to reduce future employer contributions or to pay administrative expenses of the Plans.

NOTE B – Summary of Significant Accounting Policies

Basis of Accounting:
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Estimates:
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:
During the year, the Plan's investments were held in Group Annuity Contract Separate Accounts with John Hancock. Under John Hancock there are various investment options (sub-accounts). The fund's assets are carried at fair value. Fair value of shares of an underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund. Participant notes receivable are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the dividend payable date.

Benefit Payments:
Benefits are recorded when paid.

NOTE C – Tax Status

The Employer adopted a Prototype Non-Standardized Plan and Trust with CODA. The Internal Revenue Service has determined and informed the Plan sponsor by letter dated March 16, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Pan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements off the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE D – Investments

Throughout the year ended December 31, 2013, the plan accounts were held in group annuity contract separate accounts with John Hancock. The Plan administrator has obtained certification from John Hancock, stating that the information provided to the plan administrator is complete and accurate. Accordingly, all information pertaining to investments included in the statement of net assets available for benefits as of December 31, 2013 has been provided and certified by John Hancock.

The three levels of the fair value hierarchy under SFAS No. 157 are described on the following page.
Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
Level 2: Quotes prices in markets that are not considered to be active or financial instruments from which all the significant inputs are observable, either directly or indirectly.
Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.
