Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

As described in Note 7, the Plan Sponsor is in the process of submitting a Voluntary Correction Procedure to the IRS for an operational error. As of the report date, it is uncertain what impact, if any, the operational error will have on the financial statements.

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

NOTE 1. PLAN DESCRIPTION

The following description of the Spatz Laboratories 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees who are employed by Spatz Laboratories (the "Company" and the "Plan Sponsor") and have attained 21 years of age. To be eligible for discretionary Company contributions, participants must be employed on the last day of the Plan year and complete at least 501 hours of service during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Each year, participants may contribute up to 60 percent of pretax annual compensation and up to 100 percent on certain specified payroll periods and bonuses, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

Company Contributions

The Plan provides for discretionary Company matching and nonelective contributions, none of which were made during the year ended December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, if any, as well as allocations of the Company's nonelective contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in discretionary Company contributions is based on years of service. Participants hired after December 1, 2003 are vested in discretionary Company contributions at 20 percent after two years of service, and an additional 20 percent each year thereafter until 100 percent vested upon six years of service. Participants hired prior to December 1, 2003 are immediately vested in all contributions.

Forfeitures

Forfeitures may first be used to pay Plan administrative expenses and then to reduce Company contributions. During the year ended December 31, 2013, forfeitures of $86 were utilized to pay Plan administrative expenses. As of December 31, 2013 no forfeitures were available for future use.

NOTE 1. PLAN DESCRIPTION (Continued)

Payment of Benefits

On termination of service for any reason, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as permitted under the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Fidelity Management Trust Company (the "Trustee").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The investments and changes therein of the funds have been reported to the Plan by the Trustee using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees that reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants

Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's investments are Level 1 and the following table sets forth, by investment type, the Plan's investments at fair value as of December 31:

	2013	2012
Mutual Funds:		
Target date funds	$ 256,360	$ 187,242
Growth funds	246,179	171,739
Blend funds	136,260	151,883
Value funds	232,122	194,896
Money market fund	159,912	163,942
Fixed income funds	165,443	98,448
Total investments at fair value	$ 1,196,276	$ 968,150

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

	2013	2012
Fidelity Retirement Money Market Portfolio Fund	$ 159,912	$ 163,942
Fidelity Freedom 2045 Fund	146,521	102,014
Fidelity Contrafund	72,069	*
Fidelity Investment Grade Bond Fund	66,101	*
Fidelity Intermediate Bond Fund	98,015	88,030
Fidelity Value Fund	67,504	59,219
Fidelity Low-Priced Stock Fund	66,401	57,411
Spartan Total Market Index Fund	72,145	91,653

* Less than five percent of net assets at December 31.

For the year ended December 31, 2013, net appreciation of investments in registered investment companies (mutual funds) was $144,809.

NOTE 4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is determined by the plan administrator based on prevailing rates, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at five percent. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. The Trustee received $1,856 for transaction fees, all of which was paid by participants through the Plan.

NOTE 7. TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. In addition, the Company has identified certain operational errors related the Plan's operation and is in the process of submitting a Voluntary Correction Procedure to the IRS. The Company is unable to estimate the amounts, if any, that may be required to be contributed to the Plan as of December 31, 2013 and 2012. The Company believes that the Plan, as subsequently amended, currently is being operated in compliance with the applicable requirements of the IRC. Accordingly, except for the errors being corrected, the plan administrator believes that the Plan is designed in accordance with applicable sections of the IRC and, accordingly, is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits of $1,196,276 and $5,323, respectively, as of December 31, 2013 and $968,150 and $9,626, respectively, as of December 31, 2012.

b. Net appreciation of investments of $144,809, interest and dividend income on investments of $16 and $45,224, respectively, and interest income on notes receivable from participants of $187 as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2013.

c. Investments and participant loans as of December 31, 2013 as listed in the accompanying Schedule of Assets (Held at End of Year).
