NTR Metals USA 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the NTR Metals USA 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, which is composed of the Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the NTR Metals USA 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan available to qualifying employees of NTR Metals USA, LLC, NTR Metals Group, LLC and NTR Metals (Americas), LLC (collectively, the “Company”). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective December 1, 2013, the Company resolved to terminate the Plan. Beginning on this date, eligible employees were placed into the new Elemetal, LLC 401(k) Retirement Plan. Elemetal, LLC is the parent holding company of the Company and other related entities. Effective November 30, 2013, the Plan was frozen and no further contributions were permitted, with the exception of loan repayments made through payroll deductions. All participants became fully vested in their accounts at this time. The custodian of the Plan was directed to merge the assets of the Plan into the new Elemetal, LLC 401(k) Retirement Plan. The Company anticipated the merger would occur in early 2014. During the transition period between December 1, 2013 and the merger date, participants could continue to direct the investment of their account balances into various investments offered by the Plan and request distributions.

Eligibility

All employees, excluding members of a collective bargaining unit and non-resident aliens, who have completed one month of service and attained the age of 18 were eligible to participate in the Plan.

Contributions

Participants could elect to contribute a percentage of their eligible compensation, as defined by the Plan, subject to certain Internal Revenue Service (“IRS”) limitations. All employees were automatically enrolled at 3% when they become eligible unless a positive election was made declining participation in the plan. Participants who had attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions. Such contributions and any earnings thereon are nontaxable until withdrawn from the Plan. Participants could also contribute amounts representing distributions from other qualified defined contribution or benefit plans.

The Company, at its discretion, could contribute on behalf of each participant a matching contribution equal to a percentage of the participant’s elective deferrals. The Company could also make discretionary non-elective contributions. The amount contributed was allocated proportionately based on the participants compensation compared to the total compensation in the group (Group A: Owners, Group B: Non-owners). The Company made matching contributions of 50% of participants’ deferrals, up to a limit of \$500, for the years ending December 31, 2013 and 2012. No discretionary non-elective contributions were made by the Company for the years ending December 31, 2013 or 2012.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

1. Description of Plan (continued)

Participant Accounts

Each participant's account was credited with the participant's voluntary contributions and any Company contributions. Earnings were credited to each participant account based on the performance of the underlying investments. Participants could direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants were immediately vested in their voluntary and rollover contributions plus any earnings thereon. Participants became 100% vested in discretionary Company matching and non-elective contributions plus any earnings thereon ratably over five years of service. Participants were credited with a year of service for each plan year in which they earn 1,000 hours of service.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant could elect to receive their vested benefit in either a lump-sum distribution or a direct rollover distribution. Participants who were still employed by the Company but have reached age 59 ½ may withdraw all or any part of their vested balance, subject to Plan provisions.

Forfeitures

Forfeitures by non-vested participants may be used to reduce employer contributions. As of December 31, 2013, unallocated forfeitures totaling \$3,265 were available for future use. As of December 31, 2012, no unallocated forfeitures were available for future use.

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Risks and Uncertainties

The Plan provides for various options in any combination of specified investments. The underlying investments may include stocks, bonds, fixed income securities, mutual funds and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Except for the matter discussed in Note 8, there were no material subsequent events that required recognition or additional disclosure in the financial statements.

3. Investments

The fair value of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012 are summarized as follows:

	2013	2012
Retirement Living at 2045	\$ 525,764	\$ 346,339
Retirement Living at 2040	457,374	317,466
Retirement Living at 2035	352,488	363,671
Retirement Living at 2030	294,627	228,243
Lifestyle Aggressive	540,926	356,165
Lifecycle Growth	419,693	300,564

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

4. Information Certified by the Plan's Custodian (unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information as of December 31, 2013 and 2012, included in the accompanying financial statements and supplemental schedule, has been certified by the custodian as complete and accurate:

As of December 31,	2013	2012
Pooled separate accounts, at fair value	\$ 4,704,858	\$ 3,229,166

The following investment income information for the year ended December 31, 2013 has been certified as complete and accurate by the custodian:

For the year ended December 31,	2013
Net appreciation in fair value of pooled separate accounts	\$ 760,757

As permitted under such election, the Plan's independent auditors did not perform auditing procedures with respect to the information certified to by the Plan's custodian except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 inputs).

The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

5. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Valued at the net asset value (or unit value) of the units held by the Plan at year-end based on information reported by the custodian. The NAV of each of the separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stocks and of the underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the separate account which is not publicly traded. Investments in these funds can be redeemed daily upon request. There were no significant unfunded commitments as of December 31, 2013 and 2012.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Fixed income (1)	\$ -	\$ 235,956	\$ -	\$ 235,956
Asset allocations (2)	-	3,408,761	-	3,408,761
Large cap value (3)	-	215,040	-	215,040
Large cap growth (4)	-	40,508	-	40,508
Small/mid/specialty (5)	-	670,413	-	670,413
Global/international (6)	-	134,180	-	134,180
Total investments at fair value	\$ -	\$ 4,704,858	\$ -	\$ 4,704,858

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

5. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Fixed income (1)	\$ -	\$ 197,926	\$ -	\$ 197,926
Asset allocations (2)	-	2,474,893	-	2,474,893
Large cap value (3)	-	99,402	-	99,402
Large cap growth (4)	-	21,471	-	21,471
Small/mid/specialty (5)	-	352,989	-	352,989
Global/international (6)	-	82,485	-	82,485
Total investments at fair value	\$ -	\$ 3,229,166	\$ -	\$ 3,229,166

- (1) Fixed income funds invest primarily in bonds, or debt of a company or government entity (including U.S. and Non-U.S.).
- (2) Asset allocation funds invest primarily in a combination of funds that invest in U.S. stocks, international stocks, U.S. bonds and other fixed-income investments using asset allocation strategies based on a conservative, moderate or target date allocation methodology.
- (3) Large cap value funds invest primarily in common stock and other equity securities of large size U.S. companies that pay or are expected to pay dividends.
- (4) Large cap growth funds invest primarily in common stock of large size U.S. companies with the potential for growth.
- (5) Small/mid/specialty funds invest primarily in common stock of small or midsize U.S. companies or the common stock of specialized U.S. companies.
- (6) Global/international funds invest primarily in common stocks of issuers in Europe and the Pacific Basin.

6. Tax Status

The Plan uses a volume submitter plan document sponsored by Paragon TPA Group, Inc. ("Paragon"). Paragon received an opinion letter from the Internal Revenue Service (IRS) dated October 24, 2008, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2013 and 2012

7. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	2013	2012
Net assets per the financial statements	\$ 4,704,858	\$ 3,271,144
Less: employee contribution receivable	-	(33,159)
Less: employer contribution receivable	-	(8,819)
Less: difference in corrective distribution payable	(115)	(116)
Net assets per the Form 5500	\$ 4,704,743	\$ 3,229,050

The following is a reconciliation of the net increase per the financial statements to the Form 5500:

For the year ended December 31,	2012
Net increase per the financial statements	\$ 1,433,714
Add: 2012 employee contributions receivable	33,159
Add: 2012 employer contributions receivable	8,819
Less: 2013 difference in corrective distribution payable	(115)
Add: 2012 difference in corrective distribution payable	116
Net increase per the Form 5500	\$ 1,475,693

8. Subsequent Events

On April 9, 2014, the Company filed a voluntary application for the IRS Voluntary Correction Program (“VCP”) in order to correct an operational failure of the Plan related to the treatment of participating employers by the Plan. During the plan years 2011 through 2013, employees of five related entities were allowed to participate in the Plan without the entities formally adopting the Plan and becoming participating employers. It is the Plan’s intent to correct this failure by allowing NTR Custom Metals, NTR Bullion, and NTR Metals Miami to retroactively adopt the Plan, as it was the Plan’s intention to allow these employers to participate in the Plan. Additionally, employees of Alpha Omega Recycling and NTR Energy were allowed to participate without formally adopting the Plan. The Plan intends to correct this failure by distributing excess amounts, adjusted for earnings, for these employees.

The Company believes that a correction through the VCP should restore the Plan to the position it would have been had the failure not occurred. The Company intends to merge the assets of the Plan with the Elemetal, LLC 401(k) Retirement Plan subsequent to the VCP correction. As of the date of the report of independent auditors, the Company has not received a response from the IRS regarding the status of the application, and the assets of the Plan have not been merged with the Elemetal, LLC 401(k) Retirement Plan. The Company’s general counsel expects to receive a response by December 2014.
