Independent Auditor's Report

To the Participants and Administrator of
Tribune Company Cash Balance Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Tribune Company Cash Balance Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 12, which was certified by Northern Trust Company the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Tribune Company Cash Balance Pension Plan

Notes to Financial Statements

December 31, 2013 and 2012

1. Formation and Description of the Plan

The following brief description of the Tribune Company Cash Balance Pension Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan document and related amendments for more complete information.

General

The Plan was originally established effective September 1, 1938 to provide retirement benefits to employees of The Times Mirror Company (the "Legacy Times Mirror Plan"). Effective December 23, 2002, the Tribune Company Employees' Pension Plan (the "Legacy Tribune Plan") was merged into the Plan, and the Plan was renamed the Tribune Company Pension Plan. Effective June 30, 2007, the Baltimore Sun Pension Plan for Guild Employees was merged into the Plan (the "Guild Plan"). Effective January 1, 2008, the Plan was amended and restated to provide "cash balance" benefits to eligible employees. Effective December 31, 2009, the Plan was amended to freeze participation and benefits earned under the cash balance portion of the Plan.

The Plan is sponsored by Tribune Company (the "Company") and currently has four components:

1. The Legacy Times Mirror Plan component, which was frozen effective December 31, 2005 for all participants other than participants employed by Newsday, Inc. ("Newsday"), and was frozen effective March 31, 2006 for participants employed by Newsday, except for Newsday union employees who were members of the CWA union for whom benefits were frozen on December 31, 2006.
2. The Legacy Tribune Plan component, which was frozen December 31, 1998.
3. The Guild Plan component, which provides benefits to eligible employees at The Baltimore Sun who were members of the Washington-Baltimore Newspaper Guild, was frozen effective August 31, 2003.
4. The Tribune Company Cash Balance Pension Plan component, which provided cash balance benefits in the form of an annual allocation equal to 3% of eligible compensation on and after January 1, 2008 to eligible employees of Tribune Company and its participating subsidiaries and was frozen effective December 31, 2009. Participants in the cash balance portion of the Plan have their benefits determined as the sum of (a) their benefit, if any, as of December 31, 2007 under the other components of the Plan as then in effect, plus (b) their benefit, if any, determined under the cash balance component of the Plan for service from January 1, 2008 through December 31, 2009.

The Plan is administered by the Tribune Company Employee Benefit Committee (the "Committee") consisting of Company employees who are appointed by the Board of Directors or by the Chairman of the Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Prior to the freezing of the cash balance portion of the Plan, eligible employees of Tribune Company and its participating subsidiaries were generally eligible for benefits under that portion of the Plan after reaching age 21 and completing one year of service, which is 1,000 hours or more of service within the relevant 12-month period.

Tribune Company Cash Balance Pension Plan

Notes to Financial Statements

December 31, 2013 and 2012

Participants are fully vested in their cash balance benefits if they have three years of service or attain age 65 while employed; with respect to participants who previously earned benefits under the Legacy Times Mirror Plan component of the Plan, participants are fully vested if they were employed by The Times Mirror Company ("Times Mirror") or an affiliate on June 12, 2000 and, if not so employed, generally if they have five years of service or attain age 65 while employed; with respect to participants who previously earned benefits under the Legacy Tribune Plan component of the Plan, participants are fully vested if they were employed by Tribune Company or an affiliate on December 31, 1998 or, if not so employed, generally if they have five years of service or attain age 65 (or, if later, participate in the Legacy Tribune Plan component of the Plan for five years) while employed; or attain age 55 and have at least 10 years of service while employed; and, with respect to participants who previously earned benefits under the Guild Plan component of the Plan, participants are fully vested generally if they have five years of service, attain age 65 while employed, or attain age 55 and have 15 years of service while employed.

Benefits under the cash balance component of the Plan are payable upon termination of employment in a 50% joint and survivor annuity for married participants or a single life annuity for unmarried participants, unless the participant (with spousal consent if married) elects an available optional form of payment, including a lump sum benefit.

Participants who accrued benefits under the Legacy Times Mirror Plan component of the Plan, the Legacy Tribune Plan component of the Plan, or Guild Plan component of the Plan, continue to be eligible to receive those benefits in accordance with the terms of those components.

On July 16, 2014, Tribune Company amended and restated its certificate of incorporation and changed its name to Tribune Media Company. See Note 15 for further information.

Chapter 11 Reorganization

On December 8, 2008, Tribune Company and 110 of its direct and indirect wholly-owned subsidiaries (collectively, the "Debtors"), filed voluntary petitions for relief under chapter 11 of title 11 ("Chapter 11") of the United States Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware (the "Bankruptcy Court"). On December 31, 2012, a plan of reorganization for the Debtors became effective and the Debtors emerged from Chapter 11. Pursuant to the Debtors plan of reorganization, the Plan has been assumed by the applicable reorganized Debtor.

Pension Benefits Coordinated with Times Mirror ESOP Benefits

Certain participants who were formerly employees of The Times Mirror Company, the Los Angeles Times, Matthew Bender & Company, Inc., Achieve Global, Inc., The Morning Call, Inc., Newsday and Times Mirror Magazines, Inc. have accounts in the Tribune Company 401(k) Savings Plan and the Tribune Company Defined Contribution Retirement Plan that hold investments attributable to The Times Mirror Employee Stock Ownership Plan (the "Times Mirror ESOP").

Benefits under the Times Mirror ESOP are coordinated with the applicable Plan benefits. Under this arrangement, a participant receives a pension benefit equal to the greater of his applicable benefit amount or the annuity equivalent of the participant's Times Mirror ESOP account. The participant can receive the total benefit amount by transferring his Times Mirror ESOP account balance to the Plan or the participant can elect to receive the Times Mirror ESOP benefit as a lump-sum distribution and receive his or her applicable pension benefit reduced by the annuity equivalent of the distributed Times Mirror ESOP account. If a participant does not affirmatively elect to receive his or her Times Mirror ESOP account balance as a lump sum distribution, his Times Mirror ESOP account balance will automatically be transferred to the Plan in accordance with procedures established by the administrator of the Times Mirror ESOP. Amounts transferred

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation

Investments are stated at fair value which is based on quoted prices of the securities on the last business day of the Plan year as reported by the respective custodians. Real estate separate account investments are stated at fair value, based on future principal or rental receipts and interest payments, or residual values discounted at an appropriate interest rate. Insurance company general account contracts are stated at contract value, which includes amounts invested (net of withdrawals) plus reinvested earnings and approximates fair value.

The Plan's investments in the Tribune Company Master Trust for Pension Plans (the "Master Trust"), which was established for the investment of assets of the Plan and other Company-sponsored pension plans, are stated at fair value.

The Plan's interest in the Master Trust is determined by The Northern Trust Company (the "Trustee") on a monthly basis based on the beginning market value of the Plan's interest plus contributions minus benefit payments which equals the adjusted balance. The Plan's adjusted balance is divided by the total adjusted balance of the Master Trust to determine the Plan's percentage interest in the Master Trust.

The fair values of the underlying investments in the Master Trust, shown in Note 8, are based upon published market quotations or fair value as determined by the Trustee. Fair values of investments in the Master Trust not having an established market are developed by reference to quoted market values and other financial data pertaining to investments of a similar nature, quality, and yield, as determined by the Trustee. Refer to Note 9 for fair value measurements.

Income Recognition

The Plan presents the net appreciation or depreciation in fair value of investments, which includes the realized gains or losses, and the unrealized appreciation or depreciation on those investments, in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those future periodic payments, including lump-sum distributions that are attributable, under the Plan provisions, to the service that employees have rendered as of the benefit information date. Accumulated benefit obligations include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) present employees or their beneficiaries and (c) beneficiaries of employees who have died.

The present value of accumulated plan benefits under the Plan was calculated by the Plan's actuary as of January 1, 2013 and 2012, and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in these valuations were:

- Discount rate – 3.85% and 4.10% per annum at January 1, 2013 and 2012, respectively.
- Mortality – Based on the 2013 Static Mortality Table.
- Retirement age – Varying between ages 55 and 70.

These actuarial assumptions are based on the assumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits.

Benefit Payments

Benefit payments are recorded when paid. Benefit claims that had been processed and approved for payment prior to December 31, but not yet distributed as of that date are shown as a liability on the Form 5500. At December 31, 2013 and 2012, there were no benefit claims that were processed and approved for payment that had not been distributed.

Administrative Expenses

Administrative fees are paid by the Plan, if not previously paid by the Company. All 2013 and 2012 administrative fees were paid by the Plan. Administrative expenses relating to the Master Trust are allocated to the individual plans based upon average balances invested by each plan.

3. Funding Policy

Company contributions are actuarially determined to provide the necessary assets to pay benefits to Plan participants. Such contributions meet the minimum funding requirements of ERISA. The Company may, at its discretion, contribute amounts to the Plan in excess of the minimum funding requirements. As a result of the Plan's funded status, the actuary has determined that a \$6,120,000 contribution by the Company was required for the year ended December 31, 2013 and a \$2,740,000 contribution was required for the year ended December 31, 2012. The Company has complied with the minimum funding requirements of ERISA and the Internal Revenue Code ("IRC") and elected to make discretionary contributions in excess of the minimum funding requirements for the year ended December 31, 2013.

4. Plan Termination

In the event the Plan terminates, the funds of the Plan shall be used for the benefit of participants or their contingent annuitants under the Plan as of the date of such termination, except that any funds not required to satisfy all liabilities of the Plan shall be returned to the Company. Each

Tribune Company Cash Balance Pension Plan

participant, contingent annuitant receiving a retirement allowance, or spouse receiving a spousal allowance, shall be entitled to a share in the assets of the Plan available to provide benefits in the manner and to the extent then provided in Section 4044 of ERISA.

Should a termination occur, to the extent unfunded vested benefits exist and the Company is unable to fund these liabilities, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation (the "PBGC") to participants up to specified limitations, as described in ERISA. Whether a participant's accumulated plan benefit will be paid depends on both the priority of those benefits and the level of the benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

5. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits and the changes in the actuarial present value of accumulated plan benefits are as follows:

6. Insurance Company General and Pooled Separate Accounts

The Plan has insurance contracts with The Prudential Insurance Company of America and Aetna Life Insurance Company under which plan assets are administered through general and pooled accounts. At the direction of the plan administrator, a portion of the funds can be used to purchase units in the insurance companies' pooled separate accounts. The separate accounts' portfolios may include positions in money market instruments, common stocks, government and corporate bonds and notes and real estate. Certain restrictions exist such that penalties may result from early withdrawal of assets from the insurance company accounts or termination of the contracts. Certain benefit payments to participants or their beneficiaries are made directly by the insurance companies from the funds accumulated under the contracts.

7. Allocated Insurance Contracts

The former News & Sun-Sentinel Company Pension Plan merged with the Plan effective January 1, 1985. The former News & Sun-Sentinel Company Pension Plan had entered into a paid-up group annuity endowment policy with the Prudential Insurance Company ("Prudential") that was established under a predecessor pension plan. Employees who met eligibility requirements before September 1, 1967 receive, upon retirement, benefits under this policy. Benefit payments to pensioners or their beneficiaries arising from this policy are fully guaranteed by Prudential, and, accordingly, Plan assets do not include the value of this paid-up group policy. The actuarial present value of accumulated Plan benefits does not include benefits payable under this contract. No income was earned under this policy during 2013 or 2012.

The former Sentinel Communications Company Pension Plan (the "former Sentinel Plan") merged with the Plan, effective January 1, 1985. The former Sentinel Plan had entered into a participating group annuity contract with the Massachusetts Mutual Insurance Company ("Massachusetts Mutual"), the cost of which was determined on an actuarial basis, for those former Sentinel Plan participants who were receiving benefits as of March 1, 1978. Benefit payments to pensioners or their beneficiaries arising from this policy are fully guaranteed by Massachusetts Mutual and, accordingly, Plan assets do not include the value of this paid-up group policy. The actuarial present value of accumulated Plan benefits does not include benefits payable under this contract. No income was earned during 2013 or 2012.

The Plan entered into a group annuity contract with Equitable Life Assurance Society of the United States ("Equitable") where funds have been accumulated in an allocated fund. Annuity payments relating to the allocated fund are guaranteed by Equitable and, accordingly, Plan assets do not include the value of this group annuity contract. The actuarial present value of accumulated Plan benefits does not include benefits payable under the contract. No income was earned under this policy during 2013 or 2012.

To facilitate the distribution of benefit payments to pensioners or their beneficiaries, Prudential, Massachusetts Mutual, and Equitable forward their benefit payments to the Trustee who combines such payments with any benefit payments due directly from the Master Trust. The combined benefit payments to pensioners or their beneficiaries, if applicable, are then paid by the Trustee.

8. Interest in Tribune Company Master Trust for Pension Plans (Prepared from Information Certified by the Trustee)

The Master Trust was established for the investment of assets of the Plan and several other Company-sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held principally by the Trustee. At December 31, 2013 and 2012, the Plan's interest in the net assets of the Master Trust, excluding the Plan's specifically identified assets, was approximately 93% and 94%, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average balances invested by each plan.

9. Fair Value Measurements

ASC Topic 820 establishes a framework for measuring fair value and expands disclosures about fair value measurements. ASC Topic 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Registered Investment Companies

Registered investment companies consist of investments in mutual funds. Mutual funds are valued based on exchange listed prices, for exchange traded registered investment companies, or the Net Asset Value ("NAV") for open-ended and continuously offered closed-end registered investment companies.

Common/Collective Trusts

Investments in common/collective trusts are valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common/collective trusts. The underlying assets are valued based on the NAV as provided by the investment account manager or based on pricing from observable market information in a non-active market. Redemptions are allowed either daily (pending market conditions) or after a two to three week notice period for some of the common/collective trusts. The trades settle between one and three days. The Master Trust did not have any unfunded commitments related to its common/collective trust investments at December 31, 2013 and 2012.

103-12 Investment Entity

The 103-12 investment entity has underlying assets that include plan assets of two or more plans that are not members of a related group of employee benefit plans. Securities held by this entity include registered investment companies that are valued based on the quoted sale price of the day. Securities for which no market quotations are readily available (including restricted securities), or for which market quotations have become unreliable, are valued using other significant observable inputs.

Notes to Financial Statements

December 31, 2013 and 2012

International Equity Limited Partnership

The International Equity Limited Partnership invests in equity securities of emerging market companies that are included in either the International Finance Corporation Free Index or the Morgan Stanley Capital International Emerging Markets Index. Securities are valued based on exchange listed prices.

Fixed Income

Corporate bonds, commercial mortgage-backed and asset-backed securities are generally valued using evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences and are classified in Level 2 of the fair value hierarchy. Government securities consist of investments in treasury securities, municipal bonds, debt securities issued by the government, index-linked government bonds and government mortgage-backed securities. Government bonds not traded on an active market are valued at a price which is based on a compilation of primarily observable market information or a broker quote in a non-active market, and are classified in Level 2 of the fair value hierarchy.

Loan Fund Limited Partnership

The Loan Fund Limited Partnership invests in senior bank loans and other senior debt instruments of borrowers that are primarily based in the U.S. and Canada. The loans and other instruments are valued using evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences. Redemptions are allowed quarterly (pending market conditions) with a 90 day notice period required. There were no unfunded commitments remaining related to the Loan Fund Limited Partnership at December 31, 2013 and 2012.

Real Estate Investment Funds

The fair value of our real estate investment funds are based on the NAV of our ownership interest in the funds. NAV information is received from the investment managers and is primarily determined by using the methods most appropriate for the type of investment, including, but not limited to, the following: forecasts of net cash flows based on analyses of revenue and expenses and anticipated net proceeds from the liquidation of the underlying investments, discounted at prevailing risk-adjusted market rates of interest; comparisons of key performance indicators of relevant industry indices; recent negotiations of comparable investments; and/or independent appraisals by lenders or other third parties, when available. Real estate includes investments in three different real estate funds. For two of the funds, redemptions are allowed quarterly (pending market conditions) with a 45-60 day notice period required. For the third fund, redemptions are not allowed during the contractual life of the fund. Distributions from this fund will be received as the underlying investments of the fund are liquidated. There were no unfunded commitments remaining related to the real estate investments at December 31, 2013 and 2012.

Venture Capital and Private Equity Limited Partnerships

Venture capital and private equity limited partnerships are valued by the investment managers on a periodic basis using models that use market, income, and cost valuation methods. The valuation inputs are not highly observable, and these interests are not actively traded on an open market. Private equity and venture capital investments include eight different partnership funds. These investments cannot be redeemed during the contractual life of the funds. Instead, distributions are received through the liquidation of the underlying assets of the funds. There are no unfunded commitments remaining related to these investments as of December 31, 2013 and 2012.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to net assets available for benefits.

Gains and losses (realized and unrealized) included in changes in net assets for the preceding periods are reported in Income from Plan interest in Tribune Company Master Trust for Pension Plans in the Statement of Changes in Net Assets Available for Benefits.

The unallocated insurance contracts do not fall into the scope of ASC 820 and are presented at contract value.

10. Derivative Instruments

For investment management purposes, the Plan may hold investments in financial instruments with off-balance sheet risk involving contractual or optional commitments for future settlement. These instruments increase or decrease exposure to market volatility and partially offset exposure to changes in exchange rates and interest rates related to certain of its fixed income investments.

Swap Agreements

Certain investment managers may invest in swap agreements on behalf of the Plan. Swap agreements are bilaterally negotiated agreements between the Plan and a counterparty to exchange or swap investment cash flows, assets, foreign currencies or market-linked returns at specified, future intervals. Swap agreements are privately negotiated in the over the counter market ("OTC swaps") or may be executed in a multilateral or other trade facility platform, such as a registered exchange ("centrally cleared swaps"). On behalf of the Plan, certain investment

managers may enter into asset, credit default, cross-currency, interest rate, total return, variance and other forms of swap agreements to manage its exposure to credit, currency, interest rate, commodity, equity and inflation risk. Swaps are marked to market daily based upon values from third-party vendors, which may include a registered exchange, or quotations from market makers to the extent available. Changes in market value, if any, are reflected as a component of Income from Plan Interest in Tribune Company Master Trust for Pension Plans on the Statements of Changes in Net Assets Available for Benefits. Net periodic payments received or paid by the Plan are included as part of Income from Plan Interest in Tribune Company Master Trust for Pension Plans on the Statements of Changes in Net Assets Available for Benefits. Entering into these agreements involves, to varying degrees, elements of interest, credit market and documentation risk. Such risks involve the possibility that there will be no liquid market for these agreements, that the counterparty to the agreements may default on its obligation to perform or disagree as to the meaning of contractual terms in the agreements and that there be may unfavorable changes to interest rates.

Interest Rate Swap Agreements

The Plan is subject to interest rate risk exposure in the normal course of pursuing its investment objectives. Because the Plan holds fixed rate bonds, the value of these bonds may decrease if interest rates rise. To help hedge against this risk and to maintain its ability to generate income at prevailing market rates, the investment managers may enter into interest rate swap agreements on behalf of the Plan. Interest rate swap agreements involve the exchange by the Plan with another party for their respective commitment to pay or receive interest on the notional amount of principal.

Option Contracts

Option contracts include options on equities, bonds, currencies, swaps (swaptions), and futures. Options give the owner the right, but not the obligation, to buy or sell an asset at a specified price (strike price) on or until a future date. Investment managers may purchase or write (sell) call and put options. Premiums received from writing options that expire worthless are treated as realized gains. An option writer (seller) bears the market risk of an unfavorable change in the price of the underlying instrument. Purchasing call options increases the Plan's exposure to the underlying instrument, while purchasing put options decreases the Plan's exposure to the underlying instrument. Premiums paid for purchased options that expire worthless are realized losses. The risk associated with purchasing options is limited to the premium paid. The options may be traded on an exchange or over the counter.

The Plan is subject to various netting arrangements with select counterparties ("Master Agreements"). Master Agreements govern the terms of certain transactions, and reduce the counterparty risk associated with relevant transactions by specifying credit protection mechanisms and providing standardization that improves legal certainty. Since different types of transactions have different mechanics and are sometimes traded out of different legal entities of a particular counterparty organization, each type of transaction may be covered by a different Master Agreement, resulting in the need for multiple agreements with a single counterparty. As the Master Agreements are specific to unique operations of different asset types, they allow the Plan to close out and net its total exposure to a counterparty in the event of a default with respect to all the transactions governed under a single agreement with a counterparty. Master Agreements can also help limit counterparty risk by specifying collateral posting arrangements at pre-arranged exposure levels. Under the Master Agreements, collateral is routinely transferred if the total net exposure to certain transactions (net of existing collateral already in place) governed under the relevant Master Agreement with a counterparty in a given account exceeds a specified threshold, which typically ranges from zero to \$250,000 depending on the counterparty and the type of Master Agreement. United States Treasury Bills and U.S. dollar cash are generally the preferred forms of collateral, although other forms of AAA rated paper or sovereign securities may be used.

International Swaps and Derivatives Association, Inc. Master Agreements and Credit Support Annexes ("ISDA Master Agreements") govern OTC financial derivative transactions entered into by the Plan and select counterparties. ISDA Master Agreements maintain provisions for general obligations, representations, agreement, collateral and events of default or termination. Events of termination include conditions that may entitle counterparties to elect to terminate early and cause settlement of all outstanding transactions under the applicable ISDA Master Agreement. Any election to terminate early could be material to the financial statements. In limited circumstances, the ISDA Master Agreement may contain additional provisions that add counterparty protection beyond coverage of existing daily exposure if the counterparty has a decline in credit quality below a predefined level.

11. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated July 10, 2013, which considered amendments executed through January 19, 2013, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended subsequent to January 19, 2013. However, the Plan's ERISA counsel believes that the Plan is designed to comply with, and the Company believes the Plan is currently being operated in material compliance with, the applicable requirements of the IRC and is not aware of any course of

Tribune Company Cash Balance Pension Plan

Notes to Financial Statements

December 31, 2013 and 2012

action or series of events that have occurred that might adversely affect the Plan's tax exempt status.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

12. Risks and Uncertainties

Plan contributions and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions will occur in the near term and that the effect of such changes would be material to the financial statements and the actuarial present value of accumulated plan benefits.

The Plan holds investment securities and instruments in the Master Trust. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks will occur in the near term and that the effect of such changes would materially affect the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

The Master Trust invests in securities with contractual cash flows such as asset-backed securities and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities is sensitive to changes in economic conditions, including real estate value, delinquencies and/or defaults and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

13. Information Certified by the Trustee/Custodian

The Northern Trust Company served as Trustee of the Tribune Company Master Trust for Pension Plans for each of the years ending December 31, 2013 and 2012 and as custodian for certain other specifically identified Plan assets related to the Plan.

The Plan administrator has received from the Trustee certifications as to the accuracy and completeness of certain financial information and data in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. The data certified includes all investments and related investment activity reflected in the accompanying financial statements and supplemental schedule. The investment and related investment activity information included in Note 8 has been derived from statements certified by the Trustee.

14. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds or common stock or units of insurance contracts managed by the Custodians and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and custodial services amounted to approximately \$194,131 and \$325,855 for the years ended December 31, 2013 and 2012, respectively.

15. Subsequent Events

On December 9, 2013, the Company filed a registration statement on Form 10 with the U.S. Securities and Exchange Commission for the purpose of effecting the separation of its principal publishing operations (the "Spin-Off") into an independent company, Tribune Publishing Company ("TPC"). On July 16, 2014, Tribune Company amended and restated its certificate of incorporation and changed its name to Tribune Media Company. The Spin-Off was consummated on August 4, 2014 and the Company is retaining sponsorship of the Plan. Under the terms of the Plan, on August 4, 2014, all TPC employees that were participants in the Plan, were considered as having separated from service. As such, although the Plan will remain frozen, TPC participants may be eligible to take a distribution, subject to the terms and conditions of the Plan.

The Plan has evaluated subsequent events through October 15, 2014, the date the financial statements were available to be issued.

Schedule SB, Part V—Summary of Plan Provisions

Cash Balance Pension Plan

Eligibility

The first anniversary of employment following the completion of one year of service with 1,000 hours and age 21. No new participants after December 31, 2009.

Normal Retirement

Eligibility

Age 65.

Benefit

Service accruals were frozen as of January 1, 2010. Interest accruals will continue for participants with positive account balances as of December 31, 2009.

An amount equal to the actuarial equivalent of the participant's Cash Balance Account payable in the form of a life annuity.

Pay Credits

The annual pay credit is added to the cash balance account after interest is credited for the year. A participant is eligible for a pay credit if he or she has worked 1,000 hours during the year, is retirement eligible, or disabled. The annual pay credit is 3% of annual pension earnings.

A 2% opening account balance was provided as of December 31, 2007 to eligible participants.

Effective February 15, 2008, the plan was amended to provide additional cash balance account credits to eligible employees in the Involuntary Separation Plan or the Employee Voluntary Separation Plan. Benefits equal a cash balance allocation equal to 103% times weekly rate of base pay times the participant's number of consecutive periods of six months of completed service (minimum of 6 months and maximum of 52 months).

Interest Credits

Interest is credited to the account quarterly using compound interest. The annual interest rate is the 10-Year Treasury Rate for November of the year prior to the year in which interest is credited.

Age 65.

Benefit

Benefits were frozen December 31, 2005 for Non-Newsday participants. Benefits were frozen March 31, 2006 for Newsday participants. Benefits were frozen December 31, 2006 for Compositors participants.

A monthly amount equal to the sum of (a) minus (b) multiplied by one-twelfth:

- (a) 1.75% of average compensation multiplied by benefit service; minus
- (b) 1.75% of primary Social Security benefit multiplied by benefit service (maximum offset of 50% times benefit service at termination divided by projected benefit service at normal retirement date.)

For Southern Connecticut, the 1.75% in part (a) and (b) should be replaced by 1.50%.

Hartford Courant has a different benefit formula as follows:

- (a) 0.80% of average compensation below average Social Security wage base multiplied by benefit service; plus
- (b) 1.50% of average compensation above average Social Security wage base multiplied by benefit service.

Homestead Publishing has a different formula as follows:

- (a) 0.60% of average compensation below \$700 times benefit service (maximum 35 years); plus

(b) 1.20% of average compensation times service (maximum 35 years); plus

(c) 0.80% of average compensation times benefit service in excess of 35 years.

Past Service Improvement (PSI)

For participants employed at L.A. Times and Newsday on March 29, 1985, the PSI equals 2% of 1984 pension earnings times benefit service as of January 1, 1985. The PSI is credited with interest at 7.50% from January 1, 1985 to date of termination. PSI was not frozen December 31, 2005 and continues to accrue interest.

ESOP Offset

For participants at L.A. Times, Morning Call and Newsday who have an ESOP balance, the deferred to age 65 annuity equivalent of the ESOP balance at termination is offset from the normal retirement benefit plus PSI. If the ESOP benefit is larger than the company-provided portion of Normal Retirement benefit plus PSI, the employee will receive the larger ESOP benefit. The employee can elect to receive the ESOP as a lump sum, with spousal consent, and receive a reduced annuity. ESOP was not frozen December 31, 2005 and continues to accrue interest.

Grandfathered Benefits

For the following grandfathered formulas, the participant will receive the greater of the normal retirement benefit and the grandfathered formula. Benefits were frozen December 31, 2005.

L.A. Times

A career average formula plus 2.5% of average compensation times benefit service (maximum 30 years).

Morning Call

Accrued benefit as of January 1, 1979 plus 1.0% of average compensation times benefit service after January 1, 1979.

Early Retirement

Eligibility

Age 55 and five years of vesting service.

Benefit

An amount equal to the normal retirement benefit, based on benefit service, average compensation, and the Primary Social Security as of the date of actual termination. Benefits commencing prior to age 65 will be reduced by 6-2/3% for each of the first 5 years and 3-1/3% for each additional year that the commencement date precedes age 65.

For participants at Hartford Courant, benefits are reduced by 4.8% for each year that the commencement date precedes age 65.

Disability Retirement

Eligibility

Immediate vesting.

Benefit

Normal or early retirement when otherwise eligible.

Vested Termination Benefits

Eligibility

Five years of vesting service.

Benefit

An amount equal to the normal retirement benefit, based on benefit service, average compensation, and the average Social Security wage base as of the date of termination. The participant may elect to begin receiving benefits at age 55. This benefit will be reduced for early retirement.

Preretirement Survivor Benefit

Eligibility

Five years of vesting service.

Benefit

If a participant is not eligible for early retirement at the time of death, the surviving beneficiary is entitled to an annuity equal to one-half of the annuity the participant would have received if the participant had incurred a break in service on the day before death, survived to earliest retirement date, and elected a pension payable in the form of a qualified 50% joint and survivor annuity.

If a participant is eligible for early retirement at the time of death, the surviving beneficiary is entitled to an immediate life annuity equal to the amount which would have been paid to the spouse if the participant had retired the day preceding death and had elected a pension payable in the form of a qualified 50% joint and survivor annuity.

Participants employed at Hartford Courant receive a 100% joint & survivor benefit instead of a 50% joint & survivor benefit.

Form of Benefit

Normal Form of Benefit	Life annuity, payable on a reduced basis as a 50% (100% for Hartford Courant) qualified joint and survivor annuity to married participants unless otherwise elected.
------------------------	--

Optional Payment Forms	50%, 75% and 100% joint and survivor annuity; five-year and ten-year certain and life annuity; Social Security level income option; and lump sum option (less than \$10,000).
------------------------	---

Source of Contributions	The plan is fully employer-paid since January 1, 1976.
-------------------------	--

Employee Contributions	Eliminated January 1, 1976, employee contributions are refunded at any time upon request, with spousal consent after termination but before benefit commencement. As a result of any refund, the benefit will be reduced by an annuity equivalent.
------------------------	--

Definitions

Vesting Service	One year of vesting service is credited for each plan year an employee completes 1,000 or more hours of service. No credit is granted for years in which the employee completes less than 1,000 hours.
-----------------	--

Benefit Service	Benefit service was frozen December 31, 2005 for Non-Newsday participants. A one-time service enhancement of one year for every ten years of service, with a maximum of two years, was added to the frozen service amount. One year of benefit service is earned for each plan year an employee completes 1,800 or more hours of service. A partial year is earned if completes at least 1,000 hours. Service for an employee's first year of participation is based on all hours of service earned during the year. Partial service is credited for the first year of employment and during the last year of employment.

The following caps apply to benefit service:

L.A. Times: Greater of 30 years or benefit service as of January 1, 2006.

Baltimore Sun Pension: 30 years.

Southern Connecticut & Morning Call: Greater of 30 years or benefit service as of January 1, 1998.

The service transition of one year for every ten years with a maximum of two years is not subject to any caps or service.

Compensation

Compensation was frozen December 31, 2005.
Compensation including elective deferrals and commissions and excluding overtime and bonuses.

For employees who worked less than 1,800 hours during a calendar year, compensation is annualized based on scheduled pay and hours for that calendar year.

Average Compensation

One-fifth of the compensation of a participant for the five years in which compensation is highest out of the last 10 years of service.

Average Social Security Wage Base

The Average Social Security Wage Base was frozen December 31, 2005. The 35-year average of Social Security wage bases ending in the year a participant attains Social Security retirement age. The current wage base is assumed to continue after termination of employment.

Benefits for Transferred Employees
(Transfers Between Plans)

Benefits for transferred employees are determined based on Final Average Compensation and Covered Compensation in effect at termination of employment from the Company or any related companies. The resulting benefit is then multiplied by a fraction (not greater than 1.0), the numerator of which is 35 and the denominator of which is the total benefit service under all qualified defined benefit pension plans maintained by the Company or any related company.

Benefits for Transferred Employees
(Transfers within Plan)

Benefits for a participant covered by more than one benefit schedule within the plan throughout his career is determined as follows:

- Benefits are determined under each benefit schedule separately, based on Final Average Compensation as of the date of termination and on the Benefit Service earned while under that benefit schedule,
- If the participant's aggregate Benefit Service exceeds 35 years, the benefit is determined by counting those years of Benefit Service first which produce the greatest benefit, with a maximum of 35 years of Benefit Service recognized.

Form of Benefit

Normal Form of Benefit

For a participant who is not married as of his annuity commencement date, life annuity is the normal form. If a participant has an eligible spouse as of his annuity commencement date, a reduced monthly retirement benefit shall automatically be paid in the form of a 50% joint and survivor annuity unless he elects an alternative form in writing and his spouse consents.

Optional Payment Forms

Life annuity; Joint and survivor annuity with either 50% or 100% continued to the beneficiary; 5-year or 10-year continuous and certain annuity. The Company may distribute the benefit in lump sum form if the present value is less than \$3,500. Certain other payment forms are preserved for the portion of the accrued benefit earned under prior plans.
