Notes to Financial Statements

1. Plan Description

The following brief description of Petsmarketing Insurance Com AG (Company or Employer) 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers all eligible employees of the Company. The Plan contains three components: a 401(k) pay deferral component, a safe harbor matching component, and a discretionary profit sharing component. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

Effective December 2, 2013, the Plan was merged into the Crum & Forster Employee Savings Plan (the Crum & Forster Plan). As a result, there was a transfer of Plan assets, including outstanding participant loans, of approximately \$1,879,000 from the Plan to the Crum & Forster Plan.

Eligibility

Each employee of the Company is eligible to participate in salary deferrals, employer safe harbor matching contributions, and employer profit sharing contributions on the first day of the month following completion of three months of service, and attaining the age of 21.

Contributions and Vesting

The 401(k) deferral component allows eligible participants to defer part of their compensation through voluntary salary or wage reduction, for an amount equal to a percentage of the contributing participant's compensation up to 96% in increments of 1%. The Employer makes matching contributions to the individual account of each eligible employee, equal to 100% of the amount of the employee's elective deferrals that do not exceed 3% of the employee's compensation for the Plan year, plus 50% of the amount of the employee's elective deferrals that exceed 3% of the employee's compensation but do not exceed 5% of the employee's compensation.

The Company also has the option each year to make a profit sharing contribution to the Plan, in an amount determined by the Company. No profit sharing contribution was approved or paid in 2013 or 2012.

Participants' voluntary contributions, employer safe harbor matching contributions and related earnings are immediately 100% vested. Employer profit sharing contributions vest over a period of six years.

Allocations to Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's safe harbor matching and discretionary profit sharing contributions, and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Payment of Benefits

Participants, or their beneficiaries, may request payment of vested benefits at any time after their retirement (age 65), termination of employment, disability, or death. The Plan allows for total or partial in-service withdrawal prior to retirement if the participant attains the age of 59½. Hardship withdrawals are not allowed under the terms of the Plan Agreement.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate, which is the prevailing rate charged by other lenders for similar notes. Interest rates on the notes receivable during 2013 and 2012 ranged from 4.25% to 6.00%. Principal and interest is paid ratably through payroll deductions over a period not to exceed four and half years, unless the notes were used to purchase a primary residence, in which case the note terms shall not exceed 30 years.

Administrative Expenses

The Company provides certain administrative services which are not charged to the Plan. Certain administrative expenses of the Plan are paid by the Company.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared under the accrual method of accounting.

Subsequent Events

Subsequent events have been evaluated by management through October 15, 2014, the date these financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants, and are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans, if any, are reclassified as distributions based upon the terms of the Plan Agreement.

Petsmarketing Insurance Com AG 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at estimated fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain or loss includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Money market fund: Valued at the net asset values (NAV) of the shares held by the Plan at year-end and is determined based on the value of the underlying investments of the fund. The money market fund seeks to maintain a \$1.00 NAV.

Petsmarketing Insurance Com AG **401(k) Profit Sharing Plan and Trust**

Notes to Financial Statements

Mutual funds: Valued at quoted market prices in an exchange and active market, which represent the NAV of shares held by the Plan.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below sets forth the Plan's 2012 investments by level within the fair value hierarchy. There were no Plan assets as of December 31, 2013 due to the plan merger (see note 1).

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate or suspend contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination, each participant's account will become fully vested. As described in Note 1, the Plan was merged as of December 2, 2013 into another qualified plan sponsored by the Company.

5. Income Tax Status

The Company has adopted the Paychex Qualified Retirement Prototype Plan and Trust. An opinion letter dated March 31, 2008 has been obtained in which the Internal Revenue Service (IRS) states that the prototype plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.
