Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Connoisseur Media, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Connoisseur Media, LLC (Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The annual compensation of each employee taken into account under the Plan shall not exceed the pretax annual compensation up to the maximum dollar limit imposed by the Internal Revenue Service (the IRS).

Eligibility: Employees of the Plan may elect to participate in the Plan upon completion of one year of service, which is defined in the Plan document as a consecutive twelve month period during which an employee has at least 1,000 hours of service, the employee has attained the age of 21 and the individual is not (i) an employee of an affiliated employer, (ii) a common law employee, (iii) a leased employee, (iv) an employee whose employment is governed by the terms of a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining or (v) otherwise deemed ineligible in accordance with the terms of the Plan document.

Contributions: Participating employees may contribute a percentage of pretax annual compensation up to the maximum dollar limit imposed by the IRS. A participant can change their contribution percentage at the beginning of each quarter, and may drop to zero contribution at any time. The Plan Sponsor will match a discretionary matching contribution equal to a uniform percentage of a participant's contributions determined each Plan year. In 2013 and 2012, the maximum amount of contributions eligible for the match was 25% of participant contributions up to \$3,000 for a maximum of \$750 per participant.

A newly hired employee previously participating in an IRS-approved defined contribution plan of his or her former employer may transfer his or her funds from the former plan as rollover contributions to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and sponsor's matching contribution. Plan earnings are allocated based on participant account balances, as defined.

Participants' Investment Options: Participants must direct their salary deferral contributions to one or a combination of 16 investment funds available through the Plan.

Employer matching contributions are invested in the same manner the participant has elected to direct his/her contributions.

Vesting: Participants are immediately vested in their voluntary and employer contributions plus actual earnings thereon and are not subject to forfeitures for any reason.

Notes Receivable From Participants: Participants can borrow up to the lesser of (i) an amount which does not exceed 50% of his or her nonforfeitable account balance or (ii) \$50,000. Repayment of principal and interest is made over a period not to exceed 5 years unless the loan is for the purpose of acquiring a primary residence. Repayments are made through after-tax payroll deductions and are credited only to the accounts of the participant. Interest on loans is accrued at a commercially reasonable rate of interest.

Payment of Benefits: Generally, Plan withdrawals may not be made by participants earlier than a participant's (i) death, disability or other severance of employment, (ii) attainment of age 59 ½, (iii) proven financial hardship or (iv) as otherwise provided for within the Plan document.

Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of Benefits (Continued): When Plan participants terminate for any reason, a lump-sum distribution will be automatically made if the vested interest of the participant's account does not exceed \$5,000. If the participant's vested account balance exceeds \$5,000, the participant may elect to receive a lump-sum distribution.

Participants who make hardship withdrawals are restricted from making additional contributions for the next six-month period following the withdrawal date.

Rollovers: During 2013, the Plan Sponsor acquired stations from two entities, Cox Radio, Inc. and Nassau Broadcasting Co., whose employees contributed \$1,960,769 in rollover contributions to the Plan.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses: Audit fees and accounting fees are paid by the Plan assets. All reasonable expenses of administration may be paid out of the Plan assets unless paid by the Plan Sponsor.

Benefit Payments: Benefit payments are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are treated as distributions based on the terms of the Plan document.

Recent Accounting Pronouncements: In October 2012, the Financial Accounting Standards Board (the FASB) issued Accounting Standards Update (ASU) 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the ASC, including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for nonpublic entities, except for amendments in this update where there was no transition guidance and which were immediately effective upon issuance. The general adoption did not have a material impact on the Plan's financial statements. The impact of adopting amendments subject to transition guidance related to ASU 2012-04 on subsequent periods has not yet been determined.

Notes to Financial Statements

Note 4. Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (FASB ASC 820), provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds (registered investment companies): Fair value is based on unadjusted quoted prices in active markets for identical assets or liabilities.

Money market fund: The carrying amount approximates fair value because the instrument is liquid in nature.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Tax Status of the Plan

The Plan received its latest determination letter dated May 23, 2011, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC). The Plan has been amended since receiving the determination letter. However, the Plan believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2013 and 2012 and for the year ended December 31, 2013. Generally, the Plan is no longer subject to income tax examinations by U.S. federal, state or local tax authorities for years before 2010.

Notes to Financial Statements

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan reserves the right at any time to terminate the Plan, in whole or in part. In the event of Plan termination, distribution of the Plan's assets will be made to the participants and beneficiaries in the order prescribed by ERISA.

The Pension Benefit Guaranty Corporation (the PBGC) has insured certain Plan benefits against possible losses resulting from Plan termination. The PBGC guarantees vested benefits in effect on the date of the Plan termination. However, all or a portion of these benefits may not be insured, if the benefits increase within five years prior to the Plan's termination. Also, the PBGC places a ceiling on the monthly benefit that it will guarantee, which is adjusted periodically.

Note 8. Exempt Party-in-Interest Transactions

Charles Schwab Bank is the custodian of the Plan and certain Plan investments are shares of various funds managed by Charles Schwab Bank and, therefore, any transactions between the Plan and Charles Schwab Bank are considered related party transactions.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2014, the date the financial statements were available to be issued.

During 2014, the Plan Sponsor acquired stations from two entities, Buckley Broadcasting Corporation, in July, whose employees contributed \$194,450 rollover contributions to the Plan, and the Aloha Stations Trust, LLC, in September, whose employees may contribute rollover contributions to the Plan.
