Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of the internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i – schedule of assets (held at end of year) as December 31, 2013, and the supplemental schedule H, line 4j – schedule of reportable transactions for the year ended December 31, 2013, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Insurance Office of America, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Insurance Office of America, Inc. (the Company) established the Insurance Office of America, Inc. Employee Stock Ownership Plan effective January 1, 2003, as amended and restated on December 11, 2007. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Chairman of the Board and Chief Executive Officer are the Plan's trustees.

Eligibility

Employees of the Company and its adopting employers who are age twenty-one or older are generally eligible to participate in the Plan after completion of six months of service. Employees who do not have at least 1,000 hours of service during the Plan year or are not employed on the last working date of the Plan year are generally not eligible for an allocation of Company contributions for that Plan year.

Contributions

Annually, the Company may make a discretionary contribution to the Plan. Company contributions may be made in cash or such other property as is acceptable to the trustees. The Plan purchases shares of the Company's voting common stock with the proceeds from the contributions and holds the shares of common stock in a trust established under the Plan.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited on the last day of the Plan year with an allocation of shares of the Company's common stock. Only those participants who are eligible employees of the Company as of the last day of the Plan year, as defined in the Plan document, will receive an allocation of shares. Allocations are based on a participant's eligible compensation, as defined in the Plan document, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, the participant will vest in the balances in their account based on total years of service with the Company. Participants vest at a rate of 20% per year of service after two years of service and are 100% vested after six years of service, reaching normal retirement age, becoming disabled, or death, as further defined in the Plan document.

Benefit Payments

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), becomes permanently disabled, or otherwise terminates employment with the Company and its adopting employers. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share.

Under the provisions of the Plan document, the Company has the right of first refusal to repurchase participant shares which have been distributed under the terms of the Plan document. During 2013, the Company repurchased 373 shares from terminated participants at the 2012 price determined from the independent appraisal.

Voting Rights

The trustees shall vote all Company stock held by them as part of the Plan's assets. Notwithstanding the foregoing, each participant or beneficiary in the Plan shall be entitled to direct the trustees as to the manner in which voting rights on shares of Company stock which are allocated to the Company stock account of such participant or beneficiary are to be exercised with respect to any corporate matter which involves the voting of such shares with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or such similar transaction.

Put Option

Under Federal income tax regulations, the Company stock that is held by the Plan and its participants is not readily tradable on an established market, or is subject to trading limitations, including a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with 10 years of service in the Plan may elect to diversify a portion of their account. Diversification is offered to eligible participants over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Forfeitures

Forfeitures of terminated non-vested account balances shall first be applied to restore benefits pursuant to section 7.3 of the Plan document, and if any remain, shall then be used to reduce administrative expenses properly payable by the Plan, and if any additional forfeitures remain, shall then be used as soon as possible to reduce the contributions of the employer. There were no forfeitures balances as of December 31, 2013 and 2012. Forfeitures used to pay administrative expenses totaled $10,047 for the year ended December 31, 2013.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The Plan administrator uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenditures. Actual results could differ from those estimates.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2013 and 2012.

Investment Valuation and Income Recognition

The Plan's investment is stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following is a description of the valuation methodology used for assets measured at fair value.

The Company voting common stock investment held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based on a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of the Company's assets and liabilities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2014, the date the financial statements were available to be issued.

NOTE 3 ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist solely of the Company's voting common stock, are held by the trustees of the Plan. Company contributions are held and managed by the trustees who invest cash received, interest, and dividend income and make distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 4 INVESTMENTS

At December 31, 2013 and 2012, the Plan's investment is presented in the following table:

	2013	2012
Insurance Office of America, Inc. Common Stock:

Purchases	150,000

Balance, End of Year	$ 2,327,342

NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

The Plan had the following party-in-interest transactions during the year ended December 31, 2013:

Parties-in-Interest	Services Provided	Fees Paid in 2013
Sheldrick, McGehee & Kohler, LLC	Valuation	$ 10,047
Total Administrative Expenses Paid to Parties-in-Interest		$ 10,047

NOTE 7 RELATED PARTY TRANSACTIONS

At December 31, 2013 and 2012, "Due to Plan Sponsor" represents the net amount of stock issuances and redemptions and distributions and expenses paid on behalf of the Plan by the Plan Sponsor. Transactions with the Plan Sponsor are settled periodically.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan provides for investment in Company stock. The Plan's investment is exposed to various risks such as interest rate, market, and credit risks. The stock of the Company is valued annually by a valuation specialist. Because of the inherent subjectivity in any valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts.

NOTE 10 TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 29, 2008, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. On September 24, 2013, the Plan received a new letter from the IRS informing the Company that the Plan is qualified and the trust established under the Plan is tax exempt, under the appropriate sections of the IRC.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.
