Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

The Plan Administrator
Amersham Health Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Amersham Health Retirement Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by The Northern Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2013 and 2012

(1) Description of the Plan

The following brief description of the Amersham Health Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

(a) General

The Plan is a defined benefit pension plan for the benefit of employees of Amersham Health Inc. (the Company), formerly Nycomed Amersham Inc., whose ultimate parent was Amersham plc. On April 8, 2004, General Electric Capital Corporation whose ultimate parent is General Electric Company (GE) acquired Amersham plc. The Plan provides participants with a lifetime income in retirement and the opportunity to continue payments for life to a surviving spouse, or under certain conditions, a specific designee following the participant's death during retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Prior to November 28, 2004, all employees of the Company who have attained 21 years of age and were credited with one year of service, as defined, were eligible to participate in the Plan. On November 28, 2004 (Freeze Date), accruals of benefits in the Plan ceased. At that time, employees began accruing benefits under the GE Pension Plan. The pay and service amounts used to calculate benefits were frozen on that date resulting in accrued benefits that will not change over time. However, participants will still be able to become eligible for early retirement as they continue to work for GE and are accruing benefits under the GE Pension Plan.

The Company and The Northern Trust Company (the Trustee) entered into a defined benefit plan master trust agreement, effective February 1, 1999 creating a master trust (the Nycomed Master Trust or Master Trust) for the Plan, the Amersham Biosciences Corp Retirement Plan and the Amersham Health Puerto Rico, Inc. Pension Plan.

Effective January 1, 2012, the Plan was amended so that no amendment will increase the duties or liabilities of the Trustee without the consent of the Trustee. No amendment will deprive any participant of any of the benefits to which the participant is entitled under the Plan with respect to benefits previously accrued, nor will any amendment decrease the vested percentage of any participant's accrued benefit unless permitted or required by law. No amendment will provide for the use of funds or assets held to provide benefits under the Plan other than for the benefit of participants or to meet administrative expenses of the Plan except as may be specifically authorized by statute or regulation.

(b) Pension Benefits

Generally, normal retirement date is the first day of the month coincident with or next following a participant's 65th birthday. The participant's benefit is determined by a computation based on years of service and average earnings, as defined in the Plan document. Vested participants can elect early retirement between the ages of 55 and 65; however, benefits would be reduced by a percentage per year from the yearly benefit for each year, and proportionately for each month, depending upon the age of the participant at retirement date and dependent on the participant's credited services. A

**AMERSHAM HEALTH
RETIREMENT PLAN**

Notes to Financial Statements

vested participant who terminates for any reason other than retirement, disability, or death is entitled to the monthly vested termination benefit beginning on the normal retirement date in the amount of his accrued benefit. A participant who terminates prior to age 55 and begins to receive benefit payments prior to age 65 will receive benefits that are the actuarial equivalent of benefits payable at age 65. All participants, regardless of service level were fully vested in their accrued benefits as of the Freeze Date.

Participants may elect to receive their distributions, subject to certain plan provisions, in the form of an annuity. If the present value of the participant's accrued benefit is \$1,000 or less, the participant will receive a lump-sum payment as soon as practicable after termination date and amounts greater than \$1,000 and up to and including \$5,000 will be paid with the consent of the participant. If a participant becomes disabled before retirement, the participant will receive benefit payments at the time he would have reached normal retirement unless the participant elects early retirement upon attaining 55 years of age.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting and in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts in the Statement of Net Assets Available for Plan Benefits and the disclosure of actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. The most significant estimates relate to the determination of the accumulated plan benefits (e.g., assumptions pertaining to interest rates, inflation rates and employee demographics). Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan records its interest in the Master Trust based on the contributions, benefit payments and its proportionate interest in investment income of the Master Trust, which includes net appreciation (depreciation) in the fair value of investments.

The following are the investment valuation and income recognition policies of the Master Trust:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

Purchase and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The net appreciation in the fair value of investments consists of realized gains and losses as well as unrealized gains and losses on investments for the period.

RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

(d) *Payment of Benefits*

Benefit payments to participants are recorded when paid. At December 31, 2013 and 2012, all benefit payments processed and approved for payment had been paid by the Plan.

(e) *Administrative Expenses*

Administrative expenses are generally paid by the Company. Certain expenses, such as investment management fees were paid by the Master Trust or Plan as allowed, per the Master Trust and Plan documents.

(f) *Plan Administration*

The Plan is administered through Master Trust in accordance with the Master Trust Agreement between the Company and the Trustee. The Master Trust is supervised by the Joint Qualified Retirement Plans Committee as appointed by Board of Directors of GE.

(3) Information Certified by The Northern Trust Company (Unaudited)

The information presented in this note and the “Fair Value Measurements” note (note 4) below was derived from such investment information, except for the real estate investment trust, that was certified as complete and accurate by the Trustee and was not subject to auditing procedures with respect to information regarding investments, interest and dividend income, and net appreciation in fair value of investments (including gains and losses on investments sold, as well as held during the year) presented or summarized in the accompanying Statements of Net Assets Available for Plan Benefits and Statements of Changes in Net Assets Available for Plan Benefits and in the footnotes as of and for the year ended December 31, 2013 and 2012, by the Plan’s independent auditors as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Effective February 1, 1999, the Company formed the Master Trust in accordance with a Master Trust Agreement with the Trustee. Under the Master Trust Agreement, use of a master trust permits the commingling of various investments that fund company-sponsored defined benefit plans for investment and administrative purposes. Although assets are commingled in the Master Trust, the Trustee maintains records for the purpose of allocating contributions and changes in net assets of the Master Trust to individual participating plans based upon each plan’s proportionate interest in the Master Trust.

(4) Fair Value Measurements

U.S. GAAP requires fair value to be determined based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. U.S. GAAP establishes a three-level valuation hierarchy based upon observable and nonobservable inputs.

For financial assets and liabilities, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets and liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date. Also determination of fair value assumes that market participants will consider the highest and best use of the asset.

Notes to Financial Statements

December 31, 2013 and 2012

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 – Quoted prices for identical investments in active markets.

Level 2 – Quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose significant value drivers are observable.

Level 3 – Significant inputs to the valuation model are unobservable.

The Master Trust maintains policies and procedures to value investments using the best and most relevant data available. The following section describes the valuation methodologies used to measure investments at fair value.

When available, quoted market prices are used to determine the fair value of investment securities, and they are included in Level 1. Level 1 investments of the Master Trust primarily include mutual funds – non US equity.

When quoted market prices are unobservable, quotes from independent pricing vendors are used based on recent trading activity and other relevant information including market interest rate curves, referenced credit spreads and estimated prepayment rates where applicable. These investments are included in Level 2. The Master Trust's ownership in the common and collective trust is reported based on the fair value of the underlying investments as determined by investment manager using quoted prices in active markets or other significant inputs that are deemed observable. Mutual fund – fixed income are valued at the NAV of shares held by the plan at year end. NAV is calculated as of the close of New York Stock Exchange each day. Government securities – U.S., corporate debt instruments – preferred and others and other securities are valued daily at institutional bid evaluation. These investments are included in Level 2 to the extent that they are readily redeemable.

In infrequent circumstances, the pricing vendors may provide the Master Trust with valuations that are based on significant unobservable inputs, and in those circumstances the Master Trust classifies the investment securities in Level 3. Level 3 investments primarily include real estate investment trust fund. Level 3 valuations are derived from other valuation methodologies including pricing models, discounted cash flow models and similar techniques. Level 3 valuations incorporate subjective judgments and consider assumptions including capitalization rates, discount rates, cash flows and other factors that are not observable in the market. The Master Trust owns limited partnership interests in the real estate investment trust fund and are valued using the NAV per unit of funds that are invested in real property, and the real property is valued using independent market appraisals. Since appraisals involve utilization of significant unobservable inputs and the private real estate fund is not redeemable for cash, the Master Trust's investment in the private real estate fund is included in Level 3.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values of the Master Trust investments. Furthermore, although the Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use

of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2013 and 2012.

As discussed in note 3, these tables were derived from information that was certified as complete and accurate by the Trustee of the Plan.

The following table presents the investments in the Master Trust measured at fair value on a recurring basis at December 31, 2013:

The following table sets forth a summary of changes in the fair value of the Master Trust's Level 3 assets for the real estate investment trust fund:

	Year ended December 31	
	2013	2012
	(In thousands)	
Real estate investment fund:		
Balance, beginning of year	\$ 9,657	8,765
Unrealized gains	510	415
Purchases	499	477
Balance, end of year	\$ 10,666	9,657

Unrealized losses relating to assets still held at December 31, 2013 and 2012 amounted to \$1,500,000 and \$2,087,000, respectively.

Transfers in and out are considered to occur at the beginning of the period. There were no such transfers between levels during 2013 or 2012. The realized and unrealized gains and losses indicated above are included in the Plan's interest in the Master Trust investment income in the Statements of Changes in Net Assets Available for Plan Benefits.

The funds within the Master Trust, excluding the real estate-related investments is generally redeemable daily and generally has no restrictions on redemptions, including dollar limit that can be redeemed.

Management of the Plan has concluded that the NAV reported by the underlying real estate fund held by the Master Trust, held at the Master Trust approximates the fair value of the investment. These investments

are redeemable on a quarterly basis at the NAV upon written notice to the fund at least 60 days prior to the end of the quarter. However, withdrawals are subject to the availability of cash arising from net investment income, allocations and the sale of investments in the normal course of business by the fund.

(5) Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on their average compensation during the three or five years prior to the Freeze Date, dependent on the participant's credited service and Plan entry. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the Freeze Date.

An actuarial firm determines the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discount for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

A summary of significant actuarial assumptions used in preparing the actuarial valuations as of December 31, 2012 is as follows:

Interest rate	5.75%
Mortality	RP 2000 Fully Generational Mortality Table
Retirement age	Rates vary by age, from age 55 to age 65

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan terminates, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of December 31, 2012, as determined by the consulting actuary, Aon Hewitt are as follows:

Vested benefits:

Participants currently receiving payments	\$ 83,985,378
Other participants	96,766,885
Total vested plan benefits	<u>180,752,263</u>

Nonvested benefits

Total actuarial present value of accumulated plan benefits	<u><u>\$ 183,791,759</u></u>
--	------------------------------

**AMERSHAM HEALTH
RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

The changes in the actuarial present value of accumulated plan benefits, for the year ended December 31, 2012 are as follows:

Actuarial present value of accumulated plan benefits, at beginning of year	\$ 159,987,170
Increase (decrease) during the period year attributed to:	
Benefits paid	(7,503,433)
Interest accumulation	10,550,028
Actuarial assumptions	20,367,334
Normal operation of pension plan	390,660
Actuarial present value of accumulated plan benefits, at end of year	<u>\$ 183,791,759</u>

The actuarial present value of accumulated plan benefits reflects a change in interest rate from 6.75% in 2011 to 5.75% in 2012.

(6) Risks and Uncertainties

The assets of the Master Trust are principally made up of investment funds. Investment securities to which the funds invest, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

(7) Funding Policy

The Company contributes such amounts as calculated on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to participants. The Company contributed \$0 for both the years ended December 31, 2013 and 2012, respectively.

The Pension Protection Act (PPA), as amended, required a change in method for determining contributions for the 2011 plan year. PPA mandates use of the accrued benefit funding method with liabilities valued using interest rates determined from a high quality corporate bond yield curve. As of December 31, 2012, the Plan had no unfunded liabilities and the Plan has met the minimum funding requirements required by ERISA.

(8) Plan Termination

The Company expects to continue the Plan and the corresponding trust indefinitely but reserves the right to terminate it in whole or in part at any time by resolution of the board of directors subject to the provision of Internal Revenue Code (IRC) and ERISA.

**AMERSHAM HEALTH
RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

In the event of termination of the Plan, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- i. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- ii. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency), up to applicable limitations (discussed below).
- iii. All other vested benefits (that is, vested benefits not insured by the PBGC).
- iv. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefits protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefits that PBGC guarantees. For plan terminations occurring during 2014 that ceiling is \$4,943 per month. The ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever occurs later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceiling is adjusted downward.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

(9) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter, dated July 2, 2010, that the Plan and the related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, there is no provision for income taxes recorded in the Plan's financial statements.

**AMERSHAM HEALTH
RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2013 and 2012

On January 31, 2014, an application for new determination for the Plan was submitted to the IRS for which there has been no response to the application.

U.S. GAAP provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the financial statements. U.S. GAAP also requires evaluation of tax positions taken or expected to be taken in the course of preparing the Master Trust's tax returns to determine whether the Master Trust tax positions are "more likely than not" of being sustained by the applicable tax authority. Management of the Master Trust and Plan concluded that as of December 31, 2013, there were no uncertain tax positions taken or expected to be taken that would require recognition or other disclosure in the Plan's financial statements.

The Master Trust and Plan is subject to routine audits by various taxing jurisdictions. There are currently no audit for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax audits for the years prior to 2010.

(10) Related Party Transactions (Parties-in-Interest)

Plan investments within the Master Trust include certain units of common and collective trusts, which are managed by Trustee, and therefore qualify as party-in-interest transactions.

(11) Subsequent Events

Subsequent events were evaluated by the Plan in the preparation of these financial statements through October 15, 2014, and the date the financial statements were available to be issued. There were no events that occurred subsequent to December 31, 2013, other than those disclosed, that would require recognition or disclosure in the Plan's financial statements.

1st Segment Rate	4.94%
2nd Segment Rate	6.15%
3rd Segment Rate	6.76%
Interest Rates for Maximum Tax Purposes	Based on segment rates with a four-month lookback (as of September 2012), without regard to the MAP-21 interest rate corridor
1st Segment Rate	1.75%
2nd Segment Rate	4.62%
3rd Segment Rate	5.72%
Retirement Age	
Active Participants	See Table 1
Terminated Vested Participants	Age 62
Mortality Rates	
Healthy and Disabled	2013 static mortality table for annuitants and non-annuitants per §1.430(h)(3)-1(e)
Withdrawal Rates	See Table 2
Disability Rates	See Table 3
Decrement Timing	Middle of year decrements, with 100% retirement occurring at beginning of year
Surviving Spouse Benefit	It is assumed that 90% of males and 50% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$205,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Schedule SB, Part V—Summary of Plan Provisions

History of the Plan

Amersham/Searle Corporation adopted the Nuclear-Chicago Pension Plan as of July 1, 1968.

The plan was amended and restated effective January 1, 1976, as the Searle Medical Instrumentation Group Pension Plan. A Company-paid preretirement joint-and-survivor benefit was added. Other changes were also made at that time to bring the plan into compliance with the Employee Retirement Income Security Act of 1974 (ERISA).

The plan was again amended and restated, effective April 1, 1977, when Amersham/Searle Corporation became Amersham Corporation and withdrew as an employer under the Searle Medical Instrumentation Group Pension Plan. No major changes affecting the valuation were made at this time.

The second amendment and restatement of the Amersham Corporation Pension Plan was effective January 1, 1980. Significant changes were made in the benefit formula, participation requirements, pay definition, and early retirement reduction, among other areas.

The third amendment to the plan took effect January 1, 1981. This amendment dealt with vesting service, severance from service date, and the rule of parity in order to define a year of vesting service as a plan year during which 1,000 or more hours of service are credited.

Effective with the January 1, 1983, actuarial valuation, the Plan was changed to incorporate the lower Section 415 benefit limits legislated in the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA).

The plan was amended and restated as of January 1, 1984 with the changes being recognized in the January 1, 1985 actuarial valuation. Among these changes were the addition of preretirement surviving spouse coverage for employees eligible for a vested benefit (whether active or inactive) and the use of average national wage increases in determining a participant's past pay for the Primary Social Security benefit.

The plan was amended effective July 1, 1986 to allow the employees of Tech/Ops to participate based on their prior service with Tech/Ops. Prior service shall be considered for determining vesting service whereas credited service will be determined beginning July 1, 1986.

Effective January 1, 1989, the vesting schedule was changed from a ten-year cliff to a five-year cliff schedule.

Effective January 1, 1991, the benefit formula was changed to remove the social security offset and to increase the maximum number of years of credited service used to determine the benefit from 25 to 30 years.

Effective June 13, 1991, Amersham Corporation acquired the Medi-Physics division of Hoffmann-LaRoche, Inc. Assets and liabilities were transferred to the Amersham Corporation Pension Plan as of that date.

Schedule SB Attachment (Form 5500)—2013 Plan Year
Amersham Health Retirement Plan
EIN: 04-2860743 PN: 004

Effective July 1, 1994, Nycomed Amersham Inc. acquired United States Biochemical Corporation (USB). Former employees of USB are eligible to meet the participation requirements for the Nycomed Amersham Retirement Plan based on service after July 1, 1994. For purposes of participation, vesting, and benefit service, only employment after July 1, 1994 will be counted. For determining final average monthly compensation, only compensation earned after July 1, 1994 may be included.

Effective January 1, 1996, the name of the plan was changed to the Nycomed Amersham Retirement Plan.

Effective January 1, 1997, the plan was amended to:

- Change the benefit formula to $1.67\% \times \text{Final Average Monthly Earnings} \times \text{Years of Service}$ (maximum 35);
- Change the early retirement reductions to 4% per year for each year that benefits commence prior to age 62; and
- Establish “grandfathered” benefit provisions for participants who are age 55 with ten years of service on January 1, 1997. Employees in this group are guaranteed a benefit no less than what they would have received under the old plan provisions.

Effective January 1, 2001, Amersham Pension Plan merged with Nycomed Inc. Retirement Income Plan. Former employees of Amersham are eligible to meet the participation requirements for the Nycomed Pension Plan based on service after January 1, 2001.

Effective January 1, 2001, the plan was amended to:

- Change the benefit formula to $[1.25\% \times \text{Final Average Monthly Compensation} + 0.4\% \times \text{Final Average Monthly Compensation in excess of Covered Compensation}] \times \text{service}$ (maximum 35).
- Establish “grandfathered” benefit provisions for Amersham participants who are age 55 with five years of service on January 1, 2001. Employees in this group are guaranteed a benefit no less than what they would have received under the old plan provisions.
- Establish “grandfathered” benefit provisions for Nycomed participants who attained age 40 and were credited with at least five years of vesting service as of December 31, 1996, and whose age and years of vesting service equaled or exceeded 50 as of December 31, 1996.

Effective December 31, 1999, the assets and liabilities associated with the Rensselaer division of Nycomed Amersham were spun-off to Organichem.

Effective January 1, 2002, the plan was amended to:

- Change the IRC limits to reflect the adoption of EGTRRA.
 - The maximum compensation which may be recognized for pension calculation purposes was changed from \$170,000 to \$200,000.
 - The maximum compensation limit of \$200,000 was adopted on a retroactive basis for years prior to 2002.
 - The maximum benefit limitation under IRC Section 415 was changed from \$140,000 to \$160,000.

Effective January 1, 2002, the plan was renamed the Amersham Health Retirement Plan.

Schedule SB Attachment (Form 5500)—2013 Plan Year
Amersham Health Retirement Plan
EIN: 04-2860743 PN: 004

Effective November 28, 2004, the plan was frozen and all future benefit accruals will be earned under the GE formula in the GE plan. As of the freeze date, all participants were fully vested in their accrued benefit based on service and pay up to the freeze date.

Participation

Employees of the company become participants after completing one year of service.

Former **Tech/Ops** employees with at least one year of service with Tech/Ops became participants on July 1, 1986. All new Tech/Ops employees become participants after completing one year of service. Service is credited only on service after July 1, 1986.

Former **Hoffman-La Roche/Medi-Physics** employees with at least one year of service with Hoffman-La Roche/Medi-Physics became participants on June 14, 1990. All new Medi-Physics employees become participants after completing one year of service.

Former **United States Biochemical (USB)** employees are considered employees of the company effective July 1, 1994, and will become participants after completing one year of service. Vesting service and credited service will be considered only on service after July 1, 1994.

Former **BDS** employees are considered employees of the company effective May 1, 1995, and will become participants after completing one year of service. Vesting service and credited service will be considered only on service after May 1, 1995.

Each Amersham participant and each Nycomed participant will be a participant in the plan on January 1, 1999.

Early Retirement Benefits

Eligibility

Participants who terminate employment after age 55 with five years of vesting service.

Benefit

The monthly benefit is computed as for normal retirement and reduced by 4/12% for each month by which payments precede age 62.

Amersham employees who are age 55 with 10 years of service as of December 31, 1996 are grandfathered under the provisions in effect on December 31, 1996. Such employees receive the greater of the benefits under the current plan or the plan in effect on December 31, 1996.

Amersham employees who are age 55 with five years of service as of December 31, 1998 are grandfathered under the provisions in effect on December 31, 1998. Such employees receive the greater of the benefits under the current plan or the plan in effect on December 31, 1998.

Nycomed employees who attained age 40 and were credited with at least five years of vesting service as of December 31, 1996, and whose age and years of vesting service equaled or exceeded 50 as of December 31, 1996 are grandfathered under the provisions in effect on December 31, 1996. Such employees receive the greater of the benefits under the current plan or the plan in effect on December 31, 1996.

Deferred Vested Retirement Benefits

Eligibility

Five years of vesting service.

Benefit

The monthly benefit is computed as for normal retirement; payments may begin as early as age 55 with the benefit reduced by 5/12% for each month in which payments precede age 65.

Automatic Preretirement
Surviving Spouse Benefit

Eligibility

Five years of vesting service.

Benefit

One-half of the benefit the participant would have received had he separated from service on the day of his death (if active); survived to his earliest retirement age; and retired with an immediate 50% joint and surviving spouse annuity.

Schedule SB Attachment (Form 5500)—2013 Plan Year
Amersham Health Retirement Plan

Normal Form of Benefit

For unmarried participants, the normal form of benefit is a life annuity. For married participants, the normal form is an actuarially reduced 50% joint and survivor annuity.

Definitions

Monthly Compensation

Compensation including overtime, bonuses and commissions but excluding moving expenses, severance allowances, and perquisite pay, subject to the 401(a)(17) limits.

Final Average
Monthly Compensation

The average of the participant's compensation for the 60 consecutive complete calendar months for which compensation is highest during the 120-calendar month period immediately preceding the participant's termination date. If a participant does not have 60 full consecutive months of employment, his final average monthly compensation during the period he was an employee by the number of months thereof.

Final Earnings

The participant's highest average annual regular earnings earned in any three consecutive years of service within the 10-year period immediately preceding his severance from group date, his severance from employer date (but only if he incurs a severance from employer date as a result of ceasing to be a salaried employee and if he thereafter remains an employee with the Hafslund Control Group) or his annuity starting date, whichever is earliest. If the participant does not have at least three consecutive years of service within the 10-year period immediately preceding the applicable date, "Final Earnings" shall mean the participant's average annual regular earnings earned during whatever number of consecutive years of service he completes within the 10-year period.

Credited Service

Service for the accrual of benefits. One year of service is credited for each plan year in which the employee completes 1,000 hours of service. If, in the plan year of termination, the employee completes less than 1,000 hours of service, 1/12 of a year will be credited for each month in which the employee is credited with 90 hours of service.

For former **Tech/Ops** employees, credited service begins at the later of July 1, 1986 or date of hire.

Schedule SB Attachment (Form 5500)—2013 Plan Year
Amersham Health Retirement Plan
EIN: 04-2860743 PN: 004

For **Medi-Physics** employees, service is credited back to date of hire, provided the employee works 541 hours for Amersham in 1990 after June 13, 1990, or earns a year of credited service in any plan year after 1990.

For former **USB** employees, credited service begins at the later of July 1, 1994 or date of hire.

For former **BDS** employees, credited service begins at the later of May 1, 1995 or date of hire.

Vesting Service

Service credited to an employee for purposes of determining a participant's vested percentage in and eligibility to receive payment of his accrued benefit under the plan. One year of vesting service is credited for each plan year in which the employee completes 1,000 hours of service.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Schedule SB, Part V—Summary of Plan Provisions

History of the Plan

Amersham/Searle Corporation adopted the Nuclear-Chicago Pension Plan as of July 1, 1968.

The plan was amended and restated effective January 1, 1976, as the Searle Medical Instrumentation Group Pension Plan. A Company-paid preretirement joint-and-survivor benefit was added. Other changes were also made at that time to bring the plan into compliance with the Employee Retirement Income Security Act of 1974 (ERISA).

The plan was again amended and restated, effective April 1, 1977, when Amersham/Searle Corporation became Amersham Corporation and withdrew as an employer under the Searle Medical Instrumentation Group Pension Plan. No major changes affecting the valuation were made at this time.

The second amendment and restatement of the Amersham Corporation Pension Plan was effective January 1, 1980. Significant changes were made in the benefit formula, participation requirements, pay definition, and early retirement reduction, among other areas.

The third amendment to the plan took effect January 1, 1981. This amendment dealt with vesting service, severance from service date, and the rule of parity in order to define a year of vesting service as a plan year during which 1,000 or more hours of service are credited.

Effective with the January 1, 1983, actuarial valuation, the Plan was changed to incorporate the lower Section 415 benefit limits legislated in the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA).

The plan was amended and restated as of January 1, 1984 with the changes being recognized in the January 1, 1985 actuarial valuation. Among these changes were the addition of preretirement surviving spouse coverage for employees eligible for a vested benefit (whether active or inactive) and the use of average national wage increases in determining a participant's past pay for the Primary Social Security benefit.

The plan was amended effective July 1, 1986 to allow the employees of Tech/Ops to participate based on their prior service with Tech/Ops. Prior service shall be considered for determining vesting service whereas credited service will be determined beginning July 1, 1986.

Effective January 1, 1989, the vesting schedule was changed from a ten-year cliff to a five-year cliff schedule.

Effective January 1, 1991, the benefit formula was changed to remove the social security offset and to increase the maximum number of years of credited service used to determine the benefit from 25 to 30 years.

Effective June 13, 1991, Amersham Corporation acquired the Medi-Physics division of Hoffmann-LaRoche, Inc. Assets and liabilities were transferred to the Amersham Corporation Pension Plan as of that date.

Effective July 1, 1994, Nycomed Amersham Inc. acquired United States Biochemical Corporation (USB). Former employees of USB are eligible to meet the participation requirements for the Nycomed Amersham Retirement Plan based on service after July 1, 1994. For purposes of participation, vesting, and benefit service, only employment after July 1, 1994 will be counted. For determining final average monthly compensation, only compensation earned after July 1, 1994 may be included.

Effective January 1, 1996, the name of the plan was changed to the Nycomed Amersham Retirement Plan.

Effective January 1, 1997, the plan was amended to:

- Change the benefit formula to $1.67\% \times \text{Final Average Monthly Earnings} \times \text{Years of Service}$ (maximum 35);
- Change the early retirement reductions to 4% per year for each year that benefits commence prior to age 62; and
- Establish “grandfathered” benefit provisions for participants who are age 55 with ten years of service on January 1, 1997. Employees in this group are guaranteed a benefit no less than what they would have received under the old plan provisions.

Effective January 1, 2001, Amersham Pension Plan merged with Nycomed Inc. Retirement Income Plan. Former employees of Amersham are eligible to meet the participation requirements for the Nycomed Pension Plan based on service after January 1, 2001.

Effective January 1, 2001, the plan was amended to:

- Change the benefit formula to $[1.25\% \times \text{Final Average Monthly Compensation} + 0.4\% \times \text{Final Average Monthly Compensation in excess of Covered Compensation}] \times \text{service}$ (maximum 35).
- Establish “grandfathered” benefit provisions for Amersham participants who are age 55 with five years of service on January 1, 2001. Employees in this group are guaranteed a benefit no less than what they would have received under the old plan provisions.
- Establish “grandfathered” benefit provisions for Nycomed participants who attained age 40 and were credited with at least five years of vesting service as of December 31, 1996, and whose age and years of vesting service equaled or exceeded 50 as of December 31, 1996.

Effective December 31, 1999, the assets and liabilities associated with the Rensselaer division of Nycomed Amersham were spun-off to Organichem.

Effective January 1, 2002, the plan was amended to:

- Change the IRC limits to reflect the adoption of EGTRRA.
 - The maximum compensation which may be recognized for pension calculation purposes was changed from \$170,000 to \$200,000.
 - The maximum compensation limit of \$200,000 was adopted on a retroactive basis for years prior to 2002.
 - The maximum benefit limitation under IRC Section 415 was changed from \$140,000 to \$160,000.

Effective January 1, 2002, the plan was renamed the Amersham Health Retirement Plan.

Normal Form of Benefit

For unmarried participants, the normal form of benefit is a life annuity. For married participants, the normal form is an actuarially reduced 50% joint and survivor annuity.

Definitions

Monthly Compensation

Compensation including overtime, bonuses and commissions but excluding moving expenses, severance allowances, and perquisite pay, subject to the 401(a)(17) limits.

Final Average
Monthly Compensation

The average of the participant's compensation for the 60 consecutive complete calendar months for which compensation is highest during the 120-calendar month period immediately preceding the participant's termination date. If a participant does not have 60 full consecutive months of employment, his final average monthly compensation during the period he was an employee by the number of months thereof.

Final Earnings

The participant's highest average annual regular earnings earned in any three consecutive years of service within the 10-year period immediately preceding his severance from group date, his severance from employer date (but only if he incurs a severance from employer date as a result of ceasing to be a salaried employee and if he thereafter remains an employee with the Hafslund Control Group) or his annuity starting date, whichever is earliest. If the participant does not have at least three consecutive years of service within the 10-year period immediately preceding the applicable date, "Final Earnings" shall mean the participant's average annual regular earnings earned during whatever number of consecutive years of service he completes within the 10-year period.

Credited Service

Service for the accrual of benefits. One year of service is credited for each plan year in which the employee completes 1,000 hours of service. If, in the plan year of termination, the employee completes less than 1,000 hours of service, 1/12 of a year will be credited for each month in which the employee is credited with 90 hours of service.

For former **Tech/Ops** employees, credited service begins at the later of July 1, 1986 or date of hire.
