ZIRCOA, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A – Description of plan

The following description of the Zircoa, Inc. Savings Plan (the Plan) provides only general information. Zircoa, Inc. (the Company) is the plan sponsor. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for substantially all salaried and hourly employees of the Company. The Zircoa, Inc. Retirement Plan Investment Committee (the Committee) is responsible for the general administration of the Plan. John Hancock Life Insurance Company (John Hancock) is the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Plan participants may contribute to the Plan, on a pre- or post-tax basis, an amount not to exceed 50% of gross compensation.

Plan participant contributions on the first 5% of basic pay for salaried employees are matched by the Company based on length of service, ranging from 50% to 100% of such contributions. In addition, the Company makes a safe harbor contribution equal to 3% of an eligible salaried employee's compensation and also may make a discretionary profit sharing contribution to salaried employees.

Union employees received 50% on the first 2% of their basic pay that is contributed to the Plan. In addition, the Company makes a safe harbor contribution to union employees based on years of service, ranging from 2% to 5% of compensation.

Participants direct the investment of their contributions, any contributions made on their behalf, and actual earnings thereon into various investment options offered by the Plan.

Various Internal Revenue Code regulations concerning both employee and Company contributions may limit the contribution amounts defined above. The Company has the right to limit these contributions to conform to applicable regulations.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and allocation of Plan earnings, and is charged with an allocation of administrative expenses. Allocation of Plan earnings is based on participants' share of net earnings or losses of their respective elected investment options. Allocation of administrative expenses is based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ZIRCOA, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A – Description of plan, continued

Vesting

All participant contributions, Company basic contributions, Company safe harbor contributions, and actual earnings thereon vest immediately. The Company non-discretionary contributions for those participants employed as of June 1, 2011 shall at all times be nonforfeitable. For those employees hired subsequent to June 1, 2011, the vesting schedule for Company non-discretionary contributions and actual earnings thereon is based on years of credited service. The vesting schedule is as follows:

<u>Years of Credited Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

Administration

The Committee oversees the administration and investments of the Plan, including determining administrative actions and interpreting and applying the Plan's provisions. The Committee has the right to settle claims on debts and to defend any claims arising from operations of the Plan. The Committee, which consists of six employees of the Company, oversees the investments of the Plan's funds through the custodian and investment manager.

Notes receivable from participants

Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are permitted to obtain two loans a year; however, no more than two loans may be outstanding at any time. Loan terms range from one to five years or more for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Committee.

Payment of benefits

Benefits are paid to participants upon their retirement, death, disability, or termination from employment. Participants may elect to receive either a lump sum or may elect installment payments. Participants may also withdraw amounts from their accounts under certain defined conditions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, accrued benefits up to the date of such termination become nonforfeitable.

Forfeited accounts

At December 31, 2013 and 2012, forfeited non-vested accounts amounted to \$3,423 and \$0, respectively. Total amounts forfeited during the years ended December 31, 2013 and 2012, amounted to \$3,423 and \$0, respectively. Forfeitures will be used to reduce any future Company matching contributions.

Plan expenses

Substantially all Plan expenses are paid by the Company.

ZIRCOA, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE B – Summary of significant accounting policies

Basis of accounting

The accompanying financial statements and supplemental schedule have been prepared on the accrual basis of accounting.

Valuation of investments

The Plan's investments are stated at fair value. Shares of pooled separate accounts are valued at quoted market prices, which represent the net asset value of shares of pooled separate accounts held by the Plan at year-end. Securities, which are traded on a national securities exchange, are valued at the last reported sales price on the last business day of the year; listed securities for which no sale was reported on that date are valued based on the last reported bid price. See Note D for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Gains or losses on sales of securities are based on average cost. Interest income is recorded on the accrual basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Events occurring after reporting date

The Plan's management has evaluated events and transactions that occurred between December 31, 2013 and October 15, 2014, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE C – Information certified by the custodian

For 2013 and 2012, the financial information included in the Plan's financial statements, except for contributions and distributions for withdrawals and terminations, has been derived from information certified as complete and accurate by the custodian, John Hancock Life, in accordance with Section 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. As elected by the Plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements.

ZIRCOA, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE C – Information certified by the custodian, continued

The fair value of individual investments that represents 5% or more of the Plan's net assets was as follows at December 31:

	<u>2013</u>	<u>2012</u>
Lifestyle Fund Balance Portfolio	\$ 2,223,847	\$ 1,962,438
Lifestyle Fund Growth Portfolio	1,320,768	909,223
John Hancock Stable Value Fund	921,841	710,842
Equity Income Fund	829,290	< 5%
Lifestyle Fund Moderate Portfolio	817,719	1,195,989
American Balanced Fund	638,413	545,678
Total Return Fund	< 5%	971,583

There were no nonparticipant directed investments at December 31, 2013 and 2012.

During the years ended December 31, 2013 and 2012, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

	<u>2013</u>	<u>2012</u>
Pooled separate accounts	\$ 1,351,401	\$ 940,650

NOTE D – Fair value measurements

The Plan follows the provisions of Accounting Standards Codification 820 *Fair Value Measurement and Disclosures* (ASC 820). ASC 820 defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. ASC 820 does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

ZIRCOA, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE D – Fair value measurements, continued

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobserved inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: The fair value of participation units in the pooled separate accounts are based upon the net asset values of such accounts which are provided by the custodian. The net asset value is based on the underlying assets owned by the account less liabilities and divided by the number of shares outstanding. The accounts allow for daily redemptions and contributions.

ZIRCOA, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE D – Fair value measurements, continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

ZIRCOA, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE E – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F – Transactions with parties-in-interest

Transactions with parties in interest consist of purchases and sales of investment mediums sponsored by John Hancock.

During 2013 and 2012, certain administrative and legal expenses were paid by the Company on behalf of the Plan.

NOTE G – Income tax status

The Plan has received a favorable determination letter from the IRS dated March 4, 2002, stating that the Plan is designed in accordance with appropriate sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan's management is of the opinion that the Plan, as amended, is currently designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.
