Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hospice of Central Ohio Employee Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA) of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Variable Annuity Life Insurance Company (VALIC) and Principal Trust Company (Principal), the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule on pages 15 through 16 as of and for the year ended December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA of 1974.

HOSPICE OF CENTRAL OHIO EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2013 AND 2012

1. Description of the Plan:

General:

Hospice of Central Ohio Employee Retirement Plan (the "Plan") is a defined contribution plan that covers all eligible employees of Hospice of Central Ohio and affiliate (the "Organization"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan year is January 1 through December 31. The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions:

Participants may elect to contribute a percentage of their compensation into the Plan on a pre-tax or post-tax basis. The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service. The post-tax contributions by participants are Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Organization may make a discretionary nonelective contribution to the Plan. The Organization made discretionary nonelective contributions amounting to 5% of the participant's eligible earnings for 2012 and 1% of the participant's eligible earnings for 2013.

Additional employer contributions may be made at the discretion of the Organization. The Organization did not make any additional discretionary contributions in 2013 and 2012. These contributions are allocated among the participants based upon annual compensation.

Participant accounts:

Each participant's account is credited with the participant's contributions and Organization discretionary contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Participants vest in employer contributions in accordance with the following schedule:

Vesting (continued):

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures of nonvested accounts are retained in the Plan and are used to offset future employer contributions or pay plan expenses. Total forfeitures retained in the Plan as of December 31, 2013 and 2012 were \$41,633 and \$9,227, respectively.

Payment of benefits:

Normal retirement is age 62. Upon death, disability, retirement, or other termination of employment, the participant becomes eligible for benefit distributions in the form of an annuity, lump sum payment, or rollover. Participants are entitled to a retirement benefit equal to the value of the vested amount of the participant's account.

Investment options:

Upon enrollment in the Plan, participants may direct employee contributions, including the employer contributions into various investment options. Participants may change their elections daily.

Participant notes:

Participants may borrow from their accounts. The minimum loan is \$1,000 to a maximum equal to the lesser of \$50,000 or 50 percent of the participant balance. Loan transactions are treated as transfers between investment funds and the participant notes fund. Repayment of a loan must be made over a period not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest are paid through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012, if a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan were prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Investments in the guaranteed investment contracts are valued at contract value (see Note 5), obtained and certified by VALIC and Principal, respectively. Investments in pooled separate accounts are reported at fair value which is obtained and certified by VALIC and based on the net asset value of the fund at the end of the year.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Valuation of investments and income recognition:

The Plan's investments are stated at fair value as provided by Variable Annuity Life Insurance Company (VALIC) and Principal Trust Company (Principal) (the "custodians") at December 31, 2013 and 2012. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. These amounts were provided by VALIC and Principal in 2013 and 2012.

The fair value of the Plan's guaranteed investment contracts with VALIC and Principal are calculated by discounting the related cash flows based on current yields of similar investments with comparable durations.

2. Summary of significant accounting policies (continued):

Payment of benefits:

Benefit payments to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net increase in fair value of investments.

3. Investments:

The following table represents the value of investments at December 31, 2013 and 2012. Investments that represent 5% or more of the Plan's net assets in either year are separately identified. All investments of the Plan were participant-directed at December 31, 2013 and 2012.

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Assets measured at fair value on a recurring basis at December 31, 2013 were as follows:

	Level 1	Level 2	Level 3	Total
Pool separate accounts:				
Asset allocation		\$ 5,237		\$ 5,237

4. Fair value (continued):

Assets measured at fair value on a recurring basis at December 31, 2012 were as follows:

	Level 1	Level 2	Level 3	Total
Pool separate accounts:				
Asset allocation		\$ 4,564		\$ 4,564
Fixed income		15,250		15,250
Hybrid		29,220		29,220
International equity		70,413		70,413

Small/Mid US equity		68,958		68,958
Money market		14,322		14,322
Other		22,976		22,976
Mutual funds:				
Asset allocation	\$ 2,213,329			2,213,329
Fixed income	36,677			36,677
International equity	48,875			48,875
Large US equity	127,360			127,360
Small/Mid US equity	134,071			134,071
Guaranteed investment contracts			\$ 129,751	129,751
	<u>\$ 2,560,312</u>	<u>\$ 282,293</u>	<u>\$ 129,751</u>	<u>\$ 2,972,356</u>

The fair value of the pooled separate accounts is based on the fund's net asset values at the end of the year.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contracts are valued at fair value by the insurance companies by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 5). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Board of Trustees evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

4. Fair value (continued):

For assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the years ended December 31, 2013 and 2012, accounting principles generally accepted in the United States of America require a reconciliation of the beginning and ending balances, separately for each major category of assets.

	<u>2013</u>	<u>2012</u>
Guaranteed investment contracts:		
Beginning balance	\$ 129,751	\$ 112,345
Investment income, net	2,832	2,905
Unrealized gains (losses) relating to instruments still held at the reporting date	3,370	(464)
Purchases	11,177	15,751
Sales	<u>(2,867)</u>	<u>(786)</u>
Ending balance	<u>\$ 144,263</u>	<u>\$ 129,751</u>
The amount of total gains or losses for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	<u>\$ 3,370</u>	<u>\$ (464)</u>

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statements of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

<u>December 31, 2013</u>

			Composite Crediting Rate	1.75% - 1.15%
			Surrender Charge	5%

5. Investment contracts with insurance company:

The Plan participates in benefit-responsive investment contracts with VALIC and Principal. VALIC and Principal maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the plan by VALIC and Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

Contract value, as reported to the Plan by VALIC and Principal represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with VALIC or Principal. Such events include the following: (a) amendments to the plan documents (including, complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan participants, is probable.

5. Investment contracts with insurance company (continued):

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields based on actual earnings and interest rate credited to participants were as follows:

	<u>2013</u>	<u>2012</u>
VALIC:		
Fixed Account Plus	<u>2.17%</u>	<u>2.50%</u>
Short Term Fixed	<u>1.00%</u>	<u>1.00%</u>
Principal:		
Fixed Income Guaranteed Option	<u>2.04%</u>	<u>2.48%</u>

6. Party-in-interest transactions:

Certain Plan investments were managed by VALIC representing guaranteed investment contracts and pooled separate accounts and by Principal representing a guaranteed investment contract that was the insurance company's assets with the Plan maintaining rights to assets underlying the funds. Additionally, certain mutual funds are managed by Principal. VALIC and Principal are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

7. Information certified by custodians:

The Plan administrator engaged VALIC and Principal (as of and for the years ended December 31, 2013 and 2012) as custodians of the Plan. The financial information included in the Plan's financial statements, except for contributions receivable, has been derived from information certified as complete and accurate by the custodian, in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

8. Administrative expenses:

Certain expenses of the Plan, amounting to \$10,308 in 2013 and \$12,650 in 2012, were paid by the Organization. Certain administrative functions are performed by employees of the Organization. No such employee, nor the Organization, receives compensation from the Plan.

9. Income taxes:

The Plan is organized and designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

YEARS ENDED DECEMBER 31, 2013 AND 2012

9. Income taxes (continued):

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010, with few exceptions.

10. Plan termination:

Although it has not expressed any interest to do so, the Organization has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the individual accounts of the affected participants become nonforfeitable and fully vested.

11. Risks and uncertainties:

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12. Prohibited transactions:

During 2012, employee contributions totaling \$34,256 were deposited to the Plan; however, they were not remitted within the time limit prescribed by the Department of Labor. The Organization calculated and remitted the earnings on these late contributions to all affected participants during 2013. Additionally, the Organization remitted the related excise taxes to the Internal Revenue Service during 2013.

13. Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through October 13, 2014, the date the Plan's financial statements were available to be issued.
