Note 1 - DESCRIPTION OF PLAN

The following brief description of the Skyline Windows, LLC 401(k) Plan (the Plan) is provided for general information purposes. Participants should refer to the *Summary Plan Description,* which is available from the Skyline Windows, LLC (the "Company") for more complete information.

General

The plan is a defined contribution plan covering all non-union employees of the Company who are age 18 or older. The Company controls and manages the operation and administration of the Plan. Central Bank & Trust ("CB&T") serves as the trustee of the Plan, with CPI Qualified Plan Consultants, Inc. ("CPI") executing the plan transactions. Frontier Trust Company ("Frontier") served as trustee prior to Central Bank & Trust. Prior to CPI executing plan transactions, this function was performed by BISYS Retirement Services ("BYSIS"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 20 percent of their pretax annual compensation, as defined in the Plan, provided that such contributions do not exceed the maximum allowable contribution limit established by the Internal Revenue Service. For 2013, the maximum allowable contribution limit was the lessor of 100% of annual salary or $17,500; or if over the age of 50, $23,000. The Company contributes to the plan on behalf of each participant who is eligible to share in matching contributions for the Plan year, a discretionary matching contribution equal to 35 percent of a participant's elective deferral, not to exceed 5 percent of compensation. The matching contribution is limited to $2,900 per year. On April 1, 2009 the Company suspended the discretionary match.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of Company discretionary contributions and Plan earnings, and is charged with allocations of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers approximately twenty four mutual funds as investment options for participants.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants become 20 percent vested in the remainder of their accounts after three years of continuous service, 40 percent after four years of continuous service, 60 percent vested after five years of continuous service, 80 percent vested after six years of continuous service, and 100 percent after seven years of continuous service.

Note 1 - DESCRIPTION OF PLAN (continued)

Participant Loans

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum of one-half of their vested account balance or $50,000, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the Plan administrator.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or installments over a period of not more than his or her assumed life expectancy (or the participant's and beneficiary's assumed life expectancy) determined at the time of distribution. The participant may also withdraw hardship distribution for various reasons.

Forfeitures

The unvested portion of a participant's contribution account will be forfeited upon termination. Forfeitures are used by the Company to reduce its future contributions to the Plan, pursuant to conditions as set forth in the Plan document. At December 31, 2013 and 2012, $ -0- remained in the forfeiture account.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires that the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are carried at fair value. Fair values are generally based upon quote market prices or appraised values. Effective January 1, 2008, the Plan adopted Accounting Standard Codification 820 (ASC 820) Fair Value Accounting. The adoption of ASC 820 did not have a material effect on the changes in Net assets or the financial position of the Plan. Dividend income is accrued on the ex-dividend date. Interest is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

Expenses

Administrative expenses of the plan not related to investments have been absorbed by the Company.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Return of Excess Contributions

In order to be in compliance with the nondiscrimination rules under ERISA, the Plan is required to return excess contributions, if any. At December 31, 2013 and 2012, the total amount of excess contributions to be refunded was $82,569 and $73,283, respectively.

Note 3 - TAX STATUS OF PLAN

The Internal Revenue Service has determined and informed the Company by a letter dated May 23, 1995 that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code. An advisory letter was issued on March 31, 2008 through the Volume Submitter program. Plan management and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not, wouldn't be sustained upon examination by the applicable authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset), or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income examination for years prior to 2010.

Note 4 – FAIR VALUE MEASUREMENT

The Financial Accounting Standards Board's Accounting Standards Codification ("FASB ASC") defines fair value as the price that would be received upon sale of an asset or paid upon transfer of liability in orderly transaction between market participants at the measurement date and in the principal or most advantageous market for the asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

The FASB ASC specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with the codification under GAAP, the following summarizes the fair value hierarchy:

Note 4 – FAIR VALUE MEASUREMENT (continued)

Level 1 Inputs - Unadjusted quoted market prices for identical assets and liabilities in an active market that the Company has the ability to access.

Level 2 Inputs - Inputs, other than the quoted prices in active markets that are observable either directly or indirectly.

Level 3 Inputs - Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

The FASB ASC requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value, measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

Note 9 – RISKS AND UNCERTAINTIES

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk with certain investment securities, it is at least reasonably possible that changes in the valuation of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – SUBSEQUENT EVENTS

Management has evaluated the need for disclosures and/or agreements resulting from subsequent events through July 25, 2014. Based on this evaluation, no adjustments were required to the Financial Statements as of December 31, 2013. Management has reinstituted the company match. The match will be 40% of the first 5% of a participant's monthly earnings. The new match is effective as of July 1, 2014, and is retroactive to January 1, 2014. As of August 1, 2014, a Roth component has been added to the plan.

Note 11 - PROHIBITED TRANSACTIONS

During 2013, the Company failed to remit to the Plan's trustees certain employee contributions within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the Company has or will make contributions to the affected participants' accounts to compensate those participants for the potential lost income due to the delays.
