INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
E & A Welding & Oilfield Service, Inc. 401(K) Profit Sharing Plan
Odessa, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of E & A Welding & Oilfield Service, Inc. 401(K) Profit Sharing Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. Supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2012 Financial Statements

The statement of net assets available for benefits of the Plan as of December 31, 2012 was audited by predecessor auditors whose report dated October 11, 2013, expressed an opinion that such financial statement presents fairly, in all material respects, the financial status of the Plan as of December 31, 2012 in accordance with accounting principles generally accepted in the United States.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the E & A Welding & Oilfield Service, Inc. 401(K) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a defined contribution plan covering all full-time employees of E & A Welding & Oilfield Service, Inc. (the Company or Employer) and it's wholly owned subsidiaries that have at least three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan subject to the annual deferral limitations as specified in section 402(g) of the Internal Revenue Code. The deferral limitation is $17,500 for 2013. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides that the Company may make a Safe Harbor contribution to all eligible participants. The Safe Harbor contribution is a uniform percentage, as determined by the Company, of participant contributions. For 2013, the Company made a matching contribution of 100% of the first 3% of eligible compensation and 50% on the next 2% of compensation that is deferred. For the year ended December 31, 2013, the Employer made safe harbor contributions to the Plan of $179,872.

Additional discretionary and non-elective contribution may be contributed at the option of the Company. For the year ended December 31, 2013, the Company did not make any additional discretionary or non-elective contributions to the Plan.

The Economic Growth and Tax Relief Reconciliation Act of 2001 include a "catch up" provision for employee benefit plans. This provision permits employees who are 50 years old or older and who contributed the maximum amount allowed by law to contribute an additional $5,500 for the year ended December 31, 2013.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balance, as defined, or actual contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN – CONTINUED

Vesting

Participants are vested immediately in their contributions and employer's safe harbor contributions plus actual earnings. Vesting in the employer's discretionary and non-elective matching contribution portion of participant accounts is based on years of service. A participant is 100 percent vested upon death or disability. A participant vests ratably beginning at two years of service and is 100 percent vested after six years of service, as follows:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a certain period. Any account balance under $5,000 on the date of termination will be automatically paid out as soon as administratively possible. Hardship distributions are also available subject to certain limitations.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions and the employer contributions in any of the investment options offered through State Street Bank and Trust Company.

All investments in the Plan are participant-directed.

Forfeited Accounts

At December 31, 2013, the Plan did not have any forfeited non-vested accounts. These accounts would have been used to reduce future Company contributions and to pay Plan expenses. No forfeitures were utilized to pay administrative expenses or reduce employer matching contributions in 2013.

NOTE 1. DESCRIPTION OF THE PLAN – CONTINUED

Administrative Expenses

Administrative expenses for the Plan are paid by the Plan, unless otherwise elected to be paid by the Company. During 2013, some administrative expenses were paid by the Company. Participant transaction fees are charged directly to participant accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. Since the fair value of this contract also approximates its contract value, the statement of net assets available for benefits does not require a separate adjustment for reporting the Plan net assets on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The Plan has implemented the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 740, *Income Taxes*, which relates to accounting for uncertainties in income taxes. The standard requires recording uncertain tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions requiring adjustment or disclosure in the Plan's financial statements. The Plan is not a tax paying entity for income tax purposes and, accordingly, no provision has been made for income taxes.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2014, the date the financial statements were available to be issued.

NOTE 3. INVESTMENTS (CERTIFIED BY TRUSTEE)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street Bank and Trust Company, (the Trustee), except for comparing such information certified by the Trustee to information in the Plan's financial statements and supplement schedule.

The following table presents the participant-directed plan assets certified by the Trustee. Items representing 5% or more of the Plan's net assets as of December 31, 2013 and 2012 are separately identified.

	2013	2012
Invesco Stable Asset	$ 185,981	$ - *
Franklin Templeton Growth Allocation	179,189	88,161
Oppenheimer International Growth	42,419	- *
Franklin Templeton Moderate Allocation	207,290	73,381
Franklin Templeton Conservative Allocation	41,370	16,758*
Fidelity Prime Fund Daily Money Class	-	92,055
Other investments less than 5%	134,884	68,372
	$ 791,133	$ 338,727

***** Balance does not exceed 5% of net assets, included for comparison purposes.

NOTE 3. INVESTMENTS (CERTIFIED BY TRUSTEE) – CONTINUED

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value as determined by quoted market prices as follows:

Mutual funds	$	52,221
Common collective investment trusts		2,308
	$	54,529

Interest and dividends realized on the Plan's investments for the year ended December 31, 2013 were $20,196.

During 2013, the Plan held an interest in the Invesco Stable Asset Trust (CCT), a common/collective trust fund. The CCT invests in bank, insurance company and other financial institution investment contracts, commonly referred to as wrap contracts, issued by insurance companies and other financial institutions for a fee. The CCT may also invest in traditional guaranteed investment contracts as well as short-term securities. The CCT is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer of the wrap contract guarantees a minimum rate of return and provides full benefit responsiveness, provided that all terms of the wrap contract have been met. The fair value of the CCT equals the total of the fair value of the underlying assets plus the total wrap contract rebid value. As of December 31, 2013 the fair value of the CCT approximates the contract value, therefore there is no adjustment in the financial statements.

Certain events limit the ability of the Plan to transact at contract value with the wrap issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants. The issuer may terminate a wrap contract for cause at any time.

The average yields earned by all wrap contracts held by the Plan's common/collective trust funds were approximately 1.22 percent for the year ended December 31, 2013. The average yields earned by the Plan for all wrap contracts held by the Plan's common/collective trust funds based on the actual interest rates credited to participants were approximately 1.30 percent for the year ended December 31, 2013.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement* (ASC 820) defines "fair value" as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Where available, fair value is based on observable market prices or parameters or derived from such prices or parameters. Where observable prices or inputs are not available, valuation models are applied. These valuation techniques involve some level of management estimation and judgment, the degree of which is dependent on the price to transparency for the instruments or market and the instruments' complexity.

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and the lowest priority to unobservable inputs (level 3 inputs). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 inputs: Unadjusted, quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market is defined as a market where transactions for the financial instrument occur with sufficient frequency and volume to provide pricing information on an ongoing basis. The Plan had mutual fund investments in this category at December 31, 2013 and 2012.

Level 2 inputs: Inputs, other than quoted prices in active markets that are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life. The Plan held common collective trust investments in this category at December 31, 2013.

Level 3 inputs: Prices or valuations that require unobservable inputs that are both significant to the fair value measurement and unobservable. Valuation under level 3 generally involves a significant degree of judgment from the investment advisor. Due to the inherent uncertainty of these estimates, these values may differ materially from the values that would have been used had a ready market for the investments existed. The Plan had no investments in this category at December 31, 2013 and 2012.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The investment advisor's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and consideration of factors specific to the investment.

NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

	2013	2012
Level 1:		
Mutual funds:		
Blended funds	$ 472,613	$ 178,300
Growth funds	84,808	51,169
Fixed income funds	-	100,481
Value funds	30,032	7,913
Index funds	17,699	864
Subtotal	605,152	338,727
Level 2:		
Common collective trusts	185,981	-
Total assets at fair value	$ 791,133	$ 338,727

NOTE 5. FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV

In accordance with FASB Accounting Standards Update (ASU) No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan expanded its disclosure to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the NAV per share or its equivalent for which the fair value is not readily determinable as of December 31, 2013. For the Plan, such assets include an investment in common a collective trust fund.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2013.

	Fair Value Estimated Using NAV per Share December 31, 2013				
	Fair Value *	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trust (a)	$185,981	None	Immediate	None	None

* The fair values of the investment have been estimated using the NAV of the investment.

(a) The investment objective of this trust is to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The trust invests in units of collective trust funds within the Invesco Group Trust for Retirement Savings, a collective trust managed by Invesco National Trust Company. The collective trust was established for purposes of collectively investing and reinvesting the assets of eligible pension and profit sharing trusts and other eligible entities.

NOTE 6. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common collective trusts provided through State Street Bank and Trust Company. State Street is the trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that some changes could materially affect participant account balances and the assets reported in the Statements of Net Assets Available for Benefits.

NOTE 9. TAX STATUS

The Company has adopted and followed the terms of a Prototype Standardized Profit Sharing Plan with Cash or Deferred Arrangement (CODA), as submitted to the Internal Revenue Service (IRS). The Company has relied on the favorable opinion letter issued by the IRS on March 31, 2008 regarding the acceptability of the prototype plan under section 401 of the IRC as not subject to tax under present income tax laws. The prototype agreement has been amended subsequent to the date of the original determination letter, however the Plan administrator believes the Plan is designed and is currently operating in compliance with all applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles general accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan management believes it is no longer subject to income tax examinations for years prior to 2010.
