UNION EMPLOYEES 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2013 and 2012

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Standard Forwarding, LLC Union Employees 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Standard Forwarding, LLC Union Employees 401(k) Savings Plan (the "Plan") is a defined contribution plan covering substantially all union employees of Standard Forwarding, LLC (the "Company") who have completed three months of service and reached 21 years of age. The Company controls and manages the operation and administration of the Plan. Wells Fargo Bank Iowa, N.A. ("Wells Fargo") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of pre-tax annual compensation (subject to federal limitations) in the form of a salary reduction. Employee contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

The Company does not make any contributions to the Plan (see note 8).

Participant Accounts

Each participant's account is credited with the participant's contributions, and Plan earnings, and charged with the participant's withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Participant–Directed Investments

Upon enrollment in the Plan, participants may direct their contributions in 5% increments into various investment options offered by the Plan. The Plan currently offers three funds as investment options for participants.

Participants may change their investment options at any time. Each participant can direct the investment of all contributions to any of the investment options offered by the Plan and may request the transfer of assets resulting from those contributions between such investment options.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Payment of Benefits

On death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive as a distribution from his or her account the value of their account in installments, as a joint or survivor annuity, or in a lump sum payment.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through October 15, 2014, which is the date the financial statements were available to be released.

Investments

The Plan's investments are held by Wells Fargo Bank, N.A. (Custodian). The Plan is administered by Wells Fargo Bank, N.A. who allocates Plan assets to the individual accounts of each participant as directed by the participant.

Investments are stated at fair value. The fair value of mutual fund investments is based on quoted market prices of national securities exchanges which represent the net asset values of the shares held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the investment contract, as determined by Wells Fargo, N.A., represents contributions made under the contract plus earnings at the contract rate (1.36% in 2013 and 0.94% in 2012), less participant withdrawals and administrative expenses. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. The net appreciation in the fair value of investments includes realized and unrealized gains and losses of investments by the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Benefits and Administrative Expenses

Benefits are recorded when paid.

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan's sponsor and therefore, are not included in the accompanying statement of changes in net assets available for benefits.

(2) Investments (Unaudited)

The Plan's investments are held by Wells Fargo Bank, N.A. (Custodian) in trust funds. The following information has been certified as complete and accurate by the Custodian. Investments that represent 5% or more of the Plan's net assets are separately identified.

(3) Fair Value Measurements (Unaudited)

The fair values of the Plan's investments have been determined by Wells Fargo and reported in the accompanying statement of net assets available for benefit as follows:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2013:			
Mutual funds	$4,232,119	4,232,119	-
Investment contract	1,064,591	-	1,064,591
	$5,296,710	4,232,119	1,064,591
December 31, 2012:			
Mutual funds	$3,750,424	3,750,424	-
Investment contract	1,165,417	-	1,165,417
	$4,915,841	3,750,424	1,165,417

(3) Fair Value Measurements (Unaudited), continued

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non-active markets and Level 3 inputs consist of other valuation techniques which have the lowest priority. The Plan uses appropriate valuation techniques based on the availability inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The investment contract is not actively traded and significant other observable inputs are not available. Thus, the fair value of the investment contracts is determined by Wells Fargo, N.A. by discounting the related cash flows based on current yields or similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following tables provide further details of the Level 3 fair value measurements for the investment contract.

	2013	2012
Beginning balance	$1,165,417	1,399,616
Transfers	-	-
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	10,351	12,801
Purchases, sales, issuances and settlements:		
Purchases	440,344	605,101
Sales	(551,521)	(852,101)
Issuances	-	-
Settlements	-	-
Ending balance	$1,064,591	1,165,417

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2013 and 2012 are reported in net appreciation in fair value of investments.

(4) Federal Income Taxes

The Plan uses a prototype plan document sponsored by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. received a determination letter on March 31, 2008 in which the Internal Revenue Service stated that the prototype document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan files a U.S. Federal informational return which for years subsequent to 2009 are subject to examination by taxing authorities. If the Plan were to incur interest and penalties on the informational return, they would be paid by the Plan Sponsor.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level or risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(7) Reconciliation to Form 5500

The Plan's investment contract is reported in the Form 5500 at fair value. The financial statements reflect this investment at fair value with an adjustment from fair value to contract value. The following is a reconciliation of net assets as of December 31, 2013 and 2012 per the financial statements to the Form 5500:

	2013	2012
Net assets per Form 5500	$5,296,710	4,915,841
Add: employer contribution receivable	237	20,680
Add: adjustment from fair value to contract value for fully benefit - responsive investment contract	8,517	33,797
Net assets per financial statements	$5,305,464	4,970,318

The following is a reconciliation of the net increase in net assets for the years ended December 31, 2013 and 2012 per the financial statements to the Form 5500:

	2013	2012
Net increase per Form 5500	$ 380,869	524,728
Deduct: change in employer contribution receivable	(20,443)	-
Deduct: change in adjustment from fair value to contract value for fully benefit-responsive investment contract	(25,280)	(2,593)
Net increase per financial statements	$ 335,146	522,135

(8) Contribution Receivable

For the year ended December 31, 2013, there were certain employees where the authorized salary reduction amount was inadvertantly not withheld from their paycheck. The Company has decided to make a corrective contribution to the Plan for those employees and a contribution receivable of $237 as of December 31, 2013 has been recorded to reflect this corrective contribution.

During 2011, the Company determined that certain employees who were eligible to participate in the Plan were not notified that they were eligible. Therefore, the Company decided to make a corrective contribution to the Plan for the elective deferral contributions for those employees. A contribution receivable of $20,680 as of December 31, 2011 had been recorded to reflect this corrective contribution. This amount was not paid as of December 31, 2012, and was therefore still a receivable to the Plan. The amount was paid as of December 31, 2013.

(9) Party-In-Interest Transactions

Wells Fargo Bank, N.A. is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment administrative services amounted to $13,612 and $11,885 for the years ended December 31, 2013 and 2012, respectively.

Notes to Financial Statements

December 31, 2013 and 2012

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Standard Forwarding, LLC Union Employees 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Standard Forwarding, LLC Union Employees 401(k) Savings Plan (the "Plan") is a defined contribution plan covering substantially all union employees of Standard Forwarding, LLC (the "Company") who have completed three months of service and reached 21 years of age. The Company controls and manages the operation and administration of the Plan. Wells Fargo Bank Iowa, N.A. ("Wells Fargo") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of pre-tax annual compensation (subject to federal limitations) in the form of a salary reduction. Employee contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

The Company does not make any contributions to the Plan (see note 8).

Participant Accounts

Each participant's account is credited with the participant's contributions, and Plan earnings, and charged with the participant's withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Participant–Directed Investments

Upon enrollment in the Plan, participants may direct their contributions in 5% increments into various investment options offered by the Plan. The Plan currently offers three funds as investment options for participants.

Participants may change their investment options at any time. Each participant can direct the investment of all contributions to any of the investment options offered by the Plan and may request the transfer of assets resulting from those contributions between such investment options.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Payment of Benefits

On death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive as a distribution from his or her account the value of their account in installments, as a joint or survivor annuity, or in a lump sum payment.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through October 15, 2014, which is the date the financial statements were available to be released.

Investments

The Plan's investments are held by Wells Fargo Bank, N.A. (Custodian). The Plan is administered by Wells Fargo Bank, N.A. who allocates Plan assets to the individual accounts of each participant as directed by the participant.

Investments are stated at fair value. The fair value of mutual fund investments is based on quoted market prices of national securities exchanges which represent the net asset values of the shares held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the investment contract, as determined by Wells Fargo, N.A., represents contributions made under the contract plus earnings at the contract rate (1.36% in 2013 and 0.94% in 2012), less participant withdrawals and administrative expenses. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. The net appreciation in the fair value of investments includes realized and unrealized gains and losses of investments by the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Benefits and Administrative Expenses

Benefits are recorded when paid.

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan's sponsor and therefore, are not included in the accompanying statement of changes in net assets available for benefits.

(2) Investments (Unaudited)

The Plan's investments are held by Wells Fargo Bank, N.A. (Custodian) in trust funds. The following information has been certified as complete and accurate by the Custodian. Investments that represent 5% or more of the Plan's net assets are separately identified.

(3) Fair Value Measurements (Unaudited)

The fair values of the Plan's investments have been determined by Wells Fargo and reported in the accompanying statement of net assets available for benefit as follows:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2013:			
Mutual funds	$4,232,119	4,232,119	-

	$4,915,841	3,750,424	1,165,417

(3) Fair Value Measurements (Unaudited), continued

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non-active markets and Level 3 inputs consist of other valuation techniques which have the lowest priority. The Plan uses appropriate valuation techniques based on the availability inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The investment contract is not actively traded and significant other observable inputs are not available. Thus, the fair value of the investment contracts is determined by Wells Fargo, N.A. by discounting the related cash flows based on current yields or similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following tables provide further details of the Level 3 fair value measurements for the investment contract.

	2013	2012
Beginning balance	$1,165,417	1,399,616
Transfers	-	-
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	10,351	12,801
Purchases, sales, issuances and settlements:		
Purchases	440,344	605,101
Sales	(551,521)	(852,101)
Issuances	-	-
Settlements	-	-
Ending balance	$1,064,591	1,165,417

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2013 and 2012 are reported in net appreciation in fair value of investments.

(4) Federal Income Taxes

The Plan uses a prototype plan document sponsored by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. received a determination letter on March 31, 2008 in which the Internal Revenue Service stated that the prototype document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan files a U.S. Federal informational return which for years subsequent to 2009 are subject to examination by taxing authorities. If the Plan were to incur interest and penalties on the informational return, they would be paid by the Plan Sponsor.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. (7) Reconciliation to Form 5500

The Plan's investment contract is reported in the Form 5500 at fair value. The financial statements reflect this investment at fair value with an adjustment from fair value to contract value. Net increase per financial statements	$ 335,146	522,135

(8) Contribution Receivable

For the year ended December 31, 2013, there were certain employees where the authorized salary reduction amount was inadvertantly not withheld from their paycheck. The Company has decided to make a corrective contribution to the Plan for those employees and a contribution receivable of $237 as of December 31, 2013 has been recorded to reflect this corrective contribution.

During 2011, the Company determined that certain employees who were eligible to participate in the Plan were not notified that they were eligible. Therefore, the Company decided to make a corrective contribution to the Plan for the elective deferral contributions for those employees. A contribution receivable of $20,680 as of December 31, 2011 had been recorded to reflect this corrective contribution. This amount was not paid as of December 31, 2012, and was therefore still a receivable to the Plan. The amount was paid as of December 31, 2013.

(9) Party-In-Interest Transactions

Wells Fargo Bank, N.A. is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment administrative services amounted to $13,612 and $11,885 for the years ended December 31, 2013 and 2012, respectively.

Notes to Financial Statements

December 31, 2013 and 2012

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Standard Forwarding, LLC Union Employees 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Standard Forwarding, LLC Union Employees 401(k) Savings Plan (the "Plan") is a defined contribution plan covering substantially all union employees of Standard Forwarding, LLC (the "Company") who have completed three months of service and reached 21 years of age. The Company controls and manages the operation and administration of the Plan. Wells Fargo Bank Iowa, N.A. ("Wells Fargo") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of pre-tax annual compensation (subject to federal limitations) in the form of a salary reduction. Employee contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

The Company does not make any contributions to the Plan (see note 8).

Participant Accounts

Each participant's account is credited with the participant's contributions, and Plan earnings, and charged with the participant's withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Participant–Directed Investments

Upon enrollment in the Plan, participants may direct their contributions in 5% increments into various investment options offered by the Plan. The Plan currently offers three funds as investment options for participants.

Participants may change their investment options at any time. Each participant can direct the investment of all contributions to any of the investment options offered by the Plan and may request the transfer of assets resulting from those contributions between such investment options.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Payment of Benefits

On death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive as a distribution from his or her account the value of their account in installments, as a joint or survivor annuity, or in a lump sum payment.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through October 15, 2014, which is the date the financial statements were available to be released.

Investments

The Plan's investments are held by Wells Fargo Bank, N.A. (Custodian). The Plan is administered by Wells Fargo Bank, N.A. who allocates Plan assets to the individual accounts of each participant as directed by the participant.

Investments are stated at fair value. The fair value of mutual fund investments is based on quoted market prices of national securities exchanges which represent the net asset values of the shares held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the investment contract, as determined by Wells Fargo, N.A., represents contributions made under the contract plus earnings at the contract rate (1.36% in 2013 and 0.94% in 2012), less participant withdrawals and administrative expenses. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. The net appreciation in the fair value of investments includes realized and unrealized gains and losses of investments by the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Benefits and Administrative Expenses

Benefits are recorded when paid.

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan's sponsor and therefore, are not included in the accompanying statement of changes in net assets available for benefits.

(2) Investments (Unaudited)

The Plan's investments are held by Wells Fargo Bank, N.A. (Custodian) in trust funds. The following information has been certified as complete and accurate by the Custodian. Investments that represent 5% or more of the Plan's net assets are separately identified.

The contract value of the Stable Return Fund was $1,073,108 and $1,199,214 at December 31, 2013 and 2012, respectively.

	2013	2012
Investment income:		
Net appreciation in fair value of investments	$906,414	439,445
Interest and dividends	32,237	48,548
	$938,651	487,993

During 2013 and 2012, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $906,414 in 2013 and $439,445 in 2012.

(3) Fair Value Measurements (Unaudited)

The fair values of the Plan's investments have been determined by Wells Fargo and reported in the accompanying statement of net assets available for benefit as follows:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2013:			
Mutual funds	$4,232,119	4,232,119	-
Investment contract	1,064,591	-	1,064,591
	$5,296,710	4,232,119	1,064,591
December 31, 2012:			
Mutual funds	$3,750,424	3,750,424	-
Investment contract	1,165,417	-	1,165,417
	$4,915,841	3,750,424	1,165,417

(3) Fair Value Measurements (Unaudited), continued

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non-active markets and Level 3 inputs consist of other valuation techniques which have the lowest priority. The Plan uses appropriate valuation techniques based on the availability inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The investment contract is not actively traded and significant other observable inputs are not available. Thus, the fair value of the investment contracts is determined by Wells Fargo, N.A. by discounting the related cash flows based on current yields or similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following tables provide further details of the Level 3 fair value measurements for the investment contract.

	2013	2012
Beginning balance	$1,165,417	1,399,616
Transfers	-	-
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	10,351	12,801
Purchases, sales, issuances and settlements:		
Purchases	440,344	605,101
Sales	(551,521)	(852,101)
Issuances	-	-
Settlements	-	-
Ending balance	$1,064,591	1,165,417

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2013 and 2012 are reported in net appreciation in fair value of investments.

(4) Federal Income Taxes

The Plan uses a prototype plan document sponsored by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. received a determination letter on March 31, 2008 in which the Internal Revenue Service stated that the prototype document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan files a U.S. Federal informational return which for years subsequent to 2009 are subject to examination by taxing authorities. If the Plan were to incur interest and penalties on the informational return, they would be paid by the Plan Sponsor.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level or risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(7) Reconciliation to Form 5500

The Plan's investment contract is reported in the Form 5500 at fair value. The financial statements reflect this investment at fair value with an adjustment from fair value to contract value. The following is a reconciliation of net assets as of December 31, 2013 and 2012 per the financial statements to the Form 5500:

	2013	2012

Deduct: change in adjustment from fair value to contract value for fully benefit-responsive investment contract	(25,280)	(2,593)
Net increase per financial statements	$ 335,146	522,135

(8) Contribution Receivable

For the year ended December 31, 2013, there were certain employees where the authorized salary reduction amount was inadvertantly not withheld from their paycheck. The Company has decided to make a corrective contribution to the Plan for those employees and a contribution receivable of $237 as of December 31, 2013 has been recorded to reflect this corrective contribution.

During 2011, the Company determined that certain employees who were eligible to participate in the Plan were not notified that they were eligible. Therefore, the Company decided to make a corrective contribution to the Plan for the elective deferral contributions for those employees. A contribution receivable of $20,680 as of December 31, 2011 had been recorded to reflect this corrective contribution. This amount was not paid as of December 31, 2012, and was therefore still a receivable to the Plan. The amount was paid as of December 31, 2013.

(9) Party-In-Interest Transactions

Wells Fargo Bank, N.A. is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment administrative services amounted to $13,612 and $11,885 for the years ended December 31, 2013 and 2012, respectively.
