General

The Plan is a defined contribution plan covering full-time eligible employees of GateHouse Media, Inc. (the Company) who are at least 21 years old and have completed one month of service as defined in the Plan document. Eligible employees may participate in the Plan on the first day of the month meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On September 27, 2013, the Company and certain of its subsidiaries commenced voluntary Chapter 11 proceedings under the United States Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware. On November 6, 2013, the Company emerged from Chapter 11 protection.

Effective January 1, 2014, the sponsorship of the Plan transferred to New Media Investment Group, Inc. and the Plan was renamed the New Media Investment Group, Inc. Retirement Savings Plan.

Administration

The Plan was administered by the GateHouse Media 401(k) Investment Committee, until January 1, 2014. Effective January 1, 2014, the Plan is administered by the New Media Investment Group, Inc. 401(k) Retirement Committee.

Certain employees covered under collective bargaining agreements (CBA) are eligible to receive a collective bargaining special matching contribution as defined in the CBA if the employee meets the eligibility requirements as defined.

The Company may also make discretionary employer contributions. During 2013 and 2012, the Company made a discretionary employer matching contribution equal to 25% of employee pre-tax contributions up to 6% of eligible compensation.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Note 1 Description of Plan - Continued

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Vesting

Participants are 100% vested in their voluntary contributions account, rollover contributions account, employer qualified profit sharing contributions account, employer qualified matching contributions account, prior plan contributions account and profit sharing contributions account plus actual earnings thereon. A participant vests in their employer match contributions account, employer discretionary contributions account and employer special contributions account, as defined in the Plan document, based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less Than 1 Year	0%
1 Year	20%
2 Years	40%
3 Years	60%
4 Years	80%
5 or More Years	100%

In the event of death, disability or retirement at designated ages, the participants become fully vested.

Forfeitures

Forfeitures of matching contributions may be used to reduce Company contributions made to the Plan or to pay recordkeeping administrative expenses.

At December 31, 2013 and 2012, forfeited non-vested account balances totaled \$186,350 and \$100,433, respectively.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Note 1 Description of Plan - Continued

Administrative Expenses

Administrative expenses can be paid by the Company or the Plan.

Administrative Budget Account

The Plan has an administrative budget account which is a suspense account funded with excess revenue generated by the Plan. These funds may be used to pay Plan expenses or be distributed to each participant. The excess revenue earned by the Plan in 2013 is included in other income on the statement of changes in net assets available to benefits. During 2013, \$121,183 of Plan expenses were paid from the administrative budget account. The balance in the account as of December 31, 2013 and 2012 was \$35,680 and \$26,758, respectively.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 less their highest outstanding loan balance from the previous 12 months or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Loans are to be repaid over a period not to exceed five years, or longer for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement at age 59½, disability, death and termination for those participants who are eligible to receive such benefits. A participant who separates from service shall be eligible to receive a lump sum distribution of the participant's vested account balance.

Withdrawals for hardship are permitted by the Plan, provided that the participant is still employed by the Company at that time.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The statements of net assets available for benefits present the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

NEW MEDIA INVESTMENT GROUP, INC.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

Note 2 Summary of Significant Accounting Policies - Continued

The average yields earned by the investment contract are as follows:

	<u>2013</u>	<u>2012</u>
Average Yields:		
Based on Actual Earnings	2.06%	2.36%
Based on Interest Rate Credited to Participants	2.29%	2.45%

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 15, 2014, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for investments in securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3 Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NEW MEDIA INVESTMENT GROUP, INC.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Note 3 Investment Valuation and Income Recognition - Continued

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds: These investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust: Valued at NAV based on the underlying assets of the trust. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust at year end. There are no restrictions on redemptions of this investment.

NOTES TO FINANCIAL STATEMENTS **DECEMBER 31, 2013 AND 2012**

Note 3 Investment Valuation and Income Recognition - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

<u>Investments at Fair Value as of December 31, 2013</u>

Note 5 Certified Information

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified to the completeness and accuracy of the following information:

- Investments and notes receivable from participants on the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012.
- Net appreciation in fair value of investments, interest and dividends, other income and interest on notes receivable from participants on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013.
- Investments and participant loans on the Schedule of Assets (Held at End of Year) as of December 31, 2013.

Note 6 Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 28, 2011 that the Plan and the related trust, as then designed were in compliance with the applicable regulations of the Internal Revenue Code (IRC). The Company and Plan's legal counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Note 6 **Tax Status - Continued**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 7 **Party-in-Interest Transactions**

Certain Plan investments are shares of mutual funds and a common/collective trust managed by T. Rowe Price Trust Company (T. Rowe Price). T. Rowe Price is the trustee and therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Note 8 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

Note 9 **Excess Contributions**

At December 31, 2013 and 2012, the Plan has recorded a liability of \$157,538 and \$153,012, respectively, for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed under the IRC.

Note 10 **Prohibited Transactions**

During 2013, 2012, 2011 and 2010, the Company failed to deposit \$682,245, \$944,711, \$1,638,589, and \$3,742,489, respectively, of participant deferrals within the required time frame as stated by the United States Department of Labor (DOL). In addition, the Company failed to remit \$111,239, \$158,309, \$330,832, and \$686,060 of participant loan repayments during 2013, 2012, 2011 and 2010, respectively, in a timely manner. The DOL considers late deposits to be prohibited transactions. Delinquent participant deferrals are subject to excise tax penalties. The Plan sponsor will file Form 5330 and pay the applicable excise tax and lost earnings to participants for the 2013, 2012, 2011 and 2010 prohibited transactions.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2013 and schedule of delinquent participant contributions for the year ended December 31, 2013, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis but are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

General

The Plan is a defined contribution plan covering full-time eligible employees of GateHouse Media, Inc. (the Company) who are at least 21 years old and have completed one month of service as defined in the Plan document. Eligible employees may participate in the Plan on the first day of the month meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On September 27, 2013, the Company and certain of its subsidiaries commenced voluntary Chapter 11 proceedings under the United States Bankruptcy Code in the United States Bankruptcy Court for the District of Delaware. On November 6, 2013, the Company emerged from Chapter 11 protection.

Effective January 1, 2014, the sponsorship of the Plan transferred to New Media Investment Group, Inc. and the Plan was renamed the New Media Investment Group, Inc. Retirement Savings Plan.

Administration

The Plan was administered by the GateHouse Media 401(k) Investment Committee, until January 1, 2014. Effective January 1, 2014, the Plan is administered by the New Media Investment Group, Inc. 401(k) Retirement Committee.

Certain employees covered under collective bargaining agreements (CBA) are eligible to receive a collective bargaining special matching contribution as defined in the CBA if the employee meets the eligibility requirements as defined.

The Company may also make discretionary employer contributions. During 2013 and 2012, the Company made a discretionary employer matching contribution equal to 25% of employee pre-tax contributions up to 6% of eligible compensation.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Note 1 Description of Plan - Continued

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Vesting

Participants are 100% vested in their voluntary contributions account, rollover contributions account, employer qualified profit sharing contributions account, employer qualified matching contributions account, prior plan contributions account and profit sharing contributions account plus actual earnings thereon. A participant vests in their employer match contributions account, employer discretionary contributions account and employer special contributions account, as defined in the Plan document, based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less Than 1 Year	0%
1 Year	20%
2 Years	40%
3 Years	60%
4 Years	80%
5 or More Years	100%

In the event of death, disability or retirement at designated ages, the participants become fully vested.

Forfeitures

Forfeitures of matching contributions may be used to reduce Company contributions made to the Plan or to pay recordkeeping administrative expenses.

At December 31, 2013 and 2012, forfeited non-vested account balances totaled \$186,350 and \$100,433, respectively.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Note 1 Description of Plan - Continued

Administrative Expenses

Administrative expenses can be paid by the Company or the Plan.

Administrative Budget Account

The Plan has an administrative budget account which is a suspense account funded with excess revenue generated by the Plan. These funds may be used to pay Plan expenses or be distributed to each participant. The excess revenue earned by the Plan in 2013 is included in other income on the statement of changes in net assets available to benefits. During 2013, \$121,183 of Plan expenses were paid from the administrative budget account. The balance in the account as of December 31, 2013 and 2012 was \$35,680 and \$26,758, respectively.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 less their highest outstanding loan balance from the previous 12 months or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Loans are to be repaid over a period not to exceed five years, or longer for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement at age 59½, disability, death and termination for those participants who are eligible to receive such benefits. A participant who separates from service shall be eligible to receive a lump sum distribution of the participant's vested account balance.

Withdrawals for hardship are permitted by the Plan, provided that the participant is still employed by the Company at that time.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The statements of net assets available for benefits present the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

Note 2 Summary of Significant Accounting Policies - Continued

The average yields earned by the investment contract are as follows:

	<u>2013</u>	<u>2012</u>
Average Yields:		
Based on Actual Earnings	2.06%	2.36%
Based on Interest Rate Credited to Participants	2.29%	2.45%

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 15, 2014, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for investments in securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3 Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NEW MEDIA INVESTMENT GROUP, INC.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

Note 3 Investment Valuation and Income Recognition - Continued

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds: These investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust: Valued at NAV based on the underlying assets of the trust. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust at year end. There are no restrictions on redemptions of this investment.

DECEMBER 31, 2013 AND 2012

Note 3 Investment Valuation and Income Recognition - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

<u>Investments at Fair Value as of December 31, 2013</u>

Note 5 Certified Information

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified to the completeness and accuracy of the following information:

- Investments and notes receivable from participants on the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012.
- Net appreciation in fair value of investments, interest and dividends, other income and interest on notes receivable from participants on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013.
- Investments and participant loans on the Schedule of Assets (Held at End of Year) as of December 31, 2013.

Note 6 Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 28, 2011 that the Plan and the related trust, as then designed were in compliance with the applicable regulations of the Internal Revenue Code (IRC). The Company and Plan's legal counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt.

NEW MEDIA INVESTMENT GROUP, INC.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2013 AND 2012

Note 6 **Tax Status - Continued**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 7 **Party-in-Interest Transactions**

Certain Plan investments are shares of mutual funds and a common/collective trust managed by T. Rowe Price Trust Company (T. Rowe Price). T. Rowe Price is the trustee and therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Note 8 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

Note 9 **Excess Contributions**

At December 31, 2013 and 2012, the Plan has recorded a liability of \$157,538 and \$153,012, respectively, for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed under the IRC.

Note 10 **Prohibited Transactions**

During 2013, 2012, 2011 and 2010, the Company failed to deposit \$682,245, \$944,711, \$1,638,589, and \$3,742,489, respectively, of participant deferrals within the required time frame as stated by the United States Department of Labor (DOL). In addition, the Company failed to remit \$111,239, \$158,309, \$330,832, and \$686,060 of participant loan repayments during 2013, 2012, 2011 and 2010, respectively, in a timely manner. The DOL considers late deposits to be prohibited transactions. Delinquent participant deferrals are subject to excise tax penalties. The Plan sponsor will file Form 5330 and pay the applicable excise tax and lost earnings to participants for the 2013, 2012, 2011 and 2010 prohibited transactions.
