NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 1 - DESCRIPTION OF THE PLAN

General

The following brief description of the Money Purchase Pension Plan For Employees of Allen Memorial Hospital (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. A copy of the plan agreement may be obtained from the plan administrator. The Plan is sponsored by Allen Medical Center (the Plan Sponsor), which pays administrative expenses of the Plan, except for trustee fees.

The Hospital has adopted the Plan to reward eligible employees for long and loyal service by providing them with retirement benefits. The Plan is a defined contribution plan which provides benefits for employees who have completed one year of service (at least 1,000 hours worked) and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

For each year that an employee is an eligible participant in the Plan, the Hospital will contribute an amount equal to 5% of the participant's eligible compensation as defined by the Plan. The participant can direct the Hospital contribution to various fund options offered by the Plan in increments of 5%. The Plan has met ERISA minimum funding requirements.

Participant Accounts

Each participant's account is credited with an allocation of the Hospital's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants direct the investment of their contributions and those made by the Company into various investment options offered by the Plan. The Plan currently offers eighteen funds as investment options for participants.

Vesting

Employer contributions plus actual earnings vest at a graduated rate from two to six years of credited service. Participant rollovers are immediately vested. Upon termination of service, a participant may elect to receive a lump sum amount equal to the vested value of his or her account. Participants who terminate employment before becoming fully vested forfeit the unvested balance of their account. Forfeited amounts are used to reduce future Hospital contributions. Employer contributions for the years ended December 31, 2013 and 2012 are net of \$85,248 and \$-0- in forfeitures applied. Cumulative unallocated forfeited amounts for the years ended December 31, 2013 and 2012 are \$5 and \$54,496.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Plan Termination

The Hospital currently has an intention to potentially terminate the Plan in 2014 or 2015. The Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the entire balance of each participant's account shall become fully vested.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in conformity with generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments

All of the Plan's investments are held by MetLife and are stated at fair value. Underlying assets of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Money market funds are valued at \$1 per share. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Distributions

Benefit distributions are recorded and expensed when paid to participants.

Administrative Services

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees for administrative services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INVESTMENTS

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2013 and 2012, net appreciation in fair value of investments, and interest income for the years ended December 31, 2013 and 2012, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MetLife, the trustee of the account.

During 2013, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated in fair value as determined by quoted market prices as follows:

Mutual Funds \$ 495,457

Investments that represent 5% or more of the fair value of the Plan's net assets are as follows:

	December 31,	
	<u>2013</u>	<u>2012</u>
American Funds Europe	\$ 102,794	\$ 306,593
American Funds Growth	238,089	625,489
Pimco Total Return	385,420	1,024,833
SSgA Money Market	545,451	1,094,922
American Beacon Large Cap Value	203,425	545,194

NOTE 4 - INCOME TAX STATUS

The Internal Revenue Service has determined that the Plan meets the requirements of Section 401 (a) of the Internal Revenue Code (the Code) and is exempt from federal income tax under Section 501(a) of the Code.

The Plan is included in a volume submitted determination letter dated July 27, 2005 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by MetLife as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting with Disclosure under the Employee Retirement Income Security Act of 1974.

The information included in the Schedule of Assets was certified by MetLife.

NOTE 7 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board *Statement Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

MONEY PURCHASE PENSION PLAN FOR
EMPLOYEES OF ALLEN MEMORIAL HOSPITAL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 7 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at a net asset value of \$1 per share.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
