INDEPENDENT AUDITORS' REPORT

October 15, 2014

Advisory Committee of
B&W Quality Growers, Inc. Savings Plan
7798 County Road 512
Fellsmere, Florida 32958

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of *B&W Quality Growers, Inc. Savings Plan* (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information referred to in Note 2, which was certified by The Lincoln National Life Insurance Company ("Lincoln"), Massachusetts Mutual Life Insurance Company ("MassMutual") and The Hartford Life Insurance Company ("Hartford"), the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that Lincoln held the Plan's investment assets and executed investment transactions from June 12, 2013, to December 31, 2013, and that MassMutual held the Plan's investment assets and executed investment transactions for the period January 1, 2013 through June 11, 2013 and that Hartford held the Plan's investment assets as of December 31, 2012. The Plan Administrator has obtained certifications from the custodians as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter — Supplemental Schedule

The December 31, 2013 supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

B&W QUALITY GROWERS, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *B&W Quality Growers, Inc. Savings Plan* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of B&W Quality Growers, Inc. (the "Company") who have worked at least one year for the Company and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute up to 75% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes 100% of the first 3% of the participants' compensation contributed, and 50% of the next 2% of the participants' compensation contributed. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers an investment contract and pooled separate accounts as investment options for participants. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Contributions received from participants for 2013 are net of payments of $1,928 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The Plan reimbursed these excess deferral contributions to the participants in 2014. This amount is recognized in the Plan's 2013 statement of net assets available for benefits as "excess contributions payable."

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution and an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions plus actual earnings thereon. Vesting in the Company matching contributions is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. The notes receivable are secured by the balance in the participant's account and bear interest at the rate of 4.25%, which is commensurate with local prevailing rates at the time the notes are issued, as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. For termination of service or for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or may elect to postpone distribution until the required beginning date when the participant reaches the age of 70½. In-service withdrawals of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals of active participants' elective contributions and rollover contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts are used to pay Plan expenses then to offset employer's contribution. Forfeitures remaining after offset of nonelective contributions are held in suspense and offset future contributions. At December 31, 2013 and 2012, forfeited nonvested accounts totaled $145. These accounts will be used to reduce future employer contributions.

Administrative Expenses

The Plan's administrative expenses, including an allocation of salaries related to Plan administration, and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for asset fees, loan fees, and fees related to certain distribution types.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. The statement of changes in net assets available for benefits is

prepared on a contract value basis. At December 31, 2013, fair value approximates contract value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in aggregate fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation in the fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2013, the most recent statement of net assets available for benefits presented herein, through October 15, 2014, the date these financial statements were available to be issued. No such significant events or transactions were identified.

NOTES TO FINANCIAL STATEMENTS

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Lincoln National Life Insurance Company ("Lincoln") as current custodian, and Massachusetts Mutual Life Insurance Company ("MassMutual") and The Hartford Life Insurance Company ("Hartford"), as prior custodians, have certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, (2) the December 31, 2013, schedule of assets (held at end of year), (3) the changes in fair value of the Plan's Level 3 assets in Note 3, (4) the related investment activity reflected in the statement of changes in net assets available for benefits during 2013, (4) the information presented below and in Note 4.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. The description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: These investments are valued using the net asset value ("NAV") of units held by the Plan at year-end as provided by Lincoln and Hartford and are classified as Level 2. The NAV is based on the fair value of the underlying assets owned by the account net of investment management fees.

NOTES TO FINANCIAL STATEMENTS

Investment contract with insurance company: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, Plan management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate). Such instruments are classified as Level 3 (see Note 4).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2013	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
Balanced funds	$ -	$ 825,429	$ -	$ 825,429

NOTES TO FINANCIAL STATEMENTS

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2013:

	Investment Contracts with an Insurance Company
Balance, beginning of year	$ -
Interest income	2,869
Purchases	250,462
Sales	(3,500)
Balance, end of year	**$ 249,831**
The amount of total gains or losses for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date.	$ 88

The following table sets forth the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs at December 31, 2013:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Weighted Average and/or Range of Significant Input Values
Investment contracts with an insurance company	$ 249,831	Discounted cash flow	Risk adjusted discount rate	0% - 3.0%

In estimating fair value of the investments in Level 3, Plan management utilizes third-party pricing sources. In substantiating the reasonableness of the pricing data provided by third parties, Plan management evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

The following is a description of the investment strategies for pooled separate accounts at December 31, 2013, and 2012:

G*rowth funds:* These funds include investments that seek to provide long-term capital growth, current income, or capital appreciation by investing primarily in the equity securities of mid to large-sized companies, short-term investments using index funds, and stocks of companies contained in the S&P 500 stock index and are perceived by the manager to have excellent growth potential.

Index funds: These funds include investments that seek to achieve approximately the same return as a particular market index, such as the S&P 500 Composite Stock Price Index, the Russell 2000 Index or the Wilshire 5000 Total Market Index. An index fund will attempt to achieve its investment objective primarily by investing in the securities (stocks or bonds) of companies that are included in a selected index.

Fixed income funds: These funds include investments that seek to provide income by investing in intermediate and long-term bonds issued by corporations, the U.S. government and its agencies.

Balanced funds: These funds include investments that seek to provide long-term capital appreciation and reasonable current income by investing in corporate bonds and stocks of medium and large-sized companies.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2013, the Plan entered into certain fully benefit-responsive investment contracts with The Lincoln National Life Insurance Company ("Lincoln"). Lincoln maintains contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by Lincoln. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their

NOTES TO FINANCIAL STATEMENTS

investment at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 1, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts; however, the contracts are included in the 2013 statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. The fair value of the investment contracts approximated contract value at December 31, 2013.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero. Such interest rates are reviewed on a quarterly basis for resetting. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the issuer on a year-by-year basis on March 1. The average yield of the guaranteed investment contracts was approximately 2.60% for 2013. The average crediting interest rate to participants for the guaranteed investment contracts was 1.50% for 2013.

Certain events, limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan's documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreements prior to the scheduled maturity date unless certain conditions exist. No such conditions existed as of December 31, 2013.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Lincoln National Life Insurance Company ("Lincoln") and Massachusetts Mutual Life Insurance Company ("MassMutual"). Lincoln and MassMutual are the custodians of the Plan and, therefore, these transactions qualify as party-in-interest. Fees for record keeping and custodial services paid by the Plan to Lincoln total $7,269 in 2013. No fees for record keeping and custodial services were paid by the Plan to MassMutual in 2013. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTES TO FINANCIAL STATEMENTS

6. INCOME TAX STATUS

The Company's Board of Directors adopted the PDS Advantage Volume Submitter 401(k) Savings/PS plan document. The Plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

8. RISKS AND UNCERTAINTIES

The Plan invests in investment contracts and pooled separate accounts with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
