NOTE A - DESCRIPTION OF PLAN

The following description of the Greenway Ford (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a single employer, defined contribution plan, covering all eligible employees of Greenway Ford, Inc., and its adopting employers which include all of the stores under its common ownership. The basic plan entry requirements include completion of 90 days of service and an age requirement of at least 19 years of age. Eligible employees are automatically enrolled in the plan on the first day of the month after meeting eligibility criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of their compensation (minimum of 1%) to the Plan on a pre-tax basis through elective salary deferrals; however, annual contributions may not exceed the maximum allowed under the Internal Revenue Code in any calendar year. The Plan contains an automatic enrollment feature in which eligible employees are automatically enrolled to defer 2% of pay, unless they complete an elective deferral agreement specifically opting out or electing to defer at a different percentage. The employer match was discontinued through an amendment to the Plan as of February 28, 2009. A discretionary contribution may be made for each plan year in an amount determined by the plan sponsor and allocated as of the last day of the plan year using an annual pay allocation formula. There was no discretionary contribution for 2013.

Investment Options

The Plan is invested in a group annuity contract consisting of pooled separate accounts. The underlying investments are primarily stocks, bonds, and mutual funds. The Plan also has a General Insurance Contract which provides for a guaranteed interest rate for a specified period of time. All interest rates credited to this account during the 12-month deposit year are averaged into a single composite rate. The guaranteed interest accounts are not considered benefit responsive.

Participants are permitted to direct the plan administrators as to respective percentages of their account balances to be invested. They are also permitted to change those percentages; and to direct the plan administrators to transfer a percentage of their accounts invested in the various accounts in the annuity contract. These balances can come from elective deferral contributions, participant and rollover contributions, and other contributions.

NOTE A - DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of Plan earnings or losses. The participant accounts are also charged with a portion of the administrative expenses of the Plan. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 0% vested until two years of service is completed and then participants are 100% vested.

Notes Receivable from Participants

The Plan allows participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with similar loans from commercial lending institutions. At December 31, 2013, outstanding loans bore interest rates ranging from 4.25% to 6.00%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to retirement, attainment of age 59 ½, termination of employment, death, or disability, the participant's account may be distributed to the participant or beneficiary (in the event of the participant's death) through the payment of installments over a fixed period of time or in payment of a lump sum. Also, under certain hardship circumstances, a participant may withdraw a portion of the amounts credited to their account. Benefits are recorded when paid.

Forfeitures

An amount that a participant has lost the right to is called a forfeiture. Amounts forfeited may be used to offset employer contributions and to pay plan expenses. At December 31, 2013 and 2012, forfeited, non-vested accounts totaled $804 and $640, respectively.

Administrative Expenses

The administrative expenses of the plan are paid for in part by the Plan through charges to the participant accounts and in part by the plan sponsor directly. For the year ended December 31, 2013 total plan expenses charged to participant accounts were $37,169.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America, except for the cash basis recording of benefits paid.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. The Plan's investment contract, Guaranteed Interest Contracts, are not considered benefit responsive and are reported at fair value. The guaranteed interest contracts promise contract value for a benefit event, however there is a possible market value adjustment when the funds are withdrawn prior to their maturity.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts, changes therein, and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, including the guaranteed interest contract and the pooled separate investments, are stated at fair market value which represents the net asset values held by the Plan at year-end. The change in market value from year to year for the pooled separate investments is reported as gains and losses. The Plan does not share in the realized gains of the investments, just in the change in market value. The guaranteed interest contract generates interest income for the Plan; the rate credited is the rate in effect on the day when each deposit is directed to the contract. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE C - INVESTMENTS

Principal Life Insurance Company holds the Plan's investments assets and has certified that all information pertaining to investments and investment activities included in the financial statements is complete and accurate. The certified investment information has not been audited by the independent auditors.

The following table presents investments held in the Plan, which at year end represent 5% or more of the Plan's net assets at December 31:

Investments at fair value:	**2013**	**2012**
Large Cap S&P 500 Index	$ 757,778	$ 521,261
Lifetime 2030	1,088,636	745,641
Stable Value Fund	*	379,914
International Emerging Markets	624,573	675,849
Bond and Mortgage	*	322,485
Lifetime 2050	447,181	*
Lifetime 2020	682,904	434,535
Lifetime 2040	1,134,831	756,838

*Amount represents less than 5% of net assets.

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated / (depreciated) in value as follows:

Pooled Separate Accounts	$ 1,176,783
Common Collective Investment Trusts	($ 3,260)
Registered Investment Companies	$ 24,967

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Pooled Separate Accounts

These separate accounts invest mainly in stocks, mutual funds, and fixed securities. Although the underlying investments may have level 1 pricing inputs, the net asset value of the pooled separate accounts are not publicly quoted and accordingly these investments are classified within Level 2 of the valuation hierarchy. There is one pooled separate account which is invested mainly in commercial real estate and includes mortgage loans which are backed by the associated properties. These underlying real estate investments have unobservable level 3 pricing inputs and accordingly are classified as Level 3 of the valuation hierarchy.

Guaranteed Investment Contracts

The guaranteed investment contract is a flexible investment annuity consisting of guaranteed interest accounts reported at fair value. The fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity. The contracts are classified within Level 3 of the valuation hierarchy.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Collective Investment Trust

These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2013			
	Level 1	**Level 2**	**Level 3**	**Fair Value**
Pooled separate accounts	$ -	$ 7,860,315	$ -	$ 7,860,315

NOTE E - UNAUDITED INFORMATION CERTIFIED BY CUSTODIAN

The accompanying financial statements and supplemental schedules include the following unaudited information as of December 31, 2013 and 2012 and for the year ended December 31, 2013 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian:

	2013	2012
Investments*	$ 8,351,125	$ 5,893,993
Net appreciation in fair value of investments	$ 1,198,490	
Interest and dividend income, excluding participant loans	$ 650	

* All investments are certified at fair value (participant loans are not included in certification from custodian)

NOTE F - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into an investment contract that is not considered to be fully benefit-responsive, with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

	2013	2012
Average yields:		
Based on actual earnings	0.68%	0.91%
Based on interest rate credited to participants	0.68%	0.91%

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE H - TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by an opinion letter dated March 31, 2008 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE J - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in pooled separate accounts and a guaranteed investment contract managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were $37,169 for the year ended December 31, 2013.

NOTE K - NON-EXEMPT PARTY-IN-INTEREST TRANSACTION

During the 2013 plan year there were unintentional delays by the Company in submitting participant contributions in the amount of $227 to the custodian. These delinquent contributions constitute prohibited transactions and the Company has made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.

NOTE L - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2014, the date that the financial statements were available to be issued.
