NOTE 1 – DESCRIPTION OF PLAN

The Chauvet & Sons, Inc. 401(k) Profit Sharing Plan (the "Plan") is sponsored by Chauvet & Sons, Inc. (the "Sponsor"), effective July 1, 2005, and is maintained for the exclusive benefit of its employees and their beneficiaries. The terms of the Plan permit employees to make elective contributions to the Plan out of their compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

The following is a brief description of the Plan and is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available to all participants upon request.

Plan Amendments
The Plan adoption agreement was amended and restated, effective January 1, 2013, to permit Roth elective deferrals under the Plan.

General
On January 2, 2013, the assets of the Plan were transferred from Branch Bank & Trust Company ("BB&T") to John Hancock Life Insurance Company (U.S.A) ("John Hancock"), (individually or collectively, the "Custodian").

Plan Administration
Under the terms of the Plan, the Sponsor acts as the Plan Administrator. From January 1, 2012 through January 1, 2013, BB&T was the custodian and Ascensus, Inc. was the third party administrator ("TPA"). From January 2, 2013 through December 31, 2013, the Sponsor contracted with John Hancock to serve as the custodian, John Hancock Retirement Services ("John Hancock RS") the record-keeper and National Retirement Services, Inc. as the TPA of the Plan.

Eligibility
An employee of the Sponsor is eligible for participation in the Plan if they have attained 21 years of age and completed three (3) months of service. The entry date for the Plan is the first day of the month coinciding with or the month following the date on which an employee meets the eligibility requirements.

Plan participant is eligible for employer matching and profit sharing contributions upon completion of one (1) year of service. The entry date for the Plan is the first day of the month coinciding with or the month following the date on which an employee meets the eligibility requirements.

Contributions
Each year, a participant may defer up to 100% of total compensation through periodic payroll deductions, up to contribution limits specified by the Internal Revenue Code ("IRC"). The maximum pre-tax contribution for the year ended December 31, 2013 was $17,500. In addition, participants over 50 years of age are permitted to make additional annual catch-up contributions of $5,500. A participant may change his or her contribution at any time during the year.

Roth deferrals are permitted under the terms of the Plan.

The Plan allows for automatic enrollment for new employees once they have met the Plan's eligibility requirements. Participants are automatically enrolled at a deferral rate of two percent (2%).

NOTE 1 – DESCRIPTION OF PLAN, CONTINUED

Contributions, continued
The Sponsor will contribute a discretionary matching contribution. During 2013, each participant received a discretionary matching contribution equal to 100% of the participant's salary deferrals that did not exceed 3% of the participant eligible compensation.

The Sponsor also may contribute to each participant a discretionary profit sharing contribution in addition to the employer discretionary contribution. Contributions to the Plan under the profit sharing provisions are made at the discretion of the Sponsor from the Sponsor's current or accumulated profits. Annual profit sharing contribution cannot exceed 15% of the aggregate earnings of all participants during the year or exceed maximum amounts deductible by the Sponsor under the IRC. Employer contributions and forfeitures are proportionately allocated to each participant's account based upon integration levels and on the relationship of each participant's compensation to the total compensation of all participants for such year. Profit sharing contributions were $213,155 in 2013.

Rollovers
The Plan accepts rollover contributions from eligible retirement plans.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contribution and the Plan earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their elective salary deferrals and rollover contributions when made, plus actual earnings thereon. Vesting in the Sponsor's discretionary company match and profit sharing contribution plus actual earnings thereon is vested based on years of service. A year of service is earned in each fiscal plan year in which an employee completes at least 1,000 hours of service.

Years of Service	Vesting Percentages
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant is 100% percent vested after six years of credited service, if while employed, attains the age sixty-five (65) or higher, dies or becomes disabled.

Investment Options
The Plan currently offers various mutual funds held in pooled separate accounts as investment options through a group annuity contract. Upon enrollment in the Plan, a participant may direct employee and employer contributions any of the investment options offered by the Plan. Participants have online access to their accounts and may change their investment options at any time.

NOTE 1 – DESCRIPTION OF PLAN, CONTINUED

Notes Receivable from Participants
Participants may borrow a minimum loan amount of $1,000 up to a maximum loan amount of the lesser of $50,000 or 50% of the participant's vested account balance in their contributions and discretionary Sponsor contributions. The loan term must not exceed five (5) years, except for a home loan for which the term is determined by the Plan Administrator in a non-discriminatory manner.

The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus two percent (2%), which was 5.25% at December 31, 2013. All loans must have a definite repayment period for the loan to be amortized on a level basis over a reasonable period of time. Principal and interest are repaid through payroll deductions.

Payment of Benefits
Participants may elect to receive lump-sum or installment distributions. Participants are eligible for distribution upon termination, retirement, disability, death, or attainment of age 59½. The Plan also allows for hardship distributions based on proven financial need, as defined by the IRC. The Plan automatically distributes participant accounts with balances less than $5,000 upon termination of employment. If the participant's account balance is between $1,000 and $5,000, the distribution will be made to an Individual Retirement Account ("IRA") account.

Administrative Expenses
Investment transaction costs and certain other investment costs are charged to the Plan and allocated among the participants based on their respective account value to total Plan assets, and are presented as administrative expenses in the accompanying financial statements. The Sponsor has elected for the Plan to pay the audit fees incurred by the Plan. Administrative expenses were $7,723 for the year ended December 31, 2013.

Forfeited Accounts
Forfeited non-allocated balances of terminated participants' accounts may be used to pay the Plan's administrative expenses, or reduce discretionary contributions. At December 31, 2013 the balance of the non-vested forfeited account was $6,024. Sponsor matching contributions were increased by $4,293 during 2013.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimated.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, which are then reinvested in the pooled separate account. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Benefit Payments
Benefit payments to participants are recorded when paid.

Date of Management's Review
Subsequent events were evaluated through October 14, 2014, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2013, net appreciation in fair value of investments, and interest and dividend income for the year ended December 31, 2013, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian.

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31 is as follows:

	2013	2012
John Hancock		
Retirement Choice at 2030	$ 304,480	*
Retirement Choice at 2040	193,050	*
Retirement Choice at 2050	169,977	*
Retirement Choice at 2035	127,471	*
Retirement Choice at 2045	121,301	*
Retirement Choice at 2025	102,657	*
BB&T		
Oakmark Equity and Income	*	$ 317,082
Harbor International Inst	*	87,375
American Funds Fundamental Inv	*	72,267
Royce Value Plus Inv	*	49,084

* This investment was not held at year end

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2013 and 2012.

Mutual Funds held in Pooled Separate Accounts: Valued at fair value established by the Custodian on the last business day of the Plan year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis:

	At December 31, 2013

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of various mutual funds in pooled separate accounts managed by the Custodian. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions according to the DOL guidelines. However, these transactions are exempt from the prohibited transaction rules under ERISA. The Plan made direct payments to the third parties for investment related services of $11,364. The Sponsor pays directly any other fees related to the Plan's operations.

Certain participants of the Plan have outstanding loans (notes receivable from participants) with the Plan at December 31, 2013 and 2012. These loans are considered party-in-interest transactions according to the DOL guidelines. Total notes receivable from participants at December 31, 2013 and 2012 were $50,297 and $41,500, respectively.

NOTE 6 – INCOME TAX STATUS

The Plan obtained its latest determination letter on August 30, 2009, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the plan has been amended since receiving the determination letter, the Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statement

NOTE 6 – INCOME TAX STATUS, CONTINUED

On January 1, 2013 the plan was adopted a Volume Submitter Plan sponsored by Sunguard Corbel, LLC ("Sunguard"). Sunguard received an opinion letter from the IRS dated March 8, 2008 stating that the Plan is qualified under section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Prior to January 1, 2013 the plan had a prototype non-standardized profit sharing plan, sponsored by Branch Banking & Trust Company Institutional Services ("BB&T CIS") effective January 1, 2011 and designed in accordance with applicable sections of the IRC. BB&T CIS received an opinion letter from the IRS dated March 31, 2008, stating that the Plan is qualified under section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is not subject to income tax examinations for years prior to 2010.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor reserves the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in the Sponsor contributions and its related earnings.
