INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Honda of San Marcos 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Honda of San Marcos 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note J, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i-Schedule of Assets (Held at End of Year), is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. DESCRIPTION OF THE PLAN

The following description of the Honda of San Marcos 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Administration

The Plan is administered by an administrative committee appointed by the Company. Benefit Systems, Inc. is the administrator and American United Life Insurance Company is the custodian of the Plan's investments. The Plan has adopted the Benefit Systems, Inc. Volume Submitter Profit Sharing Plan.

Participation

The Plan is a defined contribution plan covering all employees of Honda of San Marcos (the "Company"), except employees covered by a collective bargaining agreement between the employer and employee representatives whereas their benefits are subject of good faith bargaining, employees who are nonresident aliens and receive no earned income from source within the United States, and leased employees. Participants will be eligible to participate for salary deferrals when they have satisfied one year of service and have attained the age of 18. Employees may begin participating in the Plan once the eligibility requirements have been met and the entry date has been reached. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The IRS imposes limits on the amount participants can contribute as salary deferrals during a calendar year. For 2013, the maximum deferral is $17,500. For years after 2013, the maximum deferral amount will be adjusted for cost of living. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty eight pooled separate accounts and one fixed account as investment options for participants.

The Company may make matching contributions equal to a uniform percentage of the participant salary deferrals. Additionally, the Company may make a discretionary profit sharing contribution to be determined by the Company.

Participant's accounts

Each participant's account is credited with the participant's contribution, rollover contribution, if any, and matching contribution and allocations of Plan earnings or losses, net of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. DESCRIPTION OF THE PLAN - CONTINUED

Vesting

Participants are vested immediately in their elective deferrals, and rollover contributions, if any, plus actual earnings thereon. Vesting in the Company's matching contribution and discretionary profit sharing portion of their accounts is based on years of continuous service. Participants vest according to the following schedule:

Completed years of service	Vested Percentage
1 year	0%
2 year	20%
3 year	40%
4 year	60%
5 year	80%
6 year	100%

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. However, if the loan is for the purchase of your principal residence, the Administrator may permit a longer payment term. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on loans outstanding at December 31, 2013 were 4.25%. Unless approved by the Administrator, loans are repaid through payroll deduction. The loans provide for level amortization with payments to be made not less frequently than quarterly.

Forfeited accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $5,794 and $5,466, respectively. These accounts will be used to reduce future employer contributions or pay administrative expenses. No forfeitures were used to fund the employer contribution during 2013.

B. SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of contributions, benefit payments and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The plan has evaluated subsequent events through September 26, 2014, the date the financial statements were available to be issued.

B. SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES – CONTINUED

Administrative expenses

Custodial and recordkeeping fees charged are paid by the Company and are not charged to the Plan. Participant loan initiation and maintenance fees are paid by the applicable participant.

D. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

D. FAIR VALUE MEASUREMENTS - CONTINUED

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common stocks, corporate bonds, and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

D. FAIR VALUE MEASUREMENTS - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Assets at fair value at December 31, 2013:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Targeted retirement funds		$928,231		$928,231

E. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

During 2013, the Plan investments were pooled separate accounts managed by American United Life Insurance Company (AUL). AUL is a custodian as defined by the Plan and, therefore, a party in interest with respect to the Plan. These transactions are covered by an exemption from the "prohibited" transaction provisions of ERISA and the IRC.

During 2012, the Plan investments were pooled separate accounts managed by ING Life Insurance and Annuity Company (ING). ING is a custodian as defined by the Plan and, therefore, a party in interest with respect to the Plan. These transactions are covered by an exemption from the "prohibited" transaction provisions of ERISA and the IRC.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

G. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and the trust created thereunder is exempt from federal income tax. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore believes that the plan is qualified and the related trust is tax exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject income tax examinations for years prior to 2010.

H. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. CUSTODIAL CERTIFICATION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications for the custodians that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements and notes to financial statements as to investments, net appreciation in fair value of investments, and all the information on the schedule H, line 4i-schedule of assets (held at end of year) is presented in reliance solely upon those certifications. No auditing procedures were performed by the independent auditors with respect to this information.

The following represents information certified by the custodian to be complete and accurate:

	December 31, 2013	December 31, 2012
Investments, at fair value	$2,944,211	$2,488,159

J. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2013, the Plan entered into a benefit-responsive investment contract with American United Life Insurance Company. American United Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by American United Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2013 was $1,477,554. The average yield for the contract was 2.25% for 2013. The crediting interest rate was 2.25% for 2013. The crediting interest rate is based on a formula agreed upon with the issuer.

During 2012, the Plan entered into a benefit-responsive investment contract with ING. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by ING. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

J. INVESTMENT CONTRACT WITH INSURANCE COMPANY - CONTINUED

The fair value of the investment contract at December 31, 2012 was $216,966. The average yield and crediting interest rates was 3% for 2012. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with AUL and ING. Such events include (1) amendments to the Plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of not occurring.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
