Report of Independent Auditor

The Participants and Plan Administrative Committee of the
Lafarge North America Inc. Thrift Savings Plan
Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Lafarge North America Inc. Thrift Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, and ING Life Insurance and Annuity Company, the custodian of certain plan assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the trustee and the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 1 – Description of plan

The following description of the Lafarge North America Inc. Thrift Savings Plan (the “Plan”) is provided for general purposes only. Participants should refer to the Plan document, as amended and restated, for a more complete description of the Plan’s provisions.

General – The Plan was created by Lafarge North America Inc. (the “Company” or “Employer” or “Plan Sponsor”) on January 1, 1982 and was most recently amended effective February 12, 2014, to fully vest the benefits of participants affected by the asset purchase agreement entered into with Bluegrass Materials Company. The Plan is a defined contribution plan and covers salaried and hourly employees of the Company at certain facilities who have completed any applicable eligibility requirements and who are not covered by another Company plan. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan’s assets are held in the custody of Vanguard Fiduciary Trust Company (the “trustee”) and ING Life Insurance and Annuity Company, the custodian of certain Plan assets.

Administrative Expenses – The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan Sponsor or by the account of the participant.

Participant Contributions – The Plan consists of a basic Plan document and several supplements relating to certain locations. Each salaried and hourly employee who becomes eligible to participate in the Plan may contribute to the Plan on a pretax or after-tax basis. Pretax contributions of 1% to 6% and voluntary after-tax contributions of 1% to 19% of annual compensation may be made by the participant. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution of up to \$5,500 for the year ended December 31, 2013. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Employer Contributions – Under the basic Plan document, the Company has two matching contributions. The regular match is made each pay period and is 100% of the first 3% and 50% of the next 3% of pretax and after-tax compensation contributed to the Plan by each participant for all participants who have completed a six-month period of service and attained the age 21. The discretionary true-up match is made at the end of the Plan year, with amounts determined annually by a formula outlined in the Plan document. The Company regular match and true-up match contributions for the year ended December 31, 2013 were \$6,447,261. The Company also makes core contributions for certain participants who are either employed by the Company on the last day of the year or retire, become disabled, or die while employed by the Company during the year, and do not receive credit for benefits under a defined benefit pension plan of the Company. Core contribution amounts are determined based on each participant’s age, length of service, and compensation. The Company’s core contributions for the year ended December 31, 2013 were \$765,970. In addition, the Company may make discretionary employer contributions each Plan year as determined by the Benefit Plan Design Committee. The Company did not make any discretionary employer contributions for the year ended December 31, 2013. Contributions are subject to certain limitations.

Vesting – Participants are immediately vested in their salary deferral contributions and rollover contributions plus actual earnings thereon.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 1 – Description of plan (continued)

Participants become vested in employer contributions and earnings in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2	100%

Participant Accounts – Individual accounts are maintained for each participant and include participants' salary deferral contribution and rollover contributions, plus an allocation of the Plan Sponsor's matching contributions, discretionary employer contributions (if any), core contributions (if any) and Plan earnings (losses), including realized and unrealized gains and losses on investments, and administrative expenses not paid by the Plan Sponsor. Allocations are based on participant earnings or account balances, as defined.

Forfeitures – Forfeitures arising with respect to former non-fully vested participants are first applied to restore any forfeited amounts for any former participant rehired before five consecutive one year breaks in service, then to pay for any administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. During the year ended December 31, 2013, forfeitures used to reduce administrative expenses totaled \$81,790 and forfeitures used to reduce employer contributions were \$96,657. At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$46,658 and \$116,900, respectively.

Payment of Benefits – On termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his account. The Plan allows for distributions upon termination of service, death, disability, attainment of age 59 ½, or in certain hardship situations. A participant may elect to receive a lump sum payment, an annuity, or may roll over the value of their account into another qualified plan. In the event a participant terminates or retires and the participant's vested account balance is less than \$5,000, the balance will either be rolled into an Individual Retirement Account ("IRA") or paid out as a lump sum distribution at the discretion of the Company.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Notes Receivable from Participants – The Plan currently does not offer notes to participants. The notes receivable from participants amount included in the receivables on the statements of net assets available for benefits relates to notes of participants formerly in the Redland Aggregates North America 401(k) Plan and Lafarge North America Inc. Savings Plan for Blue Circle Heritage Employees, separate Plans administered by the Company, which were transferred into the Plan in December 1998 and October 2007, respectively. Note terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates were 10.50% at December 31, 2013. Principal and interest are paid ratably through payroll deductions.

Investment Options – Participants may direct Vanguard Fiduciary Trust Company, the trustee, as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time. Transfers of account balances between elected investment options may also be made at any time. While the Plan holds certain investments with ING Life Insurance and Annuity Company ("ING"), participants are no longer allowed to make contribution to these investments. Participants with existing balances with ING are allowed to retain balances in those accounts.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 2 – Significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The Plan’s investment in the Vanguard Retirement Savings Trust, a common/collective trust, has underlying investments in fully benefit responsive investment contracts. The fair value of this investment is based on the expected future cash flows for each underlying contract discounted to present value, and the fair value of other underlying securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amount reported in the statements of net asset available for benefits and the statement of changes in net assets available for benefits.

Fair Value Measurement – GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 2 – Significant accounting policies (continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds – These investments are public investment vehicles valued using the Net Asset Value (“NAV”) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Pooled separate accounts (“PSA”) – PSAs are made up of a variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV of a PSA is based on the market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market, and is therefore classified within level 2 of the valuation hierarchy.

Common/collective trust – This investment is a public investment vehicle valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

General account – The general account is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The NAV is not a publicly-quoted price in an active market, and the instrument is therefore classified within level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 3 – Investments

Investments consist of various mutual funds, pooled separate accounts, a common/collective trust and a general account that allow participants to diversify their holdings. Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contributions on a daily basis across these options in any proportion they wish. Transfers of account balances between elected investment options may also be made at any time.

The individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31,	
	2013	2012
Vanguard Windsor II Fund	\$ 62,102,554	\$ 57,560,156
Vanguard 500 Index Fund	67,997,978	58,319,829
Vanguard Retirement Savings Trust (at contract with fair value of \$53,923,874 and \$62,631,053 as December 31, 2013 and 2012, respectively)	52,461,867	59,478,061
Vanguard Wellington Fund	21,458,786	19,319,672
Vanguard Total Bond Market Index Fund	20,416,923	27,738,403
Vanguard International Growth Fund	20,292,875	*

* Investment is less than 5% of the Plan's net assets available for benefits at end of Plan year.

During the Plan year ended December 31, 2013, the Plan's investments appreciated in value (including gains and losses on investments bought and sold, as well as held during the year) as follows:

	2013
Net appreciation in fair value of investments:	
Mutual funds	\$ 56,514,834
Pooled separate accounts	5,242
	<u>\$ 56,520,076</u>

As described in Note 2, the Plan is invested in the Vanguard Retirement Savings Trust ("VRST") at December 31, 2013 and 2012, and is applying the practical expedient to value the fund. The investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. Participants' ownership of the VRST is represented as units. Units are issued and redeemed daily at the VRST's NAV. The issuance and redemption terms of the VRST are consistent with those of the underlying assets.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 3 – Investments (continued)

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment in the VRST at contract value. Contract value represents contributions made to the VRST, plus earnings, less participant withdrawals and administrative expenses. The VRST imposes certain restrictions on the Plan, and the VRST itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes the occurrence of events that would cause the VRST to transact at less than contract value is not probable.

The VRST invests in synthetic guaranteed investment contracts ("synthetic GICs"), which are portfolios of debt securities or units of collective trusts and enters into wrap contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the VRST in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The following events may limit the ability of the Plan to transact at contract value:

- Termination of the Plan.
- A material adverse change to the provision of the Plan.
- The employer elects to withdraw from a wrapper contract in order to switch to a different investment provider.
- The terms of a successor Plan do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract.

The average yields of the investment contracts held by the VRST for the year ended December 31, 2013 and 2012 are as follows:

Based on actual earnings – 1.98% and 2.22%, respectively

Based on interest rate credited to participants – 1.56% and 1.82%, respectively

The VRST is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets that are not otherwise invested in money market funds. For example, this could result from the VRST's inability to promptly find a replacement wrap contract following termination of a wrap contract. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments. In the event that wrap contracts fail to perform as intended, the VRST's NAV may decline if the market value of its assets declines.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 4 – Tax Status

The Plan has received its latest determination letter from the Internal Revenue Service (“IRS”) dated June 24, 2014 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, that it has no income subject to business income tax, and that the Plan continues to be tax exempt.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

Note 5 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan’s termination, participants will become fully vested in their accounts.

Note 6 – Information certified by Vanguard Fiduciary Trust Company and ING Life Insurance and Annuity Company (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Vanguard Fiduciary Trust Company, the trustee, and ING Life Insurance and Annuity Company, the custodian, except for comparing such information certified by the trustee and custodian to information included in the Plan’s financial statements and supplemental schedule of assets (held at end of year).

Vanguard Fiduciary Trust Company and ING Life Insurance and Annuity Company have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information presented in the accompanying statement of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the supplemental schedule of assets (held at end of year) as of December 31, 2013.

Dividend income	<u>\$ 11,974,869</u>	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 7 – Party-in-interest transactions

Certain Plan investments are shares of mutual funds, a common/collective trust, pooled separate accounts and a general account managed by the trustee and custodian, and therefore, these transactions qualify as parties-in-interest transactions for which a statutory exemption exists under DOL regulations. Total fees paid by the Plan to the trustee amounted to \$130,632 for the year ended December 31, 2013. The Plan did not pay any fees to the custodian for the year ended December 31, 2013.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 10 – Significant plan transactions

During 2013, the Company entered into seven significant transactions that resulted in the sale or exchange of divisions and their eligible Plan participants.

Gypsum transaction – The Company entered into an asset purchase agreement with Lone Star U.S. Acquisitions dated August 28, 2013 to sell certain assets.

Wichita transaction – The Company entered into an asset purchase agreement with Summit Materials Companies I, LLC and Corenjo & Sons, L.L.C. dated February 19, 2013 to sell certain assets.

Colorado transaction – The Company entered into an asset purchase agreement with the Oldcastle SW Group, Inc., and Lafarge West, Inc. dated July 19, 2013 to sell certain rights, properties and assets.

Georgia Vulcan transaction – The Company entered into an asset purchase agreement with Vulcan Construction Materials, LP, Vulcan Lands, Inc. and Lafarge Building Materials, Inc. dated January 3, 2013 to sell certain rights, properties and assets.

Georgia Bluegrass transaction – The Company entered into an asset purchase agreement with Bluegrass Materials Company, LLC and Lafarge Building Materials, Inc. dated January 9, 2013 to sell certain rights, properties and assets.

Georgia MMM transaction – The Company entered into an asset purchase agreement with Martin Marietta Materials, Inc. and Lafarge Building Materials, Inc. dated February 19, 2013 to sell certain rights, properties and assets.

Georgia FLQ transaction – The Company entered into an asset purchase agreement with Fall Line Quarry, LLC and Lafarge Building Materials, Inc. dated April 5, 2013 to sell certain rights, properties and assets.

Accordingly, the Plan has been amended to fully vest the benefits of affected participants deemed to be eligible employees as of the closing date of the agreements, and to provide for eligible continuing employees to receive core contributions as defined by the Plan. Affected participants became eligible for distribution of their fully vested balance upon the agreement execution date.

Note 11 – Subsequent events

The Plan has evaluated events through October 13, 2014, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

Report of Independent Auditor

The Participants and Plan Administrative Committee of the
Lafarge North America Inc. Thrift Savings Plan
Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Lafarge North America Inc. Thrift Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, and ING Life Insurance and Annuity Company, the custodian of certain plan assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the trustee and the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 1 – Description of plan

The following description of the Lafarge North America Inc. Thrift Savings Plan (the “Plan”) is provided for general purposes only. Participants should refer to the Plan document, as amended and restated, for a more complete description of the Plan’s provisions.

General – The Plan was created by Lafarge North America Inc. (the “Company” or “Employer” or “Plan Sponsor”) on January 1, 1982 and was most recently amended effective February 12, 2014, to fully vest the benefits of participants affected by the asset purchase agreement entered into with Bluegrass Materials Company. The Plan is a defined contribution plan and covers salaried and hourly employees of the Company at certain facilities who have completed any applicable eligibility requirements and who are not covered by another Company plan. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan’s assets are held in the custody of Vanguard Fiduciary Trust Company (the “trustee”) and ING Life Insurance and Annuity Company, the custodian of certain Plan assets.

Administrative Expenses – The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan Sponsor or by the account of the participant.

Participant Contributions – The Plan consists of a basic Plan document and several supplements relating to certain locations. Each salaried and hourly employee who becomes eligible to participate in the Plan may contribute to the Plan on a pretax or after-tax basis. Pretax contributions of 1% to 6% and voluntary after-tax contributions of 1% to 19% of annual compensation may be made by the participant. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution of up to \$5,500 for the year ended December 31, 2013. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Employer Contributions – Under the basic Plan document, the Company has two matching contributions. The regular match is made each pay period and is 100% of the first 3% and 50% of the next 3% of pretax and after-tax compensation contributed to the Plan by each participant for all participants who have completed a six-month period of service and attained the age 21. The discretionary true-up match is made at the end of the Plan year, with amounts determined annually by a formula outlined in the Plan document. The Company regular match and true-up match contributions for the year ended December 31, 2013 were \$6,447,261. The Company also makes core contributions for certain participants who are either employed by the Company on the last day of the year or retire, become disabled, or die while employed by the Company during the year, and do not receive credit for benefits under a defined benefit pension plan of the Company. Core contribution amounts are determined based on each participant’s age, length of service, and compensation. The Company’s core contributions for the year ended December 31, 2013 were \$765,970. In addition, the Company may make discretionary employer contributions each Plan year as determined by the Benefit Plan Design Committee. The Company did not make any discretionary employer contributions for the year ended December 31, 2013. Contributions are subject to certain limitations.

Vesting – Participants are immediately vested in their salary deferral contributions and rollover contributions plus actual earnings thereon.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 1 – Description of plan (continued)

Participants become vested in employer contributions and earnings in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2	100%

Participant Accounts – Individual accounts are maintained for each participant and include participants' salary deferral contribution and rollover contributions, plus an allocation of the Plan Sponsor's matching contributions, discretionary employer contributions (if any), core contributions (if any) and Plan earnings (losses), including realized and unrealized gains and losses on investments, and administrative expenses not paid by the Plan Sponsor. Allocations are based on participant earnings or account balances, as defined.

Forfeitures – Forfeitures arising with respect to former non-fully vested participants are first applied to restore any forfeited amounts for any former participant rehired before five consecutive one year breaks in service, then to pay for any administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. During the year ended December 31, 2013, forfeitures used to reduce administrative expenses totaled \$81,790 and forfeitures used to reduce employer contributions were \$96,657. At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$46,658 and \$116,900, respectively.

Payment of Benefits – On termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his account. The Plan allows for distributions upon termination of service, death, disability, attainment of age 59 ½, or in certain hardship situations. A participant may elect to receive a lump sum payment, an annuity, or may roll over the value of their account into another qualified plan. In the event a participant terminates or retires and the participant's vested account balance is less than \$5,000, the balance will either be rolled into an Individual Retirement Account ("IRA") or paid out as a lump sum distribution at the discretion of the Company.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Notes Receivable from Participants – The Plan currently does not offer notes to participants. The notes receivable from participants amount included in the receivables on the statements of net assets available for benefits relates to notes of participants formerly in the Redland Aggregates North America 401(k) Plan and Lafarge North America Inc. Savings Plan for Blue Circle Heritage Employees, separate Plans administered by the Company, which were transferred into the Plan in December 1998 and October 2007, respectively. Note terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates were 10.50% at December 31, 2013. Principal and interest are paid ratably through payroll deductions.

Investment Options – Participants may direct Vanguard Fiduciary Trust Company, the trustee, as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time. Transfers of account balances between elected investment options may also be made at any time. While the Plan holds certain investments with ING Life Insurance and Annuity Company ("ING"), participants are no longer allowed to make contribution to these investments. Participants with existing balances with ING are allowed to retain balances in those accounts.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 2 – Significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The Plan’s investment in the Vanguard Retirement Savings Trust, a common/collective trust, has underlying investments in fully benefit responsive investment contracts. The fair value of this investment is based on the expected future cash flows for each underlying contract discounted to present value, and the fair value of other underlying securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amount reported in the statements of net asset available for benefits and the statement of changes in net assets available for benefits.

Fair Value Measurement – GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 2 – Significant accounting policies (continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds – These investments are public investment vehicles valued using the Net Asset Value (“NAV”) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Pooled separate accounts (“PSA”) – PSAs are made up of a variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV of a PSA is based on the market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market, and is therefore classified within level 2 of the valuation hierarchy.

Common/collective trust – This investment is a public investment vehicle valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

General account – The general account is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The NAV is not a publicly-quoted price in an active market, and the instrument is therefore classified within level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 3 – Investments

Investments consist of various mutual funds, pooled separate accounts, a common/collective trust and a general account that allow participants to diversify their holdings. Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contributions on a daily basis across these options in any proportion they wish. Transfers of account balances between elected investment options may also be made at any time.

The individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31,	
	2013	2012
Vanguard Windsor II Fund	\$ 62,102,554	\$ 57,560,156
Vanguard 500 Index Fund	67,997,978	58,319,829
Vanguard Retirement Savings Trust (at contract with fair value of \$53,923,874 and \$62,631,053 as December 31, 2013 and 2012, respectively)	52,461,867	59,478,061
Vanguard Wellington Fund	21,458,786	19,319,672
Vanguard Total Bond Market Index Fund	20,416,923	27,738,403
Vanguard International Growth Fund	20,292,875	*

* Investment is less than 5% of the Plan's net assets available for benefits at end of Plan year.

During the Plan year ended December 31, 2013, the Plan's investments appreciated in value (including gains and losses on investments bought and sold, as well as held during the year) as follows:

	2013
Net appreciation in fair value of investments:	
Mutual funds	\$ 56,514,834
Pooled separate accounts	5,242
	<u>\$ 56,520,076</u>

As described in Note 2, the Plan is invested in the Vanguard Retirement Savings Trust ("VRST") at December 31, 2013 and 2012, and is applying the practical expedient to value the fund. The investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. Participants' ownership of the VRST is represented as units. Units are issued and redeemed daily at the VRST's NAV. The issuance and redemption terms of the VRST are consistent with those of the underlying assets.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 3 – Investments (continued)

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment in the VRST at contract value. Contract value represents contributions made to the VRST, plus earnings, less participant withdrawals and administrative expenses. The VRST imposes certain restrictions on the Plan, and the VRST itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes the occurrence of events that would cause the VRST to transact at less than contract value is not probable.

The VRST invests in synthetic guaranteed investment contracts ("synthetic GICs"), which are portfolios of debt securities or units of collective trusts and enters into wrap contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the VRST in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The following events may limit the ability of the Plan to transact at contract value:

- Termination of the Plan.
- A material adverse change to the provision of the Plan.
- The employer elects to withdraw from a wrapper contract in order to switch to a different investment provider.
- The terms of a successor Plan do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract.

The average yields of the investment contracts held by the VRST for the year ended December 31, 2013 and 2012 are as follows:

Based on actual earnings – 1.98% and 2.22%, respectively

Based on interest rate credited to participants – 1.56% and 1.82%, respectively

The VRST is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets that are not otherwise invested in money market funds. For example, this could result from the VRST's inability to promptly find a replacement wrap contract following termination of a wrap contract. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments. In the event that wrap contracts fail to perform as intended, the VRST's NAV may decline if the market value of its assets declines.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 4 – Tax Status

The Plan has received its latest determination letter from the Internal Revenue Service (“IRS”) dated June 24, 2014 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, that it has no income subject to business income tax, and that the Plan continues to be tax exempt.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

Note 5 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan’s termination, participants will become fully vested in their accounts.

Note 6 – Information certified by Vanguard Fiduciary Trust Company and ING Life Insurance and Annuity Company (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Vanguard Fiduciary Trust Company, the trustee, and ING Life Insurance and Annuity Company, the custodian, except for comparing such information certified by the trustee and custodian to information included in the Plan’s financial statements and supplemental schedule of assets (held at end of year).

Vanguard Fiduciary Trust Company and ING Life Insurance and Annuity Company have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information presented in the accompanying statement of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the supplemental schedule of assets (held at end of year) as of December 31, 2013.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 7 – Party-in-interest transactions

Certain Plan investments are shares of mutual funds, a common/collective trust, pooled separate accounts and a general account managed by the trustee and custodian, and therefore, these transactions qualify as parties-in-interest transactions for which a statutory exemption exists under DOL regulations. Total fees paid by the Plan to the trustee amounted to \$130,632 for the year ended December 31, 2013. The Plan did not pay any fees to the custodian for the year ended December 31, 2013.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 10 – Significant plan transactions

During 2013, the Company entered into seven significant transactions that resulted in the sale or exchange of divisions and their eligible Plan participants.

Gypsum transaction – The Company entered into an asset purchase agreement with Lone Star U.S. Acquisitions dated August 28, 2013 to sell certain assets.

Wichita transaction – The Company entered into an asset purchase agreement with Summit Materials Companies I, LLC and Corenjo & Sons, L.L.C. dated February 19, 2013 to sell certain assets.

Colorado transaction – The Company entered into an asset purchase agreement with the Oldcastle SW Group, Inc., and Lafarge West, Inc. dated July 19, 2013 to sell certain rights, properties and assets.

Georgia Vulcan transaction – The Company entered into an asset purchase agreement with Vulcan Construction Materials, LP, Vulcan Lands, Inc. and Lafarge Building Materials, Inc. dated January 3, 2013 to sell certain rights, properties and assets.

Georgia Bluegrass transaction – The Company entered into an asset purchase agreement with Bluegrass Materials Company, LLC and Lafarge Building Materials, Inc. dated January 9, 2013 to sell certain rights, properties and assets.

Georgia MMM transaction – The Company entered into an asset purchase agreement with Martin Marietta Materials, Inc. and Lafarge Building Materials, Inc. dated February 19, 2013 to sell certain rights, properties and assets.

Georgia FLQ transaction – The Company entered into an asset purchase agreement with Fall Line Quarry, LLC and Lafarge Building Materials, Inc. dated April 5, 2013 to sell certain rights, properties and assets.

Accordingly, the Plan has been amended to fully vest the benefits of affected participants deemed to be eligible employees as of the closing date of the agreements, and to provide for eligible continuing employees to receive core contributions as defined by the Plan. Affected participants became eligible for distribution of their fully vested balance upon the agreement execution date.

Note 11 – Subsequent events

The Plan has evaluated events through October 13, 2014, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

Report of Independent Auditor

The Participants and Plan Administrative Committee of the
Lafarge North America Inc. Thrift Savings Plan
Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Lafarge North America Inc. Thrift Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, and ING Life Insurance and Annuity Company, the custodian of certain plan assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the trustee and the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 1 – Description of plan

The following description of the Lafarge North America Inc. Thrift Savings Plan (the “Plan”) is provided for general purposes only. Participants should refer to the Plan document, as amended and restated, for a more complete description of the Plan’s provisions.

General – The Plan was created by Lafarge North America Inc. (the “Company” or “Employer” or “Plan Sponsor”) on January 1, 1982 and was most recently amended effective February 12, 2014, to fully vest the benefits of participants affected by the asset purchase agreement entered into with Bluegrass Materials Company. The Plan is a defined contribution plan and covers salaried and hourly employees of the Company at certain facilities who have completed any applicable eligibility requirements and who are not covered by another Company plan. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan’s assets are held in the custody of Vanguard Fiduciary Trust Company (the “trustee”) and ING Life Insurance and Annuity Company, the custodian of certain Plan assets.

Administrative Expenses – The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan Sponsor or by the account of the participant.

Participant Contributions – The Plan consists of a basic Plan document and several supplements relating to certain locations. Each salaried and hourly employee who becomes eligible to participate in the Plan may contribute to the Plan on a pretax or after-tax basis. Pretax contributions of 1% to 6% and voluntary after-tax contributions of 1% to 19% of annual compensation may be made by the participant. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution of up to \$5,500 for the year ended December 31, 2013. Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Employer Contributions – Under the basic Plan document, the Company has two matching contributions. The regular match is made each pay period and is 100% of the first 3% and 50% of the next 3% of pretax and after-tax compensation contributed to the Plan by each participant for all participants who have completed a six-month period of service and attained the age 21. The discretionary true-up match is made at the end of the Plan year, with amounts determined annually by a formula outlined in the Plan document. The Company regular match and true-up match contributions for the year ended December 31, 2013 were \$6,447,261. The Company also makes core contributions for certain participants who are either employed by the Company on the last day of the year or retire, become disabled, or die while employed by the Company during the year, and do not receive credit for benefits under a defined benefit pension plan of the Company. Core contribution amounts are determined based on each participant’s age, length of service, and compensation. The Company’s core contributions for the year ended December 31, 2013 were \$765,970. In addition, the Company may make discretionary employer contributions each Plan year as determined by the Benefit Plan Design Committee. The Company did not make any discretionary employer contributions for the year ended December 31, 2013. Contributions are subject to certain limitations.

Vesting – Participants are immediately vested in their salary deferral contributions and rollover contributions plus actual earnings thereon.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 1 – Description of plan (continued)

Participants become vested in employer contributions and earnings in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
2	100%

Participant Accounts – Individual accounts are maintained for each participant and include participants' salary deferral contribution and rollover contributions, plus an allocation of the Plan Sponsor's matching contributions, discretionary employer contributions (if any), core contributions (if any) and Plan earnings (losses), including realized and unrealized gains and losses on investments, and administrative expenses not paid by the Plan Sponsor. Allocations are based on participant earnings or account balances, as defined.

Forfeitures – Forfeitures arising with respect to former non-fully vested participants are first applied to restore any forfeited amounts for any former participant rehired before five consecutive one year breaks in service, then to pay for any administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. During the year ended December 31, 2013, forfeitures used to reduce administrative expenses totaled \$81,790 and forfeitures used to reduce employer contributions were \$96,657. At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$46,658 and \$116,900, respectively.

Payment of Benefits – On termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his account. The Plan allows for distributions upon termination of service, death, disability, attainment of age 59 ½, or in certain hardship situations. A participant may elect to receive a lump sum payment, an annuity, or may roll over the value of their account into another qualified plan. In the event a participant terminates or retires and the participant's vested account balance is less than \$5,000, the balance will either be rolled into an Individual Retirement Account ("IRA") or paid out as a lump sum distribution at the discretion of the Company.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Notes Receivable from Participants – The Plan currently does not offer notes to participants. The notes receivable from participants amount included in the receivables on the statements of net assets available for benefits relates to notes of participants formerly in the Redland Aggregates North America 401(k) Plan and Lafarge North America Inc. Savings Plan for Blue Circle Heritage Employees, separate Plans administered by the Company, which were transferred into the Plan in December 1998 and October 2007, respectively. Note terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates were 10.50% at December 31, 2013. Principal and interest are paid ratably through payroll deductions.

Investment Options – Participants may direct Vanguard Fiduciary Trust Company, the trustee, as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time. Transfers of account balances between elected investment options may also be made at any time. While the Plan holds certain investments with ING Life Insurance and Annuity Company ("ING"), participants are no longer allowed to make contribution to these investments. Participants with existing balances with ING are allowed to retain balances in those accounts.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 2 – Significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The Plan’s investment in the Vanguard Retirement Savings Trust, a common/collective trust, has underlying investments in fully benefit responsive investment contracts. The fair value of this investment is based on the expected future cash flows for each underlying contract discounted to present value, and the fair value of other underlying securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amount reported in the statements of net asset available for benefits and the statement of changes in net assets available for benefits.

Fair Value Measurement – GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 2 – Significant accounting policies (continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds – These investments are public investment vehicles valued using the Net Asset Value (“NAV”) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Pooled separate accounts (“PSA”) – PSAs are made up of a variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV of a PSA is based on the market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market, and is therefore classified within level 2 of the valuation hierarchy.

Common/collective trust – This investment is a public investment vehicle valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

General account – The general account is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The NAV is not a publicly-quoted price in an active market, and the instrument is therefore classified within level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

LAFARGE NORTH AMERICA INC. THRIFT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 3 – Investments

Investments consist of various mutual funds, pooled separate accounts, a common/collective trust and a general account that allow participants to diversify their holdings. Participants are afforded several investment options covering a wide range of investment objectives and risk. Participants may allocate their contributions on a daily basis across these options in any proportion they wish. Transfers of account balances between elected investment options may also be made at any time.

The individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31,	
	2013	2012
Vanguard Windsor II Fund	\$ 62,102,554	\$ 57,560,156
Vanguard 500 Index Fund	67,997,978	58,319,829
Vanguard Retirement Savings Trust (at contract with fair value of \$53,923,874 and \$62,631,053 as December 31, 2013 and 2012, respectively)	52,461,867	59,478,061
Vanguard Wellington Fund	21,458,786	19,319,672
Vanguard Total Bond Market Index Fund	20,416,923	27,738,403
Vanguard International Growth Fund	20,292,875	*

* Investment is less than 5% of the Plan's net assets available for benefits at end of Plan year.

During the Plan year ended December 31, 2013, the Plan's investments appreciated in value (including gains and losses on investments bought and sold, as well as held during the year) as follows:

	2013
Net appreciation in fair value of investments:	
Mutual funds	\$ 56,514,834
Pooled separate accounts	5,242
	<u>\$ 56,520,076</u>

As described in Note 2, the Plan is invested in the Vanguard Retirement Savings Trust ("VRST") at December 31, 2013 and 2012, and is applying the practical expedient to value the fund. The investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. Participants' ownership of the VRST is represented as units. Units are issued and redeemed daily at the VRST's NAV. The issuance and redemption terms of the VRST are consistent with those of the underlying assets.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 3 – Investments (continued)

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment in the VRST at contract value. Contract value represents contributions made to the VRST, plus earnings, less participant withdrawals and administrative expenses. The VRST imposes certain restrictions on the Plan, and the VRST itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes the occurrence of events that would cause the VRST to transact at less than contract value is not probable.

The VRST invests in synthetic guaranteed investment contracts ("synthetic GICs"), which are portfolios of debt securities or units of collective trusts and enters into wrap contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the VRST in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The following events may limit the ability of the Plan to transact at contract value:

- Termination of the Plan.
- A material adverse change to the provision of the Plan.
- The employer elects to withdraw from a wrapper contract in order to switch to a different investment provider.
- The terms of a successor Plan do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract.

The average yields of the investment contracts held by the VRST for the year ended December 31, 2013 and 2012 are as follows:

Based on actual earnings – 1.98% and 2.22%, respectively

Based on interest rate credited to participants – 1.56% and 1.82%, respectively

The VRST is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets that are not otherwise invested in money market funds. For example, this could result from the VRST's inability to promptly find a replacement wrap contract following termination of a wrap contract. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments. In the event that wrap contracts fail to perform as intended, the VRST's NAV may decline if the market value of its assets declines.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012 AND FOR THE YEAR ENDED DECEMBER 31, 2013

Note 4 – Tax Status

The Plan has received its latest determination letter from the Internal Revenue Service (“IRS”) dated June 24, 2014 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, that it has no income subject to business income tax, and that the Plan continues to be tax exempt.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

Note 5 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan’s termination, participants will become fully vested in their accounts.

Note 6 – Information certified by Vanguard Fiduciary Trust Company and ING Life Insurance and Annuity Company (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Vanguard Fiduciary Trust Company, the trustee, and ING Life Insurance and Annuity Company, the custodian, except for comparing such information certified by the trustee and custodian to information included in the Plan’s financial statements and supplemental schedule of assets (held at end of year).

Vanguard Fiduciary Trust Company and ING Life Insurance and Annuity Company have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information presented in the accompanying statement of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the supplemental schedule of assets (held at end of year) as of December 31, 2013.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 7 – Party-in-interest transactions

Certain Plan investments are shares of mutual funds, a common/collective trust, pooled separate accounts and a general account managed by the trustee and custodian, and therefore, these transactions qualify as parties-in-interest transactions for which a statutory exemption exists under DOL regulations. Total fees paid by the Plan to the trustee amounted to \$130,632 for the year ended December 31, 2013. The Plan did not pay any fees to the custodian for the year ended December 31, 2013.
