Independent Auditors' Report

To the Administrative Committee of
Vocalocity 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Vocalocity 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements and Supplemental Schedule

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company from January 1, 2013 – January 31, 2013, the trustee of the Plan, and John Hancock Life Insurance Company (U.S.A.) from January 1, 2013 – December 31, 2013, the custodian of the Plan, except for comparing such information with the related information included in the 2013 financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2013 financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee, Fidelity Management Trust Company. Their report, dated October 7, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Vocalocity 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Vocalocity, Inc. (the "Company") and their beneficiaries, funds for retirement.

Eligibility

An employee of the Company becomes an eligible participant in the Plan the first day of the month following their date of hire and attainment of a minimum age of 21.

Employee Contributions

Employees could elect to contribute up to 90 percent of eligible compensation, not to exceed Internal Revenue Service ("IRS") limitations through December 31, 2012. Effective January 1, 2013, participants could contribute all eligible compensation, not to exceed IRS limitations. Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the Internal Revenue Service, which was not to exceed $5,500 for the years ended December 31, 2013 and 2012. Under the Plan, participants may also make Roth elective contributions. Participants direct the investment of their contributions into one of more investment options offered by the Plan.

Employer Contributions

Effective January 1, 2013, the Plan elected safe harbor status and contributed a matching contribution equal to 100 percent of the salary deferrals on the first 3 percent of eligible employee compensation plus 50 percent of the salary deferrals up to 5 percent of eligible employee compensation.

Prior to January 1, 2013, the Company could elect to make qualified non-elective contributions in order to satisfy any nondiscrimination testing failures.

Rollover Contributions

The Plan allows participants to make rollover contributions of amounts received from other qualified retirement plans.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of pooled separate accounts for 2013 and mutual funds during 2012 with varying investment objectives as investment options. Each participant's account is credited with the participant's pre-tax and roth contributions, if any, the employer contributions and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

A participant is, at all times, fully vested in both the portion of his account attributable to participant contributions, including earnings thereon, as well as that which is attributable to employer safe harbor matching contributions. As such, there are no forfeitures into the Plan upon termination of an employee.

Participant Loans

Loans are not permitted under the Plan.

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of death, disability or termination of employment. After attaining age 59 ½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100 percent of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, the value of their contributed account balances as adjusted for earnings or losses thereon.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures including contingencies. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Services

All administrative expenses of the Plan are paid by the Company, except fees charged by John Hancock, the Plan's custodian, for any distribution transactions. Certain investment related expenses have been offset within net investment income and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides participants with the option to invest in various investment securities. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in the near term could materially affect certain participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Refund of Excess Contributions

The Plan failed the Internal Revenue Code 401(k) Actual Deferral Percentage ("ADP") and Actual Contribution Percentage ("ACP") compliance tests of employee contributions for the year ended December 31, 2012. The Plan corrected the ADP/ACP test failures by returning the excess contributions to highly compensated employees during the year ended December 31, 2013. The refund included income allocable to the excess contributions. As of December 31, 2012, the excess contributions payable was $17,266. There were no excess contributions as of December 31, 2013.

3. Information Certified by Custodian (Unaudited)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) ("John Hancock") for the year ended December 31, 2013 and Fidelity Management Trust Company ("Fidelity") for the year ended December 31, 2012, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the custodians, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2013 and 2012, respectively.

The following information as of and for the years ended December 31, was prepared from reports certified by the custodians:

4. Fair Value Measurements

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical securities.

Level 2 – Observable inputs other than Level 1 prices, such quoted prices for similar securities or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the securities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The securities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Pooled separate accounts: Underlying investments include shares of pooled separate accounts that are valued at net asset value determined by John Hancock based on quoted market prices of the underlying assets.

Mutual funds: The investments held by registered investment companies consist of shares of mutual funds that are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2013			
	Level 1	**Level 2**	**Level 3**	**Total**

The following table sets forth a summary of the Plan's investments for which fair value is estimated using net asset value per share as of December 31:

	2013	**Unfunded Commitment**	**Redemption Frequency**	**Other Redemption Restrictions**	**Redemption Notice Period**
Pooled separate accounts

Lifecycle (f)	1,481,841	--	Immediate	None	None
	$ 2,046,627				

(a) These funds seek to achieve long-term growth of capital by investing the portfolio's assets primarily in a diversified portfolio of equity securities issued by companies of varying size with significant capital appreciation potential.

(b) This fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long-term.

(c) These funds seek to achieve capital appreciation by investing mainly in the stocks of attractively priced mid-sized companies that can generate above-average earnings growth.

(d) These funds seek to achieve long-term growth of capital and income by investing in solid companies with the greatest potential for future dividends. The underlying investments consist principally of common stocks, however, can also include bonds, US government securities, nonconvertible preferred stocks and cash and equivalents.

(e) This fund seeks maximum total return, consistent with the preservation capital and prudent investment management.

(f) These funds seek to allocate its assets among underlying funds according to a fixed income and equity asset allocation strategy that becomes increasingly conservative over time.

5. Plan Termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time. In the event of termination of the Plan, all participants shall receive a total distribution of their accounts as described in the Plan.

6. Tax Status

The Plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the proto-type Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). There have been no amendments to the Plan since receiving the determination letter and, accordingly, the Plan administrator believes that the Plan's design and operation are in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by John Hancock or its subsidiaries or affiliates. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transaction fees incurred by the custodian amounted to $2,047 for the year ended December 31, 2013. Investment transactions and other fees incurred by the Plan are absorbed in investment income and are not readily determinable.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The financial statements utilize the accrual basis of accounting whereas the Form 5500 is reported on the cash basis of account.

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	2013	2012
Balance per financial statements	$ 2,046,627	$ 876,722
Excess contribution payable – end of year	--	17,266
Balance per Schedule H of Form 5500	$ 2,046,627	$ 893,988

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the Plan year ended December 31, 2013:

Amount per financial statements	$ 1,169,905
Excess contributions payable at December 31, 2012	(17,266)
Balance per Schedule H of Form 5500	$ 1,152,639

9. Subsequent Events

Subsequent events were evaluated through October 15, 2014, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined there are no subsequent events requiring disclosure in the financial statements.
