Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Neaton Auto Products Mfg., Inc. Retirement and Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by DWS Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significant of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express and opinion on the supplemental schedule referred to above.

Other Matter

The financial statements of the plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 5, 2013, indicated that because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following description of the Neaton Auto Products Manufacturing, Inc. Retirement and Savings Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees the Neaton Auto Products Manufacturing, Inc., (the "Company") who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 90% of annual compensation to the plan, up to the maximum dollar limits set by law for such contributions. Each year, the Company contributes to the Plan an amount equal 1.5% of each participant's gross annual compensation. The Company also contributes an additional matching contribution equal to 50% of participant contributions up to 8% of gross annual wages.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary contributions (if any), and an allocation of plan earnings based on participant earnings or account balances, as defined in the Plan. Forfeitures of terminated participant's non-vested accounts are credited against future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service after July 1, 1988, as defined. A participant is 100% vested after six years of credited service or upon reaching normal retirement age, as defined.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balances. Loan transactions are treated as a transfer to (from) the investment funds from (to) the Participant Notes fund. Loan terms range from one to five years or up to fifteen years for the purchases of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined quarterly and equal to the prime interest rate as reported in the Wall Street Journal. Interest rates range from 4.25% to 9.25%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon termination of service for death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account or annual installments over either their expected lives or the expected lives of the participants and their beneficiaries.

Forfeited accounts

At December 31, 2013 and 2012 forfeited non-vested accounts totaled \$2,141 and \$2,929, respectively. These accounts will be used to reduce employer contributions. Forfeitures of \$16,757 and \$20,142 were used to reduce employer contributions during 2013 and 2012, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of presentation

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Company has evaluated guaranteed investment contracts held in the Invesco Stable Value Fund common collective trust and determined that they are fully benefit-responsive contracts. Accordingly, the Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based on the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 15, 2014, the date on which the financial statements were available to be issued.

3. INVESTMENTS:

All financial data related to investments used in preparation of the statements of net assets available for benefits as of December 31, 2013 and 2012, and the statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of assets (held at end of year) as of December 31, 2013 have been certified as to accuracy and completeness by the Plan's trustee DWS Trust Company.

Investments that represent 5 percent or more of the fair value of the Plan's net assets are as follows at December 31:

	2013	2012
Registered investment companies:		
PIMCO Total Return Fund	\$ 1,565,594	1,859,674
T Rowe Price Blue Chip	5,581,001	4,248,504
T Rowe Price 2030	1,847,749	1,619,130
American Funds Europacific	2,063,540	1,887,121
Blackrock Equity Dividend	2,323,934	2,039,549
Blackrock U.S Opportunity	2,296,491	1,652,063
Common collective trust		
Invesco Stable Value Trust	3,946,088	3,806,529

** Investment in fund was less than 5% of net assets at year end or fund was not held by the Plan.

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,424,241 and \$1,821,197, respectively.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: inputs the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

5. INVESTMENT CONTRACTS IN COMMON COLLECTIVE TRUST:

The Plan maintains an investment contract in a common collective trust, the Invesco Stable Value Fund (the "SVF"). The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The contract is valued based on the net asset value of the fund as of year-end. The net asset value of the fund as of year-end is calculated using the fair value of the underlying investments of the fund, less any liabilities of the fund, divided by the number of shares issued.

The SVF is included in the financial statements at fair value, with a separately presented adjustment to contract value, because it is fully benefit-responsive. The SVF invests principally in guaranteed investment contracts ("GICs") issued by insurance companies; investment contracts issued by banks ("BICs"); structured or synthetic investment contracts ("SICs") issued by banks, insurance companies, and other issuers, as well as the securities supporting such SICs (underlying assets); separate account contracts ("SACs"); and other similar instruments that are intended to maintain a constant net asset value while permitting participant-initiated, benefit-responsive withdrawals for certain events.

6. TAX STATUS:

The Plan operates under a prototype non-standardized document which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, that stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan did not obtain its own determination letter. Although the plan has been amended since receiving the opinion letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013 and 2012, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

8. RELATED PARTY TRANSACTIONS:

Certain Plan investments are shares of registered investment companies and common collective trusts managed by DWS Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the recordkeeping services amounted to \$10,755 and \$7,805, which was paid to ADP for the years ended December 31, 2013 and 2012, respectively. Fees paid to the Plan's investment advisor totaled \$56,914 and \$50,891 for the years ended December 31, 2013 and 2012, respectively.

9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

10. RECONCILIATION TO FORM 5500:

The following is a reconciliation between the Plan's financial statements and the Form 5500 as of and for the year ended December 31, 2013:

Net assets available for benefits per the financial statements	\$ 29,513,886
Adjustment from fair value to contract value for fully benefit-responsive investment contracts held in common collective trust	(48,333)
Net assets available for benefits per the Form 5500	<u>\$ 29,465,553</u>
 Change in net assets available for benefits per financial statements	 3,631,223
Adjustment from fair value to contract value for fully benefit-responsive investment contracts held in common collective trust	(48,333)
Change in net assets available for benefits per Form 5500	<u>\$ 3,582,890</u>

Prior to 2013, the Form 5500 was prepared on the contract value basis, and as such, there was no reconciliation need for 2012.
