Hoffman Southwest, Plan Administrator
Hoffman Southwest 401(k) Savings Plan

Mission Viejo, California 92691

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Hoffman Southwest 401(k) Savings Plan (the "Plan") as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

This communication is intended solely for the information and use of management and others within the Plan, and it is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

The Trustees
HOFFMAN SOUTHWEST 401(K) SAVINGS PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hoffman Southwest 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, respectively, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) , is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

HOFFMAN SOUTHWEST 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2013 AND 2012

NOTE 1 – DESCRIPTION OF PLAN

General

The Hoffman Southwest 401(k) Savings Plan, (the "Plan"), is a profit sharing plan with a cash or deferred arrangement feature for the benefit of eligible employees of Hoffman Southwest Corp., Hoffman Texas, Inc., Hoffman Utah, Inc., and Western Drain Supply, Inc. The Plan is sponsored by Hoffman Southwest Corp. (the "Employer"), and became effective on January 1, 1988. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees who are a minimum of 18 years of age and have completed thirty days of service are eligible to participate in the Plan. New participants are automatically enrolled in the Plan after one month of service. Unless a participant affirmatively elects otherwise, automatic enrollment contributions will be made at 3% of compensation, increased annually by 1%, up to a total of 7% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer contribution and an allocation of Plan earnings. Each participant's account is credited with investment gain or loss as of each valuation date. The valuation date occurs daily during the Plan year. Earnings and losses are allocated on the basis of the ratio that a participant's account balance bears to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Contributions

Participants in the Plan may contribute up to 50% of their eligible compensation. A participant's total contribution for any one calendar year is limited to the maximum annual contribution allowable pursuant to the requirements of section 401(k) of the Internal Revenue Code.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Employer Contributions

The Employer's policy is to match a percentage of the salary deferral amount as determined by the Board of Directors. The Employer matched 33 1/3% of participant contributions, up to 4% of eligible compensation for the years ended December 31, 2013 and 2012, respectively.

The Employer may also make an additional discretionary contribution as determined by the Board of Directors each year. This discretionary contribution is allocated only to participants completing at least 1,000 hours of service during the Plan year, based on the percentage relationship of the participant's eligible compensation to the total eligible compensation for all participants. Participants must be employed on the last day of the Plan year to share in allocations, with the exception of participants retiring during the Plan year. No discretionary contributions were declared or paid during the years ended December 31, 2013 and 2012, respectively.

Vesting

Participants are immediately vested in their rollover contributions and elective contributions plus actual earnings thereon. Employer contributions are vested ratably over a six-year period commencing on the participant's date of hire in the following schedule:

Years	Percent Vested
1	15%
2	30%
3	45%
4	60%
5	80%
6	100%

Participants are considered fully vested upon attainment of retirement age, retirement due to disability, death, and upon termination of the Plan.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Benefit Payments

On termination of service or retirement, participants will receive their entire account balance in a lump-sum distribution if the account balance is $1,000 or less. Otherwise, the funds remain in the Plan until the separated participants submit written request for payment. All amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment prior to December 31, 2013 were paid to the participants on or before year-end.

Forfeitures

The non-vested portions of terminated participants' account balances are treated as forfeitures. Should the participant subsequently be rehired within a five-year period and otherwise meet eligibility requirements of the Plan, the Employer will make necessary contributions to the Plan in an amount required to restore the participant's previously forfeited account balance. There were no forfeited non-vested accounts at December 31, 2013 and 2012, respectively.

Forfeitures are used to pay the Plan's administrative expenses and any excess amounts are used to reduce the Employer's matching contributions. Forfeitures used to pay the Plan's administrative expenses and to reduce the Employer's matching contributions were $35,600 and $43,200 for the years ended December 31, 2013 and 2012, respectively.

Notes Receivable from Participants

A participant can borrow from the Plan in any amount up to 50% of the fair value of the participant's vested account balance reduced by the participant's highest outstanding plan loan balance in the prior twelve months. In no event may the participant borrow more than $50,000.

Loans are for a period not exceeding five years, except for loans used to acquire or construct a principal residence of a participant, which provide for repayment over a reasonable period of time that may exceed five years. Interest rates range from 5.25% to 7.25% per annum at December 31, 2013. The current value of loans to participants was $1,031,398 and $999,120 at December 31, 2013 and 2012, respectively.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Termination

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Method

The Plan financial statements have been prepared on the accrual basis of accounting.

Investment Valuation

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1, "Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans" (the "FSP"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the Fidelity Advisor Stable Value Fund, a fully benefit-responsive investment contract from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

The fair value of the wrapper investment is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Mutual funds are carried at fair value. The fair value is based on the closing sales price on the last business day of the Plan year as certified by Fidelity Management Trust Company. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions under the terms of the Plan document.

Costs and Expenses

Certain costs and expenses of the Plan are paid directly by participants of the Plan and are included in the statements of changes in net assets available for benefits. Other costs and expenses of the Plan are paid directly by the Employer and are not included in the statements of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan, and determine whether such positions would more likely than not be sustained upon examination by the Internal Revenue Service. The Plan records a liability for uncertain tax positions when it is probable that a loss has been incurred and the amount can be reasonably estimated. Plan management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. The Plan recognizes any interest and penalties related to uncertain tax positions when identified in income tax expense.

NOTE 3 – INVESTMENTS

The Plan's investments were maintained by Fidelity Management Trust Company at December 31, 2013 and 2012, respectively. The investment balances and related investment information included in the financial statements, accompanying notes, and supplemental schedule are derived from statements which have been certified by Fidelity Management Trust Company at December 31, 2013 and 2012, respectively, as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As of and during the years ended December 31, 2013 and 2012, contributions to the Plan were invested with Fidelity Management Trust Company as directed by Plan participants. The investments are carried in the accompanying statements of net assets available for benefits at fair value of $20,239,857 and $16,017,025 at December 31, 2013 and 2012, respectively. The Plan did not maintain records of the cost of the investments as of December 31, 2013 and 2012, respectively. Certain fees are charged to the funds and are offset against Plan investment income and losses. Participants should refer to the funds' prospectuses for further details on these fees.

The fair value of investments representing five percent or more of the Plan's net assets at December 31, 2013, and their comparable balances as of the end of the prior year are as follows:

	December 31,	
	2013	2012
Fidelity Advisor New Insights A	$ 2,855,853	$ 2,052,115
Fidelity Advisor Stable Value	1,921,765	2,219,935
Fidelity Advisor Dividend Growth A	1,658,976	1,252,546
Fidelity Advisor Strategic Income A	1,113,456	1,154,736

NOTE 4 - INVESTMENT CONTRACT WITH FIDELITY PRICING AND CASH MANAGEMENT SERVICES

The Plan holds a stable value investment contract, Fidelity Advisor Stable Value Fund (the "Fund"), with Fidelity Pricing and Cash Management Services, the Trustee. The Fund is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Fund invests in underlying assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into "wrapper" contracts issued by a third party. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The wrap issuer agrees to pay the Fund an amount sufficient to cover unit holder redemptions and certain other payments (such as fund expenses), provided all the terms of the wrappers have been met. Wrappers are normally purchased from issuers rated in the top three long-term rating categories (A- or the equivalent and above). The purpose of the wrappers is to preserve the investors' principal investment while earning interest income, providing more stability than a traditional investment.

As described in Note 2, because the stable value investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value investment contract. Contract value, as reported by Fidelity Pricing and Cash Management Services, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The stable value investment contract does not permit Fidelity Pricing and Cash Management Services to terminate the agreement prior to the scheduled maturity date.

NOTE 4 - INVESTMENT CONTRACT WITH FIDELITY PRICING AND CASH MANAGEMENT SERVICES (Continued)

The following are the average yields for the stable value investment contract for 2013 and 2012:

Average Yields:	2013	2012
Based on actual earnings	1.59%	1.70%
Based on interest rates credited to participants	1.14%	1.05%

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2013 and 2012 (Level 1, 2 and 3 inputs are defined above):

	Assets at Fair Value as of December 31, 2013			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds:				
Balanced funds	$ 9,913,753	-	-	$ 9,913,753
Growth funds	4,590,581	-	-	4,590,581
Value funds	1,236,943	-	-	1,236,943
Fixed income funds	2,576,815	-	-	2,576,815
Total mutual funds	18,318,092	-	-	18,318,092
Common Collective Trust	-	$ 1,921,765	$ -	1,921,765
Total investments measured at fair value	$ 18,318,092	$ 1,921,765	$ -	$ 20,239,857

	Assets at Fair Value as of December 31, 2012			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds:				
Balanced funds	$ 6,832,177	-	-	$ 6,832,177
Growth funds	3,336,976	-	-	3,336,976
Value funds	829,287	-	-	829,287
Fixed income funds	2,798,650	-	-	2,798,650
Total mutual funds	13,797,090	-	-	13,797,090
Common Collective Trust	-	$ 2,219,935	$ -	2,219,935
Total investments measured at fair value	$ 13,797,090	$ 2,219,935	$ -	$ 16,017,025

The Plan's valuation methodology used to measure the fair values of mutual funds was derived from quoted market prices as substantially all of these instruments have active markets. The fair value of the wrapper investment is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

There were no transfers between fair value levels for the year ended December 31, 2013.

NOTE 6 – TAX STATUS

The Employer has received a favorable determination from the Internal Revenue Service with respect to the qualified tax status of the Plan under applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to federal and state income tax examinations by taxing authorities for years before 2010 and 2009, respectively.

NOTE 7 – RELATED-PARTY TRANSACTIONS

Certain Plan investments were collective investment trust and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company was the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services to Fidelity Management Trust Company amounted to $13,616 and $13,758 for the years ended December 31, 2013 and 2012, respectively. Allen, Haight & Monaghan LLP performed the Plan limited-scope audits for the years ended December 31, 2013 and 2012, respectively. Allen, Haight & Monaghan LLP is the Plan auditor as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Employer on behalf of the Plan to Allen, Haight & Monaghan LLP amounted to $9,875 and $9,250 for the years ended December 31, 2013 and 2012, respectively.

NOTE 8 – FINANCIAL STATEMENT PRESENTATION

The financial statements of the Plan contain certain classifications of assets, additions to net assets, and deductions from net assets that differ from the presentation of assets, income and expenses that are reported on Internal Revenue Service Form 5500 for the current Plan year. These reclassifications do not represent any modifications to total assets or changes in net assets of the Plan as reported on Form 5500.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of contributions from participants per the financial statements to the Form 5500 for the year ended December 31, 2013:

Contributions from participants per the financial statements	$ 1,825,434
Participants' loan repayments	442,205
New loans issued during 2013	(474,483)
Contributions from participants per Form 5500	$ 1,793,156

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2013:

Net increase per the financial statements	$ 4,217,410
Adjustment for net (depreciation) in fair value of investments at December 31, 2013	(41,930)
Net income per Form 5500	$ 4,175,480

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 7, 2014, which is the date the financial statements were available to be issued.
