Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ellcon National, Inc. 401(k) Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of September 10, 2013, and the related statement of changes in net assets available for benefits for the period ended September 10, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the period ended September 10, 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of delinquent participant contributions is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the certified information by Fidelity Management Trust Company, the trustee of the Plan. Their report dated October 11, 2013 indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statement other than that derived from the information certified by the Trustee, were present in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Emphasis of Matter

As described in Note 1 to the financial statements, the Plan was merged and transferred its assets into the Faiveley Transport 401(k) Plan on September 10, 2013.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ELLCON NATIONAL, INC. 401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 10, 2013 AND DECEMBER 31, 2012

Note 1—Description of the Plan

The following description of the Ellcon National, Inc. (the “Company” or “Plan Sponsor”) 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Plan Termination – The Company entered into a merger agreement effective September 1, 2013, with Graham-White Manufacturing Co. The combined company presently operates under the name Faiveley Transport Company. In conjunction with this merger, on September 1, 2013, an amendment was executed that merged the Ellcon National, Inc. 401(k) Plan and Graham-White Manufacturing Co. 401(k) Profit Sharing Plan into one single plan, Faiveley Transport 401(k) Plan (“Faiveley Plan”). The Company has adopted amendments to the Ellcon National, Inc. 401(k) Savings Plan discontinuing all contributions as of August 30, 2013, upon which date the participants were immediately eligible to contribute to the Faiveley Plan. All assets of the Plan were transferred to the Faiveley Plan by September 10, 2013.

General – The Plan is a defined contribution plan covering all employees of the Company who have completed at least one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained the age of fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants. The Company contributed 40 percent of the first 6 percent of base compensation that a participant contributed to the Plan. Additional discretionary profit sharing amounts may be contributed at the option of the Company’s board of directors. There was no discretionary profit sharing contribution for the period ended September 10, 2013. Contributions are subject to certain limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s matching contribution portion and profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at rates that range from 4.25 percent to 9.25 percent, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through periodic payroll deductions.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 10, 2013 AND DECEMBER 31, 2012

Note 1—Description of the Plan (continued)

Payment of Benefits – On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. The Plan provides for mandatory distributions in accordance with IRS Notice 2005-5. This notice allows for mandatory distributions of participants' accounts. A participant with an account balance in excess of \$1,000 will have the value of the vested interest in their account rolled over into an IRA account. A participant with an account balance less than \$1,000 will receive the value of the vested interest in their account as a lump-sum distribution. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Forfeited Accounts – At September 10, 2013 and December 31, 2012, forfeited nonvested accounts totaled \$0 and \$26,388, respectively. These accounts will be used first to reduce Plan administrative expenses and then to reduce future employer contributions. In 2013, approximately \$27,000 of forfeitures were used to reduce Company contributions.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive contracts.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowance for credit losses has been recorded as of September 10, 2013 or December 31, 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

SEPTEMBER 10, 2013 AND DECEMBER 31, 2012

Note 2—Summary of significant accounting policies (continued)

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through June 23, 2014, the date the financial statements were available to be issued. Subsequent to September 10, 2013, the Plan Sponsor made a contribution to the Faiveley Transport 401(k) plan (see Note 10).

Note 3—Investments

The following presents investments that represent 5 percent or more of the Plan's net assets:

	September 10, 2013	December 31, 2012
Fidelity Advisor Freedom 2010 Fund	\$ -	\$ 283,734
Fidelity Advisor Freedom 2020 Fund	-	898,108
Fidelity Advisor Freedom 2030 Fund	-	508,637
Fidelity Advisor Freedom 2025 Fund	-	568,776
Fidelity Advisor Freedom 2035 Fund	-	375,208
Wells Fargo Stable Return Fund M, at contract value (Note 6)	-	538,340

There were no investment balances as of September 10, 2013. During 2013, mutual funds accounted for substantially all of the Plan's net appreciation in fair value of investments.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 10, 2013 AND DECEMBER 31, 2012

Note 4—Certified financial information

The following is a summary of the Plan's asset information as of September 10, 2013 and December 31, 2012 and for the period ended September 10, 2013, included throughout the Plan's financial statements, that was derived from information provided by Fidelity Management Trust Company, the trustee and furnished to the Plan administrator. The Plan administrator has obtained a certification from the trustee that the information provided to the Plan administrator by the trustee related to the following assets is complete and accurate. Accordingly as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements related to the following assets and related income:

	<u>September 10, 2013</u>	<u>December 31, 2012</u>
Investments, at fair value:		
Mutual funds	\$ -	\$ 4,470,171
Money market fund	-	96,375
Investments, at contract value:		
Common collective trust fund	-	538,340
Notes receivable from participants	-	260,569
	<u>\$ -</u>	<u>\$ 5,365,455</u>

The trustees also certified to the completeness and accuracy of \$265,107 of net appreciation in the fair value of investments and \$104,443 of interest and dividends for the period ended September 10, 2013.

Note 5—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

ELLCON NATIONAL, INC. 401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 10, 2013 AND DECEMBER 31, 2012

Note 5—Fair value measurements (continued)

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – The Plan invests in a money market fund to provide daily liquidity. Fair value is based on the NAV that can be validated with a sufficient level of observable activity (i.e., purchases and sales at NAV) and was therefore classified within Level 2 of the fair value hierarchy.

Common Collective Trust Fund – Valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 10, 2013 AND DECEMBER 31, 2012

Note 5—Fair value measurements (continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012. There were no plan assets as of September 10, 2013.

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Mutual funds:

Common collective trust fund	-	553,952	-	553,952
Total assets at fair value	<u>\$ 4,470,171</u>	<u>\$ 650,327</u>	<u>\$ -</u>	<u>\$ 5,120,498</u>

The following table for December 31, 2012 sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

Investment	As of December 31, 2012			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund ^(a)	<u>\$ 553,952</u>	<u>\$ -</u>	Daily	None

^(a) This category includes a stable value common collective trust fund whose objective is to protect principal while providing a higher rate of return than shorter term investments, such as money market funds. The fund invests all of its assets in a separate common collective trust fund sponsored by a financial institution. The investee common collective trust fund invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed income securities; the second part is a contract value guarantee ("wrapper") provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity. The fair value of investments in this category has been estimated using the net asset value per share reported by the investee common collective trust fund.

ELLCON NATIONAL, INC. 401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 10, 2013 AND DECEMBER 31, 2012

Note 6—Common collective trust fund

Wells Fargo Stable Return Fund M is a common collective trust fund with underlying investments in fully benefit-responsive investment contracts and is, therefore, valued at contract value which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 7—Related-party and party-in-interest transactions

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to third-party administrators totaling approximately \$20,000 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 8—Tax status

Effective March 1, 2012, the Company adopted the Plan based on a prototype plan document sponsored by Fidelity Management and Research Co. Fidelity Management and Research Co. has received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, that states that the form of the prototype plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan administrator has not requested a determination letter from the IRS on the Plan. The Plan has been amended since the date of the IRS opinion letter on the prototype plan. While the Plan cannot rely on the IRS opinion letter, the Company and the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the United States federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10—Plan errors and prohibited transactions

Subsequent to September 10, 2013, the Plan Sponsor made a contribution of approximately \$7,000 to the Faiveley Transport 401(k) Plan (see Note 1) for affected participants related to missed earnings on late deposits of participant deferrals from 2011 and 2012, and to correct prior year employee deferral and matching contribution errors.

The Plan Sponsor plans to make a contribution to the Faiveley Transport 401(k) Plan related to missed earnings on late deposits of participant deferrals from 2013.

Employer Identification Number 13-5051030
Form 5500 for Plan Period Ending September 10, 2013
Plan Number 002

Dear Sirs:

Enclosed, please find the Form 5500, Annual Return/Report of Employee Benefit Plan, for the above noted plan and plan year. I understand that this return is late, as it should have been submitted by the 7th month after the close of the final short plan year ended September 30, 2013.

The plan was not aware that the due date for the final return would be prior to the extended filing deadline of October 15, 2014. Once the error was discovered, the plan immediately engaged a firm to complete the audit for the final reporting period and to prepare the Form 5500.

I understand that the Form 5500 is time sensitive. As I did not intentionally file the Form 5500 late, I respectfully request an abatement of any related penalties and interest due to reasonable cause.

Thank you in advance for your prompt attention to this matter.

Sincerely,

A handwritten signature in blue ink that reads "Debbie Greaves".
