NOTE 1 - SUMMARY OF THE PLAN

Plan Description

The following description of the DMCG, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was effective on January 1, 2010 and qualifies as a defined contribution retirement plan for DMCG, Inc.'s (the "Company") eligible employees. This Plan was established for the purpose of providing retirement benefits to eligible employees in accordance with the Plan. The Plan is intended to satisfy the provisions of Section 401(a) of the Internal Revenue Code ("IRC") of 1986, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility

Each of the Company's employees is eligible to participate in the 401(k) Plan if they have completed 3 months of service and attained age 21. Once the eligibility requirements have been met, employees may enroll in the Plan. Employees are eligible to receive matching contributions if they make 401(k) deferrals. In order to be eligible for the discretionary employer contributions the employee must have completed one year of service, attained age 21, and have a minimum of 500 hours of service during the plan year.

Contributions

The Company's eligible employees may contribute up to the 402(g) limit and/or the ADP test limit for highly compensated employees. The 402(g) limit for 2013 was $17,500. In addition, all eligible employees who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of Code Section 414(v).

Beginning on January 1, 2013, the Plan is designed to qualify as a Safe Harbor 401(k) Plan, which provides a special Safe Harbor matching contribution to the Plan for those participants who satisfy the eligibility requirements applicable to such Safe Harbor matching contributions. When a participant makes a salary deferral to the Plan, the participant is eligible to receive a Safe Harbor matching contribution equal to 100% of the amount the participant contributes to the Plan for each payroll period up to 4% of Plan compensation. For the year ended December 31, 2013, the Company made a $56,137 Safe Harbor matching contribution.

The Company may make a discretionary profit sharing contribution equal to eligible employees in an amount determined by the Company. For the year ended December 31, 2013, the Company made no discretionary contributions.

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Investment of Plan Funds

A participant may invest his or her respective share of all employee and employer contributions into any of the investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's Safe Harbor matching contribution, (b) the Company's discretionary profit-sharing contribution, (c) the participant's contribution and, (d) Plan earnings.

Allocation of Investment Activity

The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

Vesting

Participants are one hundred percent (100%) vested in their contributions plus actual earnings thereon. Participants become vested in their Company matching contributions and Company discretionary profit-sharing account and any earnings as follows:

Years of Service	Vested Interest (%)
Less than two years of service	0
After two but less than three years of service	20
After three but less than four years of service	40
After four but less than five years of service	60
After five but less than six years of service	80
After six years of service or more	100

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account and Company discretionary profit-sharing contribution account and earnings on Company contributions are allocated to active participants based on their compensation. At December 31, 2013, there were no forfeitures.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and one hundred percent (100%) of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled.

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the participant's vested account balance, $50,000, or the limitations set by the Tax Reform Act of 1986 and Section 408(b) of the Employee Retirement Income Security Act of 1974 ("ERISA"). The notes are to be repaid through payroll withholding over a period of five years or longer if the loan is used to acquire a principal residence under hardship circumstances. The interest rate is the current prime rate plus 1%, currently 4.25%. The notes are carried at their unpaid principal balance plus any accrued but unpaid interest. At December 31, 2013, there were no notes receivables from participants.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Administrative Expenses

Plan administrative expenses are paid by the Plan, unless paid by the Company.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Non-Discrimination for Employee and Employer Contributions

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan.

If the Plan fails the tests, it must refund excess deferral contributions or make a QNEC contribution for the non-highly compensated employees. Excess contributions that are refunded within two and a half months of the Plan year end are accrued as a liability on the statement of net assets available for benefits.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year.

The Plan adopted Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements* (ASC 820), which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled Separate Accounts

These investments are public investment securities valued using the Net Asset Value (NAV) provided by Great-West Life & Annuity Insurance Company. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Guaranteed Interest Account

The fair value of the guaranteed interest account is determined by multiplying the contract value by a factor which takes into account the remaining number of months until maturity, the composite rate being earned, the declared rate and various pre-established rates of return contractually established by the issuer. Amounts allocated to the fixed interest accounts are supported by insurance companies' general accounts. The general accounts are managed on an aggregate basis and support all of the insurance company's financial commitments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fixed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there are possible market value adjustments when funds are withdrawn prior to their maturity.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. All of the information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company, the custodian of the Plan.

NOTE 4 - INVESTMENTS

The following investments represent five percent or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012:

	2013	2012
Great-West Lifetime 2015 Fund II T1	$ 12,510	$ 11,580
Great-West Lifetime 2035 Fund II T1	$ 20,946	$ 1,760
Great-West Lifetime 2045 Fund II T1	$ 10,519	$ -
American Funds New Perspective - R3	$ 11,287	$ -
Artisan International Value	$ 10,582	$ -
Ivy Science & Technology Y	$ 10,301	$ -
Great-West S&P Small Cap 600 Index	$ 21,269	$ -
Great-West S&P 500 Index Fund 1	$ 24,462	$ -

During 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $18,491.

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service issued a favorable opinion in a letter dated January 25, 2012 that stated that the Volume Submitter Profit Sharing Plan adopted by the Company, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The custodian, plan sponsor, and plan administrator are not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 - INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants will become one hundred percent (100%) vested in their accounts.

NOTE 7 - PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Advised Assets Group, LLC which is related to Great-West Life & Annuity Insurance Company, the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the contract administration services amounted to $413 for the year ended December 31, 2013.

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into an investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a pooled separate account and guaranteed interest account. The pooled separate account was credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses by Great-West. The guaranteed interest account should be reported at fair value as they are not fully benefit-responsive. In 2013, the annualized monthly crediting interest rate was 1.30%. The crediting interest rates are reset upon the maturity of the contract.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - FAIR VALUE OF FINANCIAL STATEMENTS (ASC 820)

Below are the Plan's financial instruments carried at fair value on a recurring basis by their ASC 820 fair value hierarchy levels:
