Independent Auditor's Report

To the Plan Administrator and Retirement Plan Committee
Spectra Logic 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Spectra Logic 401(k) Profit Sharing Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the custodians of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the custodians as of and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Emphasis of Matter

As discussed in Note 9 to the financial statements, net assets available for benefits as of the beginning of the year have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule H – Part IV, Line 4i, Schedule of Assets (Held at End of Year), as of December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the Spectra Logic 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a single employer defined contribution plan, established by the shareholders of Spectra Logic Corporation (the Company or the Plan Sponsor) located in Boulder, Colorado. All employees, except union, leased, non-resident aliens, and interns, who are 18 or older are eligible to make salary deferral contributions and to receive employer contributions on the first day of the month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee is responsible for oversight of the Plan.

Contributions: Participants may elect to contribute certain amounts of pretax annual compensation, subject to limitations established by the Internal Revenue Service (IRS). Participants who would attain age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Any employee who reaches the eligibility requirement will automatically have a 6% deferral of compensation, which is deposited into the appropriate target date fund based on the participant's age, unless a contrary election is made. At the discretion of the Company, additional amounts may be contributed by the Company into the Plan, including matching contributions, qualified non-elective contributions, or additional employer contributions. The employer match for the year ended December 31, 2013 was 50% of employee deferrals not to exceed $250 per participant per quarter. There were no other employer contributions made for 2013.

Participant accounts and investment options: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant contributions and account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of both their contributions and the Company's contributions into various investment options offered by the Plan. Participants may change their elections daily.

Vesting: All participant account balances are fully vested under the plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account. The repayment period is limited to five years, except for a note used for the purchase of a principal residence may be repaid over a term not to exceed 30 years. Principal and interest are paid ratably through payroll deductions. Notes outstanding at December 31, 2013 mature through November 2028, and bear interest at rates ranging from 4.25% to 9.25%.

Payment of benefits: Participants or their beneficiaries are eligible for benefits upon retirement, termination, death or disability. Vested benefits are made in a single lump sum payment or as a direct rollover to an individual retirement account or to another employer's tax qualified plan. If the vested balance is less than $1,000 immediately following termination, and the participant has not made an election to the contrary, the Company can make a cash distribution for the entire vested balance out of the Plan. If the vested account balance is greater than $1,000 but less than $5,000, and the participant has not made an election to the contrary, the Company can distribute the account in a direct rollover to an IRA. The Plan also provides for in-service withdrawals after attaining age 59 ½ and for certain financial hardships as defined in the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards established by the Financial Accounting Standards Board (FASB) to ensure consistent reporting of net assets and changes in net assets. References to Generally Accepted Accounting Principles (GAAP) in these footnotes are to the FASB Accounting Standards Codification (ASC or the Codification).

Accounting estimates and assumptions: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various funds as investment instruments. Mutual funds are exposed to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

As of December 31, 2013, the contract value approximated fair market value; therefore, there is no adjustment to contract value shown on the Statement of Net Assets Available for Benefits.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Recent accounting pronouncements: In October 2012, the FASB issued Accounting Standards Update (ASU) 2012-04, *Technical Corrections and Improvements* (ASU 2012-04). The amendments in this update cover a wide range of topics in the ASC, including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The impact of adopting the remaining portions of ASU 2012-04 on subsequent periods has not yet been determined.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan Sponsor and are excluded from these financial statements.

Subsequent events: The Plan Administrator evaluated subsequent events through October 15, 2014, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Custodians

The following is a summary of the Plan's asset information as of and for the year ended December 31, 2013, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Great-West Trust Company, LLC (GW Trust) and Great-West Life & Annuity Insurance Company (GW Life) (the Custodians) and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Custodians that information provided to the Plan Administrator by the Custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

Investments, at fair value:	
Mutual funds**	$ 17,921,133
Assets held in self-directed brokerage accounts**	796,528
Insurance company general account*	1,194,520
Total investments	$ 19,912,181
Notes receivable from participants**	$ 403,343

The Custodians also certified to the completeness and accuracy of the following investment income information (including investments bought, sold, and held during the year) for the year ended December 31, 2013:

	Interest and Dividends	Net Appreciation in Fair Value of Investments
Mutual funds**	$ 1,053,978	$ 2,365,924
Self-directed brokerage accounts**	-	88,828
Insurance company general account*	15,059	-
	$ 1,069,037	$ 2,454,752

*Certified by GW Life

**Certified by GW Trust

The Custodians also certified to the completeness and accuracy of interest income on notes receivable from participants of $14,139 for the year ended December 31, 2013.

Note 3. Information Certified and Provided by the Custodians (Continued)

The following table presents Plan investments that represent 5% or more of the Plan's net assets as of December 31, 2013:

Mutual funds, at fair value:	
Alger Capital Appreciation Instl I Fund	$ 1,156,344
American Funds Capital World G/I R3 Fund	1,255,307
American Funds Europacific Growth R3 Fund	1,299,158
Vanguard 500 Index Investor Fund	2,174,730
Insurance company general account, at fair value	
Great-West Guaranteed Portfolio Fund	$ 1,194,520

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in valuation methodologies at December 31, 2013 compared to December 31, 2012.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on quoted prices in active markets on which the fund is traded.

Common stock, exchange traded funds and limited partnership: Valued at the closing price report on the active market on which the individual securities are traded.

Note 4. Fair Value Measurements (Continued)

Insurance company general account: The insurance company general account is valued at fair value by discounting the related cash flows based on the current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 5).

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total

Note 4. Fair Value Measurements (Continued)

During the year ended December 31, 2013, the Plan did not make any significant transfers between levels.

Note 5. Guaranteed Insurance Contract with the Custodian

The Plan has a benefit-responsive guaranteed insurance contract with GW Life. GW Life maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed insurance contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed insurance contract. The guaranteed insurance contract is presented on the face of the statement of net assets available for benefits at fair value. Fair value, as reported to the Plan by GW Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.20%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed insurance contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2013
Average yields:	
Based on actual earnings	1.31%
Based on interest rate credited to participants	1.31%

Note 6. Related Party Transactions

Certain Plan investments are shares of a stable value fund managed by one of the Custodians and therefore these transactions qualify as party-in-interest, which are exempt from the prohibited transaction rules. The administrative expenses paid by the Plan of $32,968 for the year ended December 31, 2013, were remitted to the third-party administrator and other advisors as appropriate based on customary and reasonable rates for such services. Fees paid by the Plan for the investment management services were included as a reduction of the return earned on each fund.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, the net assets of the Plan, after payment of any expenses properly charged, will be distributed to each participant according to the amount then credited to his or her account.

Note 8. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by CCH Incorporated. The prototype plan has received an opinion letter from the IRS dated March 16, 2010 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan applies the standards on accounting for uncertainty in income taxes. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustments to the financial statements; therefore, no provision of liability for income taxes has been included in the financial statements. The Plan is no longer subject to income tax examination by the U.S. federal, state or local tax authorities for years before 2010.

Note 9. Prior Period Adjustment

A prior period adjustment was recorded to correct an error in the application of accounting principles related to notes receivable from participants. Notes receivable from participants were not included in the statement of net assets available for benefits as of December 31, 2012. The prior period adjustment resulted in an increase in net assets available for benefits of $222,060 as of December 31, 2012.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the financial statements to the Form 5500:

	2013
Net increase in net assets available for benefits per the financial statements	$ 5,083,652
Add: Prior year employer contributions receivable	66,465
Net increase in net assets available for benefits per the Form 5500	$ 5,150,117
