Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Retirement Plan for Employees of Local Media Group (formerly The Retirement Plan for Employees of Dow Jones Local Media Group), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 7, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2013 and 2012, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2013

1. Description of the Plan

The following description of The Retirement Plan for Employees of Local Media Group (the Plan) (formerly The Retirement Plan for Employees of Dow Jones Local Media Group) is provided for general information only, and in no way replaces or alters the full, official Plan agreement, which is the controlling document and which, in any dispute, shall govern. Participants can refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan sponsored by Dow Jones Venture VII, Inc. (the Company or Plan Sponsor), a wholly owned subsidiary of News Corporation (see below). The Plan covers substantially all employees of the Company and its subsidiaries and affiliated companies, The Times-Herald Record, Seacoast Newspapers, and The Stockton Record. The Plan provides for pension, death, and disability benefits. It is subject to the regulations of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended (the Code).

Effective September 14, 2012, the Plan was frozen to future pension accruals for union employees of the Boston Newspaper Printing Pressmen's Union Local 3 affiliated with the Graphic Communication Conference of the International Brotherhood of Teamsters (Pressmen Union).

On June 28, 2013, the Company's former parent completed the separation of its business into two independent publicly traded companies (the Separation) by distributing to its stockholders shares of the new News Corporation (News Corp) consisting of its newspapers, information services and integrated marketing services, book publishing, and digital education businesses. The former parent retained its interests in its cable, broadcast, film, pay-TV and satellite assets and changed its name to Twenty-First Century Fox, Inc. (21st Century Fox). After the separation, News Corp became the Company's parent.

(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

On June 28, 2013, the stock of Dow Jones Local Media Group was sold to Newcastle Investment Corp. (the Transaction) pursuant to a stock purchase agreement by and among Dow Jones Ventures VII, Inc., Dow Jones Local Media Group, Inc. and Newcastle Investment Corp. Dow Jones Local Media Group was thereafter to be known as Local Media Group. Due to the Transaction, effective September 2, 2013, the Plan was amended as follows:

- The Plan sponsor was changed to Dow Jones Ventures VII, Inc., who adopted and assumed the Plan's liabilities, powers, duties and responsibilities.
- The Plan was renamed as The Retirement Plan for Employees of Local Media Group.

The Plan was amended and restated in its entirety to incorporate prior amendments, reflect the change in the Plan sponsor, the new name of the Plan, and to freeze any further participation in or benefit accrual under the Plan.

Administration

Responsibility for administering the day-to-day operations of the Plan rests with the Company. The management and control of the Plan's assets and final discretionary authority and control over the Plan's assets rest with the parent of the Plan Sponsor.

Pension Benefits

Participants became eligible upon attainment of age 21 and completion of one year of service, provided that they worked at least 1,000 hours during such Plan year. Participants become fully vested after five years of service. The Plan provides no partial vesting for fewer than five years of service. The defined benefit plan maximum annual pension benefits paid to a participant are limited to \$205,000 and \$200,000, respectively, for the years ended December 31, 2013 and 2012.

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Terminated vested participants are entitled to receive benefits beginning at the normal retirement age of 65, although retirement benefits are also available upon attainment of early retirement age, subject to limitations set forth in the Plan. Employees who terminate after the completion of ten years of service but prior to eligibility for normal or early retirement shall be entitled to a deferred vested benefit equal to their accrued benefit as of the date of termination commencing upon satisfaction of the appropriate age requirement.

Benefit payments are paid in the form of a life annuity for single participants and a joint and survivor annuity for married participants unless the participant elects a different form of payment. For married participants, spousal consent is required to change payment methods.

If a participant's actuarial equivalent of the accrued benefit is less than \$10,000, the participant may be paid a lump-sum payment as soon as practicable after his/her termination date.

Preretirement Death and Disability Benefits

The surviving spouse of an active or terminated participant is entitled to certain benefits, as defined in the Plan document, in the event that the participant dies prior to receiving benefit payments. In order to be eligible, certain requirements as described in the Plan document must be satisfied.

Active employees who are disabled prior to normal retirement and after completion of five years of service may retire and receive a deferred benefit commencing at normal retirement age or early retirement age, at the participant's election.

Administrative Expenses

The Plan incurs administrative expenses directly related to the Plan which consist primarily of actuarial fees, trustee fees, and Pension Benefit Guaranty Corporation (PBGC) fees. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses. Administrative expenses related to the NC Transaction, Inc. Master Trust (NCTI Master Trust) and News America Incorporated Master Trust (NAI Master Trust) (collectively, the Master Trusts) are allocated to the Plan and are reflected in the net investment income from the Master Trusts (see Note 8 and Note 9). Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses are paid by the Company on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments

The Company's former parent established the NAI Master Trust whereby the assets of the Plan are commingled for investment purposes with the assets of the Pension Plan for Union Employees of Fox Television Stations, Inc., the News America Incorporated Employees' Pension and Retirement Plan, the Fox Pension Plan, the New York Post Craft Union Pension Plan, and the Pension Fund of Locals 794 & 819, I.A.T.S.E.

In anticipation of the Separation described in Note 1, one of the NAI Master Trust's participating plans, the News America Incorporated Employees' Pension and Retirement Plan, was amended effective June 1, 2013 to provide for the transfer of certain assets and liabilities to a newly created Plan, the NC Transaction, Inc. Pension Plan (NCTI Pension Plan). The NAI Master Trust agreement was amended effective June 1, 2013 to allow the NCTI Pension Plan to participate in the NAI Master Trust from June 1, 2013 through June 28, 2013. The NAI Master Trust was amended again effective June 28, 2013 to provide for the transfer of assets of the Plan, the NCTI Pension Plan, and the New York Post Craft Union Pension Plan out of the NAI Master Trust into the NCTI Master Trust, a new master trust sponsored by News Corp. Cash equal to the three plans' proportionate dollar interests in the NAI Master Trust as of June 28, 2013 was transferred to the NCTI Master Trust in two phases. A preliminary amount of \$234.9 million representing \$66.7 million for the NCTI Pension Plan, \$1.8 million for the New York Post Craft Union Pension Plan and \$166.4 million for the Plan was transferred on June 28, 2013 and a final true-up amount of \$12.8 million representing \$4.1 million for the NCTI Pension Plan, \$0.1 million for the New York Post Craft Union Pension Plan and \$8.6 million for the Plan was transferred on July 15, 2013.

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

As of December 31, 2013, the NCTI Master Trust held the assets of the Plan, the New York Post Craft Union Pension Plan, and the NCTI Pension Plan.

Under the terms of the master trust agreements, participating plans do not have a right or title to any specific assets of the NCTI Master Trust or NAI Master Trust, but the plans have an undivided beneficial interest (i.e., accumulated share) in the Master Trusts. Under the terms of the master trust agreements, JP Morgan Chase Bank, N.A. (the Trustee) determines the current value of the Master Trusts and the accumulated share of each of the plans in such manner as the Trustee in its reasonable discretion shall prescribe, but in accordance with a method consistently applied. Ownership is represented by a record of proportionate dollar interest.

The fair value of each plan's initial contribution to the Master Trusts, as applicable, represented each plan's respective accumulated share at the date the Master Trusts were created or the plans transferred into the Master Trusts. The Plan's interest in the net assets and investment income of the Master Trusts as of and for the years ended December 31, 2013 and 2012, as reflected in the financial statements, was determined based on the beginning of the year value of the Plan's interest in the Master Trusts plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Participants should refer to the Master Trust agreements for more complete information.

The Plan's investment in the Master Trusts is stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820) the Plan classified its investments as of December 31, 2013 and 2012 based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value (see Note 8 and 9). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets, or liabilities.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value by the NCTI Master Trust at December 31, 2013.

Mutual funds (including money market mutual funds) are valued at the fund's published net asset value (NAV).

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Units held in collective trusts are reported at fair value using the NAV of the fund as reported by the trust managers. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of units outstanding. The NAV of a trust is calculated based on a compilation of primarily observable market information. The number of the units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust. The NCTI Master Trust invests in the following significant collective trusts:

- Mercer Core Fixed Income Portfolio – Invests solely in the Mercer Core Fixed Income Fund, Class Y-3. The portfolio seeks to provide total return, consisting of both current income and capital appreciation.
- Mercer Core Passive Fixed Income Portfolio – Invests solely in the State Street Global Advisors U.S. Bond Market Index Non-Lending Series Fund, Class A. The portfolio seeks to match the total return of the Barclays Capital US Aggregate Index.
- Mercer Emerging Markets Equity Portfolio – Invests solely in the Mercer Emerging Markets Equity Fund, Class Y-3. The portfolio seeks to provide long-term total return, which includes capital appreciation and income.
- Mercer Global Low Volatility Equity Portfolio – Invests solely in the Mercer Global Low Volatility Equity Fund, Class Y-3. The portfolio seeks to provide long-term total return, which includes capital appreciation and income.
- Mercer US Large Cap Core Passive Equity Portfolio – Invests solely in the State Street Global Advisors S&P 500[®] Index Non-Lending Series Fund, Class A. The portfolio seeks long-term capital growth through matching, as closely as possible, the return of the S&P 500 Index.
- Mercer Non-US Core Equity Portfolio – Invests solely in the Mercer Non-US Core Equity Fund, Y-3. The portfolio seeks to provide long-term total return, which includes capital appreciation and income.

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

- Mercer Opportunistic Fixed Income Portfolio – Invests solely in the Mercer Opportunistic Fixed Income Fund. The portfolio seeks to provide long-term total return, which includes capital appreciation and income.
- Mercer US Small/Mid Cap Growth Equity Portfolio – Invests solely in the Mercer US Small/Mid Cap Growth Equity Fund, Class Y-3. The portfolio seeks long-term total return, comprised primarily of capital appreciation.
- Mercer US Small/Mid Cap Value Equity Portfolio – Invests solely in the Mercer US Small/Mid Cap Value Equity Fund, Class Y-3. The portfolio seeks long-term total return, comprised primarily of capital appreciation.

There are no redemption restrictions on the collective trusts held by the NCTI Master Trust.

Following is a description of the valuation methodologies used for assets measured at fair value by the NAI Master Trust at December 31, 2012.

Common stocks are valued at the closing price reported on the active market in which the individual securities are traded.

Mutual funds (including money market mutual funds) are valued at the fund's published NAV. Private mutual funds, common/collective trusts, and partnership interests are valued at the NAV provided by the fund's investment manager or issuer.

Forward foreign currency contracts are valued at fair value as determined by the NAI Master Trust's trustee, in conjunction with the relevant investment manager (and independent third parties working on their behalf), using quoted forward foreign currency exchange rates.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

U.S. and non-U.S. government obligations, government agency obligations, and corporate obligations are valued based on evaluated bids which consider, among other factors, benchmark yields, reported trades, and broker/dealer quotes. Additional inputs for specific types of fixed income securities are described below:

U.S. and non-U.S. government obligations primarily consist of investment grade securities, which in terms of fair market value are primarily rated A or higher by Standard & Poor's (S&P) or non-rated U.S. municipal bonds, U.S. treasury notes, U.S. treasury bonds, non-U.S. treasury bills, and sovereign debt from foreign nations. Significant inputs for the valuation of these securities include benchmark yields, base spreads, sector curves, yield to worst convention, rating updates, prepayment schedules, adjustments for material event notices, and reported changes.

U.S. government agency obligations primarily consist of collateralized mortgage obligations including interest only, principal only, planned amortization, accretion, and targeted amortization loans, which are bonds backed by the Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, or Federal Agricultural Mortgage Corporation. Significant inputs for the valuation of these securities include treasury or floating index, benchmarks, prepayment speeds, swap curves, collateral performance and type, and cash flows.

U.S. corporate obligations include primarily convertible and non-convertible fixed income bonds and structured notes, which in terms of fair market value are primarily rated B- or higher by S&P. Fair value of convertible obligations is based on a compilation of primary observable market information, imputed based on the conversion ratio and other security specific information, or broker quote in a non-active market. Significant inputs for the valuation of convertible and non-convertible obligations include benchmark yields, base spreads, adjustments for corporate actions, and reported trades.

Non-U.S. corporate obligations include foreign convertible and non-convertible fixed income bonds, which in terms of fair market value are primarily rated A- or higher by S&P. Fair value for these investments is based on evaluated data provided by the pricing vendors. Significant inputs for the valuation of these securities include benchmark yields, base spreads, and adjustments for corporate actions.

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Assets classified within Other consist of non-government mortgage and asset backed securities, which in terms of fair market value are primarily rated B- or higher by S&P. Significant inputs for the valuation of these securities include swap curves, base spreads, prepayment speeds, cash flows, ratings updates, yield to worst convention, collateral type and performance, and adjustments for factors such as issuer creditworthiness.

The Company's parent assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting.

The Company's parent, along with input from investment advisors, determines the fair value measurement policies and procedures. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company's parent believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Master Trusts invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Other than the investments in derivatives, as discussed in Note 10, the Master Trusts' exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect the amounts reported in the accompanying financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits are those estimated future periodic benefit payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered to the valuation date. The actuarial present value of accumulated plan benefits includes benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) the beneficiaries of deceased employees and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' highest average monthly compensation received in any five consecutive full calendar years before normal retirement date. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The actuarial present value of accumulated plan benefits as determined by the Plan's actuary, Mercer Human Resources Consulting, Inc. (see Note 4), is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

3. Funding Policy

The funding policy of the Plan is to contribute all amounts required under the Employee Retirement Income Security Act (ERISA). The required minimum contributions are actuarially determined under the provisions of the Pension Protection Act of 2006. The Company may choose to contribute additional amounts to the Plan, above the required amounts, based on other relevant factors.

4. Actuarial Present Value of Accumulated Plan Benefits

The following table presents the accumulated plan benefits of the Plan as of December 31, 2012, as determined by the Plan's actuary as reported in ASC 960, *Plan Accounting – Defined Benefit Plans*:

	December 31 2012
Accumulated plan benefits	
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments	\$ 119,018,495
Other participants	53,309,626
Total vested benefits	172,328,121
Nonvested benefits	2,928,432
Total actuarial present value of accumulated plan benefits	<u>\$ 175,256,553</u>

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

4. Accumulated Plan Benefits (continued)

	Year Ended December 31 2012
Changes in accumulated plan benefits	
Actuarial present value of accumulated plan benefits as of December 31, 2011	\$ 182,604,067
Increase (decrease) during the year attributable to:	
Benefits accumulated and net actuarial losses	3,677,260
Benefits paid	(23,433,186)
Increase for interest due to decrease in the discount period	11,896,989
Change in actuarial assumptions	511,423
Net decrease	(7,347,514)
Actuarial present value of accumulated plan benefits as of December 31, 2012	<u>\$ 175,256,553</u>

Significant assumptions underlying the actuarial computations are:

Interest rate	7% per annum, compounded annually
Mortality basis	RP 2000 Mortality Combined Health Active/Retiree Health Table (Projected to 2018 with Scale AA)
Retirement age	Greater of age at normal retirement date and age on the valuation date

The Plan amendment effective September 14, 2012, as discussed in Note 1, is included in the actuarial present value of accumulated plan benefits as of December 31, 2012. However, the amendment effective September 2, 2013, as discussed in Note 1, as well as the subsequent events, as disclosed in Note 11 have not been considered in the actuarial present value of accumulated plan benefits as of December 31, 2012.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions taking into account those paid out before termination.
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire in the three-year period would have been receiving if they had retired with benefits in the normal form of an annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- c. Other vested benefits insured by the PBGC up to the applicable limitations (discussed below).
- d. All other vested benefits (vested benefits not insured by the PBGC).
- e. All nonvested benefits.
- f. Any surplus assets of the Plan remaining after the payment of all expenses and liabilities shall revert to the Company in the proportion determined by the Retirement Board of the Company.

The Retirement Plan for Employees of Local Media Group
(Formerly The Retirement Plan for Employees of Dow Jones Local Media Group)

Notes to Financial Statements (continued)

5. Plan Termination (continued)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the level of benefits guaranteed by the PBGC.

6. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated July 30, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

GAAP require the Plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

9. NAI Master Trust (continued)

NAI Master Trust Investments that use Net Asset Value as a Practical Expedient

The NAI Master Trust has investments in a Capital Guardian common collective trust fund, a GMO private mutual fund, a GMO partnership, a Thornburg International common collective trust fund, and three TCW limited partnerships as of December 31, 2012. All of these funds estimated fair value using the NAV per share as a practical expedient. The Capital Guardian common collective trust fund and the GMO limited partnership had redemption restrictions associated with the investment while the remaining five investments did not. Withdrawals from the Capital Guardian common collective trust fund were limited to the 15th and last business days of each month and withdrawals from the GMO limited partnership were limited to the first business day of each month. There were no unfunded commitments for any of these investments.

10. Derivative Instruments

Derivatives are financial securities whose characteristics and value depend on the characteristics and value of an underlying security.

The NAI Master Trust invests in registered investment companies and unregulated pooled vehicles or limited partnership interests with the understanding that these securities can purchase derivatives consistent with their offering documents and prospectus. In these cases, the NAI Master Trust itself does not directly hold any such derivative securities.

In addition, the NAI Master Trust invests in certain separately managed accounts which may invest directly in derivative securities. These include: exchange-traded futures, over-the-counter (OTC) options, forward currency contracts, swaps, OTC Credit indices, mortgage derivatives, and convertible bonds. The NAI Master Trust's separately managed accounts are permitted to use derivatives primarily to hedge risk. However, in certain cases they may be used for other purposes.

10. Derivative Instruments (continued)

Forward Foreign Currency Contracts

The NAI Master Trust has investments that are denominated in foreign currencies and utilizes forward currency contracts to manage a portion of the currency exposure for these investments. When utilizing forward currency contracts, the NAI Master Trust gives up the opportunity to profit from favorable exchange rate movements during the term of the contract. Certain risks arise upon entering forward currency contracts from the potential inability of counterparties to meet the terms of their contracts. The NAI Master Trust manages these risks by evaluating the credit risk of potential counterparties and by applying appropriate limits to trading relationships.

The NAI Master Trust held 38 forward currency contracts at December 31, 2012. The fair value recorded as foreign currency contracts receivable was \$204,050 at December 31, 2012. The fair value recorded as foreign currency contracts liabilities was \$665,238 at December 31, 2012. At December 31, 2012, the notional amount of the forward currency contract receivables was approximately \$110,415,000, representing the maximum loss that the portfolio would have incurred if the NAI Master Trust completed its agreed-upon exchanges to all of these contracts but its counterparties failed to complete their agreed-upon exchanges. Forward currency contract were primarily denominated in Japanese Yen and Euro at December 31, 2012. During 2012, the net loss associated with forward currency contracts was approximately \$192,000, and was recorded as Net (depreciation) appreciation – Other within the Net Investment Income for the NAI Master Trust (see Note 9).

11. Subsequent Events

Dow Jones Ventures VII was merged into Dow Jones & Company, Inc. effective June 11, 2014. By operation of law Dow Jones & Company, Inc. became the Plan Sponsor as of June 11, 2014.

The Plan has completed an evaluation of all subsequent events through October 15, 2014, which is the date the financial statements were available to be issued, and concluded no subsequent events occurred, other than disclosed, that required recognition or disclosure.

Actuarial Methods for Funding**Asset Methods**

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described on the following page:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.
- **Disabled Participants:** Participants who become disabled before retirement continue to earn credited service during their disability. We have valued these participants using the assumption that they will remain disabled until normal retirement.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods***Minimum Funding Methods***

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- This plan provides disability benefits that are only partially based on a participant's accrued benefit or years of service. This benefit is allocated to funding target based on the accrued benefit on the valuation date plus a portion of the excess of the benefit over the accrued benefit multiplied by the ratio of the participant's service at the beginning of the plan year to their service at each decrement age. This benefit is allocated to target normal cost based on the proportionate benefit attributable to the increase in the participant's service and compensation during the plan year.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Summary of Major Plan Provisions**

Effective date and plan year	Original plan: June 1, 1950 Restated plan: January 1, 2010 Plan year: January 1 to December 31 Fiscal year: July 1 to June 30
Status of the plan	The plan has some union participants with ongoing benefit accruals. New employees are not eligible to participate in the plan except to the extent it conflicts with the provisions of any collective bargaining agreement.
Significant events that occurred during the year	None
Definitions	
• Covered employees	Employees become participants upon completion of one year of Service, and the attainment of age 21.
• Contributions	The Company assumes the full cost of the Plan.
• Credited service	Completed years of continuous employment. A year of continuous employment is any year in which the employee has worked at least 1,000 hours. A prorated year can be earned in the year of employment and termination. Notwithstanding the foregoing, for the determination of the Retirement Benefit, all Credited Years of Service earned as of December 31, 2008 will be frozen and no additional Credited Years of Service will be earned after December 31, 2008. Participants may continue to earn Credited Years of Service to determine eligibility under Early Retirement. The preceding two sentences do not apply to the extent they conflict with the provisions of any collective bargaining agreement covering a Participant.
• Average Annual Compensation	The highest Average Annual Compensation (including commissions) during any five consecutive years of the ten years preceding the earlier of actual or normal retirement. (Include overtime and bonus, up to 10% of base compensation, as a part of pensionable earnings, effective July 1, 1997.) Notwithstanding the foregoing, for any Retirement Benefit commencing payment on or after January 1, 2009, only Annual Compensation earned prior to the earlier of: (i) Participant's actual retirement date or (ii) January 1, 2009 will be used in calculating the Average Annual Compensation, which is used to calculate the Retirement Benefit. The preceding sentence does not apply to the extent it conflicts with the provisions of any collective bargaining agreement covering a Participant.
• Average Monthly Compensation	The highest consecutive 60-month average of compensation prior to the earlier of the date of termination or age 65.

Schedule SB, Part V — Summary of Plan Provisions

• Covered Compensation	<p>The taxable wage bases in effect under Section 230 of the Social Security Act for each year in the 35-year period ending with the year in which the participant attains his Social Security Retirement Age. In determining a participant's Covered Compensation for any Plan Year, the taxable wage based for the current Plan Year and any subsequent Plan Year shall be assumed to be the same as the taxable wage based in effect as of the beginning of the Plan Year for which the determination is made.</p> <p>Notwithstanding the foregoing, for any Retirement Benefit commencing payment on or after January 1, 2009 only Covered Compensation earned prior to the earlier of:</p> <ul style="list-style-type: none"> (i) Participant's actual retirement date or (ii) January 1, 2009 <p>will be used to calculate the Covered Compensation, which is used to calculate the Retirement Benefit. The preceding sentence does not apply to the extent it conflicts with the provisions of any collective bargaining agreement covering a Participant.</p>
Normal retirement	
• Eligibility	Age 65 and completion of 5 years of Service.
• Benefit	<p>1.4% of the Average Annual Compensation up to the Covered Compensation limit plus 1.9% of the Average Annual Compensation over the Covered Compensation limit times completed years of Continuous Service up to 25 years.</p> <p>The amount of Normal Retirement Benefit is reduced by the amount of annuity under any other qualified employee benefit plans maintained by the employer or by the employer's parent Company.</p>
• Minimum Benefit	<p>The annual Normal Retirement Benefit of a Participant who is a highly compensated employee in 1989 or 1990 shall not be less than the value of his accrued benefit on December 31, 1988 (December 31, 1989 in the case of a Participant who was a highly compensated employee in 1990 but not in 1989) under the terms of the Plan as then in effect and determined as if the Participant had terminated employment on that date.</p>

Schedule SB, Part V — Summary of Plan Provisions

For participants from Sharon Herald Company, the Minimum Benefit shall not be less than the following table:

Average Monthly Compensation		Monthly Retirement Income	
\$	0.00 – 100.00	\$	25
	100.01 – 200.00		38
	200.01 – 300.00		50
	300.01 – 400.00		63
	400.01 – 500.00		75
	500.01 – 600.00		88
	600.01 – 700.00		100
	700.01 – 750.00		113
	750.01 – 800.00		125
	800.01 – 850.00		138
	850.01 and over		150

The preceding table is subjected to the following:

1. The maximum monthly pension payable to a participant of the ITU shall be \$100.
2. The maximum monthly pension for participants over age 59 on March 28, 1975 shall be \$125.

For participants from Joplin Pension Plan, the Minimum Benefit shall be equal to the accrued benefit through June 1, 1979 plus future service accruals under the Joplin plan formula based on the frozen 1979 annual compensation.

For participants from the Medford Mail Tribune, the Minimum Benefit shall be equal to the profit sharing balance as of December 31, 1979 under the Medford Profit Sharing Plan, credited with interest at 5% to Normal Retirement Age, and divided by an annuity factor.

For participants from the Retirement Income Plan for Employees of Free Press Company who were participants on December 31, 1983, the Minimum Benefit shall be equal to the benefit under the Free Press Plan based on service to Normal Retirement Date.

For participants from the Essex County newspapers Pension Plan who were participants on January 31, 1984, the Minimum Benefit shall be equal to the accrued benefit to February 1, 1984 plus future service accruals under the Essex plan formula based on frozen 1984 annual compensation.

For participants from News-Sun, Inc. the Minimum Benefit shall be equal to the profit sharing balance as of September 30, 1985 under the News-Sun, Inc. Profit Sharing Plan, credited with interest at 5% to Normal Retirement Age, and divided by an annuity factor.

Schedule SB, Part V — Summary of Plan Provisions

For participants from Stockton of May 1, 2003, each participant will accrue one year of past service every year of future service earned after May 1, 2003 up to 9 years.

Effective October 31, 2006 the Oneonta Daily Star, the Pittsburgh Press-Republica, the Danbury News Times, the Sunbury Daily Item, the Traverse City Record – Eagle and the Santa Cruz Sentinel were sold. Participants affected by this sale were vested in their accrued benefits under the Plan. In addition, these participants were credited with 4 additional years of service and 4 additional years of age (“4+4”) for determining eligibility for early retirement benefits. This enhancement will only be granted if an eligible participant remains employed by the buyer for at least 4 years and benefit may not commence while the participant remains employed by the buyer. The sales of these newspapers were taken into account in 2006 for expense purposes.

Early retirement	
• Eligibility	Any one of the following conditions: (a) age 55 and completion of 10 years of Service, (b) age 62 with at least 25 years of Credited Service, (c) age 55 and 25 years of Credited Service and age plus Service equals or exceeds 85 if retirement is after July 1, 1997 and before January 1, 2001, or (d) 25 years of Credited Service and age plus Service equals or exceeds 85 if retirement is on or after January 1, 2001.
• Benefit	A deferred benefit to begin at Normal Retirement Age equal to the amount accrued to date of retirement. Payment may commence immediately, in which case the Early Retirement Benefit is reduced by 5% for each year prior to Normal Retirement. However, if an active participant retires after attainment of (b), (c), or (d) above, there is no reduction to the Early Retirement Benefit.
Dependent benefit	
• Eligibility	Upon the death of an active participant prior to age 65 but after completion of 10 years of Continuous Service and after the sum of age plus Service equals or exceeds 55.

Schedule SB, Part V — Summary of Plan Provisions

• Benefit	<p>(a) Retired early on the first of the month next following his date of death,</p> <p>(b) Elected the contingent annuitant option with one-half payable to the contingent annuitant,</p> <p>(c) Named the eligible dependent as his contingent annuitant, and</p> <p>(d) Been entitled to receive as a retirement benefit the amount he was expected to have accrued at his Normal Retirement Date (based on his Average Annual Compensation and Service preceding his date of death).</p> <p>In addition, active employees who have at least 5 years of Service and do not already qualify for the benefit described above, and terminated employees with deferred vested benefits are eligible for spouse's benefits commencing on the date the deceased employee would have been age 55.</p>
Deferred vested	
• Eligibility	If a participant terminates service after completing 5 years of Credited Service, he is entitled to a deferred vested benefit.
• Benefit	<p>A deferred benefit commencing at age 65 in the amount equal to (a) multiplied by (b):</p> <p>(a) 1.4% of his Average Annual Compensation preceding termination up to the Covered Compensation limit plus 1.9% of the Average Annual Compensation over the Covered Compensation limit, multiplied by the number of years of his Credited Service that he would have had, had he remained until Normal Retirement Date (not to exceed 25 years).</p> <p>(b) The number of years of his Credited Service preceding termination divided by the number of years of his Credited Service that he would have had, had he remained until Normal Retirement Date.</p> <p>The participant may elect to have his early benefit commence any time after he attains his early retirement age, in which case the above benefit will be reduced by the appropriate early retirement factor.</p>
Disability	
• Eligibility	If a participant has completed 5 years of Credited Service, he is entitled to a disability benefit.
• Benefit	Same as the deferred vested benefit definition except that the excess of the benefit over the accrued benefit on the valuation date is multiplied by the ratio of the participant's service to their service at each decrement age.
Unpredictable contingent event benefits	
Form of benefits	
• Automatic form for unmarried participants	Life annuity.

Schedule SB, Part V — Summary of Plan Provisions

• Automatic form for married participants	50% Qualified Joint & Survivor Annuity (payable on an actuarially reduced basis) unless declined by Participant.
• Optional forms	Contingent Annuitant Option with any specified percentage continuing to Contingent Annuitant.
• Optional form conversion factors	Based on a 3.5% interest rate and the 84UP mortality table.
Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually. For 2013, the limit is \$255,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2013, the limit is \$205,000.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through January 1, 2010 are included in this valuation.

- **Most recent plan amendments included:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.
- **Plan amendments excluded:** None.
- **Late retirement increases:**
 - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation includes increases for current participants over age 70.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued without any adjustment for the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Schedule SB, Part V — Summary of Plan Provisions

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

Maximum compensation amounts and maximum benefit amounts under IRS rules were updated from 2012 to 2013.

Schedule SB, line 32 — Schedule of Amortization Bases

The total shortfall amortization charge is the sum of the individual shortfall amortization installment for each plan year since the IRC Section 430 changes made by the Pension Protection Act of 2006 (PPA) took effect for the plan. Although an individual shortfall amortization installment can be negative, the combined shortfall amortization charge cannot be less than \$0.
