NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Rice Companies Profit Sharing Plan (the Plan) is provided for general information purposes only. For more complete information, participants should refer to the current Plan documents.

General
The Rice Companies Profit Sharing Plan is a defined contribution plan which provides for the participation of all employees of D.E. Rice Construction Co., Inc., and related participating employers (the Company) who have completed one year of service. Under the Plan, each participant has an account for his/her salary deferral contributions, any rollover contributions and employer matching and discretionary contributions, if any. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended, and is intended to qualify under Section 401(k) of the Internal Revenue Code.

Nationwide Trust Company, FSB, serves as the Plan's investment custodian and recordkeeper, and is responsible for executing all investment transactions.

Contributions
Participants may make salary deferral contributions on a tax-deferred basis through payroll deductions (limited to certain amounts allowed under the Internal Revenue Code). Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching contributions. Participant and Company contributions are subject to the provisions of the Internal Revenue Code and related regulations.

Participant Accounts
Each participant's account is credited with the participant's contributions, and allocations of (a) Company contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
Participants may borrow the lesser of one-half of their vested account balance or $50,000. The minimum loan available is $1,000. Loan terms range from one to five years. Participant's loans are secured by the balance in the participant's account and are repaid through payroll deductions. Interest rates on the participant loans shall bear a reasonable rate of interest equal to prime plus 1% as determined by the Plan Administrator which was 4.25% as of December 31, 2013.

Vesting
Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Participants vest in the employer matching and any discretionary contributions plus actual earnings thereon gradually between their 2nd year of service (20%) and their 6th year of service (100%). Participants' accounts become fully vested upon attainment of the normal retirement age of 65 or in the event of death or total disability.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts
At December 31, 2013, forfeited non-vested accounts totaled $-0-. These accounts are utilized to reduce the Company discretionary matching contributions. During 2013, forfeitures of approximately $14,400 were used to reduce employer matching contributions.

Payment of Benefits
Benefits are recorded when paid. Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution. Distributions may be deferred until the participant reaches the age of 70 ½ if the value of the distribution is not less than $1,000. However, the Plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 ½, with the exception of deferment until retirement.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited to deferred account balances and may not include any earnings thereon.

Investment Options
Upon enrollment in the Plan, a participant may direct his/her contributions in any of the investment options currently available as determined and selected by the Plan's advisory committee. Participants may change their investment allocations daily, via phone or internet access to the Plan's investment custodian.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles.

Subsequent Events
The Plan Administrator has evaluated subsequent events through October 15, 2014, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition
Investments in mutual funds are recorded at the value reported to the Plan by the Plan's investment custodian, Nationwide, which approximates fair value. Notes receivable from participants are measured at their unpaid principal balance plus any unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document. In accordance with stating investments at fair value, net unrealized appreciation or depreciation is reflected for the year on the Statement of Changes in Net Assets Available for Benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Gains or losses on security transactions are recorded as the difference between proceeds received and the carrying value of the investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Investment dividends and interest are reinvested in the corresponding accounts.

Administrative Fees
The Plan pays for trustee, administrator and investment management fees from Plan assets. All other costs of the Plan are paid by the Plan's sponsor and are not reflected in these financial statements.

The Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following assets:

	2013	2012
Investments, at fair value:		
Mutual funds	$ 1,249,735	$ 505,288
Notes receivable from participants	$ 15,950	$ -

The custodian also certified to the completeness and accuracy of $134,867 of net appreciation in fair value of investments and interest and dividends related to the aforementioned assets for the year ended December 31, 2013.

NOTE 4 - INVESTMENTS

Investments representing 5% or more of the Plan's net assets available for benefits at December 31 are as follows:

	2013	2012
Value of mutual funds:		
Vanguard Total Stock Market Index Signal	$ 114,512	$ -
Prudential Total Return Bond	88,518	-
JPMorgan SmartRetirement 2030	82,842	10,408
T. Rowe Price Growth Stock	80,656	39,086
MFS Value Fund	76,853	38,360
Dreyfus Global Stock I	73,538	25,147

NOTE 5 - PLAN TERMINATION

The Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100% vested in their accounts and the Plan assets will be distributed in a manner approved by the Internal Revenue Service.

NOTE 6 - TAX STATUS

The Plan has not received a determination letter on their adoption of the Volume Submitter (VS) plan. In accordance with Revenue Procedure 2003-06, the Plan administrator has chosen to rely on the advisory letter, dated March 31, 2008, that has been issued to the VS plan. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code (the Code) to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

NOTE 7 - FAIR VALUE MEASUREMENTS (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 7 - FAIR VALUE MEASUREMENTS (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31:

	Fair Value Measurements Using 2013			
	Level 1	**Level 2**	**Level 3**	**Totals**
Mutual Funds:				
Equity Index Funds	$ 431,715	$ -	$ -	$ 431,715
Growth Funds	381,909	-	-	381,909
Balanced Funds	326,106	-	-	326,106
Target Date Funds	110,004	-	-	110,004
Total Investments	$ 1,249,734	$ -	$ -	$ 1,249,734

	Fair Value Measurements Using 2012			
	Level 1	**Level 2**	**Level 3**	**Totals**
Mutual Funds:				
Equity Index Funds	$ 109,541	$ -	$ -	$ 109,541
Growth Funds	188,783	-	-	188,783
Balanced Funds	125,512	-	-	125,512
Target Date Funds	81,452	-	-	81,452
Total Investments	$ 505,288	$ -	$ -	$ 505,288

NOTE 7 - FAIR VALUE MEASUREMENTS (continued)

Changes in Fair Value and Related Gains and Losses

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions of valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTE 8 - TRANSACTIONS WITH PARTIES IN INTEREST

At December 31, 2013, the Plan held notes receivable from participants with a current value of $15,950 which are managed by Nationwide. Thus, transactions within these investment funds qualify as party-in-interest transactions as defined by ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Rice Companies Profit Sharing Plan (the Plan) is provided for general information purposes only. For more complete information, participants should refer to the current Plan documents.

General
The Rice Companies Profit Sharing Plan is a defined contribution plan which provides for the participation of all employees of D.E. Rice Construction Co., Inc., and related participating employers (the Company) who have completed one year of service. Under the Plan, each participant has an account for his/her salary deferral contributions, any rollover contributions and employer matching and discretionary contributions, if any. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended, and is intended to qualify under Section 401(k) of the Internal Revenue Code.

Nationwide Trust Company, FSB, serves as the Plan's investment custodian and recordkeeper, and is responsible for executing all investment transactions.

Contributions
Participants may make salary deferral contributions on a tax-deferred basis through payroll deductions (limited to certain amounts allowed under the Internal Revenue Code). Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching contributions. Participant and Company contributions are subject to the provisions of the Internal Revenue Code and related regulations.

Participant Accounts
Each participant's account is credited with the participant's contributions, and allocations of (a) Company contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
Participants may borrow the lesser of one-half of their vested account balance or $50,000. The minimum loan available is $1,000. Loan terms range from one to five years. Participant's loans are secured by the balance in the participant's account and are repaid through payroll deductions. Interest rates on the participant loans shall bear a reasonable rate of interest equal to prime plus 1% as determined by the Plan Administrator which was 4.25% as of December 31, 2013.

Vesting
Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Participants vest in the employer matching and any discretionary contributions plus actual earnings thereon gradually between their 2nd year of service (20%) and their 6th year of service (100%). Participants' accounts become fully vested upon attainment of the normal retirement age of 65 or in the event of death or total disability.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts
At December 31, 2013, forfeited non-vested accounts totaled $-0-. These accounts are utilized to reduce the Company discretionary matching contributions. During 2013, forfeitures of approximately $14,400 were used to reduce employer matching contributions.

Payment of Benefits
Benefits are recorded when paid. Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution. Distributions may be deferred until the participant reaches the age of 70 ½ if the value of the distribution is not less than $1,000. However, the Plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 ½, with the exception of deferment until retirement.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited to deferred account balances and may not include any earnings thereon.

Investment Options
Upon enrollment in the Plan, a participant may direct his/her contributions in any of the investment options currently available as determined and selected by the Plan's advisory committee. Participants may change their investment allocations daily, via phone or internet access to the Plan's investment custodian.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles.

Subsequent Events
The Plan Administrator has evaluated subsequent events through October 15, 2014, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition
Investments in mutual funds are recorded at the value reported to the Plan by the Plan's investment custodian, Nationwide, which approximates fair value. Notes receivable from participants are measured at their unpaid principal balance plus any unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document. In accordance with stating investments at fair value, net unrealized appreciation or depreciation is reflected for the year on the Statement of Changes in Net Assets Available for Benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Gains or losses on security transactions are recorded as the difference between proceeds received and the carrying value of the investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Investment dividends and interest are reinvested in the corresponding accounts.

Administrative Fees
The Plan pays for trustee, administrator and investment management fees from Plan assets. All other costs of the Plan are paid by the Plan's sponsor and are not reflected in these financial statements.

The Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following assets:

	2013	2012
Investments, at fair value:		
Mutual funds	$ 1,249,735	$ 505,288
Notes receivable from participants	$ 15,950	$ -

The custodian also certified to the completeness and accuracy of $134,867 of net appreciation in fair value of investments and interest and dividends related to the aforementioned assets for the year ended December 31, 2013.

NOTE 4 - INVESTMENTS

Investments representing 5% or more of the Plan's net assets available for benefits at December 31 are as follows:

	2013	2012
Value of mutual funds:		
Vanguard Total Stock Market Index Signal	$ 114,512	$ -
Prudential Total Return Bond	88,518	-
JPMorgan SmartRetirement 2030	82,842	10,408
T. Rowe Price Growth Stock	80,656	39,086
MFS Value Fund	76,853	38,360
Dreyfus Global Stock I	73,538	25,147

NOTE 5 - PLAN TERMINATION

The Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100% vested in their accounts and the Plan assets will be distributed in a manner approved by the Internal Revenue Service.

NOTE 6 - TAX STATUS

The Plan has not received a determination letter on their adoption of the Volume Submitter (VS) plan. In accordance with Revenue Procedure 2003-06, the Plan administrator has chosen to rely on the advisory letter, dated March 31, 2008, that has been issued to the VS plan. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code (the Code) to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

NOTE 7 - FAIR VALUE MEASUREMENTS (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 7 - FAIR VALUE MEASUREMENTS (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31:

	Fair Value Measurements Using 2013			
	Level 1	**Level 2**	**Level 3**	**Totals**
Mutual Funds:				
Equity Index Funds	$ 431,715	$ -	$ -	$ 431,715
Growth Funds	381,909	-	-	381,909
Balanced Funds	326,106	-	-	326,106
Target Date Funds	110,004	-	-	110,004
Total Investments	$ 1,249,734	$ -	$ -	$ 1,249,734

	Fair Value Measurements Using 2012			
	Level 1	**Level 2**	**Level 3**	**Totals**
Mutual Funds:				
Equity Index Funds	$ 109,541	$ -	$ -	$ 109,541
Growth Funds	188,783	-	-	188,783
Balanced Funds	125,512	-	-	125,512
Target Date Funds	81,452	-	-	81,452
Total Investments	$ 505,288	$ -	$ -	$ 505,288

NOTE 7 - FAIR VALUE MEASUREMENTS (continued)

Changes in Fair Value and Related Gains and Losses

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions of valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTE 8 - TRANSACTIONS WITH PARTIES IN INTEREST

At December 31, 2013, the Plan held notes receivable from participants with a current value of $15,950 which are managed by Nationwide. Thus, transactions within these investment funds qualify as party-in-interest transactions as defined by ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
