Report on the financial statements

We were engaged to audit the accompanying financial statements of the Blood Centers of the Pacific Retirement Savings Plan (the “Plan”), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 7, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from this entity as of December 31, 2013 and December 31, 2012, and for the year ended December 31, 2013, stating that the certified information provided to the Plan administrator is complete and accurate.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Blood Centers of the Pacific Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the *Plan Document* for a more complete description of the Plan’s provisions.

General

The Plan, formed as of March 1, 2011, is a defined contribution plan formed under Section 401 of the Internal Revenue Code (“IRC”), covering substantially all employees of Blood Centers of the Pacific (the “Company” or “Plan Sponsor”). The Board of Directors is responsible for oversight of the Plan. The Finance and Investment Committee determines the appropriateness of the Plan’s investment offerings, and monitors investment performance. State Street Bank & Trust Company (“SSBT” or “Trustee”) serves as the Trustee of the Plan. The Plan is administered by Transamerica Retirement Services Corporation (the “Recordkeeper”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

Employees are eligible to participate in the Plan after three months of service. Employees of the Company who are hired on or after March 1, 2011, and who do not voluntarily elect to enroll in the employee deferred contribution portion of the Plan, will be enrolled automatically at 3% in the employee deferred contribution portion of the Plan after they meet the Plan’s eligibility requirements. If an employee hired on or after March 1, 2011, does not want to be enrolled automatically in the employee deferred contributions portion of the Plan, the employee must affirmatively elect not to participate.

Contributions

Each year, participants may contribute up to the maximum percentage of compensation as defined in the Plan document and in accordance with the dollar amount permissible under the IRC limitations. Effective January 1, 2012, the Company makes matching contributions of 100% of the first 3% of base compensation that a participant contributes to the Plan, and the Company makes matching contributions of 50% of the participant contributions greater than 3%, but not greater than 5%. For 2013, the maximum allowable pre-tax contribution was \$17,500. The Plan also allows participants attaining the age of 50 or older by the end of the calendar year to make catch-up contributions in accordance with Section 414(v) of the IRC. The maximum catch-up contribution for 2013 was \$5,500. Participants may also contribute amounts representing rollover distributions from other qualified plans.

Additional amounts may be contributed at the discretion of the Company’s Board of Directors. The Company contributed \$481,854 and \$593,261 in additional discretionary employer contributions for the years ended December 31, 2013 and 2012, respectively.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, and allocated Plan earnings and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions into their account into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company match contributions are 100% vested following 2 years of service. Discretionary contributions are 100% vested following three years of service.

Participant Loans

The Plan does not allow participant loans.

Payment of Benefits

Upon any event of termination of service, a participant will receive lump-sum or annuity installments for the amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

During the years ended December 31, 2013 and 2012, forfeited non-vested accounts totaled \$12,778 and \$17,540, respectively. During the year ended December 31, 2013, forfeitures totaling \$23,205 were used to pay Plan expenses. The outstanding forfeiture balance at December 31, 2013 and 2012, was \$8,570 and \$18,997, respectively. Forfeitures can be used to pay Plan expenses and reduce future employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Blood Centers of the Pacific Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2013 and 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values of investment will occur in the near term and that such changes could materially affect the participant account balances and amounts reported in the statements of net assets available for benefits.

Certain investments held by the Plan invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Board of Directors determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments and therefore, reported in net appreciation of the fair value of investments in the accompanying statement of changes in net assets available for benefits.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan as provided in the Plan document. The Plan Sponsor provides certain administrative services at no charge to the Plan. Fees are paid to the Recordkeeper for administrative services and are recorded in administrative expenses in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2013 and 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncement

In May 2011, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update 2011-04, or ASU 2011-04, *Fair Value Measurements – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*. ASU 2011-04 changes the wording used to describe many requirements for measuring fair value and for disclosing information about fair value measurements. Additionally, the amendments clarify the FASB's intent about the application of existing fair value measurement requirements. The guidance was adopted by the Plan during the year ended December 31, 2012, and did not have a material impact on its financial statements.

NOTE 3 - INVESTMENTS

The individual investments, as of December 31, 2013 and 2012, that represent 5% or more of the Plan's net assets are as follows:

	2013	2012
Vanguard Target Retirement 2025	\$ 888,339	\$ 533,803
Vanguard Target Retirement 2020	\$ 745,032	\$ 413,419
Vanguard Target Retirement 2030	\$ 668,182	\$ 377,997
Vanguard Target Retirement 2015	\$ 646,728	\$ 545,810
Vanguard Target Retirement 2040	\$ 565,215	\$ 316,975
Fidelity Spartan 500 Index Adv	\$ 530,340	\$ 297,905
Vanguard Target Retirement 2035	\$ 503,891	\$ 298,893
Vanguard Target Retirement 2045	\$ 454,789	\$ 258,310
Vanguard Target Retirement Income	(*)	\$ 230,886

(*) Investment value as of December 31, 2013, did not exceed 5% of net assets available for benefits.

During 2013, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by \$813,185 for the respective mutual funds and are included in the statement of changes in net assets available for benefits.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Blood Centers of the Pacific Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2013 and 2012

NOTE 5 - TAX STATUS

The Internal Revenue Service issued a favorable determination letter dated March 31, 2008, for the prototype non-standardized profit sharing plan, stating that the Plan was qualified and the related trust was tax-exempt. Although the Plan has been amended since receiving this determination letter, the Plan administrator believes that the Plan remains qualified, is being operated in compliance with the applicable requirements of the IRC, and the related trust is tax-exempt through the year ended December 31, 2013.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of liability or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are cash reserves with SSBT, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rule of ERISA.

In addition, the Recordkeeper provides record-keeping services for the Plan, and therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rule of ERISA.

Total fees paid to the Recordkeeper by the Plan for services amounted to \$24,883 for the year ended December 31, 2013.

NOTE 7 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, SSBT, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012.
- Net appreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2013.
- Investments, as shown in Schedule H, Line 4 (i) - Schedule of Assets (Held at End of Year) as of December 31, 2013.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 8 - FAIR VALUE DISCLOSURES

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The determination of what constitutes observable requires judgment by the Plan's administrator. The Plan administrator considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the net asset value ("NAV") of units held by the Plan at year-end. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value.

NOTE 8 - FAIR VALUE DISCLOSURES (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such transfers, the transfer is reported at the beginning of the reporting period. The significance of transfers between levels is based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no significant transfers between levels for the years ended December 31, 2013 and 2012.

Investments measured at fair value consisted of the following types of instruments as of December 31, 2013 and 2012:
