Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by John Hancock Life Insurance Company and Frontier Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that John Hancock Life Insurance

The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2013 and 2012 that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule.

CONTRIBUTIONS - Participants may elect to contribute up to 80% of their annual compensation, as defined in the Plan, subject to certain limitations under the Internal Revenue Code. Unless they elect otherwise, participants are automatically enrolled at a 3% deferral rate. Participants may also contribute rollover amounts, representing distributions from other qualified retirement plans. The Company may match a portion of employee deferrals. The percentage of the matching contribution is determined annually by the board of directors. The Company matching contribution for participants was equal to 25% of the participants' first 4% of salary deferral for the year ended December 31, 2012 and for the period from January 1, 2013 through May 31, 2013. The Company did not make a matching contribution from June 1, 2013 through December 31, 2013.

Employer profit sharing contributions are discretionary and are determined annually by the board of directors. A participant in the Plan is entitled to share in the employer profit sharing contribution for any plan year if the eligibility requirements are met and the participant is an employee of the Company on the last day of the plan year. The Company made no discretionary profit sharing contributions to the Plan for 2013 and 2012.

INVESTMENT OPTIONS - Participants direct all their contributions among various investment options subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of participants' account balances are permitted pursuant to Plan provisions.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING - Vesting requirements and benefits provided are set forth in the plan document. Participants are immediately 100% vested for employee contributions and related earnings. Vesting for employer contributions and earnings thereon is based on years of service, as follows: less than two years - 0%; two years - 20%; three years - 40%; four years - 80%; and five years - 100%.

NOTE A - DESCRIPTION OF PLAN - CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS - Participants may borrow from their vested account balances in accordance with the Plan's written loan policy. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.00%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

PAYMENT OF BENEFITS - Upon retirement, death, disability or termination of service, an eligible participant may receive payment of benefits in a lump sum amount equal to the value of the participant's vested interest in his or her account. Under certain conditions, participants may receive a hardship distribution.

ADMINISTRATIVE EXPENSES - Certain expenses of maintaining the Plan are paid by the Company. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

FORFEITED ACCOUNTS - As of December 31, 2013 and 2012, there were unused forfeitures of \$6,126 and \$1,169, respectively. These amounts will be used to reduce future employer matching contributions or pay administrative expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements of the Plan are prepared in accordance with the accrual basis of accounting.

USE OF ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION - Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for benefits is prepared on a contract value basis which approximates fair value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

PAYMENT OF BENEFITS - Benefits are recorded when paid.

SUBSEQUENT EVENTS - Subsequent events are events or transactions that occur after the year end but before the financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at the year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at the year end but arose after that date (that is, non-recognized subsequent events).

The Plan has evaluated subsequent events through October 15, 2014, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

NOTE C - CERTIFICATION OF FINANCIAL INFORMATION

The following is a summary of the investment information as of December 31, 2013 and 2012, and for the years ended December 31, 2013 and 2012, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodians and furnished to the plan administrator. The plan administrator has obtained certification from the current custodian that information provided to the plan administrator by the current custodian related to the following investments is complete and accurate, to the best of its knowledge. Also, the plan administrator has obtained certification from the former custodian that information provided to the plan administrator by the former custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments:

During 2013 and 2012, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by \$1,780,485 and \$890,278, respectively, as follows:

	<u>2013</u>	<u>2012</u>
Mutual funds	\$ 1,104,570	\$ -

 TOTAL	 <u>\$1,780,485</u>	 <u>\$890,278</u>

NOTE E - GUARANTEED INVESTMENT CONTRACT

The Plan is invested in a collective trust which is a benefit-responsive investment contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented in the statements of net assets available for plan benefits as having a fair value equal to the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There is no reserve against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The average annual yield was 0.21% for the year ended December 31, 2013.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE E - GUARANTEED INVESTMENT CONTRACT - CONTINUED

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE F - FAIR VALUE MEASUREMENTS

FASB guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE F - FAIR VALUE MEASUREMENTS - CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds - Valued at the net asset value of shares held by the Plan at year end.

Pooled Separate Accounts - Investments in shares of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value of shares held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

Collective trust: Investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. The trust is reported at fair value, which approximates contract value.

Guaranteed Investment Contract - The guaranteed investment contract is stated at contract value, which approximates fair value, as reported to the Plan. The fair value represents contributions made under the contract, plus actual earnings on the underlying investments, less plan withdrawals charged by the custodian, less an amount that would be incurred upon the early retirement on the contract value of this account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

For all classes of investments for which fair values are estimated using net asset value per share, there are no unfunded commitments at December 31, 2013, the redemption frequency is daily, and there is no redemption notice period. The investment strategy for the collective trust classified as a stable value fund is to seek to provide principal preservation.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE H - TAX STATUS

The Plan operated according to a prototype plan from Massachusetts Mutual Life Insurance Company through May 31, 2013. The Company adopted a new prototype plan from Ascensus, Inc., effective June 1, 2013. This plan received a determination letter from the Internal Revenue Service (IRS) on March 31, 2008 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for years prior to 2010.

NOTE I - RELATED-PARTY TRANSACTIONS

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Certain plan investments and notes receivable from participants are managed by Frontier Trust Company and John Hancock Life Insurance Company, the custodians of the Plan's assets. Therefore, these transactions qualify as party-in-interest.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to a variety of risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values on investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE K - EXCESS CONTRIBUTIONS REFUNDABLE

Contributions received from participants for the years ended December 31, 2013 and 2012 are reported net of payments of \$122,864 and \$58,776 made in 2014 and 2013, respectively, to certain active participants to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Those amounts are also included in the Plan's statements of net assets available for plan benefits as excess contributions refundable at December 31, 2013 and 2012.

NOTE L - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
