PESUR 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Pesur 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2005 and amended and restated effective January 1, 2013. The Plan is available to employees age 19 years or older who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2013, the Board of Directors of FMC Technologies, Inc. (the "Company") administers the Plan. Ascensus, Inc. ("Ascensus") serves as the third-party administrator and recordkeeper. Frontier Trust Company serves as the trustee of the investments of the Plan. The Plan offers participants a variety of investment options through various mutual funds and a money market fund. The trustee holds all assets of the Plan in accordance with provisions of the service and trust agreements with the Company. Individual accounts are invested in the various investment options at the direction of the participants.

In December 2013, the Plan was merged with another defined contribution plan administered by the Company and the assets transferred before year-end.

Contributions

Participants may make before-tax contributions up to 100% of their annual compensation, not to exceed \$17,500 as limited by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. Effective January 1, 2013, the Plan makes a safe harbor enhanced matching contribution equal to 100% of each participant's elective deferrals up to 5% of the participant's contribution on a per payroll period basis. The Company has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company also has the right to make discretionary contributions. The Company contributed \$719,786 in matching contributions for the year ended December 31, 2013. No discretionary contributions were made for the year ended December 31, 2013.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's matching and discretionary contributions, if any, Plan earnings or losses, forfeitures, and an allocation of Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account balance.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Investment Options

Participants may direct the investment of their account balances into various investment options offered by the Plan. Participants may elect to transfer balances between investment funds within their accounts at any time.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, qualified employer matching contributions, and rollover contributions.

Any non-qualified employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than one year	0%
One - two	33%
Two - three	66%
Three or more	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65), retirement due to disability, or if the Plan is terminated.

Payments of Benefits

Upon death, disability, retirement, or termination of service, a participant will receive a lump-sum payment in the amount equal to the participant's vested account balance within a reasonable period of time after termination of employment. Participants may not make withdrawals from their accounts prior to retirement at age 65, except in the event of death, disability, termination of employment, or notice of hardship, without being subject to certain restrictions and penalties. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to pay Plan expenses, reduce employer contributions, or shall be allocated to participants in the same manner as the employer's contribution. The amount of forfeitures allocated to participants and used to pay Plan fees during 2013 was \$56,667. The balance of the unallocated forfeitures account at December 31, 2013 and 2012 was \$4,969 and \$28,936, respectively.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Investment Valuations and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 2 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis. As the Plan merged with a subsequent plan in December 2013, the fair value of all assets subsequent to the transfer on that date was zero.

Assets at fair value as of December 31, 2012 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds				
Target date	\$ 973,700	\$ -	\$ -	\$ 973,700
International	564,020	-	-	564,020
Large-cap	554,493	-	-	554,493
Fixed income	401,146	-	-	401,146
Mid-cap	350,932	-	-	350,932
Small-cap	<u>231,036</u>	<u>-</u>	<u>-</u>	<u>231,036</u>
Total mutual funds	3,075,327	-	-	3,075,327
Money market fund	<u>111,901</u>	<u>-</u>	<u>-</u>	<u>111,901</u>
Total	<u>\$ 3,187,228</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,187,228</u>

The valuation technique used to measure fair value of the mutual funds was daily quoted net asset values that are directly observable in the marketplace by market participants. The fair value of the mutual funds is equivalent to the net asset value at close of business on the reporting date.

The valuation technique used to measure fair value of the money market fund reflects quoted market prices available on an active market.

There were no changes to the valuation techniques used during the period.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 3 - Investments

The trustee has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2013 and 2012 and the income earned or losses incurred for the year ended December 31, 2013, as reflected in the accompanying financial statements, is complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements.

The fair value of investments greater than 5% of net assets available for benefits was the following as of:

	December 31,			
	2013		2012	
RidgeWorth Large Cap Value Equity I	\$	- *	\$	236,729
RidgeWorth Mid Cap Value Equity I	\$	- *	\$	231,912
Vanguard Target Retirement 2045 Investment	\$	- *	\$	174,922
Vanguard Target Retirement 2040 Investment	\$	- *	\$	239,934
RidgeWorth Small Cap Value Equity	\$	- *	\$	159,513 *
Vanguard Target Retirement 2035 Investment	\$	- *	\$	193,758
Vanguard Target Retirement 2050 Investment	\$	- *	\$	107,960 *
AllianceBernstein High Income A	\$	- *	\$	149,975 *
John Hancock Global Opportunities	\$	- *	\$	222,889
Lord Abbett Fundamental Equity	\$	- *	\$	167,741

* Investment balances less than 5% of the Plan's assets for the applicable year.

For the year ended December 31, 2013, the Plan's mutual funds (including gains and losses on investments bought and sold as well as held during the period) appreciated in value by \$756,424.

Note 4 - Income Taxes

The Plan administrator has adopted a prototype plan, which Plan management believes is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The prototype plan obtained its latest opinion letter on December 27, 2011, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date of this opinion letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the accompanying financial statements.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 4 - Income Taxes (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Party-in-Interest Transactions

The Plan investments includes a cash account managed by Ascensus. Ascensus serves as the third-party administrator and recordkeeper as defined by the Plan; therefore, these transactions qualify as party-in-interest, which are exempt from the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2013, due to the accrual of employer and participant contributions paid to the Plan before the assets transferred to the subsequent plan.

Note 9 - Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or disclosure in the financial statements.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Pesur 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2005 and amended and restated effective January 1, 2013. The Plan is available to employees age 19 years or older who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2013, the Board of Directors of FMC Technologies, Inc. (the "Company") administers the Plan. Ascensus, Inc. ("Ascensus") serves as the third-party administrator and recordkeeper. Frontier Trust Company serves as the trustee of the investments of the Plan. The Plan offers participants a variety of investment options through various mutual funds and a money market fund. The trustee holds all assets of the Plan in accordance with provisions of the service and trust agreements with the Company. Individual accounts are invested in the various investment options at the direction of the participants.

In December 2013, the Plan was merged with another defined contribution plan administered by the Company and the assets transferred before year-end.

Contributions

Participants may make before-tax contributions up to 100% of their annual compensation, not to exceed \$17,500 as limited by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. Effective January 1, 2013, the Plan makes a safe harbor enhanced matching contribution equal to 100% of each participant's elective deferrals up to 5% of the participant's contribution on a per payroll period basis. The Company has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company also has the right to make discretionary contributions. The Company contributed \$719,786 in matching contributions for the year ended December 31, 2013. No discretionary contributions were made for the year ended December 31, 2013.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's matching and discretionary contributions, if any, Plan earnings or losses, forfeitures, and an allocation of Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account balance.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Investment Options

Participants may direct the investment of their account balances into various investment options offered by the Plan. Participants may elect to transfer balances between investment funds within their accounts at any time.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, qualified employer matching contributions, and rollover contributions.

Any non-qualified employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than one year	0%
One - two	33%
Two - three	66%
Three or more	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65), retirement due to disability, or if the Plan is terminated.

Payments of Benefits

Upon death, disability, retirement, or termination of service, a participant will receive a lump-sum payment in the amount equal to the participant's vested account balance within a reasonable period of time after termination of employment. Participants may not make withdrawals from their accounts prior to retirement at age 65, except in the event of death, disability, termination of employment, or notice of hardship, without being subject to certain restrictions and penalties. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to pay Plan expenses, reduce employer contributions, or shall be allocated to participants in the same manner as the employer's contribution. The amount of forfeitures allocated to participants and used to pay Plan fees during 2013 was \$56,667. The balance of the unallocated forfeitures account at December 31, 2013 and 2012 was \$4,969 and \$28,936, respectively.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Investment Valuations and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 2 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis. As the Plan merged with a subsequent plan in December 2013, the fair value of all assets subsequent to the transfer on that date was zero.

Assets at fair value as of December 31, 2012 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds				
Target date	\$ 973,700	\$ -	\$ -	\$ 973,700
International	564,020	-	-	564,020
Large-cap	554,493	-	-	554,493
Fixed income	401,146	-	-	401,146
Mid-cap	350,932	-	-	350,932
Small-cap	<u>231,036</u>	<u>-</u>	<u>-</u>	<u>231,036</u>
Total mutual funds	3,075,327	-	-	3,075,327
Money market fund	<u>111,901</u>	<u>-</u>	<u>-</u>	<u>111,901</u>
Total	<u>\$ 3,187,228</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,187,228</u>

The valuation technique used to measure fair value of the mutual funds was daily quoted net asset values that are directly observable in the marketplace by market participants. The fair value of the mutual funds is equivalent to the net asset value at close of business on the reporting date.

The valuation technique used to measure fair value of the money market fund reflects quoted market prices available on an active market.

There were no changes to the valuation techniques used during the period.

Notes to Financial Statements

Note 3 - Investments

The trustee has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2013 and 2012 and the income earned or losses incurred for the year ended December 31, 2013, as reflected in the accompanying financial statements, is complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements.

The fair value of investments greater than 5% of net assets available for benefits was the following as of:

	December 31,			
	2013		2012	
RidgeWorth Large Cap Value Equity I	\$	- *	\$	236,729
RidgeWorth Mid Cap Value Equity I	\$	- *	\$	231,912
Vanguard Target Retirement 2045 Investment	\$	- *	\$	174,922
Vanguard Target Retirement 2040 Investment	\$	- *	\$	239,934
RidgeWorth Small Cap Value Equity	\$	- *	\$	159,513 *
Vanguard Target Retirement 2035 Investment	\$	- *	\$	193,758
Vanguard Target Retirement 2050 Investment	\$	- *	\$	107,960 *
AllianceBernstein High Income A	\$	- *	\$	149,975 *
John Hancock Global Opportunities	\$	- *	\$	222,889
Lord Abbett Fundamental Equity	\$	- *	\$	167,741

* Investment balances less than 5% of the Plan's assets for the applicable year.

For the year ended December 31, 2013, the Plan's mutual funds (including gains and losses on investments bought and sold as well as held during the period) appreciated in value by \$756,424.

Note 4 - Income Taxes

The Plan administrator has adopted a prototype plan, which Plan management believes is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The prototype plan obtained its latest opinion letter on December 27, 2011, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date of this opinion letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the accompanying financial statements.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 4 - Income Taxes (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Party-in-Interest Transactions

The Plan investments includes a cash account managed by Ascensus. Ascensus serves as the third-party administrator and recordkeeper as defined by the Plan; therefore, these transactions qualify as party-in-interest, which are exempt from the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2013, due to the accrual of employer and participant contributions paid to the Plan before the assets transferred to the subsequent plan.

Note 9 - Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or disclosure in the financial statements.
