REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Benefits and Investment Committee of
Remington Arms Company 401(k) Plan:

Report on the financial statements

We were engaged to audit the accompanying financial statements of the **Remington Arms Company 401(k) Plan** (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 5, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entities meet the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from these entities as of December 31, 2013 and 2012, and for the years ended December 31, 2013 and 2012, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified information described in Note 5, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to financial statements

1 Description of Plan

The following brief description of the Remington Arms Company 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the summary plan description or the plan document for more complete information.

General

The Plan is a defined contribution plan established for the benefit of the employees of Remington Arms Company LLC (the Company) to contribute both tax-deferred compensation and after-tax voluntary contributions. Participation in the Plan, which is voluntary, is offered to all employees other than those covered under the collective bargaining agreement in Ilion, New York, who have reached 18 years of age. The Plan was established January 1, 2006, with the transfer of the account balances of all employees who were not subject to the collective bargaining agreement from the Remington Savings and Investment Plan, which is another plan provided by the Company. Additionally, the H&R 1871, LLC 401(k) Retirement Plan was merged with the Plan during 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may make salary deferral contributions in any percentage from 0% to 50% of their annual compensation, as defined in the Plan, subject to the limitations imposed by the Internal Revenue Code (IRC). When employees become eligible, employees are automatically enrolled in the Plan with tax-deferred contributions of 4% of their annual compensation, unless the employee elects otherwise. The Plan also allows individuals, who will be at least age 50 by the end of the plan year, to make an additional catch-up contribution, which is limited based on Section 414(v) of the IRC. Prior to January 1, 2011, safe-harbor matching contributions were made by the Company equal to 100% of the first 4% of the participant's eligible compensation that is contributed by the participant to the Plan as tax-deferred contributions. As a result of the amendment disclosed in Note 1 below, beginning in January 1, 2011, matching contributions were made by the Company equal to 100% of the first 2% of the participant's eligible compensation that is contributed by the participant to the Plan as tax-deferred contributions. Effective January 1, 2012, the Company elected to return to safe-harbor matching, whereby the Company matched 100% of salary deferrals up to the first 3% of plan compensation, plus 50% of salary deferrals up to the next 2% of plan compensation.

In addition, employees starting after June 1996 are eligible for an additional contribution (the Profit-Sharing Contributions) determined at the discretion of the board of directors. There were no Profit-Sharing Contributions made during the plan years ended December 31, 2013 or 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions, if eligible, and allocations of the Company's profit-sharing contribution, if any, and Plan earnings. Investment allocations are based on the options selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions and employer match contributions plus actual earnings thereon. Vesting in the Profit-Sharing Contributions is 0% until after three (3) years of service have been completed, at which point the participants become fully vested.

Forfeitures

Any forfeited amounts will be applied in satisfaction of future contributions by the Company. There were no forfeited amounts applied during the plan years ended 2013 and 2012. At December 31, 2013 and 2012, the total forfeited balance was \$16,621 and \$14,560, respectively.

Investment Options

Participants may direct the investment of contributions on their behalf in one or more of the investment funds. Participants may elect to change the percentage of their salary contributed, change the investment directive of future contributions or transfer all or a portion of an existing fund balance to another fund or funds at any time.

Notes Receivable from Participants

Participants may borrow from their fully vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are collateralized by the balance in the participant's vested account and bear interest, determined by the plan administrator, at a rate which is commensurate with local prevailing rates. Loan terms range up to five years, or up to a reasonable period of time, as determined at the time the loan is made, if the purpose of the loan is to acquire a primary residence. The notes bear interest rates that range from 4.25% to 8.50% as of December 31, 2013 and 2012. Principal and interest are paid through payroll deductions. A participant may have a maximum of two loans outstanding at any one time.

Payment of Benefits

Participants may make withdrawals from any account in which they are fully vested in accordance with the provisions outlined in the Plan. All withdrawals by participants are subject to approval by the plan administrator, or the recordkeeper, if otherwise authorized by the plan administrator and agreed to by the recordkeeper, and will not be permitted if they would have the effect of disqualifying the Plan from exemption from taxation.

Amendments

Effective January 1, 2012, the Plan was amended to change the type of plan to a Profit Sharing and Safe Harbor 401(k) Plan, whereby the Company matched 100% of salary deferrals up to the first 3% of plan compensation, plus 50% of salary deferrals up to the next 2% of plan compensation.

Effective January 30, 2012, the Plan was amended to add PARA USA, LLC to the Related Employers list.

Effective March 15, 2012, the Plan was amended to include a change in investment options.

Effective September 17, 2012, assets of the terminated DPMS 401(k) Plan transferred into the Remington Arms Company 401(k) Plan. The in-service withdrawal, 100% vesting and forfeiture allocation provision of the DPMS 401(k) Plan are preserved under the Remington Arms Company 401(k) Plan. Prior company matching contributions are subject to 100% immediate vesting.

There were no amendments to the Plan for the 2013 plan year.

2 Summary of Significant Accounting Policies
Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Any notes considered in default are treated as deemed distributions based upon the terms of the plan document and included in benefits paid to participants in the statements of changes in net assets available for benefits. Notes considered in default and treated as deemed distributions as of December 31, 2013 and 2012 totaled \$1,325 and \$20,114, respectively.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and in the statements of changes in net assets available for benefits.

Administrative Expenses

The Plan Sponsor pays all administrative expenses related to legal, accounting and administrative costs. Expenses associated with account maintenance, transaction and investment fund management are charged to investment earnings before earnings are allocated to participant accounts. Administrative expenses for the years ended December 31, 2013 and 2012 totaled \$21,537 and \$8,235, respectively.

3 Investments

Investments that were greater than 5% of the Plan's net assets as of December 31, 2013 and 2012, are as follows:

	2013	2012
	\$	\$
MassMutual Stable Return II *	15,015,351	15,834,985
MassMutual Retirement 2020	11,427,204	9,191,170
MassMutual Retirement 2030	10,005,783	7,298,878
MassMutual Select Indexed Equity	9,987,826	7,301,471
PIMCO Total Return Fund	6,758,790	8,731,383
MassMutual Mid Cap Value	6,142,053	**
MassMutual Retirement 2040	5,194,903	**

* Represents estimated fair value. During the plan years ended December 31, 2013 and 2012, the contract value of this investment was \$14,895,992 and \$15,388,050, respectively.

** Does not meet the 5% threshold

During the plan years ended December 31, 2013 and 2012, the Plan's net appreciation in fair value of investments was attributable to the Plan's investments in pooled separate accounts in the amount of approximately \$11,737,000 and \$6,243,000, respectively, and to mutual funds of approximately \$1,383,000 and \$613,000, respectively.

4 Fair Value Measurements

Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of assets or liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used in December 31, 2013 and 2012 other than the investment reclassification discussed below.

Pooled separate accounts

Valued at the net asset value of units held based on the fair market value of the underlying mutual fund investments at year-end.

Mutual funds

Valued at the net asset value based on quoted market prices at year-end in an active market.

The Plan's investments in pooled separate accounts and mutual funds seek to maximize investor return based on a diversified portfolio of investments such as domestic equity funds, international equity funds, fixed income funds, and cash and cash equivalents. There are no redemption restrictions in place for the pooled separate accounts or mutual funds.

Stable value fund

The Plan's stable value fund, Mass Mutual Stable Return II, records purchases and sales of fund interest by buying and selling units in the respective separate account. The value of those units is recalculated daily based on fair market value of the stable value fund's underlying investments at the valuation dates. The interest rate for the stable value fund is set at the beginning of each calendar year based on a variety of market factors, including yields generally available in fixed income markets.

For the years ended December 31, 2013 and 2012, the crediting interest rate was 1.52% and 1.95%, respectively, and the average yield earned by the fund was 1.36% and 0.94%, respectively.

As of December 31, 2013 and 2012, there are no events or circumstances which would limit the fund's ability to transact at contract value with participants.

Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. There were no transfers in or out of Levels 1, 2, or 3 for the 2013 plan year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

Upon further evaluation of authoritative guidance contained in *Fair Value Measurements and Disclosures*, the Plan considered that although judgment is required in determining whether the use of NAV represents a Level 2 or 3 measurement, if the reporting entity will never have the ability to redeem its investment at NAV, the fair value should be categorized as a Level 3 fair value measurement. Therefore, the Plan reclassified the stable value investment originally reported at December 31, 2012 at Level 2, to Level 3. The reclassification had no impact on the statement of net assets or the statement of changes in net assets for any period presented.

The following table sets forth a summary of changes in the fair value of the collective trust, which is valued using Level 3 inputs, during the year ended December 31, 2013:

	Collective trust
	\$
Balance, beginning of year	15,834,985
Purchases	5,200,611
Sales	(5,901,458)
Fair value adjustments	(118,787)
Balance, end of year	15,015,351

In determining the reasonableness of the valuation methodology for the Level 3 investment in the stable value fund, management obtains audited financial statements at each period-end to support the reported NAV.

In addition, management, upon consultation with an external advisor, regularly evaluates a variety of factors to determine the reasonableness of the valuation methodology, including review of the underlying investments of the pooled separate accounts, comparison of expected performance to actual results, review of the pooled separate investment account investment strategy and the current economic and capital market environment.

5 Information Certified by the Custodian and Recordkeeper

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street, as custodian of the Plan and MassMutual, as recordkeeper of the Plan and acting as agent for the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2013 and 2012;
- Interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012;
- Total investment income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012;
- Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2013.

The Plan's independent accountants did not perform auditing procedures, with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6 Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 17, 2011, that the Plan and related trust are designed in accordance with applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2013 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to 2010.

7 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants are entitled to their interest in the assets of the Plan and would become 100% vested in their accounts. Assets of the trust shall be administered and distributed to participants in accordance with the Plan.

8 Party-in-interest Transactions

Certain plan investments are units of pooled separate accounts issued and managed by MassMutual. In addition, certain notes are receivable from Plan participants. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

9 Transfer of Plan Assets

Only non-union employees are eligible to participate in the Plan. Employees of Remington Arms Company, subject to the Collective Bargaining Agreement at the Ilion, New York, facility, are covered under the Remington Savings and Investment Plan. Assets of \$105,863 and \$199,987 were transferred during the 2013 and 2012 plan years, respectively, from the Remington Savings and Investment Plan due to changes in employee status.

As mentioned in the amendments section of Note 1, assets of the terminated DPMS 401(k) Plan of \$692,070 were transferred into the Plan on September 17, 2012.

10 Subsequent Events

The Plan has analyzed its activity subsequent to December 31, 2013 through October 14, 2014, the date the financial statements were available to be issued, and has determined that it does not have any material subsequent events that require adjustment to or disclosure in these financial statements.

11 Reconciliation to Form 5500

The following table reconciles the information provided in the Form 5500 to the statements of net assets available for benefits as of December 31, 2013 and 2012, and the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, provided in the financial statements.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
