1. PLAN DESCRIPTION

The following description of the Haven Health Group, LLC, 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was created August 1, 2013, and is an IRC Section 401 (k) plan which is a salary deferral arrangement covering all employees who elect to participate after completing three months of service and has attained age 21. An eligible employee shall enter the Plan as of the first quarter coinciding with or next following the date such employee met the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan provides for voluntary contributions by participants. All of the plan assets are held by John Hancock Life Insurance Company USA.

Contributions

Participants may contribute up to 100 percent of pretax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company matches 50 percent of the first 6 percent of the employees' contributions. In addition, the Board of Directors, at its discretion, may elect to make an additional nonelective contribution to the Plan. For the period of August 1, 2013 through December 31, 2013, the Board decided not to make any nonelective contributions.

Also, effective August 1, 2013, all employees who are eligible to make salary-deferral contributions under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance, and subject to the limitation of section 414(v) of the Internal Revenue Code. The maximum catch-up contribution for 2013 was $5,500.

Participant accounts

Each participant's account is credited with the participant's salary reduction contribution, the Sponsor's matching contribution, if any, and an allocation of Plan earnings. Investment earnings are allocated based on the participant's earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. PLAN DESCRIPTION (Continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest. Loan terms can range from one to five years. A loan term longer than five years may be approved only if the loan will be used for the purchase of a primary residence. As of December 31, 2013, there were no outstanding notes receivable from participants.

Vesting

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. Vesting in the employer's contributions portion of their accounts is based on years of continuous service as follows:

Continuous Years of Service	Percentage
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant terminates for a reason other than death, disability, or retirement, payments will start as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.

Administrative expenses

The Plan sponsor pays a portion of the administrative expenses incurred by the Plan.

Forfeitures

At December 31, 2013, the forfeited nonvested employer contributions totaled $141. This amount will be used to reduce future employer contributions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. All investments reported on the statements of net assets available for benefits are participant directed.

Payment of benefits

Benefits are recorded when paid.

Use of Estimates

Management of the Plan has made estimates relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

3. INVESTMENTS PREPARED AND CERTIFIED BY CUSTODIAN

During 2013, the Plan investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $11,374.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The John Hancock Stable Value Fund is an investment option within a group annuity contract, which is invested in the John Hancock Stable Value Collective Investment Trust (CIT). The underlying CIT itself is generally fully benefit-responsive and honors eligible redemptions at $1.00 per unit. As a result, 1) the daily net asset value (NAV) published by the CIT is a stable $1.00 per unit, and is effectively its "contract value," 2) that value is used for valuing the sub-account and determining sub-account unit values, daily, and 3) the sub-account does not have to reflect the actual market values of the CIT's net assets.

This investment is reported at fair value, which is calculated as the number of units of the sub-account held on a particular date multiplied by the unit value on that date, and generally is the value that would be paid out for participant-initiated or benefit withdrawals, as defined in the CIT's Declaration of Trust.

5. FAIR VALUE OF FINANCIAL INSTRUMENTS

ASC 820, *Fair Value Measurements and Disclosures,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value in conformity with ASC 820, *Fair Value Measurements and Disclosures*:

		Fair Value Measurements at Reporting Date Using		
Description	12/31/2013	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Separate accounts	$ 261,174	$ 261,174	$ -	$ -

Investments in Pooled Separate Accounts For investments in pooled separate accounts, fair value of shares of an underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund.

The following table set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent):

Investment Type	12/31/2013 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Separate Accounts:				
Equity	$ 38,376	$ -	Daily	Daily
International	15,419	-	Daily	Daily
Fixed Income	7,403	-	Daily	Daily
Balanced	199,976	-	Daily	Daily

The Equity separate accounts' investment strategy is to invest in stocks or shares of ownership in U.S. companies. The investments seek long-term growth of capital.

5. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The Fixed Income separate accounts' investment strategy is to invest in direct obligations of the U.S Treasury, other securities issued by other U.S. government agencies, mortgage-backed securities, and corporate debt securities. The investments seek maximum total return and income.

The Balanced separate accounts' investment strategy is to invest in both equity and fixed income investments with an allocation strategy designed for investors within designated retirement years or other desired allocations. The investments seek maximum total return and income.

The International separate accounts' investment strategy is to invest in stocks or shares of ownership in companies located outside of the United States, including emerging markets. The investments aggressively seek capital appreciation and long-term growth of capital.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions. If the contract had been discontinued as of the last day of the reporting period a contract surrender charge and certain market value adjustments may have applied to the amount withdrawn.

7. INCOME TAX STATUS

The Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock Life Insurance Company U.S.A., the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA. Fees paid by the Plan for recordkeeper services were $1,988 for the period of August 1, 2013 through December 31, 2013.

9. PLAN AMENDMENTS

There were no Plan amendments for the period of August 1, 2013 through December 31, 2013.

10. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

11. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 14, 2014, which is the date the financial statements have been issued.

12. UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.
